

SUPPLEMENT DATED JANUARY 5, 2012
TO
OFFICIAL STATEMENT DATED DECEMBER 15, 2011
Relating to
\$83,775,000
CITY OF OAKLAND
GENERAL OBLIGATION REFUNDING BONDS
SERIES 2012

This Supplement to the Official Statement restates the CUSIP suffixes for the January 15, 2032 bifurcated maturities as shown in the Maturity Schedule on the inside cover page of the Official Statement dated December 15, 2011.

PLEASE BE ADVISED that the CUSIP suffix for the January 15, 2032 bifurcated maturity in the principal amount of \$2,275,000 is restated to read "SD1," and the CUSIP suffix for the January 15, 2032 bifurcated maturity in the principal amount of \$3,950,000 is restated to read "SB5."

All other statements in the Official Statement are unaffected by this Supplement.

CITY OF OAKLAND

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the City, based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. In the further opinion of Bond Counsel, interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although we observe that it is included in adjusted current earnings when calculating corporate alternative minimum taxable income. Bond Counsel is also of the opinion that interest on the Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds. See "TAX MATTERS."

**\$83,775,000
CITY OF OAKLAND
GENERAL OBLIGATION REFUNDING BONDS
SERIES 2012**

Dated: date of original issuance**Due: January 15, as shown below**

The \$83,775,000 aggregate principal amount of City of Oakland General Obligation Refunding Bonds, Series 2012 (the "Bonds"), are being issued under the Government Code of the State of California and the Charter of the City of Oakland (the "City"). The specific terms and conditions for issuance of the Bonds are contained in a Resolution adopted by the City Council of the City on December 6, 2011. See "THE BONDS—Authority for Issuance; Purpose." The proceeds of the Bonds will be used to (i) refund the City of Oakland General Obligation Bonds (Series 2002A, Measure G) (the "2002A Bonds") and a portion of the "City of Oakland General Obligation Bonds (Series 2003A, Measure DD) (the "2003A Bonds" and, together with the 2002A Bonds, the "Prior Bonds"), and (ii) pay for certain costs related to the issuance of the Bonds.

The Bonds will be issued only as fully registered bonds without coupons and when issued will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"). Individual purchases of the Bonds will be made in book-entry form only, in denominations of \$5,000 or any integral multiple thereof. Payments of principal of and interest on the Bonds will be made by The Bank of New York Mellon Trust Company, N.A., as paying agent, to DTC, which in turn is required to remit such principal and interest to the DTC Participants for subsequent disbursement to the Beneficial Owners of the Bonds. See "APPENDIX E—BOOK-ENTRY-ONLY SYSTEM." The Bonds will be dated and bear interest from the date of original issuance. Interest on the Bonds will be payable semiannually on January 15 and July 15 of each year, commencing July 15, 2012. The Bonds will be subject to optional and mandatory sinking fund redemption prior to their respective stated maturities as described herein. See "THE BONDS—Redemption."

The Bonds are general obligations of the City payable from *ad valorem* taxes levied upon taxable property in the City. The City Council of the City has the power and is obligated to levy *ad valorem* taxes for the payment of the Bonds and the interest thereon upon all property within the City subject to taxation by the City without limitation as to rate or amount (except certain property which is taxable at limited rates) for the payment of the Bonds and the interest thereon.

The Bonds will be offered when, as and if issued by the City and received by the Underwriters, subject to the approval of validity by Orrick, Herrington & Sutcliffe LLP, Bond Counsel. Certain legal matters will be passed upon for the City by Orrick, Herrington & Sutcliffe LLP, as Disclosure Counsel, and for the Underwriters by their counsel, Jones Hall, A Professional Law Corporation, San Francisco, California. It is anticipated that the Bonds, in definitive form, will be available for delivery through the facilities of DTC on or about January 10, 2012.

This cover page contains certain information for general reference only. It is not a summary of this issue. Investors should read this entire Official Statement to obtain -information essential to the making of an informed investment decision.

This Official Statement does not constitute an offering of any security other than the original offering of the Bonds by the City. No dealer, broker, salesperson or other person has been authorized by the City to give any information or to make any representations other than as contained in this Official Statement, and if given or made, such other information or representation not so authorized should not be relied upon as having been given or authorized by the City.

This Official Statement does not constitute an offer to sell or a solicitation of an offer to buy Bonds in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so, or to any person to whom it is unlawful to make such offer or solicitation.

The information set forth herein other than that furnished by the City, although obtained from sources which are believed to be reliable, is not guaranteed as to accuracy or completeness. The information and expressions of opinion herein are subject to change without notice and neither delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof. This Official Statement is submitted in connection with the sale of the Bonds referred to herein and may not be reproduced or used, in whole or in part, for any other purpose.

The Underwriters (listed on the cover page hereof, collectively, the “Underwriters”) have provided the following sentence for inclusion in this Official Statement. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

Certain statements included or incorporated by reference in this Official Statement constitute “forward-looking statements.” Such statements are generally identifiable by the terminology used such as “plan,” “expect,” “estimate,” “budget” or other similar words. The achievement of certain results or other expectations contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The City does not plan to issue any updates or revisions to those forward-looking statements if or when its expectations, or events, conditions or circumstances on which such statements are based occur.

In connection with this offering, the Underwriters may overallocate or effect transactions which stabilize or maintain the market prices of the Bonds at levels above those which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time. The Underwriters may offer and sell the Bonds to certain securities dealers and dealer banks and banks acting as agent at prices lower than the public offering prices stated on the cover page hereof and said public offering prices may be changed from time to time by the Underwriters.

\$83,775,000
CITY OF OAKLAND
GENERAL OBLIGATION REFUNDING BONDS
SERIES 2012

INTRODUCTION

The purpose of this Official Statement (including the cover page and appendices attached hereto) is to provide certain information concerning the initial issuance, sale and delivery by the City of Oakland, California (the “City”) of the City of Oakland General Obligation Refunding Bonds, Series 2012 (the “Bonds”). The descriptions and summaries of various documents hereinafter set forth do not purport to be comprehensive or definitive, and reference is made to each document for the complete details of all terms and conditions. All statements herein are qualified in their entirety by reference to each document. All capitalized terms used in this Official Statement and not otherwise defined herein have the same meaning as in the Resolution and Fiscal Agent Agreement (each defined below).

The Bonds are general obligations of the City payable from *ad valorem* taxes levied upon taxable property in the City. The City Council of the City (the “City Council”) has the power and is obligated to levy *ad valorem* taxes upon all property within the City subject to taxation without limitation as to the rate or the amount (except certain property taxable at limited rates) for the payment of the Bonds and the interest thereon. See “SECURITY FOR THE BONDS” and “CONSTITUTIONAL AND STATUTORY TAX LIMITATIONS.” For information on the City’s tax base, tax collection system and property tax revenues, see “SECURITY FOR THE BONDS” and “APPENDIX A—CERTAIN INFORMATION CONCERNING THE CITY OF OAKLAND.”

THE BONDS

Authority for Issuance; Purpose

The Bonds are issued pursuant to the Charter of the City and the laws of the State of California (the “State”), including the applicable provisions of Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the State Government Code (the “Government Code”). The Bonds are authorized by Resolution No. 83651, adopted by the City Council on December 6, 2011 (the “Resolution”), and a fiscal agent agreement, dated as of January 1, 2012, between the City and The Bank of New York Mellon Trust Company, N.A., as fiscal agent (together with any successors, the “Fiscal Agent”). The Fiscal Agent will serve as the Paying Agent on the Bonds.

The Government Code authorizes the City is to issue general obligation bonds to refund all or a portion of outstanding bonds previously issued by the City if the City Council of the City determines that prudent management of the fiscal affairs of the City requires the issuance of such refunding bonds, and if the total net interest cost to maturity on the refunding bonds plus the principal amount of the refunding bonds does not exceed the total net interest cost to maturity of the outstanding bonds plus the principal amount of the outstanding bonds to be refunded.

The bonds to be current refunded with the proceeds of the Bonds constitute the remaining outstanding City of Oakland General Obligation Bonds (Series 2002A, Measure G) (the “2002A Bonds”), and the bonds to be advance refunded with the proceeds of the Bonds constitute a portion of the City of Oakland General Obligation Bonds (Series 2003A, Measure DD) (the “2003A Bonds” and, together with the 2002A Bonds, the “Prior Bonds”).

The 2002A Bonds were authorized to be issued at an election held on March 5, 2002, by more than two-thirds of the qualified voters of the City, authorizing the issuance by the City of general obligation bonds in an amount not to exceed \$59,000,000 to provide funds to finance certain improvements for the Oakland Museum of California, the Oakland Zoo and the Chabot Space & Science Center. The 2002A Bonds were originally issued in the aggregate principal amount of \$38,000,000 on November 6, 2002.

The 2003A Bonds were authorized to be issued at an election held on November 5, 2002 by more than two-thirds of the qualified voters of the City, authorizing the issuance by the City of general obligation bonds in an amount not to exceed \$198,250,000 to provide funds for the provision of educational and recreational facilities for children, clean up of Lake Merritt, improvement of water quality, restoration of the City’s creeks, waterfront and estuary, acquisition and preservation of open space, renovation of parks, provision of safe public spaces and provision of matching funds to qualify for state and federal funding. The 2003A Bonds were originally issued in the aggregate principal amount of \$71,450,000 on August 6, 2003.

Description of the Bonds

The Bonds are being offered in the denominations of \$5,000 or integral multiples thereof, will be dated their date of issuance and delivery and will mature on the dates set forth on the inside cover page hereof. Interest on the Bonds will accrue from the date of initial issuance and will be payable on July 15, 2012 and on each January 15 and July 15 thereafter (each, an “Interest Payment Date”).

Book-Entry-Only System

The Bonds will be issued in fully registered book-entry form only. The Bonds will initially be registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), New York, New York. DTC will act as securities depository for the Bonds. Purchases of Bonds under the DTC system must be made by or through a DTC participant, and ownership interests in Bonds or any transfer thereof will be recorded as entries on the books of said participants. Except in the event that use of this book-entry system is discontinued for the Bonds, beneficial owners will not receive physical certificates representing their ownership interests. See “APPENDIX E—BOOK-ENTRY-ONLY SYSTEM.”

Debt Service

Debt service on the Bonds is as follows:

CITY OF OAKLAND
General Obligation Refunding Bonds
Series 2012
Debt Service

Maturity (January 15)	Principal	Interest	Aggregate Debt Service

TOTAL	\$83,775,000.00	\$52,216,017.71	\$135,991,017.71

Redemption

Optional Redemption

The Bonds maturing on or before January 15, 2021, shall not be subject to redemption prior to their respective stated maturities. The Bonds maturing on or after January 15, 2022, are subject to optional redemption, at the option of the City, from any source of available funds, as a whole or in part on any date (with the maturities to be redeemed to be determined by the City and by lot within a maturity), on or after January 15, 2021, at a redemption price equal to the principal amount thereof to be redeemed, without premium, together with accrued interest to the date fixed for redemption.

Mandatory Sinking Fund Redemption

The Term Bond maturing on January 15, 2031 is subject to mandatory sinking fund redemption at a redemption price equal to the principal amount to be redeemed together with accrued interest thereon to the redemption date, without premium, in the amounts and at the times, as follows:

Mandatory Sinking Fund Redemption Date (January 15)	Principal Amount to be Redeemed
2030	\$5,645,000
2031 [†]	5,930,000

[†] Maturity.

The principal amount of any maturity to be redeemed in each year as shown above will be reduced proportionately by the amount of any Term Bonds of that maturity optionally redeemed prior to the Mandatory Sinking Fund Redemption Date unless otherwise directed by the City.

Selection of Bonds for Redemption

Whenever less than all of the Outstanding Bonds are called for optional redemption, the City shall select the maturities to be redeemed. Whenever less than all the Outstanding Bonds maturing on any one date are called for redemption on any one date, the Fiscal Agent shall select the Bonds or portions thereof (in denominations of \$5,000 or any integral multiple thereof) to be redeemed from the outstanding Bonds maturing on such date not previously selected for redemption, by lot, in any manner which the Fiscal Agent deems fair.

Notice of Redemption

Notice of any redemption of Bonds shall be mailed, postage prepaid, to the respective registered Owners thereof at the addresses appearing on the bond registration books neither less than 30 nor more than 60 days prior to the redemption date. The notice of redemption shall: (a) state the redemption date; (b) state the redemption price; (c) state the dates of maturity of the Bonds and, if less than all of any such maturity is called for redemption, the distinctive numbers of the Bonds of such maturity to be redeemed, and in the case of Bonds redeemed in part only,

the respective portions of the principal amount thereof, to be redeemed; (d) state the series and the CUSIP number, if any, of each Bond to be redeemed; (e) require that such Bonds be surrendered by the Owners at the office of the Fiscal Agent; and (f) give notice that further interest on such Bonds will not accrue after the designated redemption date.

The actual receipt by the Owner of any Bond to be redeemed of notice of such redemption shall not be a condition precedent to redemption, and failure to receive such notice or any defect in such notice shall not affect the validity of the proceedings for the redemption of such Bonds or the cessation of interest on the date fixed for redemption.

Conditional Notice; Right to Rescind Notice

The City shall have the right to provide a conditional notice of redemption and to rescind any optional redemption and notice thereof for any reason on any date prior to the date fixed for redemption by causing written notice of the rescission to be given to the owners of the Bonds so called for redemption. Any optional redemption and notice thereof shall be rescinded if for any reason on the date fixed for redemption funds are not available in the respective redemption account in an amount sufficient to pay in full on said date the principal of, interest, and any premium due on the Bonds called for redemption. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given. The actual receipt by the owner of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

Defeasance

The Bonds, or portions thereof, may be defeased and deemed paid prior to maturity by irrevocably depositing with the Fiscal Agent or other fiduciary, in trust, (i) an amount of cash which together with amounts then on deposit in the debt service account, is sufficient, without reinvestment, to pay and discharge all (or such portions) of the Bonds outstanding (including all principal, interest, and premium, if any) at or before their stated maturity date; or (ii) United States Treasury Obligations (as defined in the Fiscal Agent Agreement) not subject to call, together with cash, if required, in such amount as will, without reinvestment, in the opinion of an independent certified public accountant, together with interest to accrue thereon and moneys then on deposit in the appropriate debt service account together with the interest to accrue thereon, be fully sufficient to pay and discharge all (or such portions) of the Bonds (including all principal, interest, and premium, if any) at or before their stated maturity date.

Notwithstanding that any of the Bonds shall not have been surrendered for payment, all obligations of the City with respect to all said outstanding Bonds shall cease and terminate, except only the obligation of the City to pay or cause to be paid from funds deposited pursuant to paragraphs (i) or (ii) of the paragraph above, to the owners of said Bonds not so surrendered and paid all sums due with respect thereto; provided, however, that the City shall have received a verification report from an independent certified public accountant stating that the escrow is sufficient to satisfy the standards of the Fiscal Agent Agreement and an opinion of bond counsel of said Bonds that the Bonds have been defeased.

If the Bonds to be defeased pursuant to the Fiscal Agent Agreement are to be redeemed prior to the maturity thereof, notice of such redemption shall have been mailed pursuant to the Fiscal Agent Agreement, or an irrevocable direction to give such notice shall have been made by the City.

PLAN OF REFUNDING

A portion of the proceeds from the sale of the Bonds will be transferred to the Fiscal Agent and held in cash under the Fiscal Agent Agreement for the 2002A Bonds and will be applied to pay the principal of, redemption price and interest on the 2002A Bonds on January 15, 2012.

A portion of the proceeds from the sale of the Bonds will be deposited in an escrow fund (the “Escrow Fund”) to be created and maintained by The Bank of New York Mellon Trust Company, N.A., acting as escrow agent (the “Escrow Agent”) under that certain Escrow Agreement, dated as of January 1, 2012 (the “Escrow Agreement”), by and between the City and the Escrow Agent. Moneys in the Escrow Fund will be invested in cash or non-callable direct obligations of the United States Treasury and applied to pay the principal of, redemption price and interest on a portion of the 2003A Bonds to and including the redemption date January 15, 2013.

Causey Demgen & Moore Inc., Denver, Colorado, a Certified Public Accountant licensed to practice in the State of California, acting as escrow verification agent (the “Escrow Verification Agent”) with respect to the refunding, will deliver a report of the mathematical accuracy of certain computations relating to the sufficiency of funds to refund the Prior Bonds. See “ESCROW VERIFICATION” herein.

A portion of the proceeds of the Bonds will be paid to the Fiscal Agent for deposit in a Costs of Issuance Account and used to pay costs associated with the issuance of the Bonds and the refunding of the Prior Bonds. Any proceeds of the sale of the Bonds not needed to fund the Escrow Fund or to pay costs of issuance of the Bonds will be remitted to the City free from the trust created by the Escrow Agreement. Amounts remitted to the City will be invested at the sole discretion of the City pursuant to law and the investment policy of the City. “APPENDIX C—FORM OF CITY INVESTMENT POLICY.”

SOURCES AND USES OF FUNDS

The following are the estimated sources and uses of funds in connection with the Bonds:

Sources

Principal Amount of Bonds	\$83,775,000.00
Net Original Issue Premium	<u>8,537,914.45</u>
Total Sources of Funds	\$92,312,914.45

Uses

Deposit to Escrow Fund	\$91,954,000.33
Underwriters' Discount	147,757.08
Cost of Issuance ⁽¹⁾	<u>211,157.04</u>
Total Uses of Funds	\$92,312,914.45

⁽¹⁾ Includes fees for services of rating agencies, financial advisors, bond counsel, disclosure counsel and other costs.

SECURITY FOR THE BONDS

General

The Bonds are general obligations of the City payable from *ad valorem* taxes levied upon all taxable property in the City. The City Council has the power and is obligated to levy *ad valorem* taxes for the payment of the Bonds and interest thereon upon all property within the City that is subject to taxation by the City without limitation as to the rate or the amount (except certain property which is taxable at limited rates) for the payment of the Bonds and the interest thereon. See "CONSTITUTIONAL AND STATUTORY TAX LIMITATIONS." By reason of a constitutional exception for certain voter-approved indebtedness, the City may levy such taxes in an amount sufficient to pay debt service on the Bonds without regard to provisions of the State Constitution otherwise limiting *ad valorem* tax rates of local governments. Such taxes, when collected, will be deposited in the debt service account for the Bonds which will be held by the City and applied for the payment of the principal of and interest on the Bonds when due.

The annual tax rate will be based on the assessed value of taxable property in the City. Fluctuations in the annual debt service on the Bonds (and other general obligation bonds issued by the City) and in the assessed value of taxable property in the City may cause the annual tax rate to fluctuate. Economic and other factors beyond the City's control, such as economic recession, deflation of land values, a relocation out of the City or financial difficulty or bankruptcy by one or more major property taxpayers, or the complete or partial destruction of taxable property caused by, among other eventualities, earthquake, flood or other disasters, could cause a reduction in the assessed value of taxable property within the City and necessitate a corresponding increase in the annual tax rate. See "APPENDIX A—CERTAIN INFORMATION CONCERNING THE CITY OF OAKLAND—Property Taxation—Tax

Levies, Collections and Delinquencies,” for information on the City’s tax base, tax collection system, and property tax revenues.

For a discussion of the City’s overall organization, finances and economic information, see generally “APPENDIX A—CERTAIN INFORMATION CONCERNING THE CITY OF OAKLAND—CITY DEMOGRAPHIC AND ECONOMIC INFORMATION.”

Outstanding Indebtedness

As of December 1, 2011, the City had outstanding \$261,420,000 aggregate principal amount of general obligation bonds which equals 0.88% of the net assessed valuation projected by the Alameda County Assessor for Fiscal Year 2011-12. “APPENDIX A—CERTAIN INFORMATION CONCERNING THE CITY OF OAKLAND—Statement of Direct and Overlapping Debt.”

CONSTITUTIONAL AND STATUTORY TAX LIMITATIONS

Article XIII A of the California Constitution

Section 1(a) of Article XIII A of the State Constitution limits the maximum *ad valorem* tax on real property to 1% of full cash value (as defined in Section 2 of Article XIII A), to be collected by counties and apportioned according to law. Section 1(b) of Article XIII A provides that the 1% limitation does not apply to *ad valorem* taxes to pay interest or redemption charges on (1) indebtedness approved by the voters prior to July 1, 1978, or (2) any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978 by two-thirds of the votes cast by the voters voting on the proposition, or (3) any bonded indebtedness incurred by a school district, community college district or county office of education for the construction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities approved after November 8, 2000 by 55% of the voters of the district or county, as appropriate, voting on the proposition. Section 2 of Article XIII A defines “full cash value” to mean “the county assessor’s valuation of real property as shown on the 1975-76 tax bill under ‘full cash value’ or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment” (“Full Cash Value”). The Full Cash Value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or to reflect a reduction in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced in the event of declining property value caused by substantial damage, destruction or other factors. Taxpayers in the City may appeal the determination of the County Assessor of the Full Cash Value of their property. At any given point in time, hundreds of appeals are pending in the City. If the assessed value of a property is reduced as a result of an assessment appeal, the reduction is borne by relevant taxing agencies, including the City.

Legislation enacted by the State Legislature to implement Article XIII A provides that, notwithstanding any other law, local agencies may not levy any *ad valorem* property tax except to pay debt service on indebtedness approved by the voters as described above.

Since its adoption, Article XIII A has been amended a number of times. One such amendment generally provides that the purchase or transfer of (i) real property between spouses

or (ii) the principal residence and the first \$1,000,000 of the Full Cash Value of other real property between parents and children, do not constitute a “purchase” or “change of ownership” triggering reappraisal under Article XIII A. Other amendments permitted the State Legislature to allow persons over the age of 55 who meet certain criteria or “severely disabled homeowners” who sell their residence and buy or build another of equal or lesser value within two years in the same county, to transfer the old residence’s assessed value to the new residence. Other amendments permit the State Legislature to allow persons who are either 55 years of age or older, or who are “severely disabled,” to transfer the old residence’s assessed value to their new residence located in either the same or a different county and acquired or newly constructed within two years of the sale of their old residence.

In the November 1990 election, the voters approved an amendment of Article XIII A to permit the State Legislature to exclude from the definition of “new construction” certain additions and improvements.

Article XIII A has also been amended to provide that there would be no increase in the Full Cash Value base in the event of reconstruction of property damaged or destroyed in a disaster or construction or reconstruction of seismic retrofitting components.

Section 4 of Article XIII A provides that cities, counties and special districts cannot, without a two-thirds vote of the qualified electors, impose special taxes, which have been interpreted to include special fees in excess of the cost of providing the services or facility for which the fee is charged, or fees levied for general revenue purposes.

Article XIII B of the California Constitution

State and local government agencies in the State are each subject to annual “appropriations limits” imposed by Article XIII B of the State Constitution (“Article XIII B”). Article XIII B prohibits government agencies and the State from spending “appropriations subject to limitation” in excess of the appropriations limit imposed. “Appropriations subject to limitation” are generally authorizations to spend “proceeds of taxes,” which include, but are not limited to, all tax revenues, and the proceeds from (i) regulatory licenses, user charges or other user fees to the extent that such proceeds exceed “the cost reasonably borne by that entity in providing the regulation, product, or service,” (ii) the investment of tax revenues, and (iii) certain subventions received from the State. No limit is imposed on appropriations of funds which are not “proceeds of taxes,” appropriated for debt service on indebtedness existing prior to the passage of Article XIII B or authorized by the voters or appropriations required to comply with certain mandates of courts or the federal government.

As amended at the June 5, 1990 election by Proposition 111, Article XIII B provides that, in general terms, a county’s appropriations limit is based on the limit for the prior year adjusted annually to reflect changes in cost of living, population and, when appropriate, transfer of financial responsibility of providing services from one governmental unit to another. Proposition 111 liberalized the aforementioned adjustment factors as compared to the original provisions of Article XIII B. If county revenues during any two consecutive fiscal years exceed the combined appropriations limits for those two years, the excess must be returned by a revision of tax rates or fee schedules within the two subsequent fiscal years.

Section 7900, et seq. of the California Government Code defines certain terms used in Article XIII B and sets forth the methods for determining the appropriations limits for local jurisdictions. Relying on these definitions, and Chapter 60, Statutes of 1990 effective August 1, 1990, which implemented Proposition 111, the City has estimated that its appropriations limit for “proceeds of taxes” for Fiscal Year 2011-2012 is \$432,087,580, a decrease of 2.75% over Fiscal Year 2010-2011. Estimated appropriations for Fiscal Year 2011-2012 subject to the limitation total \$395,077,068.

Articles XIII C and XIII D of the State Constitution

On November 5, 1996, the voters of the State approved Proposition 218, the “Right to Vote on Taxes Act.” Proposition 218 added Articles XIII C and XIII D to the State Constitution, which contain a number of provisions affecting the ability of the City to levy and collect both existing and future taxes, assessments, fees and charges.

Article XIII C requires that all new local taxes be submitted to the electorate before they become effective. Taxes for general governmental purposes of the City require a majority vote and taxes for specific purposes, even if deposited in the general fund, require a two-thirds vote. The voter approval requirements of Article XIII C reduce the City’s flexibility to deal with fiscal problems by raising revenue through new or extended or increased taxes and no assurance can be given that the City will be able to raise taxes in the future to meet increased expenditure requirements.

Article XIII D contains several provisions making it generally more difficult for local agencies to levy and maintain “assessments” for municipal services and programs. “Assessment” is defined to mean any levy or charge upon real property for a special benefit conferred upon the real property.

Article XIII D also contains several provisions affecting a “fee” or “charge,” defined for purposes of Article XIII D to mean “any levy other than an *ad valorem* tax, a special tax, or an assessment, imposed by a city upon a parcel or upon a person as an incident of property ownership, including a user fee or charge for a property related service.” All new and existing property related fees and charges must conform to requirements prohibiting, among other things, fees and charges which (i) generate revenues exceeding the funds required to provide the property related service, (ii) are used for any purpose other than those for which the fees and charges are imposed, (iii) with respect to any parcel or person, exceed the proportional cost of the service attributable to the parcel, (iv) are for a service not actually used by, or immediately available to, the owner of the property in question, or (v) are used for general governmental services, including police, fire or library services, where the service is available to the public at large in substantially the same manner as it is to property owners. Further, before any property related fee or charge may be imposed or increased, written notice must be given to the record owner of each parcel of land affected by such fee or charge. The City must then hold a hearing upon the proposed imposition or increase, and if written protests against the proposal are presented by a majority of the owners of the identified parcels, the City may not impose or increase the fee or charge. Moreover, except for fees or charges for sewer, water and refuse collection services (or fees for electrical and gas service, which are not treated as “property related” for purposes of Article XIII D), no property related fee or charge may be imposed or

increased without majority approval by the property owners subject to the fee or charge or, at the option of the local agency, two-thirds voter approval by the electorate residing in the affected area. The City has two enterprise funds that are self-supporting from fees and charges, which could, depending upon judicial interpretation of Proposition 218, ultimately be determined to be property related for purposes of Article XIII D. In the event that fees and charges cannot be appropriately increased, or are reduced pursuant to exercise of the initiative power (described in the following paragraph), the City may have to decide whether to support any deficiencies in these enterprise funds with moneys from the general fund or to curtail service, or both.

In addition to the provisions described above, Article XIII C removes prohibitions and limitations on the initiative power in matters of any “local tax, assessment, fee or charge.” Consequently, the voters of the City could, by future initiative, repeal, reduce or prohibit the future imposition or increase of any local tax, assessment, fee or charge. “Assessment,” “fee” and “charge,” are not defined in Article XIII C and it is not clear whether the definitions of these terms in Article XIII D (which are generally property-related as described above) would limit the scope of the initiative power set forth in Article XIII C. If the Article XIII D definitions are not held to limit the scope of Article XIII C initiative powers, then the Article XIII C initiative power could potentially apply to revenue sources that currently constitute a substantial portion of general fund revenues. No assurance can be given that the voters of the City will not, in the future, approve initiatives that repeal, reduce or prohibit the future imposition or increase of local taxes, assessments, fees or charges.

