SECTION A - INTRODUCTION TO THE REQUEST FOR PROPOSALS

The City of Oakland through its Department of Housing and Community Development (DHCD) is inviting non-profit organizations and City Departments to submit proposals for programs that will provide services in the seven Community Development (CD) Districts from the Community Development Block Grant (CDBG) to be awarded by the U.S. Department of Housing and Urban Development (HUD) for the 2019- 2020 funding cycle beginning July 1, 2019. It is projected that \$1,557,895 may be available for the CD Districts to allocate for that fiscal year.

Copies of the Request for Proposals (RFP) packet are available at the Department of Housing and Community Development-CDBG Division, 250 Frank H. Ogawa Plaza, Suite 5313, (across from City Hall) Oakland, California 94612-2034, (510) 238-3716 during the business hours of 8:30 a.m. to 5:00 p.m.

Interested applicants are required to attend one of two mandatory trainings for prospective applicants scheduled for Wednesday, December 12, 2018 in City Hall Hearing Room One, First Floor, One Frank H. Ogawa Plaza, Oakland. The trainings will be from 10:00 a.m. to 12:00 noon, and from 1:30 p.m. to 3:30 p.m. Attendance sign-in will begin at 9:45 a.m. and 1:15 p.m. respectively, and attendees must sign-in no later than 10:10 a.m. and 1:40 p.m. respectively and be present for the entire session. Please confirm your attendance by email (cdbg@oaklandca.gov) no later than Monday, December 10, 2018 and indicate the preferred time slot and number of persons to attend.

The RFP packet provides all necessary information on the data and documents which must be submitted. Please bring this RFP packet with you to the training as staff will be reviewing the CDBG application process and requirements detailed in the RFP.

Until December 12, 2018, the proposal packet can be viewed and downloaded in FY2019-20 CDBG Request for Proposals Packet at <https://www.oaklandca.gov/topics/community-development-block-grant-program>. After December 12, the packet will be available for viewing only.

The forms that applicants need to fill out are available for downloading in FY2019-20 CDBG Request for Proposals Packet-RFP Forms at <https://www.oaklandca.gov/topics/community-development-block-grant-program> until Wednesday, January 2, 2019.

To be accepted and considered for funding, proposals must address the funding cycle 2019-2020 priorities on pages 35-44. These include the District-Wide homelessness and affordable housing priorities as well as the service and capital/infrastructure improvement activities identified by the seven CD District Boards to meet their respective needs.

The Calendar on pages 3-5 provides the dates for the submission and review of proposals as well as the formulation of funding recommendations from allocations for the seven CD Districts in the 2019-2020 funding cycle.

Requests for funding must be submitted to DHCD by 2:00 p.m. on Wednesday, January 2, 2019. Any proposals that are not received by staff on or before the deadline will not be accepted.

Applicants will be scheduled to make presentations to the CD Districts for which they are requesting funding, and funds will not be recommended for applicants who do not make a presentation. The seven CD District Board members will hear presentations on Saturday, February 2, 2019. The room locations and time slots for the presentations to respective Boards will be distributed to applicants in advance.

Each CD District Board will meet subsequently to formulate its funding recommendations for consideration by the City Council as it develops the final FY2019-2020 budget for submission to HUD.

To assist community organizations and City Departments in developing funding proposals, summaries are provided on pages 6-12 of the types of activities that are eligible for CDBG funding and the requirements for compliance with the CDBG National Objectives. Also included are guidelines for Faith-based organizations which may apply for funding to carry out CDBG eligible programs and activities provided that:

- a. They do not engage in inherently religious activities as part of a CDBG funded program or activity.
- b. They shall not, in providing CDBG funded services, discriminate against a program beneficiary on the basis of religion or religious belief.
- c. CDBG funds are not be used for the acquisition, construction, or rehabilitation of structures that are used principally for inherently religious activities.

Review the Federal guidelines very carefully to ensure that you can satisfy the HUD regulations. Staff will review the proposals to determine that organizations and proposed activities are eligible for CDBG funding, that proposed costs are CDBG allowable expenditures, and that proposed activities demonstrably benefit principally low- and moderate-income persons.

Applicants should take time to familiarize themselves with the instructions for documents in the proposal packet to ensure that the proposals they prepare and submit are complete and meet all requirements. Proposals that are incomplete or not in compliance will not be accepted.

Applicants need to be aware of the following aspects of Oakland's CDBG funding process:

- The number of grant agreements with community organizations to be recommended for funding for each CD District will be limited to four (4).
- No less than \$15,000 shall be recommended for a project to be operated in any individual District unless the amount of the applicant's request is less than \$15,000.
- Grant Agreements with community organizations and Memoranda of Understanding with City Departments will be effective based on the funding recommendations for Fiscal Year 2019-2020.

All proposals should be addressed and delivered as follows since we cannot guarantee receipt of proposals delivered to other City offices or staff:

Mr. Gregory Garrett, CDBG Manager
City of Oakland Department of Housing and Community Development

SECTION C-2
SUMMARY OF GUIDELINES FOR ENSURING EQUAL TREATMENT
OF FAITH-BASED ORGANIZATIONS

This is a summary, based on the Final Rules published July 9, 2004, of the guidelines regarding participation of faith-based organizations in programs and activities funded by the U.S. Department of Housing and Urban Development pursuant to the governing regulations of the Code of Federal Regulations, Title 24, Part 5, Section 109. This summary is based upon the Final Rules published July 9, 2004.

