DRAFT Minutes from the July 15, 2021 meeting
Teleconference

Meeting agenda at <https://cao-94612.s3.amazonaws.com/documents/July-2021-BPAC-Meeting-Agenda-resized.pdf>.

Meeting called to order at 6:01 pm by BPAC Chair Andy Campbell.

Item 1. Roll Call/Determination of Quorum/Introductions

At roll call, quorum was established with eight commissioners present (X). One commissioner arrived shortly after roll call (x).

Commissioners	Present
Reginald K Burnette Jr	X
Andrew Campbell (Chair)	X
Grey Gardner	X
Mike Lok	X
Jesse Jones	X
Phoenix Mangrum	x
David Ralston	X
Patricia Schader (Vice-Chair)	X
Dianne Yee	X

Introductions were made.

- Other attendees: Arthur Bart-Williams, Dave Campbell, Danielle Dynes, Tom Holub, Rion Manning, Jian Pei, Waylon So, Midori Tabata, Bike East Bay, telephone caller
- Staff: Pierre Gerard, Kerby Olsen, Jason Patton, Noel Pond-Danchik, Jennifer Stanley, KTOP

Item 2. Open Forum / Public Comment

- Dave Campbell announced that City Council voted unanimously to implement protected bike lanes on Telegraph Ave, and he thanked the BPAC for their unanimous vote in support of this project. He also acknowledged Waylon So and Jian Pei, interns with Bike East Bay, who will be working on San Leandro's Bancroft Ave project.
- Ms. Asada Olugbala was disappointed to have City Council vote for the protected bike lanes on Telegraph Ave in the KONO neighborhood, against the recommendation of OakDOT and the Department of Race & Equity. She applauded OakDOT for speaking up for the needs of black and brown people, and she noted that BPAC should have supported the staff recommendation against the protected bike lanes.

Item 3. Approval of meeting minutes

- A motion to **adopt the Bicyclist & Pedestrian Advisory Commission meeting minutes from June 17, 2021** was made (Schader), seconded (Burnette), and approved by consent. Adopted minutes online at www.oaklandbikes.info/BPAC.

Item 4. Recent Bicyclist and Pedestrian Related Crashes

Vice Chair Schader led the commission in a discussion of recent bicyclist and pedestrian related crashes in Oakland. On 5/27/21, a female pedestrian was severely injured by a driver at 10th St and Harrison St. On 6/28/2021, a Black female pedestrian was severely injured by a driver at Bancroft Ave and Church St. Additional detail on these crashes was included in the agenda packet under Announcements. In response to a comment at the June BPAC meeting, Commissioner Schader is seeking ways to track pedestrian and bicyclist crashes in addition to the fatal crashes that are currently being monitored.

Summary of Discussion:

- An Oakland resident was struck and killed while riding his bicycle in Hayward on Tennyson Rd.
- The driver who struck and killed a pedestrian on Park Blvd on 5/9/21 was arrested. A 7/9/21 article in the San Francisco Chronicle provided insight on the crash and the arrest, as well as on the victim and his family (<https://www.sfchronicle.com/bayarea/article/A-Piedmont-wealth-manager-who-allegedly-left-his-16299763.php>).

Speakers other than commissioners: Robert Prinz, Jason Patton

Item 5. Electric Bike Library and Zero Emissions Vehicle Plan

Kerby Olsen, New Mobility Supervisor at OakDOT, introduced the Zero Emission Vehicle (ZEV) Action Plan and the upcoming Electric Bike Library. Topics explored in the ZEV Plan include the installation of electric vehicle chargers in the public right of way, increasing access to e-bikes and e-scooters, and encouraging cargo bike delivery services. The Electric Bike Library is a grant-funded, \$1,000,000 project to purchase 500 electric bicycles and make them available for medium- or long-term rental at low cost through existing bike shops and bike programs. Join the ZEV e-mail list at www.tinyurl.com/zevsurvey2. Learn more about the ZEV Action Plan at www.tinyurl.com/zevplan. A copy of the presentation is attached to these minutes.

Summary of Discussion:

- Speakers expressed excitement and support for the e-bike lending library.
- All the e-bikes will be allowed on all of Oakland's bikeways. (Some types of e-bikes have restrictions on their use, per criteria established by California law.)
- Consider the needs of unhoused people, and that they have ways to check out and charge e-bikes. Libraries could be a location for charging.
- Consider connecting Laney College and Merritt College with electric vehicles. Zero emission shuttles will be part of the planning effort, exploring possible routes and vehicles.
- It would be exciting to promote and support the fabrication of e-bikes in Oakland.
- The e-bike library is seeking a good price on the e-bikes by purchasing in quantity.
- Discussion is underway with the Scraper Bike Team to use The Shed at the Martin Luther King Jr Branch Library as a possible site for checking out e-bikes. Other branch libraries and recreation centers are also possibilities, as is the East Oakland Collective as a possible a partner. Staff welcome suggestions for organizations OakDOT could partner with to provide checkout locations.
- Ensure there is a site in District 7 for checking out bikes.

