Darkroom Printing Techniques

Instructor: Moses LaSabra

When your traditional black and white photographs don't give you the impact you would like, consider taking a darkroom printing intensive. This is a "one on one" darkroom printing class with an instructor who has many years of darkroom printing experience. Learn various techniques in photo printing processes: dodging and burning, masking, darkroom chemistry, toning, correct printing filters, lens and filter choices, and selecting correct paper for each print. This is a 3 hour intensive. Select a time and day that will work for you and the instructor to meet. Student provides their own photo paper. Prior darkroom printing experience required.

Registration code will be assigned at registration. Register by phone only at 510.597.5027. Time set by appointment.