A. Equal Participation of Faith-Based Organizations in HUD Programs and Activities

Faith-based organizations are eligible, on the same basis as any other organization, to participate in the full range of HUD's programs and activities. This includes programs that make funds available through contract, grants, cooperative agreements, or other instruments for eligible goods, services, and activities as well as programs that do not make funds available, but involve other forms of benefit or resources, e.g., Federal Housing Administration (FHA) mortgage insurance or foreclosed properties that are available to qualifying organizations. Neither the Federal government, nor a State or local government, nor any other entity that administers any HUD program or activity shall discriminate against an organization on the basis of the organization's religious character or affiliation.

B. Inherently Religious Activities

Organizations that receive direct HUD funds under a HUD program or activity may not engage in inherently religious activities, such as worship, religious instruction, or proselytization, as part of the programs or services directly funded under the HUD program or activity. If an organization conducts such activities, the activities must be offered separately, in time or location, from the programs, activities, or services supported by direct HUD funds, and participation must be voluntary for the beneficiaries of these programs, activities, or services.

The term "direct HUD funds" refers to direct funding within the meaning of the Establishment Clause of the First Amendment. For example, direct HUD funding may mean that the government or an intermediate organization with similar duties as a governmental entity under a particular HUD program selects an organization and purchases the needed services straight from the organization (e.g., via a contract or cooperative agreement). In contrast, indirect funding scenarios may place the choice of service provided in the hands of a beneficiary, and then pay for the cost of that service through a voucher, certificate, or other similar means of payment.

C. Independence of Faith-Based Organizations.

A faith-based organization that participates in a HUD program or activity will retain its independence from Federal, State and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that it does not engage in any inherently religious activities, such as worship, religious instruction, or proselytization, as part of the program or services supported by direct HUD funds. Among other things, faith-based organizations may use space in their facilities to provide services under a HUD program, without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization participating in a HUD program retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members and otherwise govern itself on a religious basis, and include religious references in its organization's mission statements and other governing documents.

D. Exemption From Title VII Employment Discrimination Requirements

A faith-based organization's exemption from the Federal prohibition on employment discrimination on the basis of religion, set forth in section 702(a) of the Civil Rights Act of 1964 (42U.S.C. 2000e-1), is not forfeited when the organization participates in a HUD program.

E. Nondiscrimination Requirements

An organization that receives direct HUD funds shall not, in providing program assistance, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief. Organizations participating in HUD program and activities must also comply with any other applicable Federal fair housing and nondiscrimination requirements.

F. Acquisition, Construction and Rehabilitation of Structures

HUD funds may not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for inherently religious activities. HUD funds may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under a HUD program or activity. Where a structure is used for both eligible and inherently religious activities, HUD funds may not exceed the cost of those portions of the acquisition, construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to the HUD program or activity. Sanctuaries, chapels, and other rooms that a HUD-funded religious congregation uses as its principal place of worship, however, are ineligible for HUD-funded improvements. Disposition of real property after use for the authorized purpose, or any change in use of the property for the authorized purpose, is subject to government-wide regulations government real property disposition (see. e.g., 24 CFR parts 84 and 85).

SECTION D-4
GUIDANCE FOR PROPOSAL BUDGET FORM
AND LIMITATIONS ON THE USE OF CDBG FUNDS

The proposal must include a one-page budget form to identify the line item costs that are included in the proposed budget. **Do not exceed the one page limit.** The budget forms on pages 21-23 are samples and not all of the suggested line items may apply. Please delete those line items that are not applicable.

- D-5 - Budget form for service projects: itemize the costs of salaries, fringe benefits, payroll taxes, operating expenses, any consultant services or trainee stipends, and indirect costs.
- D-6 - Budget form for construction projects: itemize the costs of architectural or engineering services, construction, and permits or fees.
- D-7 - Budget form for acquisition projects: itemize the costs of appraisal and purchase.

The budget should reflect the amount being requested from CDBG funds, not the total organizational budget. The form should identify in separate columns the line item amounts being requested from CDBG funds and those from other funding sources that will support the project. Do not use cents but round off each amount to the nearest dollar.

A separate budget must be provided for each District for which funding is being requested. If you are applying for funds to provide the same project in more than one District, each budget form must identify only the amount being requested for each District not the total being requested for all the Districts for which you are applying.

Unless otherwise authorized, funds can only be used to serve persons or areas in the respective District by which funds are allocated.

If a proposed project includes construction and/or acquisition as well as program operation and delivery of services, the funding request must be prepared as two separate proposals identifying the respective activities and costs.

Limitations to the use of CDBG funds: Before completing the Budget Form, please review very carefully the following limitations to the use of CDBG funds which should be observed.

