

CITY OF OAKLAND

CONSOLIDATED FISCAL POLICY

Section 1. Budgeting Practices

Part A. General Provisions

The City's Fiscal Year shall begin on July 1st of each year and end on June 30th of the subsequent year. The City shall adopt a two-year biennial policy budget by June 30th of odd-numbered calendar years. The City shall amend its biennial policy budget (midcycle) by June 30th of even-numbered years. The budget and midcycle amendments shall be adopted by resolution of the City Council as required by the City Charter.

Part B. Policy on Balanced Budgets

The City shall adopt a balanced budget that limits appropriations to the total of estimated revenues and unallocated fund balances projected to be available at the close of the current fiscal year. The City Administrator shall be responsible for ensuring that the budget proposed to the City Council by the Mayor, adheres to the balanced budget policy.

This policy entails the following additional definitions and qualifications:

1. The budget must be balanced at an individual fund level.
2. City policies on reserve requirements for individual funds must be taken into account. The appropriated expenditures included in the balanced budget equation must include the appropriations necessary to achieve or maintain reserve targets.
3. Appropriated revenues can include transfers from unallocated fund balance where such fund balance is reasonably expected to exist by the end of the fiscal year preceding the year of the adopted budget. Transfers from fund balance are not to be counted as revenue if the fund balance is not reasonably expected to exist by the end of the fiscal year preceding the year of the adopted budget. (Note: The precise definition of 'fund balance' will vary from fund to fund, depending on the fund's characteristics and accounting treatment.)
4. Appropriated expenditures can include transfers to fund balance or to reserves.

From time to time the City Council may present changes in policy and consider additional appropriations that were not anticipated in the most recently adopted budget. Amendments by the City Council shall maintain a balanced budget.

Each fiscal year the City Administrator shall report to the City Council on actual revenues and expenditures in the General Purpose Fund and other funds as deemed necessary.

Part C. Use of Excess Real Estate Transfer Tax (RETT) Revenues

To ensure adequate levels of the General Purpose Fund reserves and to provide necessary funding for municipal capital improvement projects and one-time expenses, the City shall require that excess Real Estate Transfer Tax revenues be defined and used as follows:

1. The excess Real Estate Transfer Tax (RETT) revenue is hereby defined as any amount of projected RETT revenues that exceed 15% of General Purpose Fund Tax Revenues (inclusive of RETT).
2. The excess Real Estate Transfer Tax, as described in this section, shall be used in the following manner and appropriated through the budget process:
 - a. At least 25% shall be allocated to the Vital Services Stabilization Fund, until the value in such fund is projected to equal to 15% of total General Purpose Fund revenues over the coming fiscal year; and
 - b. At least 25% shall be used to fund debt retirement and unfunded long-term obligations such as negative fund balances, Police and Fire Retirement System (PFRS) unfunded liabilities, CalPERS pension unfunded liabilities, paid leave unfunded liabilities, and Other Post-Employment Benefits (OPEB) unfunded liabilities; and
 - c. The remainder shall be used to fund one-time expenses or to augment reserves.
3. Use of the excess RETT revenues for purposes other than those established in this section must be authorized by City Council resolution. The resolution shall explain the need for using excess RETT revenues for purposes other than those established in this section. The resolution shall also include steps the City will take to return to using excess RETT revenues pursuant to this section.
4. Following the completion of the annual audit, excess RETT revenues will be analyzed to determine whether the transfers to the Vital Services Stabilization Fund or expenditures to fund debt retirement and unfunded long-term obligations were sufficient. If insufficient funds were transferred, a true-up payment shall be made in the next fiscal year. If the transfers exceed the actual requirement, the amounts in excess may be credited against allocations in the next fiscal year.

Part D. Use of One-Time Revenues

1. One-time revenues are defined as resources that the City cannot reasonably expect to receive on an ongoing basis, such as proceeds from asset sales and debt refinancing. This part shall not apply to the use of excess RETT revenues pursuant to Section 1. Part C.
2. Fiscal prudence requires that any unrestricted one-time revenues be used for one-time expenses. Therefore, one-time revenues shall be used in the following manner, unless they are legally restricted to other purposes: to fund one-time expenditures, to fund debt retirement and unfunded long-term obligations such as negative fund balances, Police and Fire Retirement System (PFRS) unfunded liabilities, CalPERS pension unfunded liabilities, paid leave unfunded liabilities, and Other Post-Employment Benefits (OPEB) unfunded liabilities; or shall remain as fund balance.

3. Use of one-time revenues for purposes other than those established in in this section must be authorized by City Council resolution. The resolution shall explain the need for using one-time revenues for purposes other than those established in this section. The resolution shall also include steps the City will take to return to using one-time revenues pursuant to this section.