Proposition 26

On November 2, 2010, the voters of the State approved Proposition 26 (“Proposition 26”), revising certain provisions of Articles XIII A and XIII C of the California Constitution. Proposition 26 re-categorizes many State and local fees as taxes, requires local governments to obtain two-thirds voter approval for taxes levied by local governments, and requires the State to obtain the approval of two-thirds of both houses of the State Legislature to approve State laws that increase taxes. Furthermore, pursuant to Proposition 26, any increase in a fee beyond the amount needed to provide the specific service or benefit is deemed to be a tax and the approval thereof will require a two-thirds vote. In addition, for State-imposed charges, any tax or fee adopted after January 1, 2010 with a majority vote which would have required a two-thirds vote if Proposition 26 were effective at the time of such adoption is repealed as of November 2011 absent the re-adoption by the requisite two-thirds vote.

Proposition 26 amends Article XIII C of the State Constitution to state that a “tax” means a levy, charge or exaction of any kind imposed by a local government, except (1) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (2) a charge imposed for a specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (3) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (4) a charge imposed for entrance to or use of local government property or

the purchase, rental or lease of local government property; (5) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law, including late payment fees, fees imposed under administrative citation ordinances, parking violations, etc.; (6) a charge imposed as a condition of property development; or (7) assessments and property related fees imposed in accordance with the provisions of Article XIII D. Fees, charges and payments that are made pursuant to a voluntary contract that are not “imposed by a local government” are not considered taxes and are not covered by Proposition 26.

Proposition 26 applies to any levy, charge or exaction imposed, increased, or extended by local government on or after November 3, 2010. Accordingly, fees adopted prior to that date are not subject to the measure until they are increased or extended or if it is determined that an exemption applies.

If the local government specifies how the funds from a proposed local tax are to be used, the approval will be subject to a two-thirds voter requirement. If the local government does not specify how the funds from a proposed local tax are to be used, the approval will be subject to a fifty percent voter requirement. Proposed local government fees that are not subject to Proposition 26 are subject to the approval of a majority of the governing body. In general, proposed property charges will be subject to a majority vote of approval by the governing body although certain proposed property charges will also require approval by a majority of property owners.

Future Initiatives

Article XIII A, Article XIII B and Propositions 218 and 26 were each adopted as measures that qualified for the ballot pursuant to the State’s initiative process. From time to time, other initiative measures could be adopted, which may place further limitations on the ability of the State, the City or local districts to increase revenues or to increase appropriations which may affect the City’s revenues or its ability to expend its revenues.

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe LLP, bond counsel to the City (“Bond Counsel”), based upon an analysis of existing laws, regulations, rulings, and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the “Code”) and is exempt from State of California personal income taxes. In the further opinion of Bond Counsel, interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although we observe that it is included in adjusted current earnings when calculating corporate alternative minimum taxable income. A complete copy of the proposed form of opinion of Bond Counsel is set forth in APPENDIX F hereto.

To the extent the issue price of any maturity of the Bonds is less than the amount to be paid at maturity of such Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Bonds), the difference constitutes “original issue discount,” the

accrual of which, to the extent properly allocable to each beneficial owner thereof, is treated as interest on the Bonds which is excluded from gross income for federal income tax purposes and State of California personal income taxes. For this purpose, the issue price of a particular maturity of the Bonds is the first price at which a substantial amount of such maturity of the Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Bonds accrues daily over the term to maturity of such Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Bonds. Beneficial owners of the Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of beneficial owners who do not purchase such Bonds in the original offering to the public at the first price at which a substantial amount of such Bonds is sold to the public.

Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a beneficial owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such beneficial owner. Beneficial owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Bonds. The City has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Bonds may adversely affect the value of, or the tax status of interest on, the Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Bonds is excluded from gross income for federal income tax purposes and is exempt from State of California personal income taxes, the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may otherwise affect a beneficial owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the beneficial

owner or the beneficial owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. As one example, on September 12, 2011, the Obama Administration announced a legislative proposal entitled the American Jobs Act of 2011. For tax years beginning on or after January 1, 2013, the American Jobs Act of 2011 generally would limit the exclusion from gross income of interest on obligations like the Bonds to some extent for taxpayers who are individuals and whose income is subject to higher marginal income tax rates. Other proposals have been made that could significantly reduce the benefit of, or otherwise affect, the exclusion from gross income of interest on obligations like the Bonds. The introduction or enactment of any such legislative proposals, clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, and regarding the impact of future legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Bonds for federal income tax purposes. It is not binding on the IRS or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the City, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The City has covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the City or the beneficial owners regarding the tax-exempt status of the Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the City and its appointed counsel, including the beneficial owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of Bonds is difficult, obtaining an independent review of IRS positions with which the City legitimately disagrees may not be practicable. Any action of the Internal Revenue Service, including but not limited to selection of the Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues, may affect the market price for, or the marketability of, the Bonds, and may cause the City or the beneficial owners to incur significant expense.

LEGAL MATTERS

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Orrick, Herrington & Sutcliffe LLP, San Francisco, California, Bond Counsel to the City. Certain matters will be passed upon for the City by Orrick, Herrington & Sutcliffe LLP, as Disclosure Counsel to the City. Certain legal matters will be passed upon for the City by the City Attorney. Certain legal matters will be passed upon for the Underwriters by their counsel, Jones

Hall, A Professional Law Corporation, San Francisco, California. A complete copy of the proposed form of opinion of Bond Counsel is contained in APPENDIX F hereto. Bond Counsel and Underwriters' counsel undertake no responsibility for the accuracy, completeness or fairness of this Official Statement.

FINANCIAL ADVISORS

First Southwest Company and Westhoff, Cone & Holmstedt are acting as Financial Advisors to the City with respect to the Bonds. The Financial Advisors have assisted the City in the preparation of this Official Statement and in other matters relating to the planning, structuring, execution and delivery of the Bonds. The Financial Advisors have not independently verified any of the data contained herein or conducted a detailed investigation of the affairs of the City to determine the accuracy or completeness of this Official Statement. Because of its limited participation, the Financial Advisors assume no responsibility for the accuracy or completeness of any of the information contained herein. The Financial Advisors will receive compensation from the City contingent upon the sale and delivery of the Bonds.

ESCROW VERIFICATION

The arithmetical accuracy of certain computations included in the schedules provided by the Underwriters relating to the computation of projected receipts of the projected payments of principal, redemption premium and interest to retire the Prior Bonds to be refunded will be verified by Causey Demgen & Moore Inc., Denver, Colorado, as verification agent (the "Escrow Verification Agent"). Such computations will be based solely on assumptions and information supplied by the City and the Underwriters. The Escrow Verification Agent will restrict its procedures to verifying the arithmetical accuracy of certain computations and will not make any study to evaluate the assumptions and information on which the computations are based, and will express no opinion on the data used, the reasonableness of the assumptions or the achievability of the projected outcome.

ABSENCE OF LITIGATION

No litigation is pending or threatened concerning the validity of the Bonds, or the City's ability to receive *ad valorem* taxes and to collect other revenues, or contesting the City's ability to issue and retire the Bonds. The City is not aware of any litigation pending or threatened questioning the political existence of the City or contesting the title to their offices of City officials who will sign the Bonds and other certifications relating to the Bonds, or the powers of those offices.

The City is routinely involved in certain disputes relating to its day-to-day operations. See "APPENDIX A—CERTAIN INFORMATION CONCERNING THE CITY OF OAKLAND—OTHER FISCAL INFORMATION—Litigation" herein.

CONTINUING DISCLOSURE

The City has covenanted for the benefit of the Owners of the Bonds to provide certain financial information and operating data relating to the City no later than nine months after the end of the City's fiscal year (which currently ends on June 30), commencing with the report for

Fiscal Year 2011-12 (the “Annual Report”) and to provide notices of the occurrence of certain enumerated events. The Annual Report will be filed by the City with each Nationally Recognized Municipal Securities Information Repository and State Repository, if any. The specific nature of the information to be contained in the Annual Report or the notices of enumerated events is summarized in “APPENDIX D—FORM OF CONTINUING DISCLOSURE CERTIFICATE.” These covenants have been made in order to assist the purchasers in complying with Securities and Exchange Commission Rule 15c2-12(b)(5). The City has never failed to comply in all material respects with any previous undertakings with regard to such Rule to provide annual reports or notices of enumerated events.

RATINGS

The Bonds have received the ratings of “Aa2” (Stable Outlook) by Moody’s Investors Service (“Moody’s”) and “AA-” (Stable Outlook) by Standard & Poor’s Rating Services, a Standard and Poor’s Financial Services LLC business (“Standard & Poor’s”). Each rating agency generally bases its rating on its own investigations, studies and assumptions. The City has provided certain additional information and materials to the rating agencies (some of which does not appear in this Official Statement). All such ratings reflect only the views of the respective rating agency, and any explanation of the significance of any rating may be obtained from the rating agencies furnishing such rating. There is no assurance that any rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by the rating agencies, if, in the judgment of the rating agencies, circumstances so warrant. Any such downward revision or withdrawal of a rating may have an adverse effect on the market price of the Bonds. The City undertakes no responsibility to oppose any such downward revision, suspension or withdrawal.

UNDERWRITING

The Bonds will be purchased by Citigroup Global Markets Inc., as representative of itself and Loop Capital Markets LLC (the “Underwriters”), pursuant to a Bond Purchase Agreement, dated December 15, 2011 (the “Bond Purchase Agreement”) by and between the City and the Underwriters, at a price of \$92,165,157.37 (representing the par amount of the Bonds, plus a net original issue premium of \$8,537,914.45, less an underwriters’ discount of \$147,757.08). The Bond Purchase Agreement provides that the Underwriters will purchase all of the Bonds if any are purchased, subject to the approval of certain legal matters by Bond Counsel and certain other conditions.

The Underwriters may offer and sell Bonds to certain dealers, dealer banks, and banks acting as agents at prices lower than the offering price stated on the cover page hereof. The public offering price may be changed from time to time by the Underwriters.

Citigroup Inc., the parent company of Citigroup Global Markets Inc., has entered into a retail brokerage joint venture. As part of the joint venture Citigroup Global Markets Inc. will distribute municipal securities to retail investors through the financial advisor network of a new broker-dealer, Morgan Stanley Smith Barney LLC. This distribution arrangement became effective on June 1, 2009. As part of this arrangement, Citigroup Global Markets Inc. will

compensate Morgan Stanley Smith Barney LLC for its selling efforts in connection with their respective allocations of the Bonds.

Loop Capital Markets LLC, an underwriter of the Bonds, has entered into an agreement (the “Distribution Agreement”) with UBS Financial Services Inc. for the retail distribution of certain municipal securities offerings at the original issue prices. Pursuant to the Distribution Agreement (if applicable for this transaction), Loop Capital Markets LLC will share a portion of its underwriting compensation with respect to the Bonds with UBS Financial Services Inc. The City has not reviewed the Distribution Agreement and is not a party to it. The City does not guarantee the accuracy or completeness of the foregoing information and such information is not to be construed as a representation of the City or any underwriter other than Loop Capital Markets LLC.

MISCELLANEOUS

The purpose of this Official Statement is to supply information to purchasers of the Bonds. Quotations from and summaries and explanations of the Bonds and the Fiscal Agent Agreement authorizing the Bonds and of statutes and documents contained herein do not purport to be complete, and reference is hereby made to said Fiscal Agent Agreement, statutes and documents for full and complete statements of their provisions. Additional information can be obtained from the City’s Director of Finance.

This Official Statement and its distribution have been duly authorized and approved by the City Council of the City.

CITY OF OAKLAND, CALIFORNIA

By: /s/ Joseph T. Yew, Jr.
Finance Director/Treasurer

(THIS PAGE INTENTIONALLY LEFT BLANK)

APPENDIX A

CERTAIN INFORMATION CONCERNING THE CITY OF OAKLAND

Overview

The City of Oakland (the “City”) is located in the County of Alameda (the “County”) on the eastern shore of the San Francisco Bay (the “Bay”), approximately seven miles from downtown San Francisco via the San Francisco-Oakland Bay Bridge. Occupying approximately 53.8 square miles, the City is the largest and most established of the “East Bay” cities. Its geography ranges from industrialized areas in the west which border the Bay to suburban foothills in the east. The City is the hub of an extensive transportation network, which includes several interstate freeways, the western terminus of major railroad and trucking operations, and one of the largest container-ship ports in the United States. The City is also served by a growing international airport and the Bay Area Rapid Transit system (“BART”), which connects the City by commuter rail with most of the Bay Area. Formerly the industrial heart of the San Francisco Bay Area (the “Bay Area”), the City has developed into a diverse financial, commercial and governmental center. The City is the seat of government for the County and is the eighth most populous city in the State of California (the “State”), with a population of approximately 392,932 as of January 1, 2011.

Oakland has a diverse mix of traditional and new economy companies. Companies are attracted to the City’s excellent quality of life, comparatively low business costs, extensive fiber-optic infrastructure, vast intermodal network, and a highly skilled labor pool—ranked the eighth most educated in the nation according to the 2000 U.S. census. Leading industries include business services, health care services, transportation, food processing, light manufacturing, government, arts, culture, and entertainment. Prominent employers or businesses headquartered in the City include Clorox Company, Kaiser Permanente, Cost Plus and Dreyer’s Grand Ice Cream.

Culturally, the City is home to a regionally and nationally recognized symphony, many up-and-coming artistic and cultural institutions, an award-winning zoo, the Paramount Theater and newly-renovated Fox Theater, a burgeoning restaurant scene, the recently remodeled Oakland Museum of California, and a vibrant nightlife. The City is also the only city in California with three major professional sports teams. The Oakland Athletics, the Golden State Warriors, and the Oakland Raiders all play at stadiums within the City, and at other times these venues are used for concerts, other sporting events, and other purposes.

The City boasts one of the highest percentages of parks and open space per capita in the nation. The City counts lush green hills, forests, creeks, an estuary, and two shimmering lakes among its natural amenities, and the extensive East Bay Regional Park District is easily accessible from the City.

City Government

The City was incorporated as a town in 1852 and as a city in 1854. In 1889, the City became a charter city. The City Charter (the “Charter”) provides for the election, organization, powers and duties of the legislative branch, known as the City Council (the “City Council”); the powers and duties of the executive and administrative branches; fiscal and budgetary matters, personnel administration, franchises, licenses, permits, leases and sales; employee pension funds; and the creation and organization of the Port of Oakland. An eight-member City Council, seven of whom are elected by district and one of whom is elected on a City-wide basis, governs the City. The mayor of the City (the “Mayor”) is not a member of the City Council but is the City’s chief executive officer. The current Mayor, Jean Quan, is serving her first term, which expires in January 2015. No person can be elected Mayor for more than two consecutive

terms. The Mayor and City Council members serve four-year terms staggered at two-year intervals. The City Attorney is elected to a four-year term, two years following the election of the Mayor. The current City Attorney, Barbara J. Parker, was appointed to fill the vacancy resulting from the resignation from office of the prior City Attorney. The current City Attorney's term will expire on December 31, 2012.

The Mayor appoints a City Administrator who is subject to confirmation by the City Council. The City Administrator is responsible for daily administration of City affairs and preparation of the annual budget for the Mayor to submit to the City Council. Subject to civil service regulations, the City Administrator appoints all City employees who are not elected officers of the City. The current City Administrator, Deanna J. Santana, was appointed on August 1, 2011.

The City provides a full range of services required by State law and the Charter, including those functions delegated to cities under State law. These services include public safety (police and fire), sanitation and environmental health enforcement, recreational and cultural activities, public improvements, planning, zoning and general administrative services, as well as managing the pooled portfolio for the Port of Oakland.

ECONOMIC HIGHLIGHTS

The City is a central hub city for the Bay Area with a well connected transportation network including interstate freeways, railroad and trucking operations, an airport and a major west coast port. The City is one of the most diverse cities in the nation with a highly skilled labor pool. In addition, the City has favorable weather, a vibrant waterfront, lush hills, plentiful open space, beautiful neighborhoods, panoramic vistas, and abundant cultural amenities. All of these attributes make the City a highly desirable place to live, work and do business.

The following represent some of the major projects recently completed, currently underway or in the final planning stages located in the City.

Major Projects Recently Completed:

- The City Walk Project, referred to as Domain by Alta, includes 264 rental apartments and approximately 3,000 square feet of neighborhood-serving retail business. This project was completed in September 2011.
- The Uptown Housing Project Phase I provided 665 rental apartments, approximately 9,000 square feet of neighborhood-serving retail, and a 25,000 square foot public park. This was part of the 10K downtown housing initiative, an effort to attract 10,000 new residents to the areas surrounding the Central District. Since 1999, a total of 43 projects with 4,538 units have been completed under the 10K initiative and 2 projects with 107 units are under construction. Such units will be enough housing for 7,715 new residents in the area.
- The Fox Theater, which is a national historic landmark, has undergone renovation to become a 3,000 person live performance venue, the home for the Oakland School for the Arts, a 600 student performing arts middle and high school, and Rudy's Can't Fail Café, a popular East Bay Diner.
- After a two-year \$58-million renovation, the Oakland Museum of California ("OMCA") welcomed back the public in May 2010 with a dramatically different presentation of its renowned collections of California art and history. Created in 1969 as a "museum for the people," OMCA has revived its founding vision by introducing innovative exhibitions and programming, setting a

new paradigm for the way a museum engages the public. OMCA's transformation is enhanced by the renovation and expansion of its iconic building. Renovation and reopening of the Natural Sciences Gallery is scheduled for 2012.

Major Projects That Are Currently Underway or in the Final Planning Stages:

- In June 2010, the Redevelopment Agency and the City entered into a 12-year sublease for the George P. Scotlan Memorial Convention Center to develop appropriate marketing strategies and a capital improvement program for the renovation and modernization of the aging facility in order to enhance its appearance, marketability and long-term economic success. In July 2010 and June 2011, the Redevelopment Agency committed \$7.75 million to renovate the facility. The scope of work focuses mainly on cosmetic upgrades to the interior and major building systems, new furniture and fixtures, and remodeled bathrooms to make them ADA accessible. Construction started in October 2011 and is anticipated to be complete in March 2012.
- The Wood Street Development Project is approved for 1,570 units of housing and 13,000 square feet of neighborhood-serving commercial uses. Three housing projects that have been completed include: (1) Zephyr Gate, a 130-unit condominium project completed in 2010; (2) Pacific Cannery Lofts, a 163-unit condominium project completed in 2008; and (3) Ironhorse Apartments at Central Station, a 99-unit affordable housing project completed in 2010. Also nearing completion is a feasibility study of re-use options for the historic 16th Street Train Station, which is a central component of the Wood Street Development.
- AMB Property Corporation and California Commercial Group is contracted to develop the Oakland Army Base Project. The project is expected to include a logistics facility, a green business park accommodating the Film Center and Produce Market, and Class A office tower along with a large parking garage.
- The Kaiser Hospital Master Plan includes the phased replacement of the existing medical center with a comprehensively planned state-of-the-art Medical Center of approximately 1.8 million square feet (exclusive of parking structures) on approximately 21 acres. The construction of the first medical office building and new parking structure is now complete and construction has begun on the new hospital building.
- The Alameda County Medical Center has begun its \$688 million Highland Hospital Tower Replacement Project. The new 9-story, 169 bed Acute Care Tower will house inpatient, maternal and child support services when complete in 2017.
- The MacArthur Transit Village project is expected to include 624 housing units (108 units of which are expected to be affordable) and approximately 42,500 square feet of retail. The first phase of this project, which includes the replacement BART parking garage and public infrastructure, began in May 2011. The first phase of housing development construction is anticipated to start in early 2012.
- Phase I of the Coliseum Transit Village will be a sustainable transit oriented development on the 1.3 acre Coliseum BART parking lot and is expected to include 100 units of market rate housing and up to 3,000-5,000 square feet of neighborhood retail space. Lion Creek Crossings, which is immediately adjacent to the Coliseum Transit Village site, has approximately 380 affordable rental units already completed. An additional 72 Phase IV units are expected to be completed in 2012.

- The \$500 million Oakland Airport Connector broke ground in October 2010. By mid-2014, the 3.2 mile automated guide rail connector is expected to offer reliable world-class service, transporting travelers from the Coliseum BART station to the Oakland International Airport in less than nine minutes.
- The Courthouse Condominiums are expected to include 142 new housing units at 29th Avenue and Telegraph Avenue. The developer has received building permits to begin construction and has demolished the existing building on the site. 3860 Martin Luther King, Jr. Way included the construction of 34 units of housing directly adjacent to the MacArthur BART Station. An additional 40 units are expected to start construction in 2012. The Broadway/Valdez District Specific Plan, which outlines a retail development strategy for Broadway Auto Row, is currently under process.

Population

The Demographic Research Unit of the California Department of Finance estimated the City's population on January 1, 2011 at 392,932. This figure represents 25.83% of the corresponding County figure and 1.05% of the corresponding State figure. The City's population has grown 0.60% since last year. The following Table A-1 sets forth the estimated population of the City, the County, and the State from calendar years 2002 through 2011.

Table A-1
City of Oakland, County of Alameda and State of California
Population
(As of January 1)

Calendar Year	City	County	State
2002	406,800	1,481,900	35,049,000
2003	408,500	1,487,700	35,612,000
2004	411,600	1,498,000	36,144,000
2005	412,300	1,507,500	36,810,000
2006	411,755	1,510,303	37,172,015
2007	415,492	1,526,148	37,662,518
2008	420,183	1,543,000	38,049,462
2009	425,368	1,557,749	38,255,508
2010*	390,757	1,509,240	37,223,900
2011*	392,932	1,521,157	37,510,766

* These population estimates incorporate the 2010 census count. As a result, they are not comparable with prior years.

Industry and Employment

The following Table A-2 sets forth estimates of the labor force, civilian employment, and unemployment for City residents, State residents and United States residents from calendar years 2006 through 2010. The California Employment Development Department has reported preliminary unemployment figures for September 2011 at 11.4% for the State, 10.2% for the County, and 15.3% for the City (not seasonally adjusted).

Table A-2
City of Oakland, State of California and United States
Civilian Labor Force, Employment and Unemployment

FINANCIAL INFORMATION

City's Fiscal Year 2010-11 Audited Financial Results

The City's Comprehensive Annual Financial Report, dated June 30, 2011, shows that the City's total assets exceeded its total liabilities for Fiscal Year 2010-11 by \$738.3 million, compared to \$689.3 million for Fiscal Year 2009-10. This represents a net increase of \$49.0 million or 7.1% compared to the previous year. Total assets increased by 1.1% or net of \$31.9 million. The net increase is primarily attributed to an increase in notes and loan receivables by \$53.6 million, an increase in capital assets by \$35.8 million, \$11.0 million increase in business-type activities pooled cash and investments for sewer related activities, and an increase of \$11.1 million in grant receivables related to several "stimulus grants" the City received through the American Recovery and Reinvestment Act of 2009. Conversely, liabilities decreased by 0.8 percent or \$17.1 million compared to the prior fiscal year primarily as a result of debt payments and retirement of certain long-term debt.

City Budget Process

The City's budget cycle is a two-year process that is intended to promote long-term decision-making, increase funding stability and allow for greater performance evaluation. The City's budget is developed in accordance with Generally Accepted Accounting Principles ("GAAP") and is reported on a modified accrual basis for governmental funds and accrual basis for proprietary and fiduciary funds. The City's budget is adopted for a two-year period (as discussed above), with appropriations divided into two one-year spending plans. During the second year of the two-year cycle, a mid-cycle review is conducted to amend the operating budget and address significant variances in estimated revenues and revised mandates arising from federal, State, or court actions. The City is currently operating under the Fiscal Year 2011-13 operating budget.

Under the City Charter, the City Administrator prepares budget recommendations which the Mayor presents to the City Council in accordance with the following procedure: First, the City Administrator and Agency Directors conduct internal budget hearings to develop budget recommendations. The Mayor then submits the proposed two-year budget to the City Council and formal public budget hearings are held. The proposed budget is based on the Mayor's budget priorities and includes estimates of receipts from the City's various revenue sources. The City Council may make adjustments and/or revisions to the proposed budget. Following public budget hearings, the City Council adopts by resolution the City's operating budget. In practice, the City Council adopts the City's operating budget on or before June 30 and has never failed to achieve this deadline. The final adopted budget is subject to revision throughout the fiscal year to reflect any changes in revenue and expenditure projections.

General Purpose Fund 2010-11 Year End Results

The City's 2010-11 Year End unaudited General Purpose Fund revenues total \$422.6 million, which are comprised of discretionary revenues and represent approximately 79% of the General Fund. Results represent a \$4.2 million or 1.0% increase from Fiscal Year 2010-11 Adjusted Budget revenues of \$418.4 million. The increase primarily reflects greater revenue from sales tax, business license tax, utility consumption tax, and other one-time revenue adjustments.

The City's 2010-11 Year End unaudited General Purpose Fund appropriations total \$407.0 million. Results represent an \$11.6 million or 2.8% decrease from Fiscal Year 2010-11 Adjusted Budget expenditures of \$418.6 million. The decrease primarily reflects savings from an accrued liabilities adjustment, Oakland Coliseum subsidies, and Central Services Overhead recoveries. The 2010-11 Fiscal

Year unaudited year end revenue and expenditure results reflect an estimated \$15.6 million surplus toward the City's General Purpose Fund ending fund balance.

City's Fiscal Year 2011-12 Adopted Budget

The City projected a structural deficit of \$58 million in Fiscal Year 2011-12. The projected shortfall was caused by decreased revenues due to the recession and increased costs of providing current programs and services. The decreases in revenues are primarily due to declines in parking citation issuance and meter collections, adjustments for one-time real estate transfer tax and fund transfer revenue, and the shift of vehicle license fee revenues by the State to fund law enforcement grants. The increases in expenditures are primarily from salaries and benefit costs due to higher retirement and medical rates.

The City's Fiscal Year 2011-12 Adopted Budget addresses the \$58 million shortfall with balancing measures, including departmental reductions, furloughs for both sworn and miscellaneous employees, lower Internal Service Fund charges from closure of facilities, other reorganizations, sale of assets, billboard ad revenues, and increased false alarm revenue, which is anticipated to result in a budget with revenues totaling \$414.7 million and expenditures totaling \$391.6 million.

The following Table A-7 presents the City's General Purpose Fund revenues and expenditures for Fiscal Year 2010-11 and Fiscal Year 2011-12.

⁽¹⁾ Table includes General Purpose Fund revenues, but excludes special funds.

⁽²⁾ Excludes property tax overrides collected for pension obligations and general obligation bond debt service.

⁽³⁾ Due to Senate Bill 89, the City no longer receives Vehicle License Fee revenue as of July 1, 2011.

⁽⁴⁾ The City is not anticipating receipt of any General Purpose Fund grants or subsidies in Fiscal Year 2011-12

⁽⁵⁾ The Department of Contracting and Purchasing was eliminated in Fiscal Year 2011-12. Its functions are assumed by divisions of the Finance and Management Agency and the City Administrator's Office.

⁽⁶⁾ The Department of Public Works is no longer funded by the General Purpose Fund starting in Fiscal Year 2011-12.

⁽⁷⁾ The Museum Department was eliminated in Fiscal Year 2011-12.

State Budget

The following information concerning the State's budget has been obtained from publicly available information which the City believes to be reliable; however, the City takes no responsibility as to the accuracy or completeness thereof and has not independently verified such information. Information about the State budget is regularly available at various State-maintained websites. Text of the State budget may be found at the State Department of Finance website, www.govbud.dof.ca.gov under the heading "California Budget". An impartial analysis of the State budget is posted by the Office of the Legislative Analyst at www.lao.ca.gov. In addition, various State official statements, many of which contain a summary of the current and past State budgets, may be found at the website of the State Treasurer, www.treasurer.ca.gov. The State's cash-flow can be found on the California State Controller's website, www.sco.ca.gov. The information referred to is prepared by the respective State agency maintaining each website and not by the City, and the City takes no responsibility for the continued accuracy of the Internet addresses or for the accuracy or timeliness of information posted there, and such information is not incorporated herein by these references.

The State Budget Process; Fiscal Year 2011-12 Proposed State Budget

According to the State Constitution, the Governor of the State (the "Governor") is required to propose a budget to the State Legislature (the "Legislature") no later than January 10 of each year, and a final budget must be adopted by the vote of each house of the Legislature no later than June 15, although this deadline has been routinely breached in the past. The State budget becomes law upon the signature of the Governor, who may veto specific items of expenditure.