1. Expenditure of Fund Within the Fiscal Year Allocated

Applicants should apply for the funds for fiscal year 2019-20 only if the applicant is certain that requested CDBG funds can be expended within that funding cycle. HUD requires that funds be expended in the year in which they are allocated. Delays in expenditure can result in the reprogramming of unexpended funds. Only in limited circumstances, such as a justifiable emergency, should the City carry forward funds to the subsequent year. If anticipated planning or predevelopment activities, particularly for capital/infrastructure and housing improvements might be prolonged beyond 2019-20 the request for funds should be deferred to a Request For Proposals in a future funding year beyond 2019/20.

2. Property Acquisition:

- a. Itemized costs of appraisal, inspection and purchase must be provided.
- b. Requests for acquisition of property must include a purchase agreement with the owner. A property owner who is an employee, agent, officer or consultant of an agency applying for capital improvement funds could potentially be in conflict of interest by deriving a direct financial benefit from improvements to his/her property.
- c. CDBG funds may be used for acquisition of a public facility if the entity undertaking the purchase takes title to the property. **However, HUD has determined that paying off or refinancing a loan obtained for the purchase of real property is not considered acquisition if no change in title results.**
- d. A request for property acquisition should identify the proposed site and sale price, as well as the estimated value based upon comparable market values.
- e. CDBG funds may not be used for the acquisition of structures used for inherently religious purposes but may be used for structures in which eligible activities under a HUD program or activity are conducted. Where a structure is used for both eligible and inherently religious activities, HUD funds may not exceed the cost of the portion of the acquisition that is attributable to eligible activities in accordance with the cost accounting requirements applicable to the HUD program or activity.

3. Lease and Rent Payments:

- a. CDBG funds may not be used solely for lease or rent payments without other allowable operating costs.
- b. Agencies receiving CDBG funds may be precluded by Federal conflict of interest provisions from renting or leasing space from a public official or from an employee, agent, officer or consultant of their agency.

4. Capital Improvements:

- a. Requests for funds to undertake capital improvements to real property or open space development must include proof of legal ownership or authorization from the owner to perform the improvements.
- b. Proposals to undertake capital improvements on City-owned facilities will only be accepted from the responsible operating City Department.
- c. Renovation costs may include equipment provided that the equipment is fixed and permanent and is not moveable.
- d. A request for capital improvements should be supported by cost estimates, preferably from at least three (3) reasonable, responsible sources that comply with Equal Employment Opportunity standards and can meet the City's reporting requirements.
- e. CDBG funds may not be used for the construction or rehabilitation of structures used for inherently religious purposes but may be used for structures in which eligible activities under a HUD program or activity are conducted. Where a structure is used for both eligible and inherently religious activities, HUD funds may not exceed the cost of the portions of the construction or rehabilitation that is attributable to eligible activities in accordance with the cost accounting requirements applicable to the HUD program or activity.
- f. Identify other funding sources and the discrete portion of the work to be done with Oakland's CDBG funds.

5. Capital Equipment:

Lease or rental of capital equipment is generally advised because all assets which an agency acquires

with CDBG funds have, upon termination of the grant agreement, to be transferred to the City or the agency must reimburse the CDBG Program at the current per unit fair market value less the amount of depreciation previously agreed upon with the City. Estimates of the lease/rental costs should be provided.

5. Indirect Costs:

If Indirect Costs are to be included as a line item a detailed cost allocation plan must be submitted for City files that lists the costs to be charged, the total annual allocation for each line item, the amount charged to other grants or agreements, and the percentage to be charged to the CDBG agreement. As established by the Federal Office of Management and Budget, indirect costs are those incurred for general organizational overhead expenses that do not relate solely to any single activity, such as the salaries and expenses of executive officers, personnel administration and accounting as well as depreciation or use allowances on buildings and equipment and the costs of operating and maintaining facilities. Costs directly related to delivery of a grant-funded activity such as personnel and operating costs should be charged as direct line item costs in the budget.

6. Unallowable Costs:

The following costs are unallowable: bad debts; contingencies; contributions and donations; entertainment costs (including meals for social events and awards/graduation banquets); gifts or incentive awards to individuals; fines and penalties resulting from violations of or non-compliance with Federal, State, and Local laws; interest on borrowed capital; fundraising; investment management; losses on other awards; and litigation expenses.

See page 21, Item 6 of Section D-4 for the definition of Indirect Costs.

The terms "moderate-income" and "low-income" which are used in the CDBG program have the same meaning: moderate-income corresponds to the new usage "low-income", while low-income corresponds to the new usage "very low-income".

PROJECTED ANNUAL ALLOCATION OF FUNDS IN THE 2019-20 FUNDING CYCLE

Oakland does not expect to receive HUD notification of its FY2019-20 entitlement grant amount until February 2019 and is basing the planning for the 2019-20 funding cycle on the \$7,584,263 awarded for FY18-19. It is expected that approximately \$1,557,895 (21% of the annual grant) may be available for District programs. Of this amount, \$966,609 must be used for Capital/Infrastructure and Housing Improvement projects and no more than \$591,286 may be used for Public and Housing Related Services recommended to serve the respective CD Districts. Based on its low- and moderate-income population the projected proportion for each District is as follows:
