
Meeting called to order at 6:00pm by BPAC Vice-Chair, Kenya Wheeler.

Item 1. Roll Call/Determination of Quorum/Introductions

At roll call, quorum was established with eight commissioners present (X). None were excused (✓) and none were absent (-).

Introductions were made.

- Other attendees: Jennifer Anderson, Barry Bergman (W-Trans), Dave Campbell, Bob Fearman, Pierre Gerard, Robin Hart, Tom Holub, Joseph Karuat, Chris Kitner, Chris Lutz, Phoenix Mangrum, John Martoni, John Minot, Josh Pilachowski (DKS Associates), Brendan Pittman, Robert Prinz, Dane Rini (DKS Associates), Mahdi Rouholamin (DKS Associates), Ryan Schuchard, Mark Spencer (W-Trans), Scott Wikstrom
- Staff: Josh Gray (Councilmember Kaplan’s Office), Philip Ho (OakDot), Laura Kaminski (Planning) Kerby Olsen (OakDOT), Ade Oluwasogo (OakDOT), Jason Patton (OakDOT), David Pené (OakDOT), Mar Velez (Councilmember Gallo’s Office)

Item 2. Approval of meeting minutes

A clarification was made to Item 7, BPAC Commissioner Recruitment and Outreach, in the July 19, 2018 meeting minutes. The motion was made by Vice-Chair Wheeler.

→ A motion to adopt the Bicyclist & Pedestrian Advisory Commission meeting minutes from July 19, 2018 was made (Tabata), seconded (Burnette Jr), and approved by seven votes and one abstention (Kidd). Adopted minutes online at http://bit.ly/Oak-BPAC-Min.

Item 3. Open Forum / Public Comment

- Robert Prinz, a member of BPAC’s Infrastructure Committee, noted that projects previously reviewed by the Committee are now in construction. He thanked OakDOT staff for making changes to those projects to address comments from the Committee. He expressed concern that the project on the Shafter Ave Bicycle Boulevard does not include additional speed humps.
• Tom Holub noted it has been a tough month for the bicycle advocacy community with Cycles of Change having its shop broken into and Naj K. Smith of Rich City Rides and Red Black and Green getting arrested and having his bike and sound system confiscated while leading a ride on First Friday.

• Ryan Schuchard asked if the BPAC has considered the impacts of State Proposition 6 (gas tax repeal). Vice-Chair Wheeler responded that the BPAC has not yet taken the matter under consideration. Commissioner Parreiras suggested that the BPAC’s Legislative Committee should take it up, and that Committee is meeting on August 29.

• Ryan Schuchard noted a campaign seeking to add bicycle lanes to College Ave between Alcatraz Ave and Claremont Ave by removing on-street parking from one side of the street. (The City’s College Ave project includes bicycle lanes from Claremont Ave to Broadway, but not on this segment.) Ryan is meeting with stakeholders, including the Rockridge District Association, to discuss the proposal.

**Item 4. Highway Safety Improvement Program Candidate Projects List** (presentation attached)

OakDOT staff Ade Oluwasogo, Supervising Transportation Engineer, and Philip Ho, Transportation Engineer, and their consultants Josh Pilachowski, DKS Associates, and Barry Bergman, W-Trans, presented candidate projects for the Highway Safety Improvement Program (HSIP) Cycle 9 grant applications that are due August 31, 2018. A list of potential projects was presented to the BPAC at its June 2018 meeting. Since that time, staff has narrowed the list from 15 potential projects to five candidate projects. These candidate projects are those that satisfy the grant requirements. The City has done many HSIP projects over multiple cycles, making it more challenging to identify qualifying and competitive projects.

It is likely that many of the five candidate projects could be funded. Based on past experience, Oakland has been very successful with the applications it has submitted. Improvements are limited to countermeasures identified by the HSIP program. For traffic signals and HAWK signals, warrants must be met to demonstrate the need. Bicycle lanes are an eligible countermeasure, but for the streets in question there are plans to deliver the bicycle lanes more effectively through other efforts. The effectiveness of the countermeasures is quantified through “crash reduction factors.”

→ A motion to support the five candidate projects presented at tonight’s meeting was made (Tabata), seconded (Parreiras), and approved unanimously.