Prior to Fiscal Year 2011, the State budget had to be adopted by a two-thirds vote of each house of the Legislature. However, in November 2010, the voters of the State passed Proposition 25, which reduced the vote required to adopt a budget to a majority vote of each house and which provided that there would be no appropriation from the current budget or future budget to pay any salary or reimbursement for travel or living expenses for members of the Legislature for the period during which the budget was presented late to the Governor.

On January 10, 2011, Governor Jerry Brown released his Fiscal Year 2011-12 Proposed Budget (the "2011-12 Proposed State Budget") to the Legislature. The 2011-12 Proposed State Budget acknowledged a \$25.4 billion budget problem, consisting of an \$8.2 billion budget deficit that would remain at the end of Fiscal Year 2010-11 absent budgetary action, and an estimated \$17.2 billion shortfall between revenues and expenditures in Fiscal Year 2011-12 unless Governor Brown's legislative proposals are implemented.

The 2011-12 Proposed State Budget included proposals to (i) reduce expenditures by approximately \$12.5 billion, (ii) generate an additional \$3.1 billion in revenues for Fiscal Year 2010-11 and \$10.9 billion in revenues for Fiscal Year 2011-12 by extending four temporary tax increases, subject to voter approval, and shifting funding and responsibility for certain services to local governments, and (iii) borrow \$1.9 billion from special funds and other sources. The 2011-12 Proposed State Budget included expenditure reductions that touch nearly every area of the State budget.

The Office of the Legislative Analyst's Overview of the 2011-12 Proposed State Budget (the "LAO Budget Overview") was released on January 12, 2011. The LAO Budget Overview stated that the 2011-12 Proposed State Budget provided a reasonable estimate of the size of the budget problem that must be addressed prior to passage of a 2011-12 budget package that included many significant ongoing program reductions that touched nearly every area of the State budget, although the Governor's estimated savings might be optimistic in certain key program areas. The LAO Budget Overview concurred with the

Governor that the major reasons for the current State budget shortfall included the inability of the State to achieve certain previous budget measures, the expiration of various one-time and temporary budget measures approved in recent years, and the failure of the State to obtain significant additional federal funding for key programs. The LAO Budget Overview recognized that the 2011-12 Proposed State Budget included proposals impacting nearly every area of the Fiscal Year 2011-12 State budget and that the 2011-12 Proposed State Budget was a good starting point for legislative deliberations, recognizing that the focus on multiyear and ongoing measures were necessary to make substantial improvements in the State's budgetary situation. The LAO Budget Overview supported the extension of the four temporary tax increases adopted in February 2009 to voters in a June 2011 special election and to the restructuring of the state-local relationship in the delivery of services by shifting funding and responsibility to local governments for those services. The LAO Budget Overview responded favorably to the 2011-12 Proposed State Budget proposals to "realign" State and local program responsibilities and to the proposed changes in local economic development efforts. Nonetheless, the LAO Budget Overview stated that there were significant risks in the 2011-12 Proposed State Budget, especially in the context of the realignment and redevelopment proposals which involve many unresolved legal, financial and policy issues. The LAO Budget Overview concluded that the Legislature would have to make difficult decisions on both its spending and tax commitment and that the 2011-12 Proposed State Budget presented an opportunity to reorder State and local government functions to improve the delivery of public services.

May Revision for Fiscal Year 2011-12

On May 16, 2011, Governor Brown released his May Revision to the 2011-12 Proposed State Budget (the "May Revision"). The May Revision pointed out that in February 2011 the Governor cancelled the sale of State buildings that had been set in motion in 2009. As a result, the 2011-12 budget gap grew from \$25.4 billion to \$26.6 billion.

The May Revision also pointed out that in March 2011 the Legislature passed the Governor's proposed package of bills that, along with a budget bill adopted by the Legislature, substantially cut State government spending by \$13.4 billion. After accounting for the solutions already adopted by the Legislature, higher revenues, and updated spending projections, the May Revision indicated that the State's \$26.6 billion budget gap had been reduced to \$9.6 billion. The remaining \$9.6 billion gap was composed of a carry-in deficit of \$4.8 billion from Fiscal Year 2010-11 and an operating shortfall of \$4.8 billion in Fiscal Year 2011-12. The May Revision indicated that to balance the budget, \$10.8 billion in solutions had to be adopted to erase the deficit and rebuild a modest \$1.2 billion reserve.

Under the May Revision, the 2011-12 Proposed State Budget would include proposals to reduce expenditures by approximately \$2.259 billion and generate an additional \$9.321 billion in revenues in part by extending four temporary tax increases, subject to voter approval, and shifting funding and responsibility for certain services to local government. The May Revision also called for additional expenditures or revenue reductions in Fiscal Year 2011-12 in the amount of approximately \$745 million.

The Office of the Legislative Analyst's Overview of the May Revision (the "LAO May Revision Overview") was released on May 19, 2011. The LAO May Revision Overview stated that its revenue estimates for Fiscal Year 2010-11 and Fiscal Year 2011-12 were very similar to the Governor's and that, generally speaking, it found the Governor's budget estimates to be based on reasonable assumptions. It stated that the Governor offered a serious proposal worthy of legislative consideration and that the Legislature has a variety of other tax and spending actions it could take to more closely align state revenues and expenditures now and in the future.

2011-12 State Budget

The Governor signed the Fiscal Year 2011-12 State budget (the “2011-12 State Budget”) on June 30, 2011. The 2011-12 State Budget closes a \$26.6 billion budget gap with \$15.0 billion in expenditure reductions, \$0.9 billion in targeted revenue increases, \$8.3 billion in an improvement in the State’s revenue outlook and \$2.9 billion in new loans and transfers.

The 2011-12 State budget assumes that revenues will be an additional \$4 billion higher than projected in the May Revision, and contains a “trigger” mechanism pursuant to which certain expenditure reductions will be made without further legislative action in the event that the newly projected revenues are not expected to be realized (as determined by the State Director of Finance). On December 13, 2011, the State Director of Finance determined that state revenues had fallen short of the targets and implemented the “trigger” mechanism. The 2011-12 State budget does not contain the tax extensions proposed in the May Revision.

As described below in connection with the 2011-12 State Budget, legislation was enacted providing for significant changes to the current funding mechanism for redevelopment agencies.

Litigation Regarding Redevelopment Agency Revenues

On July 18, 2011, the California Redevelopment Association and the League of California Cities filed a petition for writ of mandate in a case entitled *California Redevelopment Association, et al. v. Ana Matosantos, as Director, et al.* (the “RDA Lawsuit”) in the State Supreme Court. The RDA Lawsuit requests that the State Supreme Court nullify Assembly Bill 1X 26 and Assembly Bill 1X 27, which were approved in connection with the 2011-12 State Budget Act and stay the VARP (as defined below). Assembly Bill 1X 26 provides for the dissolution of redevelopment agencies effective October 1, 2011, and Assembly Bill 1X 27 provides an alternative for communities to continue redevelopment activities if certain continuation payments by participating in the Voluntary Alternative Redevelopment Program (“VARP”). The RDA Lawsuit alleges that the two bills violate Proposition 22 of the State Constitution. In August 2011, the State Supreme Court agreed to hear the RDA Lawsuit and agreed to an expedited process designed to provide a decision by January 15, 2012, the date on which initial payments would become due pursuant to Assembly Bill 1X 27. The State Supreme Court has issued an order granting a stay of the provisions of Assembly Bill 1X 26 and Assembly Bill 1X 27, except for certain provisions which suspend many redevelopment activities, including the issuance of new debt, the ability of redevelopment agencies to enter into new agreements or dispose of assets, and the ability of redevelopment agencies to spend certain funds.

The final resolution of the RDA Lawsuit may alter the amounts to be available to local governments in the State. The City estimates that if Assembly Bills 1X 26 and 1X 27 survive legal challenge, and if the City were to elect to have its redevelopment agency continue to exist pursuant to Assembly Bill 1X 27, the City would be required to remit to the county auditor-controller approximately \$40 million for the Fiscal Year 2011-2012 and approximately \$10 million each fiscal year thereafter. One half of the amount payable for Fiscal Year 2011-2012 would be due January 15, 2012, and the other half would be due May 15, 2012.

Future State Budgets

No prediction can be made by the City as to whether the State will continue to encounter budgetary problems in this or in any future fiscal years, and, if it were to do so, it is not clear what measures would be taken by the State to balance its budget, as required by law. In addition, the City cannot predict the final outcome of future State budget negotiations, the impact that such budgets will

have on City finances and operations or what actions will be taken in the future by the Legislature and Governor to deal with changing State revenues and expenditures. There can be no assurances that actions taken by the State to address its financial condition will not materially adversely affect the financial condition of the City. Current and future State budgets will be affected by national and State economic conditions and other factors, including the current economic downturn, over which the City has no control.

Potential Impact of the State of California's Financial Condition on the City

There can be no assurances that, as a result of the current State financial stress, the State will not significantly reduce revenues to local governments (including the City) or shift financial responsibility for programs to local governments as part of its efforts to address State financial difficulties. No prediction can be made by the City as to what measures the State will adopt to respond to the current or potential future financial difficulties. The City cannot predict the final outcome of future State budget negotiations, the impact that such budgets will have on the City's finances and operations or what actions will be taken in the future by the Legislature and Governor to deal with changing State revenues and expenditures. Current and future State budgets will be affected by national and State economic conditions and other factors, including the current economic downturn, over which the City has no control. There can be no assurances that State actions to respond to State financial difficulties will not adversely affect the financial condition of the City.

City Investment Policy

The authority to invest the City's pooled moneys (the "Pooled Operating Portfolio") is derived from City Council Resolution No. 56127, which delegates to the Treasurer/Director of the Finance and Management Agency the authority to invest these funds within the guidelines of Section 53600 *et seq.* of the Government Code of the State (the "Government Code"). The Government Code also directs the City to present an annual investment policy (the "Investment Policy") for confirmation to the City Council. The City Council adopted an Investment Policy for Fiscal Year 2011-12 on June 21, 2011. The Investment Policy may be revised by the City Council at any time.

The objectives of the Investment Policy are preservation of capital, liquidity, diversity, and yield. The Investment Policy addresses the soundness of financial institutions in which the City may deposit funds, types of investment instruments permitted by the City and the Government Code, investment duration, and the amounts which may be invested in certain instruments. The Investment Policy also reflects certain ordinances and resolutions of the City further restricting investments, including the Nuclear Free Ordinance and the Tobacco Divestiture Resolution. The following Table A-8 summarizes the permitted investments under the Investment Policy.

(Remainder of this Page Intentionally Left Blank)

Table A-8
City of Oakland
Summary of Investment Policy
Fiscal Year 2011-12

<u>Permitted Investment Types</u>	<u>Maximum Investment</u>	<u>Maximum Maturity</u>
U.S. Treasury Bills, Notes & Bonds ⁽¹⁾	20%	5 years
Federal Agencies	No Maximum	5 years
Bankers Acceptance	40%	180 days
Commercial Paper	25%	270 days
Asset-Backed Commercial Paper	25%	270 days
Local Government Investment Pools	20%	N/A
Medium Term Notes	30%	5 years
Negotiable CDs	30%	5 years
Repurchase Agreements	No Maximum	360 days
Reverse Repurchase Agreements ⁽²⁾	20%	92 days
Money Market Mutual Funds	20%	N/A
Certificates of Deposit ⁽³⁾	Prudent Person Standard Applies	360 days
Local Agency Investment Fund	\$50 million	N/A
Local City / Agency Bonds	No Maximum	5 years
State of California Bonds or any other of the United States Registered State Bonds,		
Treasury Notes or Warrants	No Maximum	5 years
Other Local Agency Bonds	Prudent Person Standard Applies	5 years
Secured Obligations and Agreements	20%	2 years

⁽¹⁾ Investment in U.S. Treasury securities requires approval of the City Council under the Nuclear-Free Ordinance.

⁽²⁾ The sum of reverse repurchase agreements and securities lending agreements should not exceed 20% of the portfolio.

⁽³⁾ For deposits over \$250,000, the Certificate of Deposit must be collateralized.

Current Investment Portfolio

In March 2011, Fitch Ratings (“Fitch”) updated its rating criteria of local government investment pools. Fitch affirmed the V1 market risk rating of the City’s Operating Fund Portfolio. The fund volatility rating was revised to V1 from V1+, which does not reflect any change in market risk but results solely from Fitch eliminating the V1+ rating from its fund volatility rating scale. The V1 market risk rating represents the lowest market risk that can be expected with no loss of principal value even in adverse market conditions. Fitch’s market risk ratings reflect the rating agency’s assessment of relative market risks and total return stability in the portfolio based on analyses of various market indicators such as interest rates, liquidity, and leverage risk, if any. As a condition of maintaining these ratings, the City provides monthly information to Fitch for review of the Operating Fund Portfolio activity and holdings. The Pooled Operating Portfolio is composed of different types of investment securities and is invested in accordance with the Investment Policy. The following Table A-9 summarizes the composition of the Pooled Operating Portfolio as of September 30, 2011.

Table A-9
City of Oakland
Pooled Operating Portfolio
As of September 30, 2011

GENERAL FUND REVENUES

The City's General Fund receives revenues from a variety of sources, including local taxes, taxes imposed by the State, intergovernmental transfers and fees and charges for services. The following Table A-10 summarizes the major General Fund revenues as of June 30 for Fiscal Years 2007 through 2011.

Table A-10

Other	77,301	67,812	69,851	68,629	60,982	11
TOTAL	\$536,666	\$541,721	\$533,063	\$519,243	\$546,007	100%

⁽¹⁾ Includes property tax overrides collection for pension obligations and general obligation debt service.

⁽²⁾ Due to the adoption of GASB Statement No. 54, ORA Project Funds are now included in the General Fund.

⁽³⁾ Totals may not be precise due to rounding. Motor Vehicle In Lieu is less than 0.5%.

Source: City of Oakland, Comprehensive Annual Financial Reports for Fiscal Year Ended June 30, 2007 through June 30, 2011.

Property Taxation

The City's property tax revenues for Fiscal Year 2011-12 are budgeted at \$125.17 million, or 30.2% of total revenues, which excludes tax override revenues for pension obligations and general obligation debt service.

Ad Valorem Property Taxes. Property taxes are assessed and collected by the County. Taxes arising from the general 1% levy are apportioned among local taxing agencies on the basis of a formula established by State law, which reflects the average tax rate levied by the taxing agency for the three years before Proposition 13 was adopted. Taxes relating to voter-approved indebtedness are allocated to the relevant taxing agency. The City levies taxes for two forms of voter-approved indebtedness, general obligation bonds and pension obligations.

The County is permitted under State law to pass on costs for certain services provided to local government agencies, including the collection of property taxes. The County imposed a fee on the City of approximately 0.90% of taxes collected for tax collection services provided in Fiscal Year 2010-11.

In prior years, the State budget has resulted in various reallocations affecting property tax revenues, including the “triple flip” involving property tax and sales tax, the replacement of Vehicle License Fee revenues, and the temporary Education Revenue Augmentation Fund (“ERAF”) transfers. See “General Fund Revenues–Other Taxes,” herein.

Assessed Valuations. All property is assessed using full cash value as defined by Article XIII A of the State Constitution. State law provides exemptions from *ad valorem* property taxation for certain classes of property such as churches, colleges, nonprofit hospitals, and charitable institutions. State law also allows exemptions from *ad valorem* property taxation at \$7,000 of full value of owner-occupied dwellings and 100% of business inventories. Revenue losses to the City from the homeowner’s exemption are replaced by the State.

Future assessed valuation growth allowed under Article XIII A—for new construction, certain changes of ownership, and with 2% annual increases allowed for inflation—will be allocated on the basis of “situs” among the jurisdictions that serve the tax rate area within which the growth occurs. Local agencies and schools will share the growth of “base” revenues from the tax rate area. Each year’s growth allocation becomes part of each agency’s allocation in the following year. The availability to such entities of revenue from growth in the tax base may be affected by the establishment of redevelopment project areas which, under certain circumstances, may be entitled to revenues resulting from the increase in certain property values.

The following Table A-11 sets forth a five-year history of assessed valuations in the City:

Table A-11
City of Oakland
Assessed Valuations
(\$ In Thousands)

Fiscal Year	Total Assessed Value	<i>Less:</i> Tax-Exemptions	<i>Total Taxable</i> <i>Assessed Value</i>	<i>Less:</i>	Net Taxable Assessed Value
				Redevelopment Tax Increments	
2007-08	\$41,797,578	(\$2,478,760)	\$39,318,818	(\$9,552,758)	\$29,766,060
2008-09	43,858,259	(2,584,624)	41,273,635	(10,425,138)	30,848,497
2009-10	42,568,090	(2,691,489)	39,876,601	(9,753,604)	30,122,997
2010-11	41,252,183	(2,768,044)	38,484,139	(9,030,570)	29,453,569
2011-12	41,940,552	(3,084,118)	38,856,434	(9,247,268)	29,609,166

Source: Alameda County Auditor-Controller.

Tax Levies, Collections and Delinquencies. Taxes are levied for each fiscal year on taxable real and personal property situated in the City as of the preceding January 1. A supplemental roll is developed when property is transferred or sold or new construction is completed that produces additional revenue.

Secured property taxes are due on November 1 and March 1 and become delinquent if not paid by December 10 and April 10, respectively. A 10% penalty attaches to any delinquent payment for secured roll taxes. In addition, property on the secured roll with respect to which taxes are delinquent becomes tax-defaulted. Such property may thereafter be redeemed by payment of the delinquent taxes and the delinquency penalty, plus interest at 1.5% per month from the July 1 first following the default. If taxes are unpaid for a period of five years or more, the property is subject to auction sale by the County Tax Collector.

In the case of unsecured property taxes, a 10% penalty attaches to delinquent taxes on property on the unsecured roll, and an additional penalty of 1.5% per month begins to accrue beginning November 1 of the fiscal year; a lien is also recorded against the assessee. The taxing authority has four ways of collecting unsecured personal property taxes: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the clerk of the court specifying certain facts in order to obtain a judgment lien on specific property of the taxpayer; (3) filing a certificate of delinquency for recordation in the County Recorder's Office in order to obtain a lien on specified property of the taxpayer; and (4) seizure and sale of personal property, improvements, or possessory interests belonging or assessed to the assessee.

Certain counties within the State, including the County, have adopted an "Alternative Method of Distribution of Tax Levies and Collections and Tax Sale Proceeds" authorized under the State Revenue and Taxation Code (the "Teeter Plan"). Under the Teeter Plan local taxing agencies receive 100% of the tax levy for each fiscal year, rather than on the basis of actual collections. The City does not participate in the Teeter Plan and thus absorbs current delinquencies and receives the payment of past delinquencies, penalties, and interest. The following Table A-12 represents a five-year history of the secured tax levy and of uncollected amounts in the City. Included in these collections are the City's share of the 1% tax rate and levies for voter-approved indebtedness.

Table A-12
City of Oakland
Secured Property Tax Levies and Collections
(\$ In Thousands)

Fiscal Year	City's Share of 1%	Levy Voter- Approved Debt	Total	Total Collected ⁽¹⁾	Percent Collected	Delinquencies
2006-07	\$79,357	\$75,071	\$154,428	\$146,240	94.70%	\$8,188
2007-08	86,220	76,453	162,673	151,669	93.24	11,004 ⁽²⁾
2008-09	89,482	75,753	165,245	154,557	93.53	10,688 ⁽²⁾
2009-10	85,706	83,581	169,287	161,187	95.22	8,100
2010-11	83,960	85,262	169,222	162,519	96.04	6,703

⁽¹⁾ As of June 30 of the related Fiscal Year.

⁽²⁾ As of June 30, 2011. Note that delinquent collections are higher due to delinquencies paid when property is transferred.

Other Taxes

In addition to property taxes, the City's General Fund receives taxes from six other sources: sales and use, utility consumption, business license, real estate transfer, transient occupancy, and parking taxes.

Sales & Use Taxes. The current sales tax rate in the City is 8.75%. The City's General Fund traditionally receives 1% of the total under the State Bradley-Burns law, which portion is allocated on the basis of the point of sale. Effective July 1, 2004, the traditional Bradley-Burns 1% city sales tax was modified by a State budgetary change known as the "triple flip." The "triple flip" puts in place a complex revenue swap to fund the State's deficit bonds approved by the electorate in March 2004 to balance the State budget. The "triple flip" trades 0.25% of the 1% city share of the Bradley-Burns sales tax for an equal amount of property taxes from the countywide ERAF until the State's deficit bonds are retired.

The City's General Fund receives a portion of the 0.50% sales tax for public safety authorized by Proposition 172 in 1993. The City also receives a portion of the 0.50% countywide transportation sales tax, which is deposited in a special revenue fund. The City's sales and use tax revenue for Fiscal Year 2011-12 is budgeted at \$38.79 million. Such amount includes the revenues that are projected to be traded for property taxes pursuant to the "triple flip."

Utility Consumption. The City's utility consumption tax ("UCT") is a surcharge on the use of electricity, gas (including alternative fuels), telephone and cable television. The current tax rate is 7.5%. Low-income ratepayers have been exempted from certain rate increases on gas and electric bills and pay 5.5%.

The City recently revised the Utility Consumption tax ordinance. The revisions include de-linking the tax from the Federal Excise Tax on Telephones and subjecting text messaging and cell phone use to the UCT. The City's UCT tax revenue for Fiscal Year 2011-12 is budgeted at \$51.18 million.

Business License. The City's business license tax ("BT") is charged annually to businesses based in the City; it applies to gross receipts, payroll, number of employees, number of permits, number of vehicles, value-added gross receipts, or manufacturing expenses, depending on the type of business. The BT rate ranges from 0.06% for grocers to 2.40% for firearm dealers when applied to gross receipts and is 0.12% when applied to gross payroll. The BT rate of 0.12% is applied to value-added gross receipts and manufacturing expenses for manufacturers. The BT rate of \$180 per permit applies to the taxicab business and \$75 per vehicle applies to the ambulance and limousine business. The City's BT revenue for Fiscal Year 2011-12 is budgeted at \$50.87 million.

Real Estate Transfer. Real Estate Transfer Tax ("RETT") revenues are generated by the transfer of ownership of existing properties. The tax is applied to the sale price of the property, and the cost is typically split between the buyer and seller. The tax rate is 1.61%, and is comprised of a City and a County portion: 0.11% is allocated to the County and the remaining 1.50% is allocated to the City. Historically, this revenue has been the City's most volatile as it is directly dependent on the number and value of real estate sales. RETT revenues have been projected to decline from both fewer sales of single family homes and declining median sale prices. The City has revised current and future year projections using conservative estimates to reflect the downward trend. The City's RETT revenue for Fiscal Year 2011-12 is projected to be approximately \$28.49 million.

Transient Occupancy. The transient occupancy tax ("TOT") represents a surcharge on room rates imposed by hotels and motels operating within the City. The tax is levied on persons staying 30 days or less in a hotel, motel, inn, or other lodging facility and is collected by the lodging facility operator, who then remits the collected tax to the City. In July 2009, the voters approved Measure C

which increased the transient occupancy tax rate from 11% to 14%. The City's TOT revenue for Fiscal Year 2011-12 is budgeted at \$8.37 million.

Motor Vehicle In Lieu Fee. In June 2010, the Governor signed Senate Bill (SB) 89 ("SB89"), which shifted local government Vehicle License Fee revenues to fund State law enforcement grants. Due to SB 89, the City has budgeted no Vehicle License Fee revenue in Fiscal Year 2011-12. The City's Vehicle License Fee revenue for FY 2010-11 was approximately \$2.2 million.

Parking. The City's parking tax ("PT") is imposed on the occupant of an off-street parking space for the privilege of renting the space within the City. The tax is collected by the parking facility operators who then remit the collected tax to the City. The current PT rate, which is applied to the gross receipts of parking facility operators, is 18.5%, with 8.5% of the PT revenues restricted to funding the Violence Prevention and Public Safety Act of 2004 ("Measure Y"). The City's PT revenue for Fiscal Year 2011-12 is budgeted at \$7.67 million.

General Fund Revenues and Expenditures

The City Council employs an independent certified public accountant who examines books, records, inventories, and reports of all officers and employees who receive, control, handle, or disburse public funds and those of any other employees or departments as the City Council directs. These duties are performed both annually and upon request. The City's independent auditor for Fiscal Year 2010-11 was Macias, Gini & O'Connell LLP who will also prepare the Fiscal Year 2011-12 audit.

Within a reasonable period following the fiscal year end, the accountant submits the final audit to the City Council. The City then publishes the financial statements as of the close of the fiscal year.

DEBT OBLIGATIONS

The City has never defaulted on the payment of principal of or interest on any of its indebtedness or lease obligations.

General Obligation Debt

As of December 1, 2011, the City has outstanding a total of \$261,420,000 aggregate principal amount of general obligation bonds. The bonds are general obligations of the City, approved by at least two-thirds of the voters. The City has the power and is obligated to levy *ad valorem* taxes upon all property within the City subject to taxation without limitation as to the rate or the amount (except certain property taxable at limited rates) for the payment of principal and interest on these bonds. The following Table A-18 summarizes the City's outstanding General Obligation Bonds as of December 1, 2011.

Short-Term Obligations

The City has issued short-term notes to finance general fund temporary cash flow deficits for each of the last fourteen fiscal years. The City has never defaulted on the payment of any of these notes. The following Table A-20 sets forth the principal amount of tax and revenue anticipation notes issued in Fiscal Years 2007-08 through 2011-12.

Lease Obligations

The City has entered into various long-term lease arrangements that secure lease revenue bonds or certificates of participation, under which the City must make annual payments, payable by the City from its General Fund, to occupy public buildings or use equipment. The following Table A-21 summarizes the City's outstanding long-term lease obligations and the principal amounts outstanding as of December 1, 2011.

Table A-21

TOTAL				<u>\$352,983</u>	

⁽¹⁾ The lease payments securing these bonds are joint and several obligations of both the City and the County. Each entity has covenanted to budget and appropriate one-half of the annual lease payments and to take supplemental budget action if required to cure any deficiency. Principal amounts shown represent half of total original and outstanding principal amount, representing the amount that is directly attributable to the City.

⁽²⁾ These bonds are variable rate demand bonds. Letters of credit for the Series A1 bonds are provided by BNY Mellon and CalSTRS. Letters of credit for the Series A2 bonds are provided by BNY Mellon and Allied Irish Bank.

⁽³⁾ These are variable rate demand bonds. Letters of credit for these bonds are provided by BNY Mellon and CalSTRS.

⁽⁴⁾ The proceeds of this issue refunded bonds associated with financing the City's pension systems. The debt service is supported by property tax override revenues.

Source: City of Oakland.

Swap Agreements

On June 21, 2011, the City adopted a written interest rate swap policy for Fiscal Year 2011-12 (the “Swap Policy”). The Swap Policy established guidelines for the use and management of interest rate swaps. The Swap Policy is adopted annually to provide the appropriate internal framework to ensure that consistent objectives, practices, controls, and authorizations are maintained to minimize the City’s risk related to its debt portfolio.

The obligation of the City to make payments to swap providers under a swap agreement is an obligation of the City payable from any source of available funds on a parity with payments of principal of and interest on the applicable series of bonds. Under certain circumstances, the swap agreements are subject to termination and the City may be required to make a substantial termination payment to the respective swap providers depending upon the then current market value of the swap transaction.

Series 1998 Bonds. The City entered into a forward starting interest rate swap agreement in connection with the issuance of the Oakland Joint Powers Financing Authority Lease Revenue Bonds, 1998 Series A1/A2 (the “Series 1998 Bonds”). In June 2005, the Series 1998 Bonds were refunded by the Oakland Joint Powers Financing Authority Refunding Revenue Bonds, 2005 Series A-1, 2005 Series A-2 and 2005 Series B, which in turn were refunded by the Oakland Joint Powers Financing Authority Refunding Revenue Bonds, 2008 Series A-1 and 2008 Series A-2. However, the swap associated with the Series 1998 Bonds remains in effect until the stated termination date on July 31, 2021. Pursuant to this swap agreement, the City receives a variable rate payment from each counterparty equal to 65% of USD-LIBOR-BBA multiplied by the notional amount of the swap; these payments were intended to approximate the variable rate interest payments the City would have paid on the Series 1998 Bonds. The City makes semiannual fixed rate payments to the counterparties as set forth below. The interest payments are supported by the retirement annuity revenues. The interest rate swap is terminable at any time at the option of the City at its market value. The objective of the swap at the time it was entered into was to achieve a synthetic fixed rate with respect to the Series 1998 Bonds. Table A-22 below summarizes the interest rate swap agreement entered into by the City.

