Agenda online at: www2.oaklandnet.com/w/OAK062350

♿ This meeting location is wheelchair accessible. To request disability-related accommodations or to request an ASL, Cantonese, Mandarin or Spanish interpreter, please email jstanley@oaklandnet.com or call (510) 238-3983 or TDD/TTY (510) 238-2007 at least five working days before the meeting. Please refrain from wearing scented products to this meeting as a courtesy to attendees with chemical sensitivities.
Esta reunión es accesible para sillas de ruedas. Si desea solicitar adaptaciones relacionadas con discapacidades, o para pedir un intérprete de en español, Cantones, Mandarin o de lenguaje de señas (ASL) por favor envíe un correo electrónico a jstanley@oaklandnet.com o llame al (510) 238-3983 o (510) 238-2007 por lo menos cinco días hábiles antes de la reunión. Se le pide de favor que no use perfumes a esta reunión como cortesía para los que tienen sensibilidad a los productos químicos. Gracias.

会場有適合輪椅出入設施。需要輪椅轉換設施，手語 西班牙語 單語或國語翻譯服務，請在會議前五個工作天電郵jstanley@oaklandnet.com或致電(510) 238-3983 或(510) 238-2007
TDD/TTY。請避免塗抹香氣產品，參加者可能對化學成分敏感。
Meeting agenda at [www2.oaklandnet.com/oak062349](http://www2.oaklandnet.com/oak062349)

Meeting called to order at 6:03pm by BPAC Chair, Ryan Chan.

**Item 1. Roll Call/Determination of Quorum/Introductions**

At roll call, quorum was established with all commissioners present.

Introductions were made.

- Other attendees: Scott Amundson, Tom Willging, Tiff Mueller, Kit Vaq, Kent Lewandowski
- Staff: Jennifer Stanley, Jason Patton, Wladimir Wlassowsky, Ryan Russo, Sarah Fine

**Item 2. Approval of meeting minutes**

→ A motion to adopt the Bicyclist & Pedestrian Advisory Commission meeting minutes from April 20, 2017 was made (Tabata), seconded (Prinz), and approved by consent. Adopted minutes online at [www.oaklandbikes.info/BPAC](http://www.oaklandbikes.info/BPAC).

**Item 3. Open Forum / Public Comment**

No comments.

**Item 4. City Budget, DOT, & staffing levels**

Transportation Services / Safe Streets Division Manager Wladimir Wlassowsky presented an overview of the draft City budget with a focus on the new DOT, staffing levels, and the Capital Improvement Program (CIP). See Powerpoint.

The two-year budget was presented for a second time to City Council on Tuesday, May 16. On Tuesday, May 30, 5pm, a special council meeting (5th Tuesday) will be devoted to discussion of the CIP, a draft of which is available on the City website [https://beta.oaklandca.gov/documents/fiscal-year-2017-2019-](https://beta.oaklandca.gov/documents/fiscal-year-2017-2019-)
Subject matter areas pertinent to the BPAC are in the Great Streets and Safe Streets sections of the CIP budget.

Summary of discussion

- To determine appropriate staffing levels, staff used several tools, including the bi-annual City “zero-based budgeting” exercise that requires departments to demonstrate to the budget office that there’s enough funding available for proposed positions. Staff also relied on historical staff costs as a percentage of total project costs (30% staff costs are typical), and on the Statewide benchmarking study that evaluated the other 10 largest cities in California [http://eng.lacity.org/techdocs/cabm/Benchmarking_report_2016.pdf]. Budget adjustments can be made mid-cycle. The 14 additional engineering staff proposed is conservative. The first bond issue of $25 million for paving will require staffing up, so the draft budget requests an increase over the typical percentage.
- The Bike Plan Street Paving project includes a specific list of existing bikeway streets that are not on the five-year paving prioritization plan, and thus wouldn’t otherwise be paved in the near future.
- Streets to be paved are selected from the five year paving prioritization plan. To respond to complaints about the pavement quality on other streets, Public Works maintenance crews perform crack sealing and fill potholes, etc. (Report specific issues to OPW Call Center.)
- Priorities and plans in the new Pedestrian Master Plan (pending adoption) and the new Bicycle Master Plan (under development) can be developed using current funding and projects may be ready for the next issue of bond funds and/or next two-year CIP.
- The recently passed State Gas Tax (Senate Bill 1) will bring approximately $10 million to Oakland over the next two years. These funds will be used to backfill deficits accumulated over the last several years due to losses of other fund sources, and due to the fact that the gas tax was not indexed to inflation. SB1 funds will fund operations and maintenance.

