MEMORANDUM

TO: HONORABLE MAYOR & CITY COUNCIL

FROM: Ryan Russo
Director, DOT

SUBJECT: Council Discretion Streets In the 2022 Five Year Paving Plan

DATE: March 17, 2022

City Administrator Approval

Date: Mar 21, 2022

INFORMATION

This memo is to provide the Oakland City Council, the Mayor's Office, City staff and the community with information regarding streets selected by Councilmembers as part of the Council Discretion Program within the 2022 5-Year Paving Plan.

GENERAL OVERVIEW

On December 21, 2021, Oakland City Council passed the 2022 5-Year Pavement Prioritization Plan. The 5-Year Paving Plan (5YP) represents a \$300M construction investment in pavement rehabilitation and preventative maintenance with 75% of plan dollars prioritized for rehabilitating local streets and 25% prioritized for rehabilitation and preventative maintenance on major streets. Reflecting community input and City Council-adopted prioritization values, staff developed a framework to prioritize streets for repaving based on equity, street condition, and traffic safety.

This informational memo specifies which streets will be added to the Plan based on the adopted set-aside for Council Discretion streets, which adds an additional 15 miles of local streets to the 5YP. Each Council office selected streets up to \$1.4M in construction costs per Council's final resolution. The Council District boundaries for this list are based on the boundaries as of December 31, 2021. A list of streets selected by each Council District office are provided below:

STREET	FROM	TO	MI	DIST	PLAN AREA