Table A-22

Pension Obligation Bonds

The City has issued two series of pension obligation bonds to fund a portion of the City's Unfunded Actuarial Accrued Liability ("UAAL") for retirement benefits to members of the Oakland Police and Fire Retirement System ("PFRS"), a closed plan covering uniformed employees hired prior to July 1, 1976. The second series of pension obligation bonds, issued in 2001 (the "2001 Pension Obligation Bonds"), was part of a plan of finance undertaken by the City to restructure the City's 1997 pension obligation bonds (the "1997 Pension Obligation Bonds"), to reduce the annual net debt service on the bonds and to minimize the need for the City to use General Fund revenues other than property tax override funds to pay debt service on the 1997 Pension Obligation Bonds and the 2001 Pension Obligation Bonds. The 1997 Bonds matured in December 2010 leaving only the 2001 Bonds outstanding that are secured by a senior pledge of certain tax override revenues. The City annually levies an *ad valorem* tax at a rate of 0.1575% to fund PFRS pension obligations. The City projects that it will receive approximately \$61.8 million of tax override revenues to pay debt service on the 2001 Bonds in fiscal year 2011-12.

For additional information on the City's pension systems, see "OTHER FISCAL INFORMATION—Retirement Programs" herein.

Limited Obligations

The City has incurred other obligations that are neither general obligations nor payable from the General Fund of the City. These obligations are described below.

Redevelopment Agency of the City of Oakland

The City's Redevelopment Agency has issued several series of tax allocation bonds to provide funding for blight alleviation and economic development in parts of the City or for the construction of low-income housing. The bonds are payable from tax increment revenues received from the specific redevelopment project areas which they support. Tax allocation bonds have been issued for the Acorn Redevelopment Project Area, the Central District Redevelopment Project Area, the Coliseum Area Redevelopment Project Area, the Broadway/MacArthur/San Pablo Redevelopment Project Area, and the Central City East Redevelopment Project Area. In addition, bonds have been issued that are secured by dedicated housing set-aside revenues from all the City's redevelopment project areas. For information on pending litigation regarding redevelopment agencies, see "—Litigation Regarding Redevelopment Agency Revenues" above.

The following Table A-25 sets forth the Redevelopment Agency's outstanding tax allocation debt and other financings, including the final maturity date, original principal amounts and principal amounts outstanding. All information below is presented, and sets forth the principal amount of debt outstanding, as of December 1, 2011.

Special Assessments

The City has debt outstanding for three bond issues supported by assessment districts. Debt service on each of these assessment and reassessment bond issues is paid solely from assessments levied on real property within the respective districts. The City is not responsible for debt service on the bonds in the event that assessment collections are not sufficient.

The following Table A-26 sets forth the City's outstanding special assessment bonds.

Table A-26

Enterprise Revenue Bonds

The City also has issued bonds secured by revenues of its sewer system. These bonds, issued on December 14, 2004 in the principal amount of \$62,330,000, mature in June 2029 and have an outstanding principal amount of \$52,580,000 as of December 1, 2011.

Estimated Direct and Overlapping Debt

Located within the City are numerous overlapping local agencies providing public services. These local agencies have outstanding bonds issued in the form of general obligation, lease revenue, certificates of participation, and special assessment bonds. The direct and overlapping debt of the City as of October 31, 2011, according to California Municipal Statistics, Inc., is shown in the following Table A-27. The City makes no representations as to the accuracy of the following table. Inquiries concerning the scope and methodology of procedures carried out to complete the information presented should be directed to California Municipal Statistics, Inc. According to California Municipal Statistics, Inc., self-supporting revenue bonds, tax allocation bonds, and non-bonded capital lease obligations are excluded from this debt statement.

OTHER FISCAL INFORMATION

Insurance and Risk Management

The City is insured up to \$29,000,000 after a \$4,000,000 per occurrence self-insured retention for the risks of general liability and auto liability. All properties are insured against damage from fire and other forced perils at full replacement value after a \$25,000 deductible to be paid by the City. The City does not insure for damage from earthquakes (see “Natural Hazards Risks” below). The City is also insured up to \$100,000,000 after a \$750,000 per occurrence self-insured retention for workers’ compensation losses. As of June 30, 2011, the amount of all self-insured general liability exposure is valued at approximately \$36,687,103. Of this amount, approximately \$14,775,498 is estimated to be due within one year. Payment of workers’ compensation claims is provided through annual appropriations. As of June 30, 2011, the amount of workers’ compensation liability determined to be probable is approximately \$82,044,864. Of this amount, \$20,118,617 is estimated to be due within one year.

Labor Relations

City employees are represented by nine labor unions and associations (identified in Table A-28), the largest one being the Service Employees International Union, Local 1021, which represents approximately 54% of City employees. Approximately 95% of City employees are covered by negotiated agreements, as detailed below. Memoranda of Understanding (“MOUs”) between the City and exclusive bargaining representatives for miscellaneous employees expire June 30, 2013.

No pay increases are scheduled for represented employees except for the Oakland Police Officers’ Association (the “OPOA”) and the Oakland Police Management Association (the “OPMA”). A two percent (2%) increase is scheduled on January 1, 2014 for the OPOA and a two percent (2%) increase is scheduled on January 1, 2015 for the OPMA. The OPOA and OPMA have agreed to pay for the full employee share of retirement, which equals nine percent (9%) of employees’ wages. The International Association of Firefighters, Local 55, agreed to a wage decrease for all represented classifications of 8.85% from July 1, 2011 to June 29, 2014, at which time wages will be restored to the June 30, 2011 levels. All exclusive bargaining representatives for miscellaneous employees agreed to 9% concessions in the form of increased retirement cost sharing, business closure days and unpaid leave days in Fiscal Years 2011-12 and 2012-13. This is in addition to miscellaneous employees assuming five percent (5%) of their retirement costs in a previous negotiation on July 1, 2009.

(Remainder of this Page Intentionally Left Blank)

The City has never experienced an employee work stoppage. Pursuant to the Meyers-Milas-Brown Act (Government Code Section 3500 et seq.), the City continues to meet and confer with all of the exclusive bargaining representatives of the City employees.

Retirement Programs

The City maintains two closed pension systems, the PFRS and the Oakland Municipal Employees Retirement System ("OMERS"). In addition, the City is a member of the California Public Employees' Retirement System ("PERS"), a multiple-employer pension system that provides a contributory defined-benefit pension for most current employees.

Police and Fire Retirement System. PFRS is a defined benefit plan administered by a seven-member Board of Trustees (the "Retirement Board"). PFRS is a closed plan and covers uniformed employees hired prior to July 1, 1976. As of July 1, 2011, PFRS covered one active employee and 1,152 retired employees. On December 12, 2000, the voters of the City amended the City Charter to give active members of the Retirement System the option to terminate their membership and transfer to PERS upon certain conditions. As a result, 126 former members transferred to PERS.

In November 2006, City voters passed Measure M to modify the City Charter to allow the PFRS Board to invest in non-dividend paying stocks and to switch the asset allocation structure from 50% equities and 50% fixed income to any asset allocation structure determined to satisfy the Prudent Person Standard.

In accordance with voter-approved measures adopting the City Charter provisions that govern PFRS, the City annually levies an *ad valorem* tax (the "Tax Override") on all property within the City

subject to taxation by the City to help fund its pension obligations. State law limits the City's tax rate for this purpose at the rate of 0.1575%, the level at which the City has levied the tax since 1983. The City is allowed to levy the Tax Override through 2026.

In 1997, the City issued \$420.5 million in pension obligation bonds, the net proceeds of which were used to fund the actuarial present value of the City's expected contributions to PFRS from March 1997 through June 2011. PFRS received a deposit of \$417 million from the pension obligation bond proceeds. In return for this payment, PFRS agreed in a Funding Agreement, dated as of June 1, 1996, between the City and PFRS, that the City will not be required to make any further payments to PFRS for UAAL through June 30, 2011. A voluntary payment of \$17.7 million was made during Fiscal Year 2005-06 to fund a portion of the City's obligation under its Charter to make payments to its police and fire system. The City's required contribution to PFRS resumed in July 2011. As determined by the July 1, 2010 actuarial valuation, the City's annual contribution to PFRS for FY2011-12 is approximately \$45.6 million. The City pays debt service on the pension obligation bonds from proceeds of the Tax Override. The City had an Excess Tax Override reserve as of June 30, 2011 of \$107.6 million.

On October 3, 2001, the City issued \$195.6 million in pension obligation bonds, the proceeds of which were primarily used to purchase at tender for cancellation and to defease a portion of the outstanding 1997 Pension Obligation Bonds. As a result of this purchase and defeasance, annual debt service through 2010 on the City's combined pension obligation bonds was reduced, but total debt service on the bonds was increased because the final maturity date was extended from 2010 to 2022.

[Remainder of Page Intentionally Left Blank]

An actuarial valuation of PFRS is conducted at least every two years; the most recent valuation was dated July 1, 2010. PFRS utilizes a modification of the aggregate actuarial cost method to determine contribution amounts. Under this method, the excess of the actuarial present value of projected benefits for PFRS members over the actuarial value of assets is amortized over the period ending July 1, 2026 as a level percentage of City safety payroll, including pay for individuals covered by CalPERS as well as those covered by PFRS. Significant actuarial assumptions used to compute the contribution requirement include a 7.00% investment rate of return and average long-term salary increases of 4.50%. Current MOU's are used to predict salary increases over the short term. A method that smoothes asset value is used to determine the Actuarial Value of Assets, but the resulting value is constrained to be within 10% of market value. The following Table A-29 shows PFRS's recent funding progress.

Table A-29
City of Oakland
Police and Fire Retirement System
Schedule of Funding Progress
(\$ in Millions)

Valuation Date July 1	Actuarial Accrued Liability	Actuarial Value of Assets	Unfunded Liability	Funded Status	Annual Covered Payroll ⁽¹⁾ (\$ in millions)
2004	\$890.2	\$621.6	\$268.6	69.8%	\$0.3
2005	883.6	614.9	268.7	69.6	0.3
2007	888.1	566.0	322.1	63.7	0.4
2009 ⁽²⁾	782.5	347.2	435.3	44.4	0.1
2010 ⁽²⁾	792.2	297.8	494.4	37.6	0.1

⁽¹⁾ Because this is a closed system with few employees, UAAL as a percentage of payroll is not presented.

⁽²⁾ The decline in the funded ratio was due to investment market downturn and change in actuarial and cost of living assumptions.

Source: Oakland Police and Fire Retirement System, Actuarial Report as of July 1, 2010.

[Remainder of Page Intentionally Left Blank]

In light of the contribution holiday funded by proceeds of pension obligation bonds, the purpose of the actuarial valuations prior to 2011 is primarily to track the relationship between the available assets and the estimated liabilities so that the City would be prepared for the necessary contributions, if any, beginning in July of 2011. The Oakland Police and Fire Retirement System Actuarial Report as of July 1, 2010 contains a projection of the annual contributions necessary beginning in 2011 based on the valuation assumptions. The results of that projection are in the table below.

Table A-30
City of Oakland
Police and Fire Retirement System
Projection of Future Contributions
As of July 1, 2010

	Valuation Assumptions
Investment Return	7.00%
Wage Growth	4.50%
Annual City Contribution 2011-2012 Amount	\$45.6 million

Source: Oakland Police and Fire Retirement System, Actuarial Report as of July 1, 2010.

Currently, the City has sufficient excess Tax Override revenues, which could be used to secure additional PFRS pension bonding or pay the annual contribution on a pay-as-you-go method within the fiscal year.

Oakland Municipal Employees Retirement System (“OMERS”). OMERS is the second closed pension system, which covers active non-uniformed employees hired prior to September 1, 1970 who have not transferred to PERS. The program covers no active employees and 37 retired employees as of July 1, 2011. OMERS is administered by a seven-member Board of Administration. An actuarial valuation of OMERS is conducted every three years; the most recent complete valuation was for the period ended July 1, 2010 prepared by Bartel Associates, LLC. OMERS utilizes the “Entry Age Normal Cost Method” for its actuarial calculations. Significant actuarial assumptions used to compute the contribution requirement include a 6.5% investment rate of return, inflation rate of 3.25%, future benefit increase of 3% and mortality rates. Based on the actuarial report, the plan is 86.4% funded due to losses in the market value of asset.

California Public Employees Retirement System. PERS is a defined-benefit plan administered by the State and covers all uniformed employees hired after June 30, 1976 and all non-uniformed employees hired after September 1, 1970 as well as certain former members of PFRS and OMERS. PERS acts as a common investment and administrative agent for public entities participating with the State. PERS is a contributory plan deriving funds from employee contributions as well as employer contributions and earnings from investments. A menu of benefit provisions is established by State statutes within the Public Employees’ Retirement Law. The City selects its optional benefit provisions from the benefit menu by contract with PERS.

For accounting purposes, employees covered under PERS are classified as either miscellaneous employees or safety employees. City miscellaneous employees and City safety employees are required to contribute 8% and 9%, respectively, of their annual salary to PERS. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by PERS. Historically, the City had paid the entire amount of its employees’ contributions

for miscellaneous and safety employees. However, under current bargaining agreements effective July 1, 2011, all miscellaneous employees pay 8%, sworn police pay 9% and sworn fire personnel contribute at 9% plus an additional 4%.

In Fiscal Year 2002, the City increased its benefits for public safety employees to provide 3% of highest salary per year of employment at age 55. In Fiscal Year 2004, benefits were further increased for safety members to provide 3% of highest salary at age 50. In Fiscal Year 2004, the City increased its benefits for miscellaneous employees, increasing retirement benefits to 2.7% of highest salary at age 55. The following Table A-31 sets forth the City's employer contribution rates as determined by PERS for Fiscal Years 2008-09 through 2012-13, and PERS' projection for Fiscal Year 2013-14 and Fiscal Year 2014-15.

Table A-31
City of Oakland
Public Employees Retirement System Contribution Rates
Fiscal Years Ending June 30, 2009-2013 and Projected Fiscal Years Ending June 30, 2014-2015
(Percentage of Payroll)

Safety Plan	27.50%	27.88%	28.09%	30.37%	30.90%	31.10%	31.20%

Source: PERS Annual Valuation Report as of June 30, 2010.

PERS uses an actuarial method that takes into account those benefits that are expected to be earned in the future as well as those already accrued. PERS also uses the level percentage of payroll method to amortize any unfunded actuarial liabilities. Major actuarial assumptions include a 3% inflation rate and a 7.75% investment return.

The schedules of funding progress in the following tables show the recent funding progress of both the public safety and miscellaneous employees. Any change in the unfunded liability that arose due to a change in plan provisions or in actuarial methods or assumptions is separately tracked and amortized over a declining 20-year period.

The effect of differences between actuarial assumptions and the actual experience of the plan is calculated each year when the annual actuarial valuation is performed. These differences are actuarial gains or losses. Gains and losses are tracked separately and amortized over a rolling 30-year period.

In December 2009, the CalPERS Board adopted changes to the asset smoothing method as well as changes to the Board policy on the amortization of gains and losses in order to phase in over a three-year period the impact of the negative 24% investment loss experienced by CalPERS in fiscal year 2008-09. The following changes were adopted for all plans:

- Increase the corridor limits for the actuarial value of assets from 80-120 percent of market value to 60-140 percent of market value on June 30, 2009.
- Reduce the corridor limits for the actuarial value of assets to 70-130 percent of market value on June 30, 2010.

- Return to the 80-120 percent of market value corridor limits for the actuarial value of assets on June 30, 2011 and thereafter.
- Isolate and amortize all gains and losses during fiscal year 2008-09, 2009-10 and 2010-11 over fixed and declining 30-year periods (as opposed to the current rolling 30-year amortization).

The following Tables A-32 and A-33 set forth the schedules of funding progress from 2006 to 2010 for public safety employees and for miscellaneous employees.

Source: City of Oakland, Comprehensive Annual Financial Reports for Fiscal Years Ended June 30, 2007 through June 30, 2011.

For Fiscal Year 2010-11, the City's annual PERS pension cost was \$84.2 million. The City's unfunded liability with PERS, as of June 30, 2010, was \$311.3 million for the public safety (police and fire) retirement plan, resulting in a 75.3% funded status, and \$349.2 million for the miscellaneous retirement plan, resulting in an 81.8% funded status.

The following table represents the City's annual contribution to PERS over the five fiscal years ended June 30, 2011.

Post-Employment Benefits

The City pays the partial costs of health insurance premiums for certain classes of retirees from City employment. Retirees meeting certain requirements relating to age and years of service are eligible for health benefits. The health benefits are extended to retirees pursuant to labor agreements between the City and certain of its employee labor unions and in resolutions adopted by the City. Approximately \$15.7 million was paid on behalf of retirees under these programs for the fiscal year ended June 30, 2011.

In August 2004, the Governmental Accounting Standards Board ("GASB") issued Statement No. 45 ("GASB 45"), "Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions" ("OPEB"), which addresses how state and local governments should account for and report the annual cost. GASB 45 generally requires that employers account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Under GASB 45, annual OPEB cost for most employers will be reported based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due. The provisions of GASB 45 may be applied prospectively and do not require governments to fund their OPEB plans. An employer may establish its OPEB liability at zero as of the beginning of the initial year of implementation; however, the unfunded actuarial liability is required to be amortized over future periods on the income statement.

The City implemented GASB 45 in Fiscal Year 2008. As of July 1, 2010, the Actuarial Accrued Liability (the "AAL"), which is equal to that portion of the Actuarial Present Value of Benefits deemed to have been earned to date, was \$520.9 million. As of June 30, 2011, assuming 4% interest earnings, the City's projected net OPEB obligation (defined, in terms of balance sheet liability, as the cumulative difference between the annual OPEB cost and the City's contribution to plan since 2008) will be \$157 million after a pay-as-you-go amount of \$15.7 million. For Fiscal Year 2011-12, the current plan for the obligation is pay-as-you-go.

The following Table A-35 sets forth certain information with respect to the City's OPEB obligations for the Fiscal Years ended June 30, 2008 through June 30, 2011.

Table A-35
City of Oakland
Post-Employment Benefits Other than Pensions
Fiscal Years 2008-2011

Fiscal Year Ended June 30	Accrued Liability	Unfunded Liability	Annual OPEB Cost	Employer Contribution	Net OPEB Obligation
2008	\$591,575,250	\$591,575,250	\$54,635,000	\$10,966,000	\$43,668,000
2009	591,575,250	591,575,250	54,564,000	12,474,000	85,758,000
2010	591,575,250	591,575,250	54,495,000	14,016,000	126,237,000
2011	520,882,498	520,882,498	46,451,000	15,710,000	156,978,000

Port of Oakland Other Post-Employment Benefits. The Port of Oakland contributes to the California Employer's Retiree Benefit Trust (CERBT), a single employer defined benefit postemployment healthcare plan administered by CALPERS. The CERBT is an IRC Section 115 Trust and an investment vehicle that can be used by all California public employers to prefund future retiree health and Other Post Employment Benefit (OPEB) costs.

The Port of Oakland's Retiree Health plan allows eligible retirees and their dependents to receive employer paid medical insurance benefits through CALPERS. The medical insurance reimbursement is not to exceed the Kaiser-HMO family plan rate. The Port's Retiree Health Plan also includes dental, and vision benefits and reimbursement of Medicare part B monthly insurance premium.

The Port of Oakland's annual OPEB cost and net OPEB obligation are as follows:

Natural Hazard Risks

The City is in a seismically active area, located near or on three major active earthquake faults (the Hayward, Calaveras and San Andreas faults). During the past 150 years, the Bay Area has experienced several major and numerous minor earthquakes. The largest earthquake was the 1906 San

Francisco earthquake along the San Andreas Fault, which passes through the San Francisco peninsula west of Oakland, with an estimated magnitude of 8.3 on the Richter scale. The most recent major earthquake was the October 17, 1989 Loma Prieta earthquake, also on the San Andreas Fault, with a magnitude of 7.1 on the Richter scale and an epicenter near Santa Cruz, approximately 60 miles south of the City. Both the San Francisco and Oakland areas sustained significant damage. The City experienced significant damage to the elevated Cypress freeway and to several buildings within the City, especially unreinforced masonry buildings constructed prior to 1970 and current building code requirements. Much of the damage resulting from the Loma Prieta earthquake was due to soil liquefaction, a phenomenon during which loose, saturated, non-cohesive soils temporarily lose shear strength during ground shaking induced by severe earthquakes.

A substantial portion of the City is built in partially-wooded hillside areas, which are naturally prone to wildfire. In October 1991 a fire in the Oakland/Berkeley Hills damaged 1,990 acres of forest and residential property, destroying 2,354 homes and 456 apartment units, most of which were in the City. The City has established a wildfire prevention assessment district covering portions of the City, which was approved by voters in January 2004, and which finances fire hazard inspections, brush and debris removal, wood chipping, and public education.

Litigation

The City is involved in certain litigation and disputes relating to its operation. Upon the basis of information presently available, the City Attorney believes (1) there are substantial defenses to such litigation and disputes and (2) in any event, any ultimate liability in excess of applicable insurance coverage resulting therefrom will not materially affect the financial position or operation of the City.

Joseph T. Yew, Jr.
Finance Director/City Treasurer

December 9, 2011

Citizens of the City of Oakland
The Honorable Mayor and
Members of the City Council

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of Oakland, California (City). The Finance and Management Agency has prepared this report to present the financial position and the changes in net assets for the fiscal year ended June 30, 2011, and the cash flows of its proprietary fund types for the year then ended. The basic financial statements and supporting schedules have been prepared in compliance with Section 809 of the City Charter, with California Government Code Sections 25250 and 25253, and in accordance with Generally Accepted Accounting Principles (GAAP) for local governments as established by the Governmental Accounting Standards Board (GASB).

This report consists of management's representations concerning the finances of the City. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse, to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP, and to comply with laws and regulations. As the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. We believe this CAFR to be complete and reliable in all material respects.

The City contracted with Macias Gini & O'Connell LLP, a firm of Certified Public Accountants licensed to practice in the State of California, to perform the annual independent audit. The auditors expressed an opinion that the City's financial statements for the year ended June 30, 2011 are fairly stated and in accordance with accounting principles generally accepted in the United States. This is the most favorable conclusion and is commonly known as an "unqualified" or "clean" opinion. The independent auditor's report is included in the Financial Section of this report.

In addition, Macias Gini & O'Connell LLP audited the City's major program expenditures of federal funds for compliance with the Federal Single Audit Act Amendments of 1996, the Office of Management and Budget (OMB) Circular A-133 regulating Single Audits, and the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States. The report of the Single Audit is published separately from this CAFR and may be obtained upon request from the City's Finance and Management Agency, Controller's Office.

The Reporting Entity and Its Services

The City has defined its reporting entity in accordance with GAAP that provides guidance for determining which governmental activities, organizations, and functions should be included in the reporting entity. The Basic Financial Statements present information on the activities of the City and its component units.

GAAP requires that the component units be separated into blended or discretely presented units for reporting purposes. Although legally separate entities, blended component units are, in substance, part of the City's operations. Therefore, they are reported as part of the Primary Government. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City's operations.

Accordingly, we have included the operations of the Oakland Municipal Employees' Retirement System (OMERS), the Police and Fire Retirement System (PFRS), and the Oakland Redevelopment Agency (Agency) as blended component units. The operations of the Port of Oakland (including the Oakland International Airport) are presented discretely. The Oakland-Alameda County Coliseum Authority (Authority) is a Joint Venture owned and operated by the City and the County of Alameda.

The Oakland Housing Authority, the Oakland Unified School District, and the Peralta Community College District were not included because they have limited relationships with the City and, therefore, did not meet the criteria for inclusion in the reporting entity. The City is also represented in six regional agencies that are excluded from the City's reporting entity. These agencies are the San Francisco Bay Area Rapid Transit District (BART), Alameda-Contra Costa Transit District (AC Transit), Bay Area Air Quality Management District, Association of Bay Area Governments (ABAG), East Bay Regional Park District, and the East Bay Municipal Utility District.

Profile of the Government

The City of Oakland was chartered as a city in 1854. It is situated on the eastern side of the Oakland/San Francisco Bay in the County of Alameda. Its western border offers nineteen miles of coastline, while the rolling hills to the east present views of the Bay and the Pacific Ocean. In between are traditional, well-kept neighborhoods, a progressive downtown that is experiencing a tremendous surge in growth, and superior cultural and recreational amenities. It is the administrative site for the County of Alameda, the regional seat for the federal government, the district location of primary state offices, and the transportation hub of commerce for the Bay Area.

In November 1998, the citizens of Oakland passed Measure X changing the form of government from Council-City Manager to Mayor-Council through a charter amendment. Legislative authority is vested in the City Council and executive authority is vested in the Mayor. The City Administrator, appointed by and under the direction of the Mayor, has administrative authority to manage the day-to-day administrative and fiscal operations of the City. The City Auditor and the City Attorney are both elected officials and serve four-year terms.

The Mayor and City Council is the governing body of the City and is comprised of eight elected officials. One Council member is elected “at large”, while the other seven Council members represent specific districts. The Mayor and City Council are elected to serve four-year terms.

On March 2, 2004, the citizens of Oakland passed Measure P: (1) to repeal the sunset provision of Measure X passed in November 1998 to retain the Mayor-Council form of government; (2) to change the term limit for Mayor from two terms to two consecutive terms; (3) to reduce the number of votes needed for the City Council to pass an ordinance on reconsideration from six votes to five votes; (4) to eliminate the prohibition on paying the Mayor more than the City Administrator; (5) to remove the rule that the Mayor vacates his or her office by missing ten consecutive City Council meetings; (6) to require the Mayor to advise the City Council before removing the City Administrator; and (7) to change the title of the City Manager to “City Administrator”.

The City provides a full range of services contemplated by statute or charter, including those functions delegated to cities under state law. These services include public safety (police and fire), sanitation and environmental health, economic development, community involvement and empowerment, public-private partnerships, recreational and cultural activities, public improvements, planning, zoning and general administrative services.

Economic Condition and Fiscal Outlook

Fiscal year 2010-11 continued to be a period of unprecedented General Fund revenue shortfall fueled by the continued weakened national recession. As in previous years the City utilized principal outlined in the “Financial Policies” as a guide and operational blueprint for assisting in the development of a budget that achieves fiscal stability and organizational sustainability. The financial policies are essential tools in returning the City to a healthy financial state and ensuring responsible financial management of the City’s resources.

- Establishing a baseline for the Real Estate Transfer Tax at \$40 million (an amount collected in a normal year), with any amount over the baseline used as follows: a) replenishment of the General Purpose Fund (GPF) reserves until such reserves reach 10 percent of current year budgeted GPF appropriations; and the remainder; b) 50 percent to repay negative Internal Service Funds; c) 30 percent set aside for the Police and Fire Retirement System (PFRS) liability until this obligation is met; d) 10 percent to establish an Other Postemployment Retirement Benefits (OPEB) trust; and e) 10 percent to replenish the Capital Improvement Reserve Fund until such baseline reaches \$10 million.
- Amending the policy on the use of one-time revenues, and requiring that any one-time discretionary revenue be used as follows: a) 50 percent to repay negative Internal Service Fund balances and b) 50 percent to repay negatives in all other funds, unless legally restricted to other purposes.
- Amending the City’s reserve policy to: a) require an annual review and certification of the GPF reserve by the City Administrator and b) limit project carry-forwards in the GPF.

As the City continues through the effects of the national economic recessions, growth projections continue to be flat or slightly higher in the fiscal year 2012-13 for the City's economically sensitive revenues including property tax, real estate transfer tax, parking tax, transient occupancy tax and sales tax due to the declining housing market and consumer spending.