- OakDOT is seeking input on the parameters of the program. How long should checkouts be for? What should be the price, and are their tiers to the pricing? These decisions have tradeoffs, for example, as a longer checkout period would result in fewer bikes being available at any particular time.
- Bike East Bay can be a resource for bicycle training with the new e-bike library.
- The e-bike library budget includes funding for workforce development, building the skills of bike mechanics in the shops where bikes could be checked out.
- OakDOT staff will be working through how to handle e-bikes being stolen – which will happen. There is a need for some form a revenue stream to allow for repairs and the replacement of bikes.
- When checking out an e-bike, people should be held accountable for taking care of it. However, this accountability should not prevent low-income people from using the service, or from penalizing them if bikes are damaged or stolen for reasons beyond their control.
- The e-bike library will complement the current bike share system by having longer rental periods and for offering multiple types of bikes.

Speakers other than commissioners: Robert Prinz, Dave Campbell, Jason Patton, Waylon So

Item 6. Bike Plan Update

Bicycle and Pedestrian Program staff Jennifer Stanley and Pierre Gerard summarized progress implementing the projects and programs in “Let’s Bike Oakland,” the citywide bike plan adopted in July 2019 (<https://www.oaklandca.gov/resources/bicycle-plan>). The presentation was attached to the meeting agenda. See the portfolio of bicycle facilities maps at www.oaklandbikemaps.info.

Summary of Discussion:

- More attention should be given to how “low stress” bikeways are defined. As Oakland starts to have a lot of bikeways, the quality of bikeways is becoming increasingly important.
- The Bike Plan does make assumptions regarding how stress relates to bikeway types, and OakDOT staff are working on a level of traffic stress (LTS) model to more capture the quality of bikeways.
- The work on bike parking and bicycle wayfinding is notable and provide solid examples for other jurisdictions to excel in this work.
- The recently adopted Neighborhood Bike Route Implementation Guide (https://cao-94612.s3.amazonaws.com/documents/OaDOT_NBR_Guidance.pdf) is a useful design resource to shape the implementation of upcoming neighborhood bike routes. These guidelines should also be applied retroactively to projects completed before the Guide was completed.

Speakers other than commissioners: Dave Campbell, Robert Prinz, Jason Patton

Item 7. BPAC Commissioner Outreach

BPAC Chair Andy Campbell provided an overview of the BPAC recruitment process for 2022, led a discussion on outreach, and requested volunteers and a motion to create a recruitment committee. A document detailing the status of current commissioners’ terms and the recruitment process was attached to the meeting agenda.

Summary of Discussion:

- Commissioner Jones announced her resignation from the Commission, as she is moving out of Oakland and will no longer be eligible to serve as a Commissioner.
 - Chair Campbell presented Commissioner Jones with a proclamation from the Mayor in honor of her service.
 - Jason Patton explained how BPAC's enabling ordinance staggers the terms of the nine commissioners such that three terms conclude at the end of each calendar year. Recruiting new commissioners begins in July with applications typically due in early September. This allows time for the Recruitment Committee to bring a recommendation to the BPAC's October meeting. The BPAC's recommendation is then forward to the Mayor who selects commissioners that are confirmed by City Council in November/December. This timing allows new commissioners to be seated in time for the January meeting.
 - Commissioners Schader, Burnette, and Mangrum volunteered to serve on the Recruitment Committee, as did Midori Tabata.
- A motion to **create a BPAC Commissioner Recruitment Committee** was made (Campbell), seconded (Jones), and approved by consent.

Speakers other than commissioners: Midori Tabata

Item 8. Committee Report Back

Committees of the BPAC provided brief updates to the Commission. A list of active committees was included in the agenda packet and is available at www.oaklandca.gov/resources/bicyclist-and-pedestrian-advisory-commission-bpac-committees-and-liaisons.

Summary of Discussion:

- Infrastructure Committee: Commissioner Yee shared that their next meeting will be Thursday, 8/5, and they are working to schedule a presentation on the 14th St Active Transportation Program (ATP) Grant project in downtown. The Committee is working to improve coordination with the Mayor's Commission on Persons with Disabilities.
- Bicyclist Pedestrian Police Relations Committee: Commissioner Mangrum shared that members of the committee met on June 28 with leadership from the Police Department and from OakDOT. The Committee received a positive response from the Police Department in seeking opportunities to collaborate on rides they already do. A follow-up meeting is scheduled for tomorrow, July 16.
- Legislative Committee: Commissioner Gardner reported that BPAC submitted a letter of support on AB 43 to the State Legislature. The bill would allow for reduced speed limits in specific circumstances.
- Open Forum Committee: Midori Tabata reported that the Committee did extensive background research on the project that was to build a sidewalk along Caldecott Ln, but ultimately did not due to lack of funding. This research was shared with the Open Forum speaker who raised the concern.

Speakers other than commissioners: Midori Tabata

Item 9. Three-month look-ahead, suggestions for meeting topics, announcements

Three-month look-ahead

- A three-month look-ahead was included in the agenda packet.