Speakers other than commissioners: Kent Lewandowski

Item 5. Draft BPAC Annual Report to Public Works Committee
BPAC Chair Ryan Chan presented the draft report to the Public Works Committee (PWC) and asked for comments. The PWC Chair requested more detail and that the BPAC approve the report prior to presentation to the PWC. (Ryan noted that the report preparation should start earlier next year.)

Comments

- Correct the Council District for Commissioner Kidd (now District 4). (Also change this on the City website.)
- Move the Complete Streets checklist recommendation from Item 2 to Item 1.
- Discuss the challenges of responding to issues raised during Open Forum. Consider establishing a quarterly report to PWC from the BPAC Open Forum Committee. There should be a way for people’s concerns to be acknowledged. Consider adding key committees to the report, including Open Forum Committee.

→ A motion to approve the report with the changes discussed and empower the BPAC Chair to take the report to the Public Works Committee at their meeting on June 13 was made (Chan), and seconded (Kidd). The motion passed with all in favor and none abstaining.

All are welcome to attend the PWC meeting.
Item 6. Bi-Annual Paving and Bikeway Projects Status update

Jason Patton, Bicycle & Pedestrian Program Manager, reported that this item combines two that had been presented to BPAC bi-annually: (1) bikeway projects status update; and (2) paving coordination update. The latter has been re-envisioned as a Complete Streets coordination map (CS map, in agenda packet). Jason asked for input on this way of presenting information, and for suggestions for projects to review at future BPAC meetings.

Bikeway projects managed by the Bicycle & Pedestrian Facilities Program not currently in design are not included on the list. This includes the streets in the CIP Bike Plan Street Paving project. (It was noted that not all of the candidate streets in the CIP project can be paved with the $3 million CIP allocation.) Paving Program resources are available online including a map showing the current paving schedule (https://oakbec.s3.amazonaws.com/MapLanding/maps/oakland_paving_schedule.html) and a map showing pavement condition (PCI), the five-year pavement prioritization plan, and other details (http://oakbec.s3.amazonaws.com/MapLanding/maps/pavingdashboard.html).

The draft CS map shows the current pavement prioritization overlaid with project status (complete, underway, pending). The map is keyed to show Project Scoping (e.g. the level of effort and advance planning required to deliver paving projects that have a Complete Streets focus). Four draft scoping categories are shown on the map:

- No coordination: short segments or quiet residential streets with few transportation features;
- Routine: apply upgrades based on current design standards;
- Complex: road diets, street redesign that would involve trade-offs between users, community process, etc.; and
- Separate project: a street that is either already not being, or shouldn't be, delivered as part of a citywide paving contract because the issues are complex, and the project scope is bigger.

Jason noted that a Complete Streets checklist developed for paving program (prior to the formation of the DOT) was featured in a recent FHWA report, and now needs to be updated. Completed checklists could come to BPAC for review.

Summary of discussion

- Moving a project to a more complex category would delay delivery. Thus, there is pressure to design simple projects.
- There is community effort underway for the short segment of Alcatraz Ave, and should be shown as routine (not no coordination).
- The CS map is a good way to communicate. An online interactive map with more details is desired.
- Oakland is responsible for paving San Pablo Ave, even though it is a Caltrans State highway.
- People who wish a particular project be reviewed by the BPAC Infrastructure Committee should email Robert Prin.
- Two sections of Bancroft Ave, in redesign, feature reduced travel lane widths (from 12’ to 10’), and added bike lane buffers and conflict zones.
- The connection from Bancroft Ave to Foothill Blvd needs improvement. This could be addressed during bike plan update. The current alignment is on Fremont and 50th Aves.

Item 7. Bike to Work Day Report Back

Commissioner Chris Hwang (President of Walk Oakland~Bike Oakland) described highlights of this year’s event at City Hall, coordinated by WOBO. She extended thanks to the staff and commissioners that participated, to Bike East Bay, and to the 34 volunteers (including six WOBO board members). She reported
that: a very large Pedal Pool, including Mayor Schaaf, biked in from Fruitvale Ave; several other Council members biked in; the Scraper Bike Team came from the from 81st Ave Library; new DOT Director Ryan Russo spoke at event; and the new Oakland Police Chief rode in on a classic road bike. The after party at Latham Square closed down the street and was very successful. Chris encouraged people to send her any ideas for next time. Commissioner Prinz (staff at Bike East Bay) reported that the total number of bicyclists in the East Bay was around 21,000, a 30% increase over the last five years, with record numbers in cities other than Oakland.