The employment forecast for the remainder of 2011 continues to be negative, although the rate of job loss has improved. The City's average unemployment rate for June 2011 is 16.3 percent, which is lower than June 2010 at 17.2 percent. In general, the economic climate may remain uncertain, the City will continue to maintain prudent financial policies to navigate these hard economic times.

The City's general obligation credit ratings of AA-\Aa2\A+ from Standard and Poor's Corporation, Moody's Investor Services, Inc., and Fitch Ratings, respectively, continue to show the City's fiscal prudence. The rating agencies continue to cite management's demonstrated commitment to strong fiscal management as a basis of their rationale for bestowing the City strong ratings. These ratings translate to significant interest cost savings in the City's debt program and to the taxpayers of the City of Oakland.

Economic Indicators and Next Fiscal Year's Budget and Tax Rates

The City of Oakland's primary economic indicators are highlighted on pages 15 and 16 in the Management Discussion and Analysis (MD&A) section of this report.

The Five-Year Financial Plan

In anticipation of longer term needs, the City develops a Five-Year Financial Plan for the General Purpose Fund. The Five-Year Financial Plan is management's best assessment of future revenue, expenditures and operating results over the five-year forecast period. The compilation and review of the Plan provides an opportunity to put current funding decisions in context with longer-term economic conditions while affording City management a realistic projection for the ongoing financial impact of policy decisions. Major goals of the Five-Year Financial Plan include the following:

- To put the City's two-year budget-making process into a five-year planning horizon and to facilitate prudent financial management;
- To set revenue and expenditure targets, and evaluate budget priorities in light of fiscal conditions projected over the long-term;
- To present a picture of the long-term strategic financial issues facing the City, while highlighting funding priorities for budget planning;
- To identify potential structural budget surpluses or shortfalls;
- To demonstrate to policy-makers the likely impact of short-term capital investment and financing decisions on the City's long-term financial capacity;
- To provide a useful framework for reviewing and refining the City's financial forecasts, as well as its financial goals and priorities;

In preparing the Plan, City staff take into account historical experience, as well as the economic uncertainties underlying the revenue and expenditure outlook over the five-year period. The Plan also considers major demographic and legislative changes.

Single Audit

As a recipient of Federal, State and County financial assistance, the City is responsible for providing assurance that adequate internal controls are in place to ensure compliance with applicable laws and regulations are evaluated by management, City Internal Auditor's Office, and the City's Independent auditors.

As part of the City's single audit procedures, tests are performed to determine the effectiveness of the internal controls over major federal award programs and the City's compliance with applicable laws and regulations related to these federal award programs.

Budget Controls

The City's budget is a detailed operating plan that identifies estimated costs in relation to estimated revenues. The budget includes:

- The programs, projects, services and activities to be carried out during the fiscal year;
- The estimated revenue available to finance the operating plan; and
- The estimated spending requirements for the operating plan.

The budget represents a process where policy decisions by the Mayor and the City Council are adopted, implemented and controlled. The notes to the required supplementary information summarizes the budgetary roles of various City officials and the timetable for their budgetary actions according to the City Charter. In April 2010, the City Council, during its mid-cycle review, approved the City's revised budget for fiscal year 2010-11.

The City Charter prohibits expending monies for which there is no legal appropriation. Therefore, the City is required to adopt budgets for all City funds. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level, although for management purposes, the line item budget is controlled at the departmental level within funds. The City Administrator is authorized to administer the budget and may transfer monies from one activity, program or project to another within the same agency and fund. Supplemental appropriations or transfers of appropriations between funds or agencies must be approved by the City Council.

The City also maintains an encumbrance accounting system to provide budgetary controls for governmental funds. Encumbrances which would result in an overrun of an account balance are suspended in the system until additional funding is made available via budget change requests or withdrawn due to lack of funding. Encumbrances outstanding at June 30 and carried forward are reported as assigned of the appropriate governmental fund's fund balance since they do not constitute expenditures or liabilities. Encumbrances that do not lapse but are brought forward to the new fiscal year are incorporated as part of the budget adopted by the City Council for that year.

The City continues to meet its responsibility for sound financial management as demonstrated by the statements and schedules included in the financial section of this report.

Debt Management Policy

The City's Debt Management Policy is reviewed and adopted annually by the City Council. The goal of the Debt Management Policy is to set prudent guidelines to ensure that the City's debt portfolio is fiscally stable. It is in place to maintain long-term financial flexibility while ensuring that the City's capital needs are adequately supported. The Debt Management Policy establishes the following equally important objectives:

- To achieve the City with the lowest possible cost of capital;
- To achieve the highest practical credit rating;
- Maintain full and complete financial disclosure and reporting;
- Ensure timely repayment of debt;
- Ensure compliance with applicable State and Federal laws.

Cash Management Policies and Practices

To maximize interest income and maintain liquidity, the City pools operating cash of both the City and Port and invests these monies in securities of various maturities. These monies and operating funds of the Redevelopment Agency and the Oakland Base Reuse Authority are invested pursuant to the City's Investment Policy in compliance with Section 53601 of the California Government Code, the Nuclear Free Zone and Linked Banking Ordinances, and the Tobacco Divestiture Resolution. The objectives of the Investment Policy are to preserve capital, provide adequate liquidity to meet cash disbursements of the City and to reduce overall portfolio needs while maintaining market-average rates of return. Investments are secured by collateral as required under law, with maturity dates staggered to ensure that cash is available when needed. The City Council receives quarterly reports on the performance of the City's pooled investment program.

Risk Management

To finance its risks of general liability and workers' compensation, the City maintains a program of self-insurance, supplemented with commercial insurance of limited coverage that is sufficient to protect resources at the lowest reasonable cost. The City does maintain commercial fire insurance policies on all of its buildings. Additionally, the City insures for the perils of earthquake and flood on the Henry J. Kaiser Convention Center and the George F. Scotlan Memorial Convention Center.

The City Attorney represents the City in all of its legal matters, including claims investigation, civil litigation and disposition of claims and lawsuits.

Insurance to protect and indemnify the City against the risks of general liability and property damage is required in virtually all of its public works, contractor-supplied and professional services contracts.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Oakland for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2010. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. The City of Oakland has received a Certificate of Achievement the last 22 years. The single missing year was due to the delay in the submission of the City's CAFR to GFOA as a result of conversion to a new financial management system. The City's Fiscal Year 2010-11 CAFR will be submitted to GFOA for consideration for the Certificate of Achievement for Excellence in Financial Reporting.

Acknowledgements

I would like to express my appreciation to the entire staff of the Finance and Management Agency, most particularly the Controller's Office, and other agency and departmental staff, for their professionalism, dedication and efficiency in the preparation of this report. I also thank Macias, Gini & O'Connell LLP for their assistance and guidance. Finally, I would like to thank the Mayor, members of the City Council, and the City Administrator for their interest and continuing support in planning and conducting the City's financial operations in a responsible and progressive manner.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Joe Yew", written over a horizontal line.

of the City Council
City of Oakland, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Oakland, California (City), as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Oakland Municipal Employees Retirement System (OMERS) and the Oakland Police and Fire Retirement System (PFRS) which collectively represent 57%, 68% and 25%, respectively of the assets, net assets/fund balances, and revenues/additions of the aggregate remaining fund information as of and for the year ended June 30, 2011. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2 to the basic financial statements, effective July 1, 2010, the City adopted the provisions of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

As discussed in Note 21 to the financial statements, the California State Legislature has enacted legislation that is intended to provide for the dissolution of redevelopment agencies in the State of California. The effects of this legislation are uncertain pending the result of certain lawsuits that have been initiated to challenge the constitutionality of this legislation.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2011, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of funding progress, and the budgetary comparison schedule for the general fund as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying introductory section, combining fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audit and the reports of the other auditors, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited)
Year Ended June 30, 2011

This section of the City of Oakland's (the City) Comprehensive Annual Financial Report presents a narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with the additional information contained in the City's financial statements and related notes and our letter of transmittal that precedes this section.

FINANCIAL HIGHLIGHTS

- The City's total assets exceeded its total liabilities by \$738.3 million as of June 30, 2011, compared to \$689.3 million at June 30, 2010. This represents a net increase of \$49.0 million or 7.1 percent compared to the previous year. Assets increased by 1.1 percent or net of \$31.9 million, the net increase is primarily attributed to an increase in notes and loan receivables by \$53.6 million, increase in capital assets by \$35.8 million, \$11.0 million increase in business-type activities pooled cash and investments for sewer related activities, and an increase of \$11.1 million in grant receivables related to several "stimulus grants" the City received through the American Recovery and Reinvestment Act of 2009. The increases are off-set by the decrease of net pension assets in the amount of \$43.9 million to reflect annual pension cost, and an offset of a combined decrease of \$34.6 million in pooled and restricted cash and investments attributable to spending bond proceeds for capital improvement. Conversely, liabilities decreased by 0.8 percent or \$17.1 million compared to the prior fiscal year primarily as a result of debt payments and retirement of certain long-term debt.
- The City's governmental cumulative fund balances decreased by 1.2 percent or \$12.7 million to \$1,031.7 million compared to \$1,044.4 million for the prior fiscal year. This decrease is primarily attributed to a \$28.4 million or 2.7 percent increase in overall governmental expenditures for its operations and a \$6.3 million or 0.7 percent the decrease in overall governmental revenue.
- As of June 30, 2011, the City had total long-term obligations outstanding of \$1.99 billion compared to \$2.0 billion outstanding for the prior fiscal year for a decrease of 0.6 percent or \$11.7 million. Of this amount, \$349.4 million is general obligation bonds backed by the full faith and credit of the City. The remaining \$1.64 billion is comprised of various long-term debt instruments including accruals of year-end estimates for other long-term liabilities.
- The City undesignated, uncommitted fund balance met the requirements of the City Council's 7.5% reserve policy based on the total General Purpose Fund expenditures for fiscal year 2011.

Year Ended June 30, 2011

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to introduce the City's basic financial statements. The City's basic financial statements consist of four components:

- Government-wide Financial Statements
- Fund Financial Statements
- Notes to the Basic Financial Statements
- Required Supplemental Information

In addition, this report also contains other supplementary information.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to the financial statements for a private-sector business.

The *statement of net assets* presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, life enrichment, community and economic development, and public works. The business-type activities of the City include the sewer service system and the parks and recreation.

The government-wide financial statements include not only the City itself, but also the Port of Oakland (Port) as a discrete component unit. Financial information for the Port is reported separately from the financial information presented for the primary government. Further information about the Port can be obtained from the City's Finance and Management Agency – Controller's Office at 150 Frank H. Ogawa Plaza, Suite 6353, Oakland, CA 94612-2093.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into the following three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds organized according to their type (special revenue, capital projects, debt service and general fund). Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, federal and state grant special revenue fund, Oakland Redevelopment Agency (Agency) as a blended component unit of the City, and municipal capital improvement fund, all of which are considered to be major funds. Data from the remaining funds are combined in a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund in the required supplementary information to demonstrate compliance with this budget.

Proprietary funds. Proprietary funds are generally used to account for services for which the City charges customers, either outside customers or internal units or departments of the City. Proprietary funds provide the same type of information shown in the government-wide statements only in more detail.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

The City maintains the following two types of proprietary funds:

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the Sewer Service System and the Parks and Recreation operations. The Sewer Service Fund is considered to be a major fund of the City.

Internal service funds are used to report activities that provide services and supplies for certain City programs and activities. The City uses internal service funds to account for its fleet of vehicles, radio and communication equipment, facilities management, printing and reproduction, central stores and purchasing. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of employees and parties outside the City. The Oakland Municipal Employees Retirement System (OMERS) Fund and the Police and Fire Retirement System (PFRS) Fund are reported as pension trust funds. The private purpose trust fund along with the private pension trust fund are reported as trust funds since their resources are not available to support the City's own programs. For this reason, they are not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

The required supplementary information includes the budgetary schedule for the General Fund and schedules of funding progress for pension and other postemployment benefits that show the City's progress towards funding its obligation to provide future pension and other postemployment benefits for its active and retired employees.

Other Information

In addition, this report presents combining statements referred to earlier in connection with nonmajor governmental funds, internal service funds and fiduciary funds are immediately following the required supplementary information along with budgetary comparison schedules.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

Government-wide Financial Analysis

Net assets may serve over time as a useful indicator of the City's financial position. The City's total assets exceeded its liabilities as of June 30, 2011 by \$738.3 million compared to \$689.3 million as of June 30, 2010, an increase of \$49.0 million. The largest portion of the City's net assets, 88.5 percent, reflects its investment in capital assets of \$653.1 million for governmental and business-type activities net of related debt. Of the remaining balance, 51.8 percent reflects \$382.6 million in resources that are subject to external restrictions on how they may be used. The unrestricted net asset deficit of \$297.3 million is primarily attributed to a decrease of annual pension cost of \$43.9 million as of June 30, 2011 offset by an increase of 2.8 percent in revenue and a decrease of 6.7 percent in ongoing project expenditures related to governmental activities.

Revenues by Sources - Business-Type Activities

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

Governmental activities: Net assets for governmental activities increased by \$37.2 million or 6.8 percent during 2010-11 from \$549.5 million to \$587.2 million. Total revenue increased at rate of 2.7 percent compared to expenses decreased at a rate of 6.7 percent. During 2009-10, revenues decreased at a rate of 4.7 percent and expenses increased at rates of 1.6 percent, respectively.

Changes in net assets for governmental activities are attributed to the following significant elements:

- Contributing to the increase in total revenue; operating grants and contributions by \$26.0 million, and state taxes by \$7.3 million mainly due to short-term government and industry incentives on auto sales rebates as well as high per gallon price of gasoline. Local taxes also increase by \$4.6 million due to three (3) percent surcharge on the City's transient occupancy tax. The increase is offset by a decrease in property taxes \$22.3 million or 6.4 percent, this is mainly due to aggressive property revaluations by the County; Investment income also decreased by \$2.3 million or 21.1 percent due to earned interest yield reflects a lower interest rate environment experienced during the year.
- General government expenses decreased by \$7.9 million or 9.5 percent when compared to previous year primarily due to budgets cuts, layoffs and furlough days.
- Public safety expenses decreased by \$38.7 million or 9.4 percent when compared to the previous year due primarily to budget cuts, layoffs, and union contract concessions that include 4 percent cost-of-living increase deferred to FY 2013.
- Community and economic development expenses decreased by \$64.0 million or 28.8 percent is primarily attributed to the move of engineering and construction division to public works agency, layoffs, budget cuts and furlough days.
- Public work expenses increased by \$17.6 million or 24.8 percent is mainly attributed to move of the engineering and construction division from community and economic development agency to public works agency. The increase is offset by a decrease in expense due to budget cuts, layoffs and furlough days.
- Interest on long-term debt increased by \$20.0 million or 27.0 percent due to City debt payments and retirement of certain long-term debt.

Business-type activities: Business-type activities ended the fiscal year with a positive change in its net assets of \$11.9 million compared to \$10.8 million the previous fiscal year. The increase of \$1.1 million in net assets is attributable to \$2.5 million or 6.4 percent increase in sewer revenues offset by \$1.1 million or 4.0 percent increase in sewer project related expenses.

Financial Analysis of the Government's Funds

Governmental funds: The focus of City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

General Fund: The General Fund is the chief operating fund of the City. At June 30, 2011, its unassigned fund balance is \$48.3 million or 21.5 percent of the \$224.8 million total General Fund balance. For the fiscal year ended June 30, 2011 and 2010, revenues for the General Fund by revenue source are distributed as follows:

	General Fund	
	2011	2010 ⁽¹⁾
Revenues:		
Taxes:		
Property taxes	\$ 189,237	\$ 194,591
State taxes:		
Sales and use taxes	41,235	35,877
Motor vehicles in-lieu tax	2,168	1,251
Local taxes:		
Business license	53,138	54,138
Utility consumption	53,440	51,107
Real estate transfer	31,608	36,971
Transient occupancy	9,634	8,578
Parking	8,513	7,523
Franchise	14,724	14,419
Licenses and permits	888	724
Fines and penalties	24,397	27,218
Interest and investment income	1,295	2,204
Charges for services	96,052	105,694
Federal & state grants and subventions	1,370	1,927
Annuity income	7,647	13,232
Other	10,661	8,912
Total revenues	\$ 546,007	\$ 564,366

⁽¹⁾ The June 30, 2010 balances were restated to reflect the impact of GASB Statement No. 54.

General Fund Revenues: Significant changes in revenues are as follows:

- *Property taxes* decreased by \$5.4 million or 2.8 percent due to the drop in property values for the City.
- *Real estate transfer* decreased by \$5.4 million or 14.5 percent mainly due to slowing economy and sluggish housing market and in fiscal year 2010, the City benefited from a one-time \$5 million real estate transfer property tax.
- *Fines and penalties* decreased by \$2.8 million or 10.4 percent mainly due to lower parking citation revenues and fewer real estate tax fines and penalties due to more efficient processes and improved compliance.
- *Charges for services* decreased by \$9.6 million or 9.1 percent mainly due to lower parking meters, towing and agency reimbursements.
- *Sales and use tax* increased by \$5.4 million primarily due to short-term government and industry incentives on auto sales rebates as well as high per gallon price of gasoline.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

For the fiscal years ended June 30, 2011 and 2010, expenditures for the General Fund by function are distributed as follows:

Interest charges	633	2,507
Total expenditures	\$ 455,447	\$ 480,335

⁽¹⁾ The June 30, 2010 balances were restated to reflect the impact of GASB Statement No. 54.

General Fund Expenditures: Significant changes in expenditures are as follows:

- *Public safety* decreased by \$8.7 million or 3.0 percent due to budget cuts, layoffs, union contract concessions that include 4 percent cost-of-living increase deferred to FY 2013.
- *City agencies and departments* are reporting decreases in expenditures mainly due to budget cuts, layoffs, furlough days and other union contract concessions.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

Federal and State Grant Fund: The Federal and State Grant Fund had a fund balance of \$21.4 million as of June 30, 2011 that represents a slight increase of \$5.3 million or 32.6 percent over the prior fiscal year. The increase was primarily attributed to an increase of the federal and state grants by \$26.6 million over the previous year. The City received several “stimulus grants” through the American Recovery and Reinvestment Act of 2009. For example, the City was awarded \$19.7 million through the U.S. Department of Justice Community Oriented Policing Services Hiring Recovery Program (CHRP) to retain 41 officers’ positions.

Oakland Redevelopment Agency: The Oakland Redevelopment Agency had a fund balance of \$563.4 million as of June 30, 2011 that represents an increase of \$11.7 million or 2.1 percent from the prior fiscal year. The increase is primarily attributed to the issuance of \$7.4 million in tax allocation and \$47.0 million subordinated housing set-aside revenue bonds.

During fiscal year 2010-11, the Agency’s revenues decreased by \$2.7 million or 2.1 percent compared to the previous fiscal year. The decrease is mainly driven by a \$4.7 million or 4.1 percent decrease in tax increment revenue primarily due to lower assessment value on properties and a \$1.8 million or 59.6 percent decrease in investment income due to low interest rate environment offset by a \$4.1 million or 49.3 percent increase in charges for services from rents and reimbursement income.

The Agency’s expenditures also decreased by \$26.5 million or 13.7 percent. The decrease is driven primarily by lower state mandated SERAF payment and a \$3.9 million reduction in spending in urban redevelopment project area. Conversely, housing development spending increased by \$12.2 million or 40.6 percent mainly due to increase in lending activities.

Municipal Capital Improvement Fund: The Municipal Capital Improvement Fund had a fund balance of \$67.3 million as of June 30, 2011 that represents decrease of \$19.5 million or 22.5 percent over the prior fiscal year. In fiscal year 2010, the City issued \$67.6 million in new debt:

- General Obligation Bond (Series 2009B, Measure DD) for \$64.5 million to preserve and acquire open space, renovate parks, provide educational and recreation facilities for children, clean up Lake Merritt and restore Oakland’s creeks, waterfront and estuary; and
- Piedmont Pines Phase I 2010 Limited Obligation Improvement Bonds for \$3.1 million for under grounding of street lighting, electric power, telephone and other communication lines of special benefits to the property within the City’s Utility Underground Assessment District No. 2007-232.

Proprietary Funds: The City’s proprietary funds provide the same type of information found in the government-wide financial statements under the business-type column but in more detail.

The portion of net assets invested in capital assets, net of related debt amounted to \$114.3 million as of June 30, 2011, compared to \$113.7 million for the previous fiscal year. The \$0.6 million or 0.5 percent increase is related to proceeds spent from debt issued to finance sewer projects. During the fiscal year, the City capitalized \$5.0 million in sewer system completed projects, net of depreciation.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

General Fund Budgetary Highlights

During the fiscal year ended June 30, 2011, General Fund had a \$31.9 million increase in budgeted revenues between the original and final amended operating budget. The increase in revenue budget is primarily attributed to charges for services from the agency reimbursements. Actual budgetary basis revenues of \$549.2 million were \$23.8 million less than the final amended budget. The variance is due primarily to fines and penalties, charges for services and annuity income.

In addition, there was a \$73.2 million increase in appropriations between the original and final amended operating budget for the General Fund. The increase in appropriation is due primarily to the determination of actual project carryforwards for continuing appropriations for various multiyear projects, capital improvement projects, and other projects authorized by the City Council. The original approved expenditure budget contained only estimates of project carryforwards.

Actual budgetary basis expenditures of \$455.4 million were \$60.9 million less than the amended budget. The net budget savings is attributed to (1) general budget cuts, (2) layoffs, and (3) furlough days.

Capital Assets

The City's capital assets, net of depreciation, totaled \$1.15 billion as of June 30, 2011 compared to \$1.12 billion as of June 30, 2010, a decrease of \$35.8 million or 3.2 percent. Governmental activities additions of \$82.3 million in capital assets included construction in progress and capitalization of infrastructure, facilities and improvements, and furniture, machinery and equipment which met the City's threshold for capitalization.

These additions were offset by retirements and depreciation, the net effect of which was an increase of \$30.8 million in additions against capital assets for governmental activities. Business activities, primarily the sewer fund, increased its capital assets by \$5.0 million, net of retirements and depreciation. See Note (7) for more details in capital assets.

Construction Commitments

The City has committed to funding in the amount of \$153.7 million to a number of capital improvement projects for fiscal year 2012 through fiscal year 2013. This projects include building and facilities improvements; parks and open space; sewers and storm drains; streets and sidewalks construction; technology enhancements and traffic improvements. See note 18 for more details in construction commitments.

Debt Administration

At the end of the current fiscal year, the City's debt limit (3.75 percent of property valuation, net of exemptions subject to taxation) was \$1,104.5 million. The total amount of debt applicable to the debt limit was \$349.4 million. The resulting legal debt margin was \$755.1 million.

CITY OF OAKLAND

Management's Discussion and Analysis (unaudited) (continued)

Year Ended June 30, 2011

The City of Oakland's underlying ratings for its general obligation bonds as of June 30, 2011 were as follows:

Standard and Poor's Corporation (S&P)	AA-
Moody's Investors Services, Inc. (Moody's)	Aa2
Fitch, JBCA, Inc.	A+

The Agency's bond ratings at June 30, 2011 are as follows (in thousands):

	Moody's	S&P	Fitch
Tax allocation	Baa1/Baa2/A2	A+/A/A-	N/A
Housing set-aside revenue bonds	A2	A	A+

As of June 30, 2011, the City had total long-term obligations outstanding of \$2.0 billion compared to \$1.99 billion outstanding for the prior fiscal year, a decrease of 0.6 percent. Of this amount, \$349.4 million is general obligation bonds backed by the full faith and credit of the City. The remaining \$1.64 billion is comprised of various long-term debt instruments listed below including accruals of year-end estimates for other long-term liabilities.

The City's overall total long-term obligations decreased by \$11.7 million compared to fiscal year 2010. The net decrease is primarily attributable to City debt payments and retirement of certain long-term debt

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

Summary of New Debt:

Current Year Long-Term Debt Financing

Redevelopment Agency of the City of Oakland, Broadway/MacArthur/San Pablo Redevelopment Project Second Lien Tax Allocation Bonds, Series 2010-T, Federally Taxable Recovery Zone Economic: On November 2, 2010, the Redevelopment of the City of Oakland (the "Agency") issued \$7,390,000 of Broadway/MacArthur/San Pablo Redevelopment Project Second Lien Tax Allocation Bonds, Series 2010-T Federally Taxable Recovery Zone Economic Development Bonds (the "Series 2010-T Bonds"). The Bonds are taxable and treated as "recovery zone economic development bonds," a category of "Build America Bonds," under the American Recovery and Reinvestment Act of 2009 and Agency receives direct payment from the United States Treasury Department equal to forty-five percent (45%) of the interest payable on each interest payment date. The Agency expects to receive \$6.2 million or 45% interest subsidy from the federal government as part of the bond issue.

Master Lease – Parking Access and Revenue Control System: On December 23, 2010, the City of Oakland closed a lease transaction with Chase Equipment Finance, Inc. in the amount of \$2,500,000 for the purpose of financing the acquisition of the equipment, software, maintenance and services for the automation of City garages. The financing is done on a taxable basis with a final maturity of July 15, 2018; the interest rate on this lease transaction is 2.56%.

Redevelopment Agency of the City of Oakland, Subordinated Housing Set Aside Revenue Bonds, Series 2011A-T: On March 3, 2011, the Agency issued \$46,980,000 of Subordinated Housing Set Aside Revenue Bonds Series 2011A-T (the "Series 2011A-T Bonds"). The Series 2011A-T Bonds are federally taxable with interest rates ranging from 3.25% to 9.25% and a final maturity of September 1, 2041.

Additional information on the City's long-term debt obligations can be found in Note 12 to the financial statements.

Economic Factors and Next Year's Budgets and Tax Rates

The economic indicators highlighted below, among others and including labor union contracts and concessions, were factored into the City's budget formulation process as they relate to revenue forecasting, program planning, and resource allocation for fiscal years 2012-13.

The current unprecedented state of the economy has had direct and significant impacts on the City's declining revenue base. The fiscal issues addressed in the budget were deep and widespread, touching virtually every government service that Oakland provides. The City had to address a \$58 – 76 million annual General Purpose Fund shortfall in FY 2012-13 despite cutting more than \$170 million in shortfalls over the last few years. As a result, the policy and management decisions required by this budget were among the most difficult ever faced by this City. In closing the funding gap the City use a combination service reduction and union concessions, budget cuts,

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

hiring freeze or position eliminations, furlough days, restructure City departments, prioritize services and eliminate programs.

Sluggish growth is projected in fiscal years 2011-12 for the City's major sensitive revenues including property tax, sales tax, vehicle license fees, business license tax, real estate transfer tax, and parking tax, due to uncertainties brought about by the continuing housing recession, the increase in home foreclosures, and tightened lending policies. The remaining areas, while impacted by overall economic performance, are driven by other factors, for example, franchise fee is typically more heavily impacted by rate changes than economic growth.

The City of Oakland's unemployment rate decreased to 16.3 percent in June 2011 compared to an average unemployment rate of 17.2 percent for June 2010.

The Bay Area's consumer price index for all urban consumers in June 2011 was 233.646 compared to the U.S. city average consumer price index (CPI-U) for all urban consumers at 225.722 (Base period: 1982 – 84 = 100).

Estimated population for January 1, 2011 is 392,932 with an estimated total number of households of 148,875, an average household size of 2.63 persons, and a per capita personal income of \$28,311.

PERS pension rates, and health care costs have been factored into the City's Fiscal Years 2011-12 budget.

Recent Changes in Legislation Affecting California Redevelopment Agencies

On June 29, 2011, the Governor of the State of California signed Assembly Bills X1 26 and 27 as part of the State's budget package. Assembly Bill X1 26 requires each California redevelopment agency to suspend nearly all activities except to implement existing contracts, meet already-incurred obligations, preserve its assets and prepare for the impending dissolution of the agency. Assembly Bill X1 27 provides a means for redevelopment agencies to continue to exist and operate by means of a Voluntary Alternative Redevelopment Program. Under this program, each city would adopt an ordinance agreeing to make certain payments to the County Auditor Controller in fiscal year 2011-12 and annual payments each fiscal year thereafter. Assembly Bill X1 26 indicates that the City "may use any available funds not otherwise obligated for other uses" to make this payment. The City of Oakland intends to use available monies of its redevelopment agency for this purpose and the City and Agency have approved a reimbursement agreement to accomplish that objective. The amounts to be paid after fiscal year 2012-13 have yet to be determined by the state legislature.

