Councilmember Lynette Gibson McElhaney

Re: Proposed Policy Directives and Budget Amendments to CP Kaplan's Budget

Colleagues:

We're deeply grateful for the leadership from Council President Kaplan and Councilmembers Bas, Taylor and Thao to establish a strong foundation for our budget deliberations. In consideration of the robust June 18 debate, we present the following amendments in the spirit of achieving a unanimous budget. Building on the good work of the Council President's team, this memorandum clarifies our collective modifications to the Oakland Together budget amendments as discussed during the debate, as well as a few additional policy directives and motions.

1. Motion: Adopt the Administration's Proposed CIP and Schedule additional CIP Amendments to the July 9 Council Meeting

To ensure consistency with the Council's adopted Equity & Priority ranking system, we urge the Council to adopt the Administration's proposed CIP and schedule a the proposed "Amendments to Fund 5330 – Measure KK Transportation & Infrastructure" additions recommended in the Oakland Together budget proposal on to the Special Meeting of July 9th. This provide staff the opportunity to vet the proposal through the CIP equity framework.

This will also allow the Council to consider the Administration's capacity to timely deliver on the promised projects.

We request that the following projects be added to the list for debate:

- Additional bonding of \$420,000 for a currently unfunded CIP list project, the Oakland Tool Lending Library, which benefits the entire City.
- Additional bonding of \$1.175 million for downtown Oakland Senior Center Capital Improvement Project.

2. Proposed Amendments to the Oakland Together Budget Proposal

A. Fund 1010 – General Purpose Fund

Projected Income/Savings/Carry Forwards (Revenue) –

- Increase annual sales tax revenue projections by \$250,000/year [Line #1a]
- Increase Transient Occupancy Tax (TOT) revenue by \$25,000/year (allocate 78.6% to Fund 1010, 21.4% to Fund 2419), *includes adjustments to mandatory set-asides for Vital Services Stabilization Fund, Long-term Liabilities, KidsFirst!* [Line #2a]
- Freeze a vacant .5 FTE Student Trainee 1 in Economic & Workforce Development [Line #10c]

Strategic Investments (Expenses) –

- Establish a \$100,000 Community Murals fund (*to be administered by the Cultural Affairs Division of the Economic & Workforce Development Department working with the Councilmembers to establish a process that prioritizes citywide and geographic equity distribution*) [Line #19a]
- Adds One (1) additional 911 Dispatcher (*to help reduce 911 hold times*) [Line #31a]
- Invest \$80,000 for a resource development planning grant for the Oakland Parks & Recreation Foundation, one-time funding for in Year One (Y1) [Line #48]
- Maintain funding for one (1) FTE to address chronic absenteeism (*together with the Mayor's existing continued funding of one (1) FTE, this amendment sustains the two (2) City-funded Social Worker positions authorized in the budget since 2013 to address chronic absenteeism at elementary schools. Funding is explicitly contingent upon OUSD continuing to budget for two (2) FTE positions for a total of four FTE for the initiative*) [Line #49]
- Invests \$84,100 one-time grant funding for Friends of Peralta Hacienda Historical Park [Line #50]

B. Fund 1030 – General Purpose Fund (Sugar Sweetened Beverage Tax - SSBT)

With sincere appreciation for the SSBT Advisory Board's service, our proposal modifies their recommendations to shift the allocation of these General Purpose Funds to better align with the City's stated public health priorities and former Vice Mayor Campbell Washington's stated intent than not less than 50% of these funds be programmed for OPRYD. Our modifications:

- Limit administrative costs to \$500,000 [Item #5, reduced from \$700,000], savings achieved by shifting management to the City Administrator's Office
- Invests an additional \$1 Million to expand and enhance OPRYD Services to meet the 50% threshold
- Invests \$1 million per year for the SSBT Advisory Board RFP process

- Invests an additional \$728,286 to expand and improve senior centers, with the goal to improve healthy foods, recreation programs, facilities and access.