Part E. Use of Unassigned General Purpose Fund Balance

Any unassigned General Purpose Fund balance, as projected in the 3rd Quarter Revenue and Expenditure Report, and not budgeted for other purposes, shall be used in accordance with Section 1, Part D.

Part F. Analysis of Funding for Debt or Unfunded Long-Term Obligations From Certain Revenues

When excess RETT or other one-time revenues are used to fund accelerated debt retirement or unfunded long-term obligations, the City Administrator shall present his or her analysis and recommendations to the Council based on the best long-term financial interest of the City.

Part G. Criteria for Project Carryforwards and Encumbrances

Previously approved but unspent project appropriations ("carryforwards") and contingent liability reserves for current purchases or contracts that are paid in the following fiscal year ("encumbrances") are financial obligations against reserves. Fiscal prudence requires that such obligations be limited.

Each fiscal year, the Finance Department will submit a list of eligible carryforwards and encumbrances to all departments for evaluation for all funds, including the General Purpose Fund. Departments may request to retain some or all carryforwards and encumbrances when such balances are:

1. Deemed essential to the delivery of active city projects, programs and services; or
2. If the liquidation of such balances would be in violation of legislative or legal requirements.

A departmental request to retain project carryforwards and/or encumbrances must be submitted to the Finance Department. Departments shall provide specific reasons for requested project carryforwards and encumbrance carryforwards, including, but not limited to, those reasons outlined above. Carryforward of project appropriations in funds with negative balances will only be allowed on an exception basis.

The Finance Department will recommend to the City Administrator an action on the departmental requests. The City Administrator shall make a final determination on project carryforward and encumbrances, and will direct the Finance Department to make carryforwards

available to the appropriate department.

Part H. Grant Retention Clauses

The fiscal impacts of such retention clauses shall be disclosed. During the biennial budget process staff shall report to the Council the ongoing projected fiscal impacts of such retention clauses.

Part I. Alterations to the Budget

In the event that a department is projected to overspend in the General Purpose Fund by more than one percent (1%), the City Administrator shall bring an informational report to the City Council within 60 days following acceptance of the Revenue & Expenditure report by the City Council. The report shall list the actions the Administration is taking to bring the expenditures into alignment with the budget.

The City Administrator shall have the authority to transfer funds from non-personnel accounts to personnel accounts within a department. The City Administrator shall have the authority to transfer funds allocated to personnel accounts to non-personnel accounts if the transfer is required to meet the conditions of or maximize the funding derived from a grant that has been approved by the City Council. In assessing opportunities for continually improving public participation in the budget process, the Administration, City Council and BAC shall be requested to consider the following guiding principles:

- **Inclusive Design:** The design of a public participation process includes input from appropriate local officials as well as from members of intended participant communities. Public participation is an early and integral part of issue and opportunity identification, concept development, design, and implementation of city policies, programs, and projects.
- **Authentic Intent:** A primary purpose of the public participation process is to generate public views and ideas to help shape local government action or policy.
- **Transparency:** Public participation processes are open, honest, and understandable. There is clarity and transparency about public participation process sponsorship, purpose, design, and how decision makers will use the process results.
- **Inclusiveness and Equity:** Public participation processes identify, reach out to, and encourage participation of the community in its full diversity. Processes respect a range of values and interests and the knowledge of those involved. Historically excluded individuals and groups are included authentically in processes, activities, and decision and policymaking. Impacts, including costs and benefits, are identified and distributed fairly.
- **Informed Participation:** Participants in the process have information and/or access to expertise consistent with the work that sponsors and conveners ask them to do. Members of the public receive the information they need, and with enough lead time, to participate effectively.
- **Accessible Participation:** Public participation processes are broadly accessible in terms of location, time, and language, and support the engagement of community members with disabilities.
- **Appropriate Process:** The public participation process uses one or more engagement formats that are responsive to the needs of identified participant groups; and encourage full, authentic, effective and equitable participation consistent with process purposes. Participation processes and techniques are well- designed to appropriately fit the scope, character, and impact of a policy or project. Processes adapt to changing needs and issues as they move forward.
- **Use of Information:** The ideas, preferences, and/or recommendations contributed by community members are documented and given consideration by decision-makers. Local officials communicate decisions back to process participants and the broader public, with a description of how the public input was considered and used.
- **Building Relationships and Community Capacity:** Public participation processes invest in and develop long-term, collaborative working relationships and learning opportunities with community partners and stakeholders. This may include relationships with other temporary or ongoing community participation venues.
- **Evaluation:** Sponsors and participants evaluate each public participation process with the collected feedback and learning shared broadly and applied to future public participation efforts.