Suggestions for meeting topics

- Safe bike routes to transit (suggested by Burnette)
- Slow Streets Program (suggested by Gardner, Campbell)

Announcements

- Announcements were included in the agenda packet.
- OakDOT received grants from the Alameda County Transportation Commission (ACTC) 2022 CIP process for three projects: West Oakland Transit Improvements; 14th St Safe Routes in the City; and the East Bay Greenway (Seminary Ave to 75th Ave). For more information, see the detailed Announcement in the agenda packet.

Meeting adjourned at 8:02 pm.

City of Oakland Bicyclist and Pedestrian Advisory Commission

Strategic Plan Goals for 2021

February 2021

For the BPAC Strategic Plan 2021, the work of the BPAC was divided into four general goals, each with a corresponding set of tasks.

Goal 1: Be strong advocates for bicycle and pedestrian safety.

Task	Task Description	Committee Assigned	Commissioner Assigned	Progress	Issues/Barriers/Notes
Specific Tasks					
1.1	Finalize safety prioritization legislation for Council	Legislative			
1.2	Draft proposed legislation on school zone speed limit authority	Legislative			
1.3	Support the relaunch and rebrand OakDOT's Vision Zero focused on design and equity. Invite staff working on the initiative to present at BPAC on community and staff concerns.				
Ongoing Tasks					
1.a	Create standing item on BPAC agenda to get updates on bicycle and pedestrian safety from the last month (specifically accidents and fatalities involving cyclists and pedestrians).				
1.b	Advocate for permanent Slow Streets and Essential Places improvements.				
1.c	Provide input to the Reimagining Public Safety Task Force.				

Goal 2: Be a conduit for information on bicycle and pedestrian projects.

Task	Task Description	Committee Assigned	Commissioner Assigned	Progress	Issues/Barriers/Notes
Specific Tasks					
2.1	Invite OakDOT to present on Performance Measures methodology associated with Complete Streets work, including the summary of the performance measures items outlined in the the 2013 Complete Streets Resolution, as well as a summary of the Equity Score criteria from OakDOT's Strategic Plan.				<p>Items from the Complete Streets Resolution in 2013:</p> <ol style="list-style-type: none"> 1) Establishing specific performance measures pertaining to Complete Streets 2) Collecting and updating data to evaluate measure on a regular basis 3) Making the results of Complete Street performance analyses

					<i>available publicly as completed.</i>
2.2	Invite project managers to present on projects post-construction evaluation. Select two projects to have a presentation on before June (potentially 90th Avenue and/or Foothill Avenue rapid response fix).				How is OakDOT evaluating? How has this impacted speeds? How has this impacted traffic volume? How has this impacted bike/ped users comfort level?

Ongoing Tasks

2.a	Get status update on Bike Plan and Pedestrian Plan every three months.				
2.b	Highlight the Infrastructure Committee's review of projects during main BPAC meetings and promote their meeting summaries.				
2.c	Get periodic updates on Major Development Project from Department of Planning and highlight the most bike/ped relevant projects for Infrastructure Committee to review and provide comments.			Department of Planning to present at February meeting	

Goal 3: Encourage equity driven investments and policies and advocate for the bicycle and pedestrian community.

Task	Task Description	Committee Assigned	Commissioner Assigned	Progress	Issues/Barriers/Notes
Specific Tasks					
3.1	Work with OakDOT, Sustainability Department, and Department of Planning to align bicycle and pedestrian equity goals and guidelines into the updated City General Plan (transportation network maps, and identifying equity gaps for funding) and Environmental Justice Element (transit and access to public facilities mandated sections). This involvement with BPAC will also help align the Bike Plan, the ECAP, and the General Plan policies and plans in regards to Bicycle and Pedestrian infrastructure.				
3.1	Parking - work on developing policy recommendation on parking is not a priority on Oakland streets.				
Ongoing Tasks					
3.a	Continue to use BPAC blog as a community engagement tool.				
3.b	Prioritize safety needs in East Oakland.				

3.c	Attract grants for pilot Bicycle and Pedestrian equity infrastructure projects in Oakland				
3.d	Advocate for community groups to be integrated into OakDOT program and community outreach work (in a paid capacity wherever possible).				Ask that Bike Plan update presentations provide summary of program initiatives.

Goal 4: Build relationships with policymakers and provide feedback on pedestrian and bicycle policy.

Task	Task Description	Committee Assigned	Commissioner Assigned	Progress	Issues/Barriers/Notes
Specific Tasks					
4.1	Prepare and present an "Introduction to BPAC" including a review of Strategic Goals to Public Works Committee				This is in the works. Andy, Patricia, and George will meet with Noel Gallo to present the chair's report.
4.2	Establish ongoing inter-agency bicycle and pedestrian infrastructure working advisory group with Caltrans (given their new focused Bicycle and Pedestrian investments and plans).				
4.3	Establish a regular regional policy meeting on Bicycle and Pedestrian infrastructure plans with MTC and the Bay Area Regional Collaborative				This will enable us to advocate and stay abreast of developments with Plan Bay Area 2050, upcoming National Infrastructure funding, transportation bills; and Statewide urban greening grants and so forth.
Ongoing Tasks					
4.a	Provide updates on specific BPAC efforts with Councilmembers.