**Item 8. Move management of the San Leandro Creek Trail Project to the Department of Transportation**

- A motion requesting that management of the San Leandro Creek Trail project be moved from the Economic Development Division to the Department of Transportation was made (Tabata) and seconded (Burnette, Jr).

Discussion: Might flood control and/or watershed be a better place? Much of the alignment is on street, not in parklands, so there is a strong transportation nexus. All voted in favor of the motion with none abstaining. Commissioner Chan will write a letter to the City conveying this motion.

**Item 9. Three month look-ahead, suggestions for meeting topics, announcements**

*Three-month look-ahead*
As printed in the agenda.

*Suggestions for meeting topics*
- Kent Lewandowski: enforcement of the speed limit.
- Kent Lewandowski: curb cuts to facilitate bicycle crossings of blocked streets.
- Commissioner Villalobos: Sharing roads education for motorists, and poor treatment of cyclists in crashes.
- Commissioner Prinz: BART’s mutli-modal access guidelines (draft available on BART website).

*Announcements (other than those printed in the agenda)*
- Saturday, June 10, 10a-2p,a bike-ped safety training and walk audit is being conducted, sponsored by WOBO, EBALDC (East Bay Asian Local Development Corporation), and others. Meet at Sparkket Place, 3431 San Pablo Ave.
- See [www.oaklandbikemaps.info](http://www.oaklandbikemaps.info) for newly updated online maps on bikeways, bike parking, bike signs, and traffic counts.
- OPW installed a Dero bike-fix it station at the 81st Ave Library.

Meeting adjourned at 8:04p.

**Attachments (to be appended to adopted minutes)**
- OakDOT Budget Presentation
- Oakland Pavement Management Program online resources

Minutes recorded by Jennifer Stanley, City of Oakland Bicycle & Pedestrian Facilities Coordinator, emailed to meeting attendees for review on May 23, 2017, with comments requested by 5pm, Tuesday, May 30 to jstanley@oaklandnet.com. Revised minutes will be attached to the July 2017 meeting agenda and considered for adoption at that meeting.
Bike Share in Oakland

Carlos Hernandez
Transportation Planner
June 15, 2017

What is Bike Share?

- Bike sharing is a membership-based system for short, point-to-point trips.
- Members can check out a bike from a network of automated stations, ride from station to station, and leave the bike safely locked for someone else to use.
- Stations connect users to transit, businesses and other destinations, often providing the "last-mile connection."

How it Works

- Largest operator of bike share systems in the US.
- Title and founding sponsorships will support the expansion of bike share in the Bay Area. All branding will be in compliance with local outdoor advertising regulations.

The Bike

- New Design for Oakland bikes
- Nuvinci Hub
- Integrated Lights
- Bike Trains to rebalance

Bay Area Expansion = 7000 bikes

Outreach

- Suggest a Station Tool
- Public Workshops
- Near-final Locations Posted
- Abuter Outreach
- Final Plan

Cost

- Single Ride: $3
- GoPass: $15
- Annual Membership: $149/year

Payment Access

- Clipper Integration
  - All members will now use a clipper card and tap at the dock
  - Founding Members get special clipper card

- Cash Payment
  - Bike Share for All members will be able to pay at key retail locations

- Mobile Unlock

Increasing Access

- Increased ride time
- Better Bike Share Partnership
- MTC and Motivate working with local organizations
- Lessons learned from OakMob 101
- City of Oakland working on adaptive bike pilot with MTC and Motivate

Schedule

- Bike Share for All Program Costs
  - $5 for first year
  - $5/month afterwards

- Proxy
  - PG&E CARE
  - Cal Fresh (EBT)
6/15/17, BPAC Agenda, Item #7 Attachment

Three-month agenda look-ahead

July
- "Public Places to Play!" program
- BPAC / Transportation Commission
- Legal requirements/oversight pertinent to bike/ped improvements included in COAs

August
- Stairpath Program Update
- BPAC Commissioner Recruitment / Establish Committee
- BART Multimodal Access Design Guidelines
- AC Transit Protected bike lane Design Guidelines

September
- BPAC Commissioner Recommendations

Commissioner announcements
None.

Staff announcements
- Caltrans District 4 is seeking input from those who bicycle or are interested in bicycling on the freeway segment of State Route (SR) 35, Skyline Boulevard, across the Highway 1 interchange, or along the SR 35 corridor using local streets between Daly City and Pacifica. Caltrans asks that people complete the survey at [https://goo.gl/forms/zmUejriBGtBLYJzq1 by June 25, 2017](https://goo.gl/forms/zmUejriBGtBLYJzq1) to help them develop strategies for people bicycling along this corridor.