On July 26, 2011, City Ordinance No. 13084 was adopted, indicating that the City will comply with the Voluntary Alternative Redevelopment Program in order to permit the continued existence and operation of the agency, in the event Assembly Bills X1 26 and/or 27 are upheld as constitutional. The initial payment by the City is estimated to be \$39.4 million with one half due on January 15, 2012 and the other half due May 15, 2012. Thereafter, an estimated \$10 million

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2011

will be due annually. The amounts to be paid after fiscal year 2012-13 have yet to be determined by the State Legislature. The semi-annual payments will be due on January 15 and May 15 of each year and would increase or decrease with changes in tax increment. Additionally, an increased amount would be due to schools if any "new debt" is incurred. Assembly Bill X1 27 allows a one-year reprieve on the agency's obligation to contribute 20% of tax increment to the low-and-moderate-income housing fund so as to permit the Agency to assemble sufficient funds to make its initial payments. Failure to make these payments would require agencies to be terminated under the provisions of ABX1 26.

The effects of this legislation are uncertain pending the result of certain lawsuits that have been initiated to challenge the constitutionality of this legislation. Further information regarding Assembly Bill X1 26 and 27 is contained in Note 21 of the basic financial statements

Requests for Information

This financial report is designed to provide a general overview of the City of Oakland's finances for all those with an interest in the City's fiscal and economic affairs. City of Oakland
Reconciliation of the Governmental Funds Balance Sheet to the
Statement of Net Assets for Governmental Activities
June 30, 2011
(In Thousands)

Fund balances - total governmental funds	\$ 1,031,716
--	--------------

Amounts reported for governmental activities in the statement of net assets are different due to the following:

Capital assets used in governmental activities are not a financial resource, and therefore are not reported in the funds.

Primary government capital assets, net of depreciation	\$ 987,411	
Less: internal service funds' capital assets, net of depreciation	(11,469)	975,942

Bond issuance costs are expended in the governmental funds when paid and are capitalized and amortized over the life of the corresponding bonds for the purposes of the governmental activities on the statement of net assets.

14,549

Net pension asset is recognized in the statement of net assets as an asset; however, it is not considered a financial resource and, therefore, is not reported on the balance sheet of governmental funds.

156,101

Interest on long-term debt is not accrued in the funds, but rather is recognized as an expenditure when due.

Interest payable on long-term debt for primary government	\$ (21,136)	
Add: Interest payable on long-term debt for internal service funds	48	(21,088)

Because the focus of governmental funds is on short-term financing, some assets will not be available to pay for current period expenditures. Those assets are offset by deferred revenue in the governmental funds.

387,836

Long-term liabilities, including bonds payable, are not due and payable in the current period, and therefore, are not reported in the governmental funds.

Long-term liabilities	\$ (1,932,357)	
Less: long-term liabilities for internal service funds	3,692	(1,928,665)

Internal service funds are used by the City to charge the costs of providing supplies and services, fleet and facilities management, and use of radio and communication equipment to individual funds. Assets and liabilities of internal service funds are included in governmental activities in the statement of net assets.

(29,784)

Net assets of governmental activities	\$ 586,607
---------------------------------------	------------

The notes to the basic financial statements are an integral part of this statement.

City of Oakland
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of
Governmental Funds to the Statement of Activities of Governmental Activities
For the Year Ended June 30, 2011
(In Thousands)

Net change in fund balances - total governmental funds	\$ (12,663)
--	-------------

Amounts reported for governmental activities in the statement of activities are different due to the following:

Government funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays and other capital transactions exceeds depreciation expense in the current period.

Primary government:

Capital asset acquisition	\$ 81,874	
Depreciation	(48,035)	
Less: net changes of capital assets within internal service funds	(3,002)	30,837

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Also, loans made to developers and others are treated as urban redevelopment and housing expenditures at the time the loans are made and are reported as revenues when the loans are collected in the funds. This represents the change in the deferred amounts during the current period.

Change in deferred revenue	\$ 17,832	
New notes and loans	34,828	52,660

Some expenses such as claims, workers' compensation, and vacation and sick leave reported in the statement of activities do not require the use of current financial resources, and therefore are not reported as expenditures in governmental funds.	(2,052)
---	---------

Changes to the net pension asset, as reported in the statement of activities, do not require the use of current financial resources, and therefore are not reported as expenditures in the governmental funds.	(43,902)
--	----------

Bond issuance costs are expended in the governmental funds when paid, and are deferred and amortized over the life of the corresponding life of the bonds for purposes of the statement of net assets. This is the amount by which current year amortization expense exceeded bond issuance costs in the current period.

Amortization expenses	\$ (1,326)	
Cost of issuance of bonds	828	(498)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financing sources of the governmental funds. These transactions, however have no effect on net assets. This is the amount by which principal retirement exceeded bond proceeds in the current period.

Debt and capital lease principal payments	\$ 86,965	
Issuance of bonds and notes	(56,870)	
Premium and discounts on bonds	2,052	32,147

Amortization of bond premiums and discounts	2,591
---	-------

Amortization of refunding loss	(2,915)
--------------------------------	---------

Net change in accrued and accreted interest on bonds and notes payable	(1,391)
--	---------

Principal payments of Coliseum Authority pledge obligation	3,550
--	-------

Net changes in mandated environmental remediation obligation	928
--	-----

Net changes on postemployment benefits other than pension benefits (OPEB)	(30,741)
---	----------

Net changes on fair market value of interest swap agreements	2,971
--	-------

The net income of activities of internal service funds is reported with governmental activities	5,649
---	-------

Change in net assets of governmental activities	\$ 37,171
---	-----------

NOTES TO BASIC FINANCIAL STATEMENTS

THIS PAGE LEFT INTENTIONALLY BLANK.

CITY OF OAKLAND
Notes to the Basic Financial Statements
Year Ended June 30, 2011

(1) ORGANIZATION AND DEFINITION OF REPORTING ENTITY

The City of Oakland, California, (the City or Primary Government) was incorporated on May 25, 1854, by the State of California and is organized and exists under and pursuant to the provisions of State law. The Mayor/Council form of government was established in November 1998 through Charter amendment. The legislative authority is vested in the City Council and the executive authority is vested in the Mayor with administrative authority resting with the City Administrator.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations and are combined with the data of the Primary Government within the governmental activities column in the government-wide financial statements and governmental funds in the fund financial statements.

Blended Component Units

The Redevelopment Agency of the City of Oakland (Agency) was established on October 11, 1956, for the purpose of redeveloping certain areas of the City designated as project areas. Its principal activities are acquiring real property for the purpose of removing or preventing blight, constructing improvements thereon, and rehabilitating and restoring existing properties. The Oakland City Council serves as the Agency's Board of Directors. The Agency's funds are reported as a major governmental fund.

The Oakland Joint Powers Financing Authority (JPFA) was formed to assist in the financing of public capital improvements. JPFA is a joint exercise agency organized under the laws of the State of California and is composed of the City and the Agency. The Oakland City Council serves as the governing board for JPFA. JPFA transactions are reported in other governmental funds. Related debt is included in the long-term obligations of the City in the governmental activities column of the statement of net assets.

Discretely Presented Component Unit

The Port of Oakland (Port) is a legally separate component unit established in 1927 by the City. Operations include the Oakland International Airport and the Port of Oakland Marine Terminal Facilities. Although the Port has a significant relationship with the City, it is fiscally independent and does not provide services solely to the City and, therefore, is presented discretely. All interfund transactions have been eliminated. The Port is governed by a seven-member Board of Port Commissioners (Board of Commissioners) that is appointed by the City Council, upon nomination by the Mayor. The Board appoints an Executive Director to administer operations. The Port prepares and controls its own budget, administers and controls its fiscal activities, and is responsible for all Port construction and operations. The Port is required by City charter to deposit its operating revenues in the City Treasury. The City is responsible for investing and managing such funds. The Port is presented in a separate column in the government-wide financial statements.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Complete financial statements of the individual component units may be obtained from:
Finance and Management Agency, Controller's Office
City of Oakland
150 Frank H. Ogawa Plaza, Suite 6353
Oakland, CA 94612-2093

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-wide and Fund Financial Statements

The government-wide financial statements (the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the City and its component units. The effect of interfund activity has been removed from these statements except for interfund services provided among funds. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the Primary Government is reported separately from its discretely presented component unit for which the Primary Government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds and a major individual enterprise fund are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. The City considers property tax revenues to be available for the year levied and if they are collected within 60 days of the end of the current fiscal period. All other revenues are considered to be available if they are collected within 120 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, state and local taxes, grants, licenses, charges for services, and interest and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Special assessments are recorded as revenues and receivables to the extent installments are considered current. The estimated installments receivable not considered available, as defined above, are recorded as receivables and offset by deferred revenue. All other revenues are reported on a cash basis.

Property Taxes

The County of Alameda is responsible for assessing, collecting, and distributing property taxes in accordance with enabling state law, and for remitting such amounts to the City. Property taxes are assessed and levied as of July 1 on all taxable property located in the City, and result in a lien on real property. Property taxes are then due in two equal installments—the first on November 1 and the second on February 1 of the following calendar year and are delinquent after December 10 and April 10, respectively. General property taxes are limited to a flat 1% rate applied to the 1975-76 full value of the property, or 1% of the sales price of the property or of the construction value added after the 1975-76 valuation. Assessed values on properties (exclusive of increases related to sales and construction) can rise a maximum of 2% per year. Taxes were levied at the maximum 1% rate during the year ended June 30, 2011.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial activities and resources of the general government except those required to be accounted for in another fund. These activities are funded principally by property taxes, sales and use taxes, business, utility and real estate transfer taxes, interest and investment income, and charges for services.

The **Federal/State Grant Fund** accounts for various Federal and State grants and certain state allocations used or expended for a specific purpose, activity or program.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

The **Oakland Redevelopment Agency Fund** accounts for federal grants, land sales, rents and other revenues relating to redevelopment projects. Expenditures are comprised of land acquisitions and improvements and all other costs inherent to redevelopment activities.

The **Municipal Capital Improvement Fund** accounts primarily for monies pertaining to the Oakland Museum of California and the Scotlan Convention Center financings. This fund may be used for the lease, acquisition, construction or other improvements of public facilities.

The City reports the following major enterprise fund:

The **Sewer Service Fund** accounts for the sewer service charges received by the City based on the use of water by East Bay Municipal Utility District customers residing in the City. The proceeds from the sewer charges are used for the construction and maintenance of sanitary sewers and storm drains and the administrative costs of the fund.

Additionally, the City reports the following fund types:

The **Internal Service Funds** account for the purchases of automotive and rolling equipment; radio and other communication equipment; the repair and maintenance of City facilities; acquisition, maintenance and provision of reproduction equipment and services; acquisition of inventory provided to various City departments on a cost reimbursement basis; and procurement of materials, supplies, and services for City departments.

The **Pension Trust Funds** account for closed benefit plans that cover uniformed employees hired prior to July 1976 and non-uniformed employees hired prior to September 1970.

The **Private Purpose Trust Funds** include: (a) the Private Purpose Trust Fund, which accounts for the operations of the Youth Opportunity Program and certain gifts that are not related to Agency projects or parks, recreation and cultural, activities and (b) The Private Pension Trust Fund, which accounts for the employee deferred compensation plan.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, are followed in both the business-type activities in the government-wide and the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The City also has the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to the same limitation. The City has elected not to follow subsequent private-sector guidance.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Charges between the City and the Port are not eliminated because the elimination of these charges would distort the direct costs and revenues reported.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues of the City's enterprise and internal service funds are charges for customer services including: sewers, golf courses, vehicle acquisition and maintenance, radio and telecommunication support charges, charges for facilities maintenance, and reproduction services. Operating expenses for enterprise funds and internal service funds include the cost of services, administrative expenses, and depreciation on capital assets. All other revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash and Investments

The City follows the practice of pooling cash of all operating funds for investment, except for the Oakland Redevelopment Agency Fund, and funds held by outside custodians. Investments are generally carried at fair value. Money market investments (such as short-term, highly liquid debt instruments including commercial paper, banker's acceptances, U.S. Treasury and agency obligations) that have a remaining maturity at the time of purchase of one year or less, and participating interest-earning investment contracts (such as negotiable certificates of deposit, repurchase agreements and guaranteed or bank investment contracts) are carried at amortized cost. Changes in fair value of investments are recognized as a component of interest and investment income.

Proceeds from debt and other cash and investments held by fiscal agents by agreement are classified as restricted assets. Income earned or losses arising from the investment of pooled cash are allocated on a monthly basis to the participating funds and component units based on their proportionate share of the average daily cash balance.

Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates. Mortgages are reported based on the remaining principal balances which approximate the value of future principal and interest payments discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on prices in a competitive market as determined by a specialist.

For purposes of the statement of cash flows, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The proprietary funds' investments in the City's cash and investment pool are, in substance, demand deposits and are therefore considered to be cash equivalents.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Due From/Due To Other Funds and Internal Balances

During the course of operations, numerous transactions and borrowings occur between individual funds for goods provided or services rendered and funds that have overdrawn their share of pooled cash and interfund loans. In the fund financial statements, these receivables and payables are classified as “due from other funds” and “due to other funds”, respectively. In the government-wide financial statements, these receivables and payables are eliminated within the governmental activities and business-type activities columns. Net receivables and payables between the governmental activities and business-type activities are classified as internal balances.

Interest Rate Swap Agreement

The City entered into an interest rate swap agreement to modify the interest rate on outstanding debt. Refer to Note 12 for additional information.

Interfund Transfers

In the fund financial statements, interfund transfers are recorded as transfers in/out except for certain types of transactions that are described below:

Charges for services are recorded as revenues of the performing fund and expenditures of the requesting fund. Unbilled costs are recognized as an asset of the performing fund and a liability of the requesting fund at the end of the fiscal year.

Reimbursements for expenditures, initially made by one fund that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the fund that is reimbursed. Reimbursements are eliminated for purposes of government-wide reporting.

Bond Issuance Costs and Discounts/Premiums

In the government-wide financial statements and in the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental funds recognize bond premiums and discounts as other financing sources and uses, respectively, and bond issuance costs as debt service expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Inventories

Inventories, consisting of materials and supplies held for consumption, are stated at cost. Cost is calculated using the average cost method. Inventory items are considered expensed when consumed rather than when purchased.

Capital Assets

Capital assets, which include land, museum collections, intangibles, construction in progress, facilities and improvements, furniture, machinery and equipment, infrastructure (e.g., streets, streetlights, traffic signals, and parks), sewers and storm drains, and capital assets acquired prior to 1980, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Capital outlay is recorded as expenditures in the governmental funds and as assets in the government-wide and proprietary financial statements to the extent the City's capitalization threshold is met.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

The City has a collection of artwork presented for public exhibition and education that is being preserved for future generations. These items are protected, kept unencumbered, cared for, and preserved by the City. The proceeds from the sale of any pieces of the collection are used to purchase other acquisitions for the collection. However, future acquisitions purchased with authorized budgeted City funds during a fiscal year will be reported as non-depreciable assets in the City's financial statements.

The City's depreciation of capital assets is provided on the straight-line basis over the following estimated useful lives:

Facilities and improvements	5-40 years
Furniture, machinery and equipment	2-20 years
Sewer and storm drains	50 years
Infrastructure	5-50 years

The Port's depreciation of capital assets is provided on the straight-line basis over the following estimated useful lives:

Building and improvements	5-50 years
Container cranes	25 years
Infrastructure	10-50 years
Other equipment	5-10 years

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Property Held for Resale

Property held for resale is acquired as part of the Agency's redevelopment program. These properties are both residential and commercial. Costs of administering Agency projects are charged to capital outlay expenditures as incurred. A primary function of the redevelopment process is to prepare land for specific private development. For financial statement presentation, property held for resale is stated at the lower of estimated cost or estimated conveyance value. Estimated conveyance value is management's estimate of net realizable value of each property parcel based on its current intended use.

During the period it is held by the Agency, property held for resale may generate rental or operating income. This income is recognized as it is earned in the Agency's statement of activities and generally is recognized in the Agency's governmental funds in the same period depending on when the income becomes available on a modified accrual basis of accounting. The Agency does not depreciate property held for resale, as it is the intention of the Agency to only hold the property for a period of time until it can be resold for development.

Net Pension Asset

In February 1997, the City issued pension obligation bonds to reduce the actuarial accrued liability of the Police and Fire Retirement System (PFRS). The net pension asset represents a prepaid asset amortized over the same period used by the actuary at the time of the bond issuance, as it allows for the matching of the asset with the related pension obligation bond liability. See Note 16 for the accounting treatment of the net pension asset.

Compensated Absences – Accrued Vacation, Sick Leave, and Compensatory Time

The City's policy and its agreements with employee groups permit employees to accumulate earned but unused vested vacation, sick leave and other compensatory time. All earned compensatory time is accrued when incurred in the government-wide financial statements and the proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they are due and payable.

Retirement Plans

City employees participate in one of three defined benefit retirement plans: Oakland Police and Fire Retirement System (PFRS), Oakland Municipal Employees' Retirement System (OMERS), and California Public Employees' Retirement System (PERS) (collectively, the Retirement Plans). Employer contributions and member contributions made by the employer to the Retirement Plans are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the provisions of the Retirement Plans. Refer to Note 16 for additional information.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Other Postemployment Benefits (OPEB)

The OPEB plan covers Police, Fire and Miscellaneous employees. City retirees are eligible for retiree health benefits if they meet certain requirements relating to age and service. Retiree health benefits are described in the labor agreements between the City and Local Unions and in City resolutions. The demographic rates used for the California Public Employee Retirement System (PERS) were public safety employees retirements benefits under a 3% at 50 formula and miscellaneous employees retirement benefits under a 2.7% at 55 formula. At June 30, 2011, the City reported a net OPEB obligation of \$156,978,541. See Note 17 for additional information.

Pollution Remediation Obligations

Under the provisions of GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, the City recorded remediation liabilities related to its pollution remediation activities. See Note 12 for additional information.

Refunding of Debt

Gains or losses occurring from advance refunding are deferred and amortized into expense for both business-type activities and proprietary funds. For governmental activities reported in the government-wide financial statements, they are deferred and amortized into expense if they occurred subsequent to June 30, 2001.

Fund Balances

As prescribed by GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2011, fund balances for government funds are made up of the following:

- *Restricted Fund Balance*: includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers. It also includes a legally enforceable requirement that the resources can only be used for specific purposes enumerated in the law.
- *Committed Fund Balance*: includes amounts that can only be used for the specific purposes determined by a formal action of the City's highest level of decision-making authority, the City Council. Commitments may be changed or lifted only by the City taking the same formal action that imposed the constraint originally.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

- *Assigned Fund Balance:* comprises amounts intended to be used by the City for specific purposes that are neither restricted nor committed. Intent is expressed by (a) the City Council or (b) a body (for example: a Finance and Management Committee) or official to which the City's Council has delegated the authority to assign amounts to be used for specific purposes. This category includes the City's encumbrances, project carry-forwards, and continuing appropriation.
- *Unassigned Fund Balance:* are amounts technically available for any purpose. It's the residual classification for the General Fund and includes all amounts not contained in the other classifications.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

Fund balances for all the major and nonmajor governmental funds as of June 30, 2011, were distributed as follows:

	General	Federal/ State Grant Fund	Oakland Re- development Agency	Municipal Capital Improvement	Other Governmental Funds	Total
Restricted for:						
Capital projects	\$ -	\$ 21,415	\$ 119,676	\$ 67,252	\$ 25,084	\$ 233,427

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Adoption of New Pronouncement

Beginning fund balance as of June 30, 2010 for the general fund in the amount of \$5.2 million, \$4.8 million for the Federal/State Grant Fund, and \$10.0 million for other governmental funds have been restated as part of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* implementation.

Restricted Net Assets

Restricted net assets are those assets, net of their related liabilities that have constraints placed on their use by laws and regulations of other governments, creditors, grantors, or contributors and restrictions imposed by law through constitutional provisions or enabling legislation. Accordingly, restricted assets may include principal and interest amounts accumulated to pay debt service, unspent grant revenues, certain fees and charges, and restricted tax revenues. At June 30, 2011, the government-wide statement of net assets reported restricted net assets of \$382.5 million in governmental activities, none of which was restricted by enabling legislation.

Effects of New Pronouncements

The City is currently analyzing its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In November 2010, GASB issued Statement No. 60, *Accounting and Financial Reporting for Service Concession Agreements*. This statement addresses how to account for and report service concession agreements (SCAs). SCAs represent a type of public-private or public-public partnership. As used in the statement, a SCA is an agreement between a transferor (a government) and an operator (government or nongovernment) in which the following conditions are met:

- The transferor conveys to an operator the right and related obligation to provide services through the use of infrastructure or another public asset in exchange for significant consideration and,
- The operator collects and is compensated by fees from third parties

This statement also provides authoritative guidance on whether the transferor or the operator should report the capital asset in its financial statement; when to recognize up-front payments from an operator as revenue; and how to record any obligations of the transferor to the operator. Application of this statement is effective for the City's fiscal year ending June 30, 2013.

In November 2010, GASB issued Statement No. 61, *The Financial Reporting Entity: Omnibus*. Statement No. 61 is designed to improve financial reporting for governmental entities by amending the requirements of Statements No. 14, *The Financial Reporting Entity*, and No. 34, *Basic Financial Statements—and Management's Discussion and*

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Analysis—for State and Local Governments, to better meet user needs and address reporting entity issues that have come to light since those Statements were issued in 1991 and 1999, respectively. This statement modifies certain requirements for inclusion of component units in the financial reporting entity. The statement also amends the criteria for reporting component units as if they were part of the primary government in certain circumstances. Application of this statement is effective for the City's fiscal year ending June 30, 2013.

In December 2010, GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. The objective of this statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance found in the following pronouncements issued on or before November 30, 1989 that do not conflict with or contradict GASB pronouncements:

- Financial Accounting Standard Board (FASB) Statements and Interpretations,
- Accounting Principals Board Opinions, and
- Accounting Research Bulletins of the American Institute of Certified Public Accountants (AICPA) Committee on Accounting Procedure.

Application of this statement is effective for the City's fiscal year ending June 30, 2013.

In June 2011, GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources, and incorporates these financial measures into the definitions of the required components of the residual measure, which will be renamed as net positions, rather than net assets. Application of this statement is effective for the City's fiscal year ending June 30, 2013.

In June 2011, GASB also issued Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions—an amendment of GASB Statement No. 53*. The objective of this Statement is to clarify whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. This statement sets forth criteria that establish when the effective hedging relationship continues and hedge accounting should continue to be applied. The requirements of this statement are effective for the City's fiscal year ending June 30, 2013.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

(3) CASH AND INVESTMENTS AND RESTRICTED CASH AND INVESTMENTS

The City maintains a cash and investment pool consisting of City funds and cash held for OMERS, PFRS, and Port. The City's funds are invested according to the investment policy adopted by the City Council. The objectives of the policy are legality, safety, liquidity, diversity, and yield. The policy addresses soundness of financial institutions in which the City can deposit funds, types of investment instruments permitted by the California Government Code, duration of the investments, and the percentage of the portfolio that may be invested in:

- United States Treasury securities (subject to restrictions by the Nuclear Free Ordinance);
- federal agency issues;
- bankers' acceptances;
- commercial paper;
- medium term corporate notes and deposit notes;
- negotiable certificates of deposit;
- certificates of deposit;
- State of California Local Agency Investment Fund;
- money market mutual funds;
- local city/agency bonds;
- State of California bonds;
- secured obligations and agreements;
- repurchase agreements; and
- reverse repurchase agreements.

The City's investment policy stipulates that the collateral to back up repurchase agreements be priced at market value and be held in safekeeping by the City's primary custodian. Additionally, the City Council has adopted certain requirements prohibiting investments in nuclear weapons makers and restricting investments in U.S. Treasury bills and notes due to their use in funding nuclear weapons research and production.

On March 17, 2011, the City Operating Fund or Investment Pool is rated 'AAA/V1' by Fitch Ratings, reflecting the credit quality of the portfolio assets and their low sensitivity to market risks. The fund's V1 volatility rating reflects low market risk and a capacity to return stable principal value to meet anticipated cash flow requirements of the City and the Port of Oakland, even in adverse interest rate environment.

Other deposits and investments are invested pursuant to the governing bond covenants, deferred compensation plans, or retirement systems' investment policies. Under the investment policies, the investment counsel is given the full authority to accomplish the objectives of the bond covenants or retirement systems subject to the discretionary limits set forth in the policies.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Total City deposits and investments at fair value are as follows (in thousands):

	Primary Government			Total	Component
	Governmental Activities	Business-type Activities	Fiduciary Funds		Unit
Cash and investments	\$ 378,122	\$ 29,487	\$ 13,306	\$ 420,915	\$ 174,591
Restricted cash and investments	502,440	4,959	298,452	805,851	89,576
Securities lending collateral	-	-	11,536	11,536	-
TOTAL	\$ 880,562	\$ 34,446	\$ 323,294	\$ 1,238,302	\$ 264,167
Deposits				\$ 24,018	\$ 2,292
Investments				1,214,284	261,875
TOTAL				\$ 1,238,302	\$ 264,167

Primary Government

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a failure of a depository financial institution or counterparty to a transaction, the City may be unable to recover the value of the investments or collateral securities in the possession of an outside party. To protect against fraud and potential losses from the financial collapse of securities dealers, all securities owned by the City shall be held in the name of the City for safekeeping by a third party bank trust department, acting as an agent for the City under the terms of the Custody Agreement. The City's investments subject to Custodial Credit Risk Category is very low.

At June 30, 2011, the carrying amount of the City's deposits was \$24.0 million. Deposits include checking accounts, interest earning savings accounts, money market accounts, and nonnegotiable certificates of deposit. Of the bank balance, \$1.7 million was insured by the Federal Deposit Insurance Corporation (FDIC) and \$22.3 million was collateralized with securities held by the pledging financial institution in the City's name, in accordance with Section 53652 of the California Government Code.

The California Government Code requires that governmental securities or first trust deed mortgage notes be used as collateral for demand deposits and certificates of deposit at 110 percent and 150 percent, respectively, of all deposits not covered by federal deposit insurance. The collateral must be held by the pledging financial institution's trust department and is considered held in the City's name.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Credit Risk: Credit risk represents the possibility that the issuer/counterparty to an investment will be unable to fulfill its obligations. The most effective method for minimizing the risk of default by an issuer is to invest in high quality obligations. Under the City investment policy, short-term debt shall be rated at least A-1 by Standard and Poor's (S&P), P-1 by Moody's Investors Service or F-1 by Fitch Ratings. Long-term debt shall be rated at least A by Standard and Poor's, Moody's Investors Service or Fitch Ratings. Since these obligations are the only ones permitted by State law, investing in them is also the most effective way to maintain legal compliance. As of June 30, 2011, approximately 72% of the pooled investments was invested in "AAA" quality securities.

The following tables show the City's credit risk for the Pool and Restricted portfolios as of June 30, 2011 (in thousands):

Pooled Investments

	Ratings as of June 30, 2011			
	Fair Value	AAA/Aaa	A1/P1/F1	Not Rated

Concentration of Credit Risk: The City has an investment policy related to the City's cash and investment pool, which is subject to annual review. Under the City's Investment Policy, no more than five percent (5%) of the total assets of the investments held by the City may be invested in the securities of any one issuer, except the obligations of the United States government or government-sponsored enterprises, investment with the Local Agency Investment Fund, and proceeds of or pledged revenues for any tax and revenue anticipation notes. Per the Investment Policy, investments should conform to Sections 53600 et seq. of the California Government Code and the applicable limitations contained within the policy.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Certain other investments are governed by bond covenants which do not restrict the amount of investment in any one issuer. Investments in one issuer that exceed 5% of the City's investment portfolio at June 30, 2011 are as follows (in thousands):

Investment Type / Issuer	Amount	Percent of City's Investment Portfolio
U.S. Government Agency Securities:		
Federal National Mortgage Association (Fannie Mae)	\$ 206,418	18.86%
Federal Home Loan Bank	72,306	6.61%

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Interest Rate Risk: This risk represents the possibility that an interest rate change could adversely affect an investment's fair value. The longer the maturity of an investment, the greater the sensitivity its fair value is to changes in market interest rates.