While Alameda County is the responsible agency for public health initiatives, we recognize the importance of advancing the SSBT Advisory Board's recommendation to fund innovative projects and systems change work that are not otherwise supported. This is why we support investing \$1 million annually for the the RFP process for special projects in addition to the \$1.8 million annually they recommend for the OUSD food program.

C. Fund 1870 – Affordable Housing Trust Fund

We applaud the Affordable Housing investments included in the Oakland Together amendment.

In addition, we support a policy directive that aligns the Oakland Together directives with the initiatives by Councilmember Bas and the Life Enrichment Committee that directs the Administration to return in September 2019 with a comprehensive plan for addressing the Emergency Housing crisis and proposed priority allocation of Council-authorized investments as well as coordinating these funds with other investments by philanthropy and Alameda County..

D. Fund 2159 - State of California Other

We recommend eliminating reference to 'needle collection' from the spending to hire unsheltered residents to do trash pick-up. The City should not encourage people in the general public to handle medical waste (sharps). We encourage the Administration to work with Alameda County to expand safe disposal/removal of this growing public health concern.

E. Fund 2270 - Measure W

We want to express our sincere thanks to Council President Kaplan and the Oakland Together budget team for including additional funding for cameras to address illegal dumping that augments funding proposed in the Mayor's budget.

F. Fund 2415 - Development Services Fund

For Fund 2415, we propose correcting an apparent typo with the "Northwest Community Planning neighborhood planning funding," which should be listed as a one-time expenditure. This switch also reduces the use of one-time revenues for ongoing expenses.

3. Amendments, Comments and Additions to Oakland Together's Policy Directives

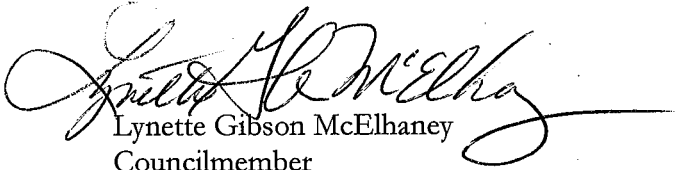

We appreciate the Oakland Together policy directives regarding the Permanent Affordability Fund, the Towing Policy, and Trash Capture Devices. In particular, we commend the team for the Permanent Affordability Fund, which proposes \$12 million annually to be utilized by

Community Land Trusts and Limited Equity Housing Cooperatives to acquire, rehabilitate, and preserve small sites for permanent affordability (prioritizing households under 80 percent AMI). Additionally, Councilmember Kalb has been working with Public Works and OakDOT on the Trash Capture coordination for a few months and glad to report that everyone appears to be on the same page in getting these devices installed concurrent with paving and other road work. (See Attachment)