Speakers other than commissioners: Dave Campbell, Joseph Karuat

**Item 5. E-Scooter and E-Bike Ordinance Update** (handout attached)

Kerby Olsen, Shared Mobility Coordinator for OakDOT, Josh Gray, Councilmember Kaplan’s Office, and Mar Velez, Councilmember Gallo’s Office, provided an update and requested input on the proposed Ordinances to create a permit program and associated fees for dockless scooter sharing services. Currently there 1,000 to 2,000 e-scooters in Oakland operated by three companies: Lime, Bird, and Skip. These scooters are getting five to seven rides per day per scooter. The California Vehicle Code regulates electric scooters, requiring a driver’s license (or learner’s permit) and the use of a helmet, and prohibits sidewalk riding.

An ordinance to establish a permit program passed its first reading at City Council and the second reading is scheduled for September. A second ordinance to set the permit fees did not pass the first reading. Staff is working on a revised proposal for September. Advantages of e-scooters include being another transportation option and one that may reduce greenhouse gas emissions. Concerns include the safety of
pedestrians on sidewalks, parked e-scooters that may block public space, and e-scooters ending up in inappropriate places (like Lake Merritt). The ordinance establishing the permit program requires that 50% of the e-scooters be deployed in Oakland’s disadvantaged communities.

Kerby Olsen shared a flyer developed by the City of Oakland on the safe and legal use of e-scooters. The onus for safe use should be on the scooter operators, and there is an effort to codify this in the ordinance. Operators will be required to make publicly available the data on e-scooter usage (with aggregation to address privacy concerns). The City’s new 311 is set up to route e-scooter complaints directly to the e-scooter operators. Consider an additional permit requirement that e-scooter providers establish designated in-street drop zones in impacted pedestrian areas (like Piedmont Ave).

Speakers other than commissioners: Scott Wikstrom, Chris Kitner, Bob Fearman, Robert Prinz, John Minot

**Item 6. Bi-Annual Report from Strategic Planning** *(presentation attached)*

Laura Kaminski, Acting Strategic Planning Manager, gave an update on existing and new projects including: the status of the Broadway Valdez District Specific Plan, Planning Code changes for Parking and Loading Requirements, and the East Oakland Neighborhoods Initiative. See the attached presentation for extensive details on the development in Broadway Valdez, including public plazas, a protected bike, and a pedestrian walkway all under construction by developers. The changes to the Parking and Loading Requirements have been reviewed by the Zone Update Committee and are scheduled for the Planning Commission on September 5. The East Oakland Neighborhoods Initiative was motivated by community groups to undertake community planning to reduce carbon emissions, improve air quality, and build resiliency. The planning grant will make Oakland eligible for capital grants which can be quite large.

→ A motion to extend tonight’s meeting to 8:05pm was made (Kidd), seconded (Naylor), and approved unanimously.

Speakers other than commissioners: John Minot

**Item 7. BPAC Commissioner Special Vacancy**

Midori Tabata, BPAC Chair, facilitated a discussion of strategies for filling the special vacancy created by Fred McWilliams’s resignation from the Commission. There is interest in filling McWilliams’s former seat with a District 7 resident. In response to the special vacancy posting, the City received four applications. While these included strong applicants, there were no District 7 residents. Three additional appointments will need to be made for January 2019 when Commissioners Villalobos and Kidd will term out, and Commissioner Burnette Jr will be eligible for reappointment. The City is likely to receive more applications for the annual appointment process, and thus there is a greater likelihood of having more applicants who are representative of the population. The Commission is interested in using this annual appointment process to fill the vacancy created by McWilliams’s resignation.

Speakers other than commissioners: None

**Item 8. Three-month agenda look-ahead suggestions for meeting topics, announcements**

Suggestions for meeting topics
• Commissioner Kidd requested a report back from the Legislative Committee at the BPAC’s September meeting.

Announcements:
• Councilmember Dan Kalb and the City of Oakland Department of Transportation (OakDOT) invite you to: “Repairing Telegraph” Community Open House. We’re improving safety, pavement conditions, and mobility on Telegraph from MacArthur Blvd to 52nd St in 2019, and want your input on street improvements.
  o When: Tuesday, August 21st, 6:30-8:00pm
  o Where: Faith Presbyterian Church, 430 49th St, Oakland
Can’t make the open house? Visit the link to see the project after the event and take the survey to let us know your input! http://bit.ly/repair-telegraph
• On August 22, the City of Emeryville is having an open house to discuss proposed improvements to 40th St. See http://www.emeryville.org/40thSanPabloBusHub for project details.
• EBALDC and SPARC will be painting a new pedestrian space on San Pablo Ave at 34th St, August 25, 10:00am to 5:00pm. See https://www.facebook.com/events/304990843401456/.
• The Telegraph Temescal BID will be painting rainbow crosswalks to kick off Pride at the White Horse Bar on August 26, 9:00am-6:30pm. See https://temescaldistrict.org/events/paint-the-town-rainbow/.