As a means for limiting its exposure to changing interest rates, Section 53601 of the State of California Government Code and the City's Investment Policy limit certain investments to short-term maturities such as certificates of deposit and commercial paper, whose maturities are 360 days and 270 days, respectively. Also, Section 53601 of the State of California Government Code limits the maximum maturity of any investment to be no longer than 5 years unless authority for such investment is expressly granted in advance by the City Council or authorized by bond covenants. The City continues to purchase a combination of shorter- term and longer-term investments to minimize such risks.

The City has elected to use the segmented time distribution method of disclosure for its interest rate risk. As of June 30, 2011, the City had the following investments and original maturities (in thousands):

Pooled Investments

<u>Investment Type</u>	<u>Fair Value</u>	<u>Maturity</u>			
		<u>Interest Rates (%)</u>	<u>12 Months or Less</u>	<u>1 - 3 Years</u>	<u>3 - 5 Years</u>

Foreign Currency Risk: This is the risk that changes in exchange rates between the U.S. dollar and foreign currencies could adversely affect an investment's fair value. The City only invests in U.S. dollar denominated obligations. This successfully eliminates all risk of principal erosion due to fluctuations in the values of foreign currencies.

Other Disclosures: As of June 30, 2011, the City's investment in LAIF is \$102.4 million (\$99.2 million in pooled investments and \$3.2 million in restricted investments). The total amount invested by all public agencies in LAIF at that date is approximately \$24 billion. LAIF is part of the Pooled Money Investment Account (PMIA) with a total portfolio of approximately \$66.5 billion, 94.99% is invested in non-derivative financial products and 5.01% in structured notes and asset-backed securities. As of June 30, 2011, LAIF has an average life-month end of 237 days. The Local Investment Advisory Board (Advisory Board) has oversight responsibility for LAIF. The Advisory Board consists of five members as designated by State Statute. The value of the pool shares in LAIF, which may be withdrawn, is determined on an amortized cost basis that is different than the fair value of the City's position in the pool.

Investments – Retirement Plans

The Retirement Plans' investment policies authorize investment in the domestic stocks and bonds, U.S. equities, international equities, U.S. fixed income, mortgage loans, and real estate. The Retirement Plans' investment portfolios are managed by external investment managers. During the year ended June 30, 2011, the number of external investment managers was eleven for PFRS and one for OMERS.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Oakland Municipal Employees' Retirement System (OMERS)

Deposits in the City's Investment Pool

Cash and deposits consisted of cash in treasury held in the City's cash and investment pool. These funds are invested according to the investment policy adopted by the City Council. Interest earned on these pooled accounts is allocated monthly to all funds based on the average daily cash balance maintained by the respective funds. As of June 30, 2011, OMERS' share of the City's investment pool totaled \$135,348.

Investments

OMERS' investment policy authorizes investments in domestic common stocks and bonds. OMERS' investment policy states that the asset allocation of the investment portfolio target shall be 70% domestic equity and 30% domestic fixed income. As of June 30, 2011, OMERS' investment portfolio consists of shares of two investment funds (Funds). OMERS invests in the American Century Equity Fund and the HighMark Employee Benefit Flexible Bond Commingled Fund. Specific guidelines for the Funds are detailed in the prospectus or declaration of Trust, for each individual fund.

The following summarizes OMERS' investment portfolio as well as the interest rate and the weighted average maturities of the funds as of June 30, 2011 (in thousands):

Investments	Fair Value	Yield	Weighted Average Maturity
Short-Term Investments	<u>\$ 47</u>	-	*
Equity Investments			
American Century Equity Mutual Fund	3,256	-	*
Fixed Income Investments			
HighMark Employee Benefit Flexible Bond Commingled Fund	<u>1,481</u>	3.0%	4.6 Years
Total Equity & Fixed Income Investment	<u>4,737</u>		
Total Investments	<u><u>\$ 4,784</u></u>		

* Weighted average maturity is less than 0.1 year.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. OMERS' investment policy states that the fixed income portfolio shall not exceed 8% investment in below investment grade securities (rated Ba/BB) or below by at least one Nationally Recognized Statistical Rating Organization (NRSRO) at fair market. As of June 30, 2011, OMERS was invested in the HighMark Employee Benefit Flexible Bond Commingled Fund which has a credit quality rating of AA.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Custodial Credit Risk: Custodial credit risk is the risk that, in the event of a failure of a depository financial institution or counterparty to a transaction, OMERS may not be able to recover the value of deposits, investments, or collateral securities in the possession of an outside party.

The California Government Code requires that governmental securities or first trust deed mortgage notes be used as collateral for demand deposits and certificates of deposit at 110 percent and 150 percent, respectively, of all deposits not covered by federal deposit insurance. As the City holds all cash and certificates of deposit on behalf of OMERS, the collateral must be held by the pledging financial institution's trust department and is considered held in the City's name.

OMERS does not have any investments that are not registered in the name of OMERS and are either held by the counterparty or the counterparty's trust department or agent, but not in OMERS's name.

Derivatives: OMERS has no derivatives as of June 30, 2011.

Oakland Police and Fire Retirement System (PFRS)

Deposits in the City's Investment Pool

As of June 30, 2011, cash and cash deposits consisted of cash in treasury held in the City's cash and investment pool as well as cash deposits held in bank and with a custodian. These funds are invested according to the investment policy adopted by the City Council. Interest earned on these pooled accounts is allocated monthly to all funds based on the average daily cash balance maintained by the respective funds. As of June 30, 2011, PFRS' share of the City's investment pool totaled \$2,300,096.

PFRS has a money market account with Alta Alliance Bank in the amount of \$1,100,158 and a cash balance of \$17,421 in its international custodian accounts. Of the total cash and cash deposits not held in the City's investment pool, \$267,421 was FDIC insured and \$850,158 was collateralized with securities held by the pledging financial institution in PFRS' name, in accordance with Section 53652 of the California Government Code.

Investments

PFRS' investment policy authorizes investment in U.S. equities, international equities, U.S. fixed income securities, instruments including U.S. Treasury notes and bonds, government agency mortgage backed securities, U.S. corporate notes and bonds, collateralized mortgage obligations, yankee bonds and non-U.S. issued fixed income securities denominated in foreign currencies. PFRS' investment portfolio is managed by external investment managers, except for the bond iShares which are managed internally. During the year ended June 30, 2011, the number of external investment managers was eleven.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

The PFRS investments are also restricted by the City Charter. In November 2006, City voters passed Measure M to amend the City Charter to allow the PFRS Board to invest in non-dividend paying stocks and to change the asset allocation structure from 50% equities and 50% fixed income to the Prudent Person Standard as defined by the California Constitution.

PFRS' investment policy limits fixed income investments to a maximum average duration of 10 years and a maximum remaining term to maturity (single issue) at purchase of 30 years, with targeted portfolio duration of between 3 to 8 years and targeted portfolio maturity of 15 years. PFRS' investment policy with respect to fixed income investments identifies two standards for credit quality. The policy allows the fixed managers to invest in securities with a minimum rating of B or higher as long as the portfolio maintains an average credit quality of BBB (investment grade using Standard & Poor's or Moody's ratings).

PFRS' investment policy states that investments in derivative securities known as Collateralized Mortgage Obligations (CMOs) shall be limited to a maximum of 20% of a broker account's fair value with no more than 5% in any one issue. CMOs are mortgage-backed securities that create separate pools of pass-through rates for different classes of bondholders with varying maturities. The fair value of CMOs are considered sensitive to interest rate changes because they have embedded options.

The investment policy allows for each fixed income asset manager to have a maximum of 10% of any single security investment in their individual portfolios with the exception of U.S. government securities, which is allowed to have a maximum of 25% in each manager's portfolio.

Interest Rate Risk: This is the risk that changes in interest rates will adversely affect the fair value of an investment. PFRS' investment policy limits fixed income investments to a maximum average duration of 10 years and a maximum remaining term to maturity (single issue) at purchase of 30 years, with targeted portfolio duration of between 3 to 8 years and targeted portfolio maturity of 15 years. The weighted average duration for PFRS fixed income investment portfolio excluding fixed short-term investments and securities lending investments was 4.95 years as of June 30, 2011.

As of June 30, 2011, PFRS had the following fixed income investments by category (in thousands):

Short-Term Investment Duration:

Investment Type	Fair Value	Modified Duration (Year)
U.S. Treasuries	\$ 5,329	0.71
Short-Term Investment Funds	11,534	n/a

Year Ended June 30, 2011

The following tables provide information as of June 30, 2011 concerning credit risk of securities lending collateral ratings (in thousands):

<u>S & P/Moody's Rating</u>	<u>Fair Value</u>
Not Rated	<u>\$ 11,536</u>

Concentration of Credit Risk: This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. As of June 30, 2011, no investment in any single insurer exceeded 5% of PFRS' investments.

Custodial Credit Risk: Custodial credit risk is the risk that, in the event of a failure of a depository financial institution or counterparty to a transaction, there will be an inability to recover the value of deposits, investments, or collateral securities in the possession of an outside party.

The California Government Code requires that governmental securities or first trust deed mortgage notes be used as collateral for demand deposits and certificates of deposit at 110 percent and 150 percent, respectively, of all deposits not covered by federal deposit insurance. As the City holds cash and certificates of deposit on behalf of PFRS, the collateral must be held by the pledging financial institution's trust department and is considered held in the City's name. For all other PFRS deposits, the collateral must be held by the pledging financial institution's trust department and is considered held in PFRS' name.

The City, on behalf of PFRS, does not have any funds or deposits that are not covered by depository insurance, which are either uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent, but not in the City's name. PFRS does not have any investments that are not registered in the name of PFRS and are either held by the counterparty or the counterparty's trust department or agent, but not in PFRS' name.

Derivatives: PFRS has no derivatives as of June 30, 2011.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Foreign Currency Risk: Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair values of an investment or deposit. Currency hedging is allowed under the PFRS investment policy for defensive purposes only. The investment policy limits currency hedging to a maximum of 25% of the portfolio value. The following summarizes PFRS' investments denominated in foreign currencies as of June 30, 2011 (in thousands):

<u>Foreign Currency</u>	<u>Total</u>
Australian Dollar	\$ 1,681
Brazilian Real	998
Canadian Dollar	1,207
Danish Krone	672
Euro	8,230
Hong Kong Dollar	2,102
Indonesian Rupian	624
Japanese Yen	4,061
Malaysian Ringgit	379
Mexican Peso	425

Singapore Dollar	111
South Korean Won	856
Swedish Krona	1,010
Swiss Franc	2,968
Taiwan Dollar	231
United Kingdom Pound	4,447
Total Foreign Currency	<u>\$ 30,449</u>

Securities Lending Transactions

PFRS is authorized to enter into securities lending transactions which are short-term collateralized loans of PFRS securities to brokers-dealers with a simultaneous agreement allowing PFRS to invest and receive earnings on the loan collateral for a loan rebate fee. All securities loans can be terminated on demand by either PFRS or the borrower, although the average term of such loans is one week.

The Bank of New York Mellon administers the securities lending program. The administrator is responsible for maintaining an adequate level of collateral in an amount equal to at least 102% of the market value of loaned U.S. government securities, common stock and other equity securities, bonds, debentures, corporate debt securities, notes, and mortgages or other obligations. Collateral received may include cash, letters of credit, or securities. If securities collateral is received, PFRS cannot pledge or sell the collateral securities unless the borrower defaults. PFRS does not match the maturities of investments made with cash collateral with the securities on loan.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

As of June 30, 2011, management believes that PFRS has minimized its credit risk exposure to borrowers because the amounts held by PFRS as collateral exceeded the securities loaned by PFRS. PFRS' contract with The Bank of New York Mellon requires it to indemnify PFRS if the borrowers fail to return the securities (and if the collateral is inadequate to replace the securities borrowed) or fail to pay PFRS for income distributions by the securities' issuers while the securities are on loan.

The following table summarizes investments in securities lending transactions and collateral received as of June 30, 2011 (in thousands):

Securities Lending	
Investments and Collateral Received (At Fair Value)	
Securities on loan:	
U.S. Government and Agency Securities	\$ 57
U.S. Corporate Bonds	513
U.S. Equity	8,906
Non-U.S. Equity	1,730
Total Securities on Loan	<u>\$ 11,206</u>
Invested Cash Collateral Received:	
Money Market Mutual Funds	\$ 585
Repurchase Agreements	10,951
Total Invested Cash Collateral Received	<u>\$ 11,536</u>

Fair Value Highly Sensitive to Change in Interest Rates: The terms of a debt investment may cause its fair value to be highly sensitive to interest rate changes. PFRS has invested in collateralized mortgage obligations (CMOs), which are mortgage-backed bonds that pay pass-through rates with varying maturities. The fair values of CMOs are considered sensitive to interest rate changes because they have embedded options, which are triggers related to quantities of delinquencies or defaults in the loans backing the mortgage pool. If a balance of delinquent loans reaches a certain threshold, interest and principal that would be used to pay junior bondholders is instead directed to pay off the principal balance of senior bondholders and shortening the life of the senior bonds. The following table shows PFRS' investments in CMOs as of June 30, 2011 (in thousands):

Securities Name	Weighted Average Coupon Rate	Weighted Average Maturity	Fair Value	Percent of Total Investment Fair Value
Commercial Mortgage Pass-Through	4.13%	12/13/2023	\$ 908	0.31%

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Discretely Presented Component Unit – Port of Oakland

The Port's cash, investments and deposits consisted of the following at June 30, 2011 (in thousands):

Cash on hand	\$ 9
Bank Deposits and Deposits in Escrow	2,283
Investments	<u>261,875</u>
Total Cash and Investments	<u>\$ 264,167</u>

Deposits in Escrow consist of amounts received from construction contractors that are deposited into an escrow account in-lieu of retention withheld from construction progress billings. Interest on these deposits accrues to the contractor.

Investments

Under the City of Oakland Charter, all income and revenue from the operation of the Port is to be deposited in the City Treasury. Unused bonds proceeds are on deposit with a Trustee for both reserves and construction funds. The investment of funds held by a Trustee is governed by the Amended and Restated Master Trust Indenture, dated as of April 1, 2006 (the Restated Indenture). There were no investments pertaining to the Intermediate Lien Debt. Escrow funds are on deposit with an escrow agent. At June 30, 2011 the Port had the following investments (in thousands):

	Fair Value	Credit Rating	Maturity	
			Less than 1 Year	1 - 5 Years
U.S. Treasury Notes	\$ 61,898	AAA	\$ 61,898	\$ -
Government Securities Money				
Market Mutual Funds	10,541	AAA	10,541	-
City Investment Pool	<u>189,436</u>	AAA	<u>150,236</u>	<u>39,200</u>
Total Investments	<u>\$ 261,875</u>		<u>\$ 222,675</u>	<u>\$ 39,200</u>

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Investments Authorized by Debt Agreements

The following are the maximum maturities for each type of investment as allowed under the Trust Indenture and the applicable Supplemental Indenture for each bond issue:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>
U.S Government Securities	One year
U.S. Agency Obligations	None
Obligations of any State in the U.S	None
Prime Commercial Paper	270 days
FDIC Insured Deposits	None
Certificates of Deposits/Bankers' Acceptances	None
Money Market Mutual Funds	None
State-sponsored Investment Pools	None
Investment Contracts	None
Forward Delivery Agreement	None

Interest Rate Risk

This risk represents the possibility that an interest rate change could adversely affect an investment's fair value. In order to manage interest rate risk, it is the Port's policy that most bond proceeds are invested in permitted investment provisions of the Port's Trust Indentures with a short-term maturity.

Credit Risk

Provisions of the Port's Trust Indenture prescribe restrictions on the types of permitted investments of the monies held by the trustee in the funds and accounts created under the trust indentures, including agreements or financial institutions that must meet certain ratings.

Concentration of Credit Risk

The Trust Indenture places no limit on the amount the Port may invest in any one issuer. There were no investments that exceeded 5% of the total invested funds.

Custodial Credit Risk

For deposits, custodial credit risk is the risk that in the event of a failure of a depository financial institution, the ability to recover the value of the investments or collateral securities in the possession of an outside party may be doubtful. For investments, custodial credit risk is the risk that, in the event of the failure of the counterparty to a transaction, the Port will not be able to recover the value of its investment or collateral securities that are in possession of another party. To protect against custodial credit risk, all securities owned by the Port are held in the name of the Port for safekeeping by a third party bank trust

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

department, acting as an agent for the Port under the terms of the Restated Trust Indenture. The carrying amount of Port deposits in escrow was \$2,283,000 at June 30, 2011. Bank balances and escrow deposits of \$250,000 at June 30, 2011 are insured or collateralized with securities held by the pledging financial institution's trust department in the Port's name. The remaining balance of \$2,033,000 as of June 30, 2011, was exposed to custodial credit risk by not being insured or collateralized.

Cash and Investments with the City of Oakland

Pursuant to the City Charter, Port operating revenues are deposited in the City Treasury. These funds are commingled in the City's investment pool. The Port receives a monthly interest allocation from investment earnings of the City based on the average daily balance on deposit and the earnings of the investments.

(4) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

"Due to" and "due from" balances have primarily been recorded when funds overdraw their share of pooled cash and interfund loans. The amounts due from the Oakland Redevelopment Agency are related to advances and interfund loans made by the City for projects, loans, and services. The receivable amounts of the Agency relate to project advances made by the Agency for the City. The internal service funds' borrowing will be repaid over a reasonable period of time as described in Note 20. The composition of interfund balances and transfers as of June 30, 2011, is as follows (in thousands):

Due From/Due To Other Funds

Receivables	Payable Fund	Amount
General Fund	Oakland Redevelopment Agency	\$ 1,197
	Other Governmental Funds	5,520
	Municipal Capital Improvement	8,045
	Internal Service Funds	39,803
	Subtotal General Fund	54,565
Federal/State Grant Fund	Oakland Redevelopment Agency	159
Oakland Redevelopment Agency	General Fund	8,992
	Federal/State Grant Fund	3,532
	Other Governmental Funds	512
	Subtotal Oakland Redevelopment Agency	13,036
Municipal Capital Improvement	Oakland Redevelopment Agency	98
Other Governmental Funds	Oakland Redevelopment Agency	818
	Subtotal Governmental Funds	68,676
Internal Service Funds	Oakland Redevelopment Agency	56
	Total	\$ 68,732

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)

Interfund Transfers

TRANSFERS OUT	TRANSFERS IN		
	General Fund	Other Governmental Funds	Total Governmental
General Fund	\$ -	\$ 100,300	\$ 100,300
Federal/State Grant Fund	-	1,208	1,208
Other Governmental Funds	578	-	578
Sewer Service Fund	1,476	-	1,476
Internal Service Funds	224	-	224
Total	\$ 2,278	\$ 101,508	\$ 103,786

The \$100.3 million transferred from the General Fund consists of transfers made to provide funding for the following:

- \$11.5 million for the Kids' First Children's Program
- \$88.6 million for debt service payments
- \$0.2 million for City-owned parcels of land in the Wildfire Prevention Assessment District

The \$0.6 million transfer from Other Governmental Funds to General Fund is to provide funding for the following:

- \$0.2 million for City's claims and liability payments
- \$0.4 million for Motorola IPSS support and maintenance cost

The \$1.5 million transfer from the Sewer Service Fund to the General Fund is to provide funding for the following:

- \$0.6 million for City-wide lease payments
- \$0.9 million for City's claims and liability payments

The \$0.2 million transfer from the Internal Service Fund to the General Fund is to provide funds for City's claims and liability payments.

The \$1.2 million transfer from Federal/State Grant Funds to Other Governmental Funds is to set up Prop 42 fund within the State Gas Tax fund.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Interfund Loans

Certain interfund loans made from the General Fund to the Oakland Redevelopment Fund have been removed as they are not expected to be repaid within a reasonable period of time. The loans continue to be obligations of the Agency, and will be recognized as other financing sources in the General Fund upon receipt. The table below shows the total amount of interfund loans due as of June 30, 2011 (in thousands).

	Balance July 1, 2010	Additions	Deductions	Balance June 30, 2011
Oakland Center Project	\$ 13,270	\$ -	\$ 13,270	\$ -

On July 20, 2010, the City Council approved a resolution forgiving the remaining balance of interest and principal owed by the Oakland Redevelopment Agency under the 1966 Oak Center repayment contract.

(5) MEMORANDUMS OF UNDERSTANDING

The City and the Port have Memorandums of Understanding (MOUs) relating to: general obligation bonds issued by the City for the benefit of the Port; various administrative, personnel, south airport police security, aircraft rescue and fire fighters, and financial services (Special Services); police, fire, public street cleaning and maintenance, and similar services (General Services) provided by the City to the Port; and Lake Merritt payments. Payments are made upon execution of appropriate agreements and periodic findings and authorizations from the Board.

Special Services

Payments for special services are treated as a cost of Port operations pursuant to the City Charter Section 717(3) Third Clause and have priority over certain other expenses of Port revenues. Special services totaled \$6,802,000 and are included in "Operating Expenses." At June 30, 2011, \$8,501,000 was accrued as a current liability by the Port and as a receivable by the City.

General Services and Lake Merritt

Payments for General Services from the City are payable only to the extent the Port determines annually that surplus monies are available under the Charter for such purposes. As of June 30, 2011, the Port accrued approximately \$4,792,000 of payments for General Services as a current liability and by the City as a receivable. Additionally, subject to certain conditions, the Port accrued approximately \$3,800,000 to reimburse the City for General Services for net City expenditures for Lake Merritt Tideland Trust properties in 2010. Subject to adequate documentation from the City, and subject to availability of surplus monies, the Port expects that it will continue to reimburse the City annually for General Services and Lake Merritt Tideland Trust services.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Lease with the Port

The Port has leased property to the City under a 66-year lease, which is expressed in terms of the Amended and Restated Lease between the Port and the City for the development and operation of the public golf course by the City. The lease commenced in 2003 when the Port delivered a completed 164.90 acres golf course to the City to replace the City's golf course that was destroyed when the Port used the site as a dredge disposal site. The golf course is leased to a third party and the minimum annual rental is \$269,760 payable in twelve installments of \$22,480 per month, which is then split 50/50 between the Port and the City.

(6) NOTES AND LOANS RECEIVABLE

The composition of the City's notes and loans receivable as of June 30, 2011, is as follows (in thousands):

Type of Loan	General Fund	Federal/State Grant Fund	Oakland Redevelopment Agency	Other Governmental Funds	Total
Pass-through Loans	\$ 8,546	\$ 3,532	\$ -	\$ 512	\$ 12,590
HUD Loans	-	127,589	-	-	127,589
Economic Development					
Loans and Other	53	4,981	237,124	33,352	275,510
Less: Allowance for					
Uncollectable Accounts	-	(1,807)	(47,018)	(1,637)	(50,462)
Total Notes and Loans					
 Receivable, Net	\$ 8,599	\$ 134,295	\$ 190,106	\$ 32,227	\$ 365,227

As of June 30, 2011, the City has a total of \$365.2 million net notes and loans receivable, which is not expected to be received in the next twelve months. All of the City's notes and loans receivables are offset with deferred revenue in the governmental funds as the collection of those notes and loans are not expected within the near future.

Land	\$ 441,073
Container cranes	153,775
Building and other facilities	1,103,271
Subtotal	1,698,119
Less accumulated depreciation	(488,438)
Capital assets on lease, net	\$ 1,209,681

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Operating Leases

A major portion of the Port's capital assets is held for lease. Leased assets include maritime facilities, aviation facilities, office and commercial space, and land. The majority of the leases are classified as operating leases.

Certain maritime facilities are leased under agreements, which provide the tenants with preferential, but nonexclusive, use of the facilities. Certain leases provide for rentals based on gross revenues of the leased premises or, in the case of marine terminal facilities, on annual usage of the facilities. Such leases generally provide for minimum rentals and certain preferential assignments provide for both minimum and maximum rentals.

A summary of revenues from long-term leases for the year ended June 30, 2011, is as follows (in thousands):

Minimum non-cancelable rentals, including preferential assignments	\$ 157,036
Contingent rentals in excess of minimums	22,290
Secondary use of facilities leased under preferential assignments	<u>295</u>
Total	<u><u>\$ 179,621</u></u>

The Port and Ports America Outer Harbor Terminal, LLC, a private company, entered into a long-term concession and lease agreement on January 1, 2010 for the operation of berths 20-24 for 50 years. A \$60 million upfront fee was paid to the Port with offsets of approximately \$7 million for contractual obligations. The unamortized net upfront fee of approximately \$52 million at June 30, 2011, is classified as short-term and long-term deferred revenues of \$1.0 million and \$51 million, respectively. One of the Port's goals for the concession and lease agreement for berths 20-24 was, among other things, to maintain the continuous use and occupancy of berths 20-24 by a rent-paying tenant and maximize the annual revenue guarantee over the life of the concession, while also transferring the risk and responsibility for the berths to the concessionaire to the greatest extent commercially reasonable to do so. In furtherance of these goals, the concession and lease agreement provides that the concessionaire is responsible for any redevelopment of the berths. Except for certain emissions reductions measures which the concessionaire is obligated to implement, the improvements to be made by the concessionaire are at the discretion of the concessionaire, subject to market conditions and the concessionaire's ability to compete for and handle cargo under the then existing condition of the facilities at Berths 20-24.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Minimum future rental revenues for years ending June 30 under non-cancelable operating leases having an initial term in excess of one year are as follows (in thousands):

Year	Rental Revenues
2012	\$ 169,100
2013	173,375
2014	162,044
2015	161,280
2016	159,797
2016 - 2021	394,797

Revenues Pledged for the Repayment of Debt Service

Tax Allocation Bonds

The Tax Allocation Bonds (TAB), which are comprised of Series 1992, Series 2003, Series 2005, Series 2006T, Series 2009T, Series 2006A TE/T, Series 2006B TE/T, Series 2006C TE/T, and Series 2010T are all secured primarily by a pledge of tax increment revenues, consisting of a portion of all taxes levied upon all taxable properties within each of the redevelopment project areas, and are equally and ratably secured on a parity with each TAB series. The total projected tax increment revenue through the period of the bonds is approximately \$3,041,759,743. These revenues have been pledged until the year 2040, the final maturity date of the bonds. Debt service payments for these TABs is payable semi-annually on March 1 and September 1. The total principal and interest remaining on these TABs is \$639,155,455 which is 21.0 percent of the total projected tax increment revenues. The pledged tax increment revenue recognized during the year ended June 30, 2011 was \$74,067,000, of which \$39,066,114 was used to pay debt service.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Housing Bonds

The Housing Set-Aside TAB, which are comprised of Series 2006A, Series 2006A-T and Series 2011T, are equally and ratably secured by the pledge and lien of the 20% tax increment revenue set-aside and voluntary 5 percent for the low and moderate income housing fund. The total projected 20 percent set-aside and 5 percent voluntary revenue through the period of the bonds is approximately \$801,163,498 and \$200,290,875, respectively. These revenues have been pledged until the year 2042 the final maturity date of the bonds. Debt service payment for these TABs is payable semi-annually on February 1 and August 1. The total principal and interest remaining on these Housing TABs is \$263,256,251, which is 26.3 percent of the total projected set-aside and voluntary tax increment revenues. The pledged 20 percent set-aside and 5 percent voluntary tax increment revenue recognized for the year ended June 30, 2011, was \$35,606,000, of which \$7,501,417 was used to pay debt service.

Debt Compliance

There are a number of limitations and restrictions contained in the various bond indentures held by the City and Agency. Management believes that the City and Agency are in compliance.

Legal Debt Limit and Legal Debt Margin

As of June 30, 2011, the City's debt limit (3.75% of valuation subject to taxation) was \$1,104,508,857. The total amount of debt applicable to the debt limit was \$349,430,620. The resulting legal debt margin was \$755,078,237.

