

CITY OF
OAKLAND
HEAD START

The City of Oakland Head Start/Early Head Start is a federally and state funded early childhood education program aimed to promote school readiness of children ages birth to five for low-income families by supporting their growth and development. The program offers free early childhood education and care, prenatal education and family services to eligible Oakland residents. Families experiencing homelessness and in foster care are automatically eligible and encouraged to apply!

HEAD START

EARLY CHILDHOOD EDUCATION

Children's readiness for school and beyond is fostered through individualized learning experiences. Head Start and Early Head Start prepare children for kindergarten, using a variety of learning experiences for each individual child. Staff and parents work together to implement an Individual Development Plan for each child. The program focuses on every child's intellectual, social, emotional, and physical growth and development.

FAMILY SERVICES

Beginning with a Family Partnership Agreement, families are given the opportunity to set goals and seek assistance from staff for referrals to agencies to help meet their goals. Head Start also networks with Community Partners to link into services and resources for families. Programs support and strengthen parent-child relationships and engage families around children's learning and development.

NUTRITION SERVICES

Every child is served nutritious breakfast, lunch, and snacks daily.

DISABILITIES SERVICES

10% of slots are reserved for children with disabilities who have an Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP).

HEALTH SERVICES

The program emphasizes the importance of preventive health care, and early identification and intervention of health problems. All children receive health and development screenings, vision screenings, dental care and mental health support.

PROGRAM OPTIONS

Based on the needs of the community, the program offers the following program options:

CENTER BASED

Part-Day,
Full Day, &
Extended Full Day

HOME-BASED

Home-Based program option provides home visits with parent(s) and/or guardian from a Childhood Education Specialist to cover developmental education for pregnant women, infants, and children 0-5 years old.