Vice-Chair Wheeler adjourned the meeting at 8:08pm.

• Item 4. Highway Safety Improvement Program Candidate Projects List: three presentations
• Item 5. E-Scooter and E-Bike Ordinance Update: handout
• Item 6. Bi-Annual Report from Strategic Planning: presentation

Minutes taken by Jason Patton and emailed to meeting attendees for review on August 20 with comments requested by 5pm on Monday, August 27, to Jason Patton (jpatton@oaklandca.gov). Revised minutes adopted at the September 20, 2018 meeting.
DOT STAFF HAS SELECTED SIX CANDIDATE PROJECTS FOR HSIP GRANT APPLICATION.

BASED ON EVALUATION OF COLLISION HISTORY, EFFECTIVE COUNTERMEASURES, APPLICABLE COSTS, BENEFIT-TO-COST RATIOS (BCR).

HSIP SELECTION PROCESS IS COMPETITIVE AND BASED IN PART ON BCR.

HSIP HAS PRESCRIBED COUNTERMEASURES FOR ROADWAYS AND FOR INTERSECTIONS.
## 2018 Highway Safety Improvement Program (HSIP) Cycle 9
Candidate Projects for Grant Application

HSIP Cycle 9 Application Assistance
Proposed Applications

Corridor B – Adeline Street

- Project Description
  - Pedestrian crossing improvements (4 locations)
    - Curb extensions
    - High visibility crosswalk
    - Advanced yield sign and striping
  - Improved signal visibility (8 locations)
    - Install mast arm and signal heads
    - Signal backplates
- Total cost – $700,000
- Benefit/Cost Ratio – 7.4
Proposed Applications

Corridor C - Broadway

- Project Description
  - HAWK Pedestrian Crossing Beacons (2 locations)
  - Curb extension and pedestrian refuge
- Total cost – $680,000
- Benefit/Cost Ratio – 36.9
Proposed Applications

Corridor F – Foothill Boulevard

• Project Description
  • Pedestrian crossing improvements (4 locations)
    • Curb extensions
    • High visibility crosswalk
    • Advanced yield sign and striping
  • Improved signal visibility (4 locations)
    • Install mast arm and signal heads
    • Signal backplates
• Total cost – $650,000
• Benefit/Cost Ratio – 12.9
Next Steps

- Finish grant application support materials
- Staff review and approval
- Final submission by August 31, 2018

HSIP STUDY CORRIDORS

• Foothill Blvd. – 35th Ave. to 55th Ave.
• MacArthur Blvd. – 66th Ave. to 96th Ave.
• 73rd Ave. from Bancroft Ave. to International Blvd.
• 98th Ave. from Edes Ave. to I-880 overpass
• Hegenberger Rd. from Edgewater Dr. to Doolittle Dr.
• San Leandro St. from 98th Ave. to Apricot St./San Leandro City Line
FATALITIES AND SEVERE INJURY COLLISIONS

- Foothill: 10 collisions, 5 fatalities
- MacArthur: 12 collisions, 1 fatality
- 73rd: 7 collisions, 2 fatalities
- San Leandro: 4 collisions, 3 fatalities
- 98th: 7 collisions, 0 fatalities
- Hegenberger: 5 collisions, 0 fatalities
Collision history: Severe injury resulting from 2-vehicle collision, left turning vehicle struck

Proposed improvement: Addition of left turn phase. Requires

Estimated cost: $441,000
Collision history: Driver failed to yield to pedestrian in crosswalk, resulting in fatality

Proposed improvement: HAWK beacon (pending review of count data), median island

Estimated cost: $300,000
FOOTHILL BLVD. AND 45th AVE.

Collision history: Driver failed to yield to pedestrian in crosswalk resulting in severe injury.

Proposed improvement: HAWK beacon (pending review of count data), median island

Estimated cost: $300,000
MACARTHUR BLVD. AND 94TH AVE.

Collision history: 5 vehicle collisions related to right-of-way, 3 pedestrian and 1 bicycle collision

Proposed improvement: Traffic signal (pending review of count data)

Estimated cost: $ 700,000
FOOTHILL BLVD. CORRIDOR CROSSING ENHANCEMENTS

- 89th Ave.
- 90th Ave.
- 98th Ave.
E-Scooters are here!

Shared electric scooters are a great way to get around Oakland. Follow these simple steps for a safe and convenient ride.