Dan Kalb
President Pro Tempore

BUDGET MEMORANDUM

EXHIBIT 2 – KALB-MCELHANEY AMENDMENTS

June 20, 2019

FY 2019-21 Budget Policy Directives

Amendments to Budget Policy Directives in Oakland Together budget

1. **Budget Transparency - List All Funds:** The required General Purpose Reserve should be clearly listed on its own line in the budget.
2. ~~**Hearing Room Scheduling:** The responsibility of booking hearing rooms is to be moved to the City Clerk's Office to ensure that public meetings are scheduled in coordination with booking rooms.~~
23. **Homeownership to 150% AMI;** In the Bay Area, the cost of living is such that a family with a six figure-income can still need assistance. Oakland offers some options for low and moderate-income first-time homebuyers with area median income (AMI) up to 120%. We request a report back to CED committee about the option to increase the AMI limit for our homeownership assistance programs up to 150% when using funds for which this activity is allowed.
34. **Illegal Dumping Rewards:** In 2018, complaint calls on illegal dumping to the city increased 128%. The illegal dumping rewards program needs to be strengthened to help stop dumping. To ensure witnesses are incentivized to continue to provide the city with vital information to prosecute illegal dumpers, the Council requests that \$50 be paid up front when the city initiates an enforcement action, and to strengthen outreach and education for this program.
45. **Parking Tax Equity:** Explore the creation of a system to collect our parking tax on parking spaces embedded with lease payments so lease tax obligation is equitable, and vital needs are funded.
56. **Permanent Affordability Fund.** Create a Permanent Affordability Program (PAP) with an annually recapitalized budget of \$12 million to be utilized by Community Land Trusts and Limited Equity Housing Cooperatives to acquire, rehabilitate, and preserve small sites (properties with 25 units or less) for permanent affordability, prioritizing households under 80 percent AMI.
7. ~~**Police Officers at City Council meetings:** With paid security officers onsite, there is no need for multiple sworn officers to be at Council meetings, therefore the Council is proposing to remove having sworn officers assigned to Council meetings.~~
68. **Public Safety Overtime - Forecasting & Budgeting:** Request administration to develop policy recommendations and return to council with proposal to more accurately forecast, budget, and monitor public safety overtime
79. **Towing Policy:** Current practice has victims of crime whose vehicles are towed pay any incurred towing fees to get their vehicles back. We are requesting the City Administrator to develop and report back a policy recommendation to the City Council to either waive these fees or limit this practice.
840. **Trash Capture Devices:** The Council wants to ensure that as street projects are done that, we also install trash capture devices where needed as a part of the project's scope of work.

944. Public Lands Advisory Commission: Develop plan for staffing and implementation of Public Lands Community Advisory Commission and return to Council

Additional Budget Policy Directives

10. Grant Program Recommendation. The City Administrator shall return to Council with options for adoption to create a process for grant funding to service providers not receiving OFCY grants.

11. Funding to OUSD. All proposed disbursements to OUSD must be accompanied by a detailed contract for service negotiated with the City Administrator that provides a detailed budget and workplan on how funds will be utilized, require quarterly reports on the disbursement of city funds and require annual independent audits. Funding from the SSBT shall not be used for capital projects and is expressly limited to direct food service for students. OUSD grants to address chronic absenteeism shall be conditioned upon OUSD maintaining an equal number of positions to address chronic absenteeism and subject to quarterly reports to the Life Enrichment Committee.

12. Report on Past Budget Policy Directives: Within six months of the adoption of this Policy Directive, the City Administrator or her designee shall report to the Finance & Management Committee on the status of all of the Budget Policy Directives adopted in the FY 17-19 Budget.

13. Healthy Housing Program. Over two years ago, the CED committee requested an ordinance be brought forward to address housing habitability, a critical threat to tenant displacement. In adopting this budget, the Council directs the Administration to return to the Council before the end of 2019 with a policy for adoption to enable a proactive rental inspection (Healthy Housing) program initially focused on lead hazards. We urge the Council to direct the funds programmed in the FY19-20 budget focus on educating landlords and tenants about lead hazards and encouraging owners to access grant funds available for lead hazard abatement. To improve outcomes, the Council will direct the Administration to work with the Alameda County Department of Public Health and the Alameda County Healthy Homes Department.

14. SSBT Advisory Board Support. To ensure efficient and consistent support for the SSBT Advisory Board, the City Council recommends reassigning support for the SSBT Board to the City Administrator's Office. This administrative burden should never have been assigned to the Human Services Department which needs to focus its efforts on the crisis of homelessness, which has increased over 50% over the past 4 years and to addressing our ongoing challenges with transitions in the Head Start program. Placement in the CAO is consistent with the support offered to the Budget Advisory Commission.

15. Oakland Unite to Move to Department of Violence Prevention. Oakland Unite has been operating as a de facto unit of the DVP for the past two years. Adoption of the 2019-2021 Biennial Budget, the City Council directs the Administration to formally assign the Oakland Unite operations to the Department of Violence Prevention. The City Administrator shall return to Council in September with any needed legislation to fully effectuate this transition.

All items listed above require a report back to the City Council by the City Administrator no later than the May 2020 Midcycle revise.