Check brakes and wheels before riding. Report damaged scooters to the appropriate company.

Wear a helmet and follow traffic rules. Stay to the right of traffic, and use bike lanes where available.

Park with care on the sidewalk. Park near bike racks or by the curbside.

Don’t ride on sidewalks. Scooters are allowed on multi-use pathways, including Lake Merritt Trail.

Don’t park in ramps or at blue, yellow, or white curbs. Blocked paths can be dangerous for people with disabilities.

Don’t block sidewalks or building entrances. Leave at least 6 feet of sidewalk space.

Report improperly parked scooters to the scooter company or OAK 311.

For more information, visit www.oaklandca.gov
PLAN AREA
PLANT BACKGROUND

TWO MAJOR FACTORS:

• Absence of strong retail base (comparison goods) impacting fiscal well-being
  – $1 billion in comparison goods spending lost to other Bay Area communities annually
  – $10 million potential sales tax revenue lost annually
  – 10,400 potential local jobs

• Decline of historic “Auto Row” portion of Broadway
PLAN AREA

PRIOR TO SPECIFIC PLAN APPROVAL

• 30 ACRES AUTOMOTIVE
• 7 ACRES VACANT
• 35 ACRES RIGHT-OF-WAY
WHAT IS WORKING

• **Expedited Project Approval**
  – *Created CEQA analysis checklist*
  – *First projects approved in about 4 months*
  – *many projects did not require Planning Commission approval*

• **Parcel consolidation in Retail Priority Sites has occurred**

• **Minimum retail requirement was met or exceeded for Retail Priority Sites**

• **Project is using the transfer of development rights**

• **Two of the projects, same owner, are developing 2 plazas**

• **Project is building mid-block pedestrian path from Broadway to Webster, between 30th Street and Hawthorne (north of Sprouts)**

• **Sidewalk widening, street lights, street trees, benches, and public art are being installed**
Plan adopted June 2014

New Projects for Strategic Planning
Planning Code Changes for
Parking & Loading Requirements
Parking and loading proposed changes:

- Detached Unit Residential Zones (RD), reduced parking to one space per unit (instead of two for single-family and 1.5 for duplex);
- Allows for compact parking on a lot containing two or more required spaces (instead of three) and half can be compact;
- Allows developments with as few as five units to reduce their parking requirement through demand management measures. (current minimum is 10 units);
- Allows replacing a nonresidential activity with any other nonresidential activity without requiring additional parking or loading;
- Reduces the parking requirements for industrial activities to one space for 3,500 square feet (instead of one per 1,500 sf); and
- Caps the number of required loading berths at three for residential and commercial activities.

Scheduled for Planning Commission on September 5th, 2018
East Oakland Neighborhoods Initiative
(Transformative Climate Communities (TCC) Planning Grant)
Three East Oakland-based community organizations approached Oakland Planning Bureau to co-apply with them for a grant from the California Strategic Growth Council (SGC) to help East Oakland neighborhoods plan strategies to reduce carbon emissions, improve air quality, & build resiliency in the face of a changing climate.

The Oakland Planning Bureau agreed to be a co-applicant on the grant with the three co-applicants:

- East Oakland Building Healthy Communities,
- HOPE Collaborative, and the
- Oakland Climate Action Coalition; along with the following partner organizations –
  - Acta Non Verba,
  - Brower/Dellums Institute for Policy Studies
  - Communities for a Better Environment (CBE),
  - East Oakland Boxing Association,
  - East Oakland Collective,
  - Higher Ground Neighborhood Planning Corp.,
  - Local Clean Energy Alliance,
  - Merritt College Institute for Sustainable Policy Studies and Action,
  - Original Scraper Bike Team,
  - Planting Justice,
  - Repaired Nations,
  - Sobrante Park Resident Action Council, and
  - Urban ReLeaf.

In January 2018, TCC Planning Grant of $170,000 was awarded.
Six Neighborhoods

- Brookfield Village/Columbia Gardens
- Coliseum/Rudsdale/Lockwood/Havenscourt
- Highland/Elmhurst
- Sobrante Park
- Stonehurst
- Melrose
GOALS

• **Goal:** to support community driven, neighborhood-wide resilience planning.

• **Focus areas include:**
  – Equity,
  – Health,
  – Green infrastructure,
  – Urban greening without gentrification/displacement,
  – Active transit,
  – Sustainable economic and workforce development
  – Renewable energy, and
  – Mitigation and resilience strategies.

• **Phase II, to apply for Implementation Grant.**