Interest Rate Swap

Oakland Joint Powers Financing Authority Lease Revenue Bonds, 1998 Series A1/A2

Objective of the Interest Rate Swap: On January 9, 1997, the City entered into a forward-starting synthetic fixed rate swap agreement (the "Swap") with Goldman Sachs Mitsui Marine Derivatives Products, U.S., L.P. (the "Counterparty") in connection with the \$187,500,000 Oakland Joint Powers Financing Authority (the "Authority") Lease Revenue Bonds, 1998 Series A1/A2 (the "1998 Lease Revenue Bonds"). Under the swap agreement, which effectively changed the City's variable interest rate on the bonds to a synthetic fixed rate, the City would pay the Counterparty a fixed rate of 5.6775% through the end of the swap agreement in 2021 and receive a variable rate based on the Bond Market Association index. The City received an upfront payment from the Counterparty of \$15 million for entering into the Swap.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

On March 21, 2003, the City amended the swap agreement to change the index on which the Swap is based from the Bond Market Association index to a rate equal to 65% of the 1-month London Interbank Offer Rate ("LIBOR"). This amendment resulted in an additional upfront payment from the Counterparty to the City of \$5.975 million.

On June 21, 2005, all of the outstanding 1998 Lease Revenue Bonds were defeased by the Oakland Joint Powers Financing Authority Refunding Revenue Bonds, 2005 Series A-1, A-2 and B ("Series 2005 A & B Bonds"). \$143,093,669 was deposited with the trustee to defease the 1998 Lease Revenue Bonds. However, the Swap associated with the 1998 Lease Revenue Bonds still remains in effect. This is now a stand-alone swap with no association to any bond.

The amortization schedule is as follows as of June 30, 2011:

Calculation period (July 31)	Notional Amount	Fixed Rate To Counterparty	65% of LIBOR¹	Net Rate
2011	\$ 76,800,000	5.6775%	0.2266% ²	5.4509%
2012	68,900,000	5.6775%	0.2266% ²	5.4509%
2013	61,200,000	5.6775%	0.2266% ²	5.4509%
2014	53,700,000	5.6775%	0.2266% ²	5.4509%
2015	46,400,000	5.6775%	0.2266% ²	5.4509%
2016	39,300,000	5.6775%	0.2266% ²	5.4509%
2017	32,500,000	5.6775%	0.2266% ²	5.4509%
2018	25,800,000	5.6775%	0.2266% ²	5.4509%
2019	19,300,000	5.6775%	0.2266% ²	5.4509%
2020	12,800,000	5.6775%	0.2266% ²	5.4509%
2021	6,400,000	5.6775%	0.2266% ²	5.4509%

¹ Rate is as of 1-month LIBOR on June 30, 2011

² Rates are projections, LIBOR rate fluctuates daily

Terms: The swap agreement terminates on July 31, 2021, and has a notional amount as of June 30, 2011 of \$76,800,000. The notional amount of the swap declines through 2021. Under the Swap, the City pays the counterparty a fixed payment of 5.6775% and receives a variable payment computed at 65% of LIBOR rate (total rate not to exceed 12%). The City's payments to the counterparty under the Swap agreement are insured by the third party bond insurer.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Fair Value: Because interest rates have declined since the execution of the Swap, the Swap had a negative fair value of \$16,112,193 as of June 30, 2011. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the Swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the Swap.

Credit Risk: The issuer and the counterparty take a credit risk to each other over the life of the swap agreement. This is the risk that either the issuer or the counterparty will fail to meet its contractual obligations under the swap agreement. The Counterparty was rated Aa1 by Moody's Investors Service, and AAA by Standard and Poor's as of June 30, 2011. To mitigate the potential for credit risk, if the counterparty's credit quality falls below "A3" by Moody's Investors Service or "A-" by Standard and Poor's, the swap agreement provides the counterparty, the City, the bond insurer for the Bonds and a third party collateral agent to execute a collateral agreement within 30 days of such a downgrade.

Termination Risk: An interest rate swap has some degree of termination risk. Linked to counterparty risk, a termination of the swap will result in a payment being made or received by the City depending on the then prevailing interest rate environment. The City may terminate the Swap if the counterparty fails to perform under the terms of the contract. The City also may terminate the Swap if the counterparty fails to execute a collateral agreement satisfactory to the City and the bond insurer within 30 days of the counterparty's ratings falling below "A3" by Moody's Investors Service or "A-" by Standard and Poor's.

The counterparty may terminate the Swap if the City fails to perform under the terms of the contract. The counterparty also may terminate the Swap if the City's ratings fall below "Baa3" by Moody's Investors Service or "BBB-" by Standard and Poor's. If at the time of termination, the Swap has a negative fair value, the City would be liable to the counterparty for a payment equal to the Swap's fair value.

TOTAL	<u>\$ 1,407,110</u>	<u>\$ 783,744</u>	<u>\$ 2,190,854</u>

⁽¹⁾ Commercial Paper has been classified as long-term debt because the Port has the intent and ability to continue to refinance this debt. Although the Port intends to refinance the Commercial Paper debt in the future, for purposes of this schedule, Commercial Paper debt is amortized over the time period 2013-2017 pursuant to the terms of the Commercial Paper Reimbursement Agreements.

In January 2010, the Port defeased \$44,505,000 of Series L Bonds with maturity dates from 2020 to 2032 and \$3,950,000 of Series N Bonds with maturity dates of 2010 and 2022 with proceeds from monies received from the Concession and Lease Agreement with Ports America Outer Harbor Terminal LLC. Funds were deposited in escrow with the trustee, US Bank, and invested in United States Treasury Securities - State and Local Government Series (SLGS) in amounts sufficient to pay the principal and interest until November 1, 2012, on which date the outstanding defeased Series L Bonds and Series N Bonds are to be called for redemption. As of June 30, 2011, the trustee held \$46,415,000 in the escrow account (along with interest earned in the escrow) to pay the remaining principal and interest on the defeased Series L Bonds and Series N Bonds until the call date of November 1, 2012. The Port incurred a defeasance loss of \$4,158,000, of which \$3,965,000 for Series L and \$193,000 for Series N.

The Port did not capitalize any interest in fiscal year 2011.

Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Current Year Long-Term Debt Financings

Redevelopment Agency of the City of Oakland
Broadway/MacArthur/San Pablo Redevelopment Project
Second Lien Tax Allocation Bonds, Series 2010-T
Federally Taxable Recovery Zone Economic

On November 2, 2010, the Agency issued \$7,390,000 of Broadway/MacArthur/San Pablo Redevelopment Project Second Lien Tax Allocation Bonds, Series 2010-T Federally Taxable Recovery Zone Economic Development Bonds (the “Series 2010-T Bonds”). The Bonds were issued to finance certain redevelopment activities within or to the benefit of the project area. The Bonds are taxable and treated as “recovery zone economic development bonds,” a category of “Build America Bonds,” under the American Recovery and Reinvestment Act of 2009 and the Agency receives direct payment from the United States Treasury Department equal to forty-five percent (45%) of the interest payable on each interest payment date. The final maturity date is September 1, 2040. The interest rates of these bonds range from 7.20% to 7.40%.

The Series 2010-T Bonds are limited obligations of the Agency payable solely from and secured solely by a pledge of second lien tax revenues, consisting primarily of tax increment derived from property, in the Broadway/MacArthur/San Pablo Redevelopment Project Area. The Agency expects to receive \$6.2 million or 45% interest subsidy from the federal government as part of the bond issue.

Master Lease – Parking Access and Revenue Control System

On December 23, 2010, the City of Oakland closed a lease transaction with Chase Equipment Finance, Inc. in the amount of \$2,500,000 for the purpose of financing the acquisition of the equipment, software, maintenance and services for the automation of City garages. The financing is done on a taxable basis with a final maturity of July 15, 2018. The interest rate on this lease transaction is 2.56%.

Redevelopment Agency of the City of Oakland
Subordinated Housing Set Aside Revenue Bonds, Series 2011A-T

On March 3, 2011, the Agency issued \$46,980,000 of Subordinated Housing Set Aside Revenue Bonds Series 2011A-T (the “Series 2011A-T Bonds”). The Bonds were issued to finance low and moderate income housing activities within the Agency’s project areas. The Series 2011A-T Bonds are federally taxable with interest rates ranging from 3.25% to 9.25% and a final maturity of September 1, 2041.

Prior Year’s Debt Defeasance

In prior years, the City has defeased various bond issues by creating separate irrevocable escrow funds. New debt has been issued and the proceeds have been used to purchase

CITY OF OAKLAND

Notes to the Basic Financial Statements (continued)

Year Ended June 30, 2011

U.S. government securities that were placed in the escrow funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt is considered defeased and is therefore removed as a liability from the City's government-wide financial statements. As of June 30, 2011, the amount of defeased debt outstanding amounted to \$38.8 million.

Authorized and Unissued Debt

The City has \$62.3 million (Measure DD) General Obligation Bonds authorized and unissued. The voters, in a City election on November 5, 2002, authorized these bonds. The bonds are to be issued by the City in general obligation bonds for the improvement of Lake Merritt, the Estuary, inland creeks, Studio One, and other specifically identified projects in the City.

Conduit Debt

The following long-term debt has been issued by the City on behalf of named agents of the City. The bonds do not constitute an indebtedness of the City. The bonds are payable solely from revenue sources defined in the individual bond documents, and from other monies held for the benefit of the bond holders pursuant to the bond indentures. In the opinion of City officials, these bonds are not payable from any revenues or assets of the City, and neither the full faith and credit nor the taxing authority of the City, State or any political subdivision thereof is obligated for the payment of the principal or interest on the bonds. Accordingly, no liability has been recorded. The conduit debt issued and outstanding at June 30, 2011 (in thousands):

	Authorized and Issued	Maturity	Outstanding at June 30, 2011
Oakland JPFA Revenue Bond 2001 Series A Fruitvale Transit Village (Fruitvale Development Corporation)	\$ 19,800	07/01/33	\$ 15,805

Year Ended June 30, 2011

(13) GENERAL FUND BALANCE RESERVE POLICY

The City Council approved the original City Reserve Policy on March 22, 1994. Creation of the policy was to help pay any unanticipated expenditures and pay for claims arising from the City's insurance program. In May 2010, the City adopted a revised reserve policy equal to seven and one-half percent (7.5%) for unassigned fund balance of the general purpose fund appropriation for each fiscal year.

The reserved policy established criteria for the use of general purpose fund reserve, the use of excess Real Estate Transfer Tax (RETT) revenue, and use of one-time revenues, and to minimize draw-downs from the general purpose fund reserve by previous approved projects and encumbrances.

The policy also established a baseline for the Real Estate Transfer Tax at \$40 million (an amount collected in a normal year), with any amount over the baseline used as follows:

- Replenishment of the General Purpose Fund (GPF) reserves until such reserves reach 10 percent of current year budgeted GPF appropriations; and the remainder.
- 50 percent to repay negative Internal Service Funds.
- 30 percent set aside the Police and Fire Retirement System (PFRS) liability until this obligation is met.
- 10 percent to establish an Other Postemployment Benefits (OPEB) trust; and
- 10 percent to replenish the Capital Improvement Reserve Fund until such baseline reaches \$10 million.

The policy also requires the City to conform to the following regarding the use of one-time discretionary revenues:

- 50 percent to repay negative Internal Service Fund balances and,
- 50 percent to repay negatives in all other funds, unless legally restricted to other purposes.

As of June 30, 2011, \$5.8 million of the reserves is in assigned fund balance and \$25.7 million is in unassigned fund balances.

(14) SELF-INSURANCE

The City is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; employee's injuries; natural disasters; unemployment coverage; and providing health benefits to employees, retirees and their dependents. For the past three years, there have been no significant reductions in any of the City's insurance coverage and no settlement amounts have exceeded commercial insurance coverage.

The City is self-insured for its general liability, malpractice liability, public official's errors and omissions, products and completed operations, employment practices liability, and auto liability up to \$4,000,000 retention level and up to \$750,000 retention level for workers' compensation and has excess insurance with the California State Association of Counties – Excess Insurance Authority as described in the Insurance Coverage section.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Property Damage

Property damage risks are covered on an occurrence basis by commercial insurance purchased from independent third parties. All properties are insured at full replacement values after a \$25,000 deductible to be paid by the City.

Workers' Compensation

The City is self-insured for workers' compensation. Payment of claims is provided through annual appropriations, which are based on claim payment experience and supplemental appropriations. Of the \$82,044,864 in claims liabilities as of June 30, 2011, approximately \$20,118,617 is estimated to be due within one year.

Changes in workers' compensation claims liabilities for the years ended June 30, 2011 and 2010 are as follows (in thousands):

	2011	2010
Self -insurance liability -		
workers' compensation, beginning of year	\$ 75,695	\$ 77,973
Current year claims and changes in estimates	29,508	33,445
Claims payments	(23,158)	(35,723)
Self -insurance liability -		
workers' compensation, end of year	<u>\$ 82,045</u>	<u>\$ 75,695</u>

The estimated undiscounted liability for claims and contingencies is based on the results of actuarial studies and includes amounts for claims incurred but not reported and allocated loss adjustment expenses. The estimated liability is calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors.

General Liability

Numerous lawsuits are pending or threatened against the City. The City estimates that as of June 30, 2011, the amount of liability determined to be probable of occurrence is approximately \$36,687,103. Of this amount, claims and litigation approximating \$14,775,498 are estimated to be due within one year. The recorded liability is the City's best estimate based on available information and may be revised as further information is obtained and as pending cases are litigated. The City and the Agency are involved in various claims and litigation arising in the ordinary course of its activities. In the opinion of the Agency's in-house counsel and the City Attorney's Office for the City, none of these claims are expected to have a significant impact on the financial position or changes in financial position of the City and the Agency. The City has not accumulated or segregated assets or set aside fund balances for the payment of estimated claims and judgments.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Changes in general claims liabilities for the years ended June 30, 2011 and 2010 are as follows (in thousands):

	2011	2010
Self -insurance liability - general liability, beginning of year	\$ 40,067	\$ 49,237
Current year claims and changes in estimates	20,575	8,323
Claims payments	(23,955)	(17,493)
Self -insurance liability - general liability, end of year	<u>\$ 36,687</u>	<u>\$ 40,067</u>

The estimated undiscounted liability for claims and contingencies is based on the results of actuarial studies and includes amounts for claims incurred but not reported and allocated loss adjustment expenses. The estimated liability is calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors.

Insurance Coverage

On July 15, 2002, the City entered into a contract with the California State Association of Counties Excess Insurance Authority (CSAC EIA), a joint powers authority, whose purpose is to develop and fund programs of excess insurance for its member counties and cities. Effective July 1, 2009, the self-insured retention levels and purchased insurance per occurrence are as follows:

Type of Coverage	Self-Insurance Retention	Insurance Authority/Purchase Insurance
General Liability	up to \$4,000,000	\$4,000,000 to \$29,000,000 per occurrence
Automobile Liability	up to \$4,000,000	\$4,000,000 to \$29,000,000 per occurrence
Public Officials Errors and Omissions	up to \$4,000,000	\$4,000,000 to \$29,000,000 per occurrence/annual aggregate
Products and Completed Operations	up to \$4,000,000	\$4,000,000 to \$29,000,000 per occurrence/annual aggregate
Employment Practices Liability	up to \$4,000,000	\$4,000,000 to \$29,000,000 per occurrence/annual aggregate
Workers' Compensation	up to \$750,000	\$750,000 to \$100,000,000 per occurrence/annual aggregate

Discretely Presented Component Unit – Port of Oakland

Workers' Compensation

The Port is exposed to risk of loss related to injuries of employees. The Port is self-insured and self-administered for workers' compensation up to a maximum of \$750,000 per accident. The Port carries commercial insurance for claims in excess of \$750,000 per accident. There were no workers' compensation claims paid in fiscal years 2011, 2010, and 2009 above the \$750,000 per accident limit.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Claim expenses and liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The claims payments and liabilities include an estimate of allocated loss adjustment expenses and claims that have been incurred but not yet reported. These losses are based on an actuarial valuation performed as of June 30, 2011. Estimated reserves can be defined as “actuarial central estimates” which represent the expected range of reasonably possible outcomes. The probability level refers to the probability that actual future payments will not exceed the indicated reserve amount.

Total reserve is equal to case reserves plus incurred but not reported (IBNR) reserves. Case reserves are established by individual claims adjusters. The IBNR reserves are estimated by the actuary and include reserves for late reported claims as well as developments on known claims. The reserve amount is net of excess insurance on an expected value, undiscounted basis. The loss reserve amount represents an estimated reserve amount required to satisfy the Port’s retained liability without a contingency provision for unanticipated development. Changes in the reported liability resulted from the following (in thousands):

	2011	2010
Self -insurance liability -		
workers' compensation, beginning of year	\$ 6,900	\$ 6,137
Current year claims and changes in estimates	863	1,699
Claims payments	(863)	(936)
Self -insurance liability -		
workers' compensation, end of year	<u>\$ 6,900</u>	<u>\$ 6,900</u>

General Liability

The Port maintains general liability insurance in excess of specified deductibles. For the Airport, coverage is provided in excess of \$200,000 in the aggregate up to a maximum of \$200,000,000 per occurrence. For the harbor area and the Port’s real estate holdings, coverage is provided in excess of \$1,000,000 per occurrence up to an aggregate amount of \$150,000,000 per occurrence. Additionally, the Port maintains a Public Officials Errors & Omissions and Employment Practices policy. The policy limits are \$25,000,000 with a \$500,000 per claim deductible. Defense costs are in addition to the policy limits, but are included in the deductible. The Port is uninsured for losses in excess of these amounts. Casualty losses are accrued when it is determined that a loss to the Port is probable and the amount is estimable.

As of June 30, 2011, the Port was a defendant in various lawsuits arising in the normal course of business, including constructing public improvements or construction related claims for unspecified amounts. The ultimate disposition of these suits and claims is not known. The Port’s insurance may cover a portion of any losses. For additional information, contact the Port of Oakland, 530 Water Street, Oakland, California 94607.

Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Changes in the reported liabilities, which is included as part of long-term obligations is as follows:

	2011	2010
Self -insurance liability - general liability, beginning of year	\$ 3,079	\$ 2,571
Current year claims and changes in estimates	4,983	3,282
Claims payments	(4,144)	(2,774)
Self -insurance liability - general liability, end of year	<u>\$ 3,918</u>	<u>\$ 3,079</u>

(15) JOINT VENTURE

Oakland-Alameda County Coliseum

The City is a participant with the County of Alameda (the County) in a joint exercise of powers agreement known as the Oakland-Alameda County Coliseum Authority (the Authority), which was formed on July 1, 1995, to assist the City and County in the financing of public capital improvements in the Oakland-Alameda County Coliseum Complex (Coliseum Complex) pursuant to the Mark-Roos Local Bond Pooling Act of 1985. The Oakland-Alameda County Coliseum Financing Corporation (the Corporation) is reported as a blended component unit of the Authority. The eight-member Board of Commissioners of the Authority consists of two council members from the City, two members of the Board of Supervisors from the County, two appointees of the City Council, and two appointees of the Board of Supervisors. The Board of Directors of the Corporation consists of the City Administrator and the County Administrator.

In August 1995, the Authority issued \$9,200,000 in Fixed Rate Refunding Lease Revenue Bonds and \$188,500,000 in Variable Rate Lease Revenue Bonds (collectively known as the Stadium Bonds) to satisfy certain obligations of the Authority, the City, the County, the Corporation and Oakland-Alameda County Coliseum Inc. (Coliseum Inc.), which manages the operations of the Coliseum Complex, to finance the costs of remodeling the stadium portion of the Coliseum complex as well as relocating the Raiders football franchise to the City.

On May 25, 2000, the Authority issued \$201,300,000 in series 2000 C and D Refunding Bonds to retire \$181,900,000 of the 1995 Variable Rate Lease Revenue Stadium Bonds (\$188,500,000 less \$6,600,000 principal payment). In February 2004, the 1995 Fixed Rate Refunding Lease Revenue Bond was fully repaid from the escrow established in 1995 at the time the Authority issued the Stadium Bonds.

The Stadium Bonds are limited obligations of the Authority payable solely from revenues of the Authority, consisting primarily of base rental payments to be received by the Authority from the City and the County. The source of the Authority's revenues relating to football games consists primarily of a portion of club dues, concessions, and parking payments. In the event that such football revenues and other revenues received in connection with the Stadium are insufficient to make base rental payments, the City and the County are obligated to make up the shortfall in the base rental payments from their

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

respective General Funds. The City and the County each have covenanted to appropriate \$11 million annually to cover such shortfalls in revenue; however, the City and the County are jointly and severally liable to cover such shortfall, which means that the City could have to pay up to \$22 million annually in the event of default by the County.

On August 2, 1996, the Authority issued \$70,000,000 Series A-1 and \$70,000,000 Series A-2 Variable Rate Lease Revenue Bonds (Arena Bonds) to finance the costs of remodeling the Coliseum Arena (Arena) and to satisfy certain obligations of the Authority, the City, the County and Coliseum Inc. in connection with the retention of the Golden State Warriors (the Warriors) to play professional basketball at the Arena for at least 20 basketball seasons, beginning with the 1997-98 season. These obligations are evidenced in a series of agreements (the Warriors Agreements) between the Warriors, the City, the County, Coliseum Inc., and the Authority.

Under the Warriors Agreements, the Arena Bonds were limited obligations of the Authority, payable solely from base rental revenues of the Authority received by the Authority on behalf of the City and the County. These revenues consist of base rental payments from the City and County and certain payments from the Warriors of up to \$7,428,000 annually from premium seating revenues, and other payments from Arena operations. If the revenues received from the Warriors and from Arena operations are not sufficient to cover the debt service requirements in any fiscal year, the City and County are obligated to make up the shortfall in the base rental payment from their respective General Funds. The City and the County each have covenanted to appropriate up to \$9,500,000 annually to cover such revenue shortfalls; however, the City and the County are jointly and severally liable to cover such shortfalls, which means that the City could have to pay up to \$19,000,000 annually in the event of default by the County.

The Authority entered into an agreement with the Oakland Coliseum Joint Venture to manage the entire Coliseum complex beginning July 1, 1998. On January 1, 2001, the Authority terminated its agreement with Oakland Coliseum Joint Venture and reinstated its Operating Agreement with Oakland-Alameda County Coliseum, Inc. Oakland-Alameda County Coliseum, Inc. subcontracted all of the operations of the Coliseum Complex to the Oakland Coliseum Joint Venture. The Operating Agreement between the Authority and Coliseum Inc. expired, by its terms, on July 31, 2006. The Authority entered into a Termination Agreement whereby, in return for certain consideration, the Authority agreed to perform the duties of Coliseum, Inc. on and after August 1, 2006. The Authority's Management Agreement with Oakland Coliseum Joint Venture expires in June 2012.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Debt service requirements for the Coliseum Authority debt are as follows (in thousands):

For the Period Ending June 30,	Stadium Bonds		Arena Bonds	
	Principal	Interest ⁽¹⁾	Principal	Interest ⁽²⁾
2012	\$ 7,500	\$ 94	\$ 4,050	\$ 3,650
2013	7,900	89	4,400	3,510
2014	8,300	84	4,750	3,355
2015	8,700	79	5,150	3,187
2016	9,000	73	5,400	3,005
2017-2021	52,000	272	33,200	11,900
2022-2026	51,500	86	43,245	5,060
Total	\$ 144,900	\$ 777	\$ 100,195	\$ 33,667

⁽¹⁾ The Stadium Bonds include Lease Revenue Bonds Series C1 and C2, which bear weekly interest rates of 0.08% and 0.05%, respectively, at June 30, 2011.

⁽²⁾ The Arena Bonds include Lease Revenue Bonds Series A-1 with a variable rate that resets in separate Commercial Paper Segment (46 and 77 days as of June 30, 2011) and Series A-2 with a weekly interest rate of 0.2% and 6.8%, respectively, at June 30, 2011.

Complete financial statements for the Authority can be obtained from the County Auditor-Controller's office at 1221 Oak Street, Oakland, CA 94612.

Under the joint exercise of power agreement, which formed the Authority, the City is responsible for funding up to 50% of the Authority's operating costs and debt service requirements, to the extent such funding is necessary. During the year ended June 30, 2011, the City made contributions of \$10,034,000 to fund its share of operating deficits and debt service payments of the Authority.

The Authority has anticipated a deficit for operating costs and repayment of its Stadium bonds, such that the City and County may have to contribute to base rental payments. Of the \$20,500,000 appropriated in the General Fund as part of the above agreements, it is estimated that the City may have to contribute \$9,977,950 for the 2011-12 fiscal year. There are many uncertainties in the estimation of revenues for the Authority beyond one year into the future; therefore, the City has established a liability to fund the Authority's deficit in the statement of net assets in an amount equal to its contingent share (50%) of the outstanding Stadium bonds in the amount of \$72,450,000. The City has not established a contingent liability for the Arena Bonds because management is of the opinion that revenues from the Arena, including payments from the Warriors and revenues from Arena operations, will be sufficient to cover the debt payments.

(16) RETIREMENT PLANS

The City has four defined benefit retirement plans: Oakland Police and Fire Retirement System (PFRS), Oakland Municipal Employees' Retirement System (OMERS), and California Public Employees' Retirement System (PERS). PFRS and OMERS are closed plans that cover employees hired prior to July 1976 and September 1970, respectively.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

These two plans are considered part of the City's reporting entity and are included in the City's basic financial statements as pension trust funds. City employees hired subsequent to the Retirement Plans' closure dates are covered by PERS, which is administered by the State of California.

Member and employer contributions are recognized in the period in which the contributions are due pursuant to formal commitments, as well as contractual or statutory requirements, and benefits and refunds are recognized when due and payable, in accordance with the terms of the Retirement Plans.

	PFRS	OMERS	PERS
Type of plan	Single employer	Single employer	Agent multiple employer
Reporting entity	City	City	State
Most recent actuarial study	July 1, 2010	July 1, 2010	June 30, 2010

Police and Fire Retirement System (PFRS)

PFRS provides death, disability, and service retirement benefits to uniformed employees and their beneficiaries. Members who complete at least 25 years of service, or 20 years of service and have reached the age of 55, or have reached the age of 65, are eligible for retirement benefits. The basic retirement allowance equals 50% of the compensation attached to the average rank held during the three years immediately preceding retirement, plus an additional allowance of 1-2/3% of such compensation for each year of service (up to ten) subsequent to: a) qualifying for retirement, and b) July 1, 1951. Early retirees will receive reduced benefits based on the number of years of service. Benefit provisions and all other requirements are established by the City Charter (Charter). The June 30, 2010 stand alone financial statements are available by contacting the City Administrator's Office, One Frank Ogawa Plaza, Oakland, CA 94612.

In accordance with the Charter, active members of PFRS contribute a percentage of earned salaries based upon entry age as determined by the City's consulting actuary. During the year ended June 30, 2011, these contributions ranged from 5.47% to 6.05%. By statute, employee contributions are limited to 13% of earned salaries. Employee contributions are refundable with interest at 4% per annum if an employee elects to withdraw from PFRS upon termination of employment with the City.

The City contributes, at a minimum, such amounts that are necessary, determined on an actuarial basis, to provide assets sufficient to meet benefits to be paid to PFRS members. The City is required to fund all liabilities for future benefits for all members by June 30, 2026. In order to do so, the City makes contributions at rates established by consulting actuaries based upon plan valuations using various assumptions as to salary progression, inflation, and rate of return on investments. The City's contributions are based on a level percentage of all uniformed employees' compensation. Significant actuarial assumptions used to compute actuarially determined contribution requirements are the same as those used to compute the pension benefits. The City issued pension obligation bonds in February 1997 to fund PFRS through 2011. Bond proceeds in the amount of \$417,173,300

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

were contributed in fiscal year 1997 and, as a result, no employer contributions are contractually required through fiscal year 2011. In fiscal year 2005, the City made an advance contribution of \$17,709,888 to PFRS.

The City's annual pension cost and prepaid asset, computed in accordance with GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*, for the fiscal year ended June 30, 2011, were as follows:

Annual Required Contribution (ARC)	\$ (41,400,000)
Interest on pension asset	16,000,218
Adjustment to the annual required contribution	<u>(18,501,677)</u>
Annual Pension Cost	(43,901,459)
Pension contribution	-
Pension assets, beginning of year	<u>200,002,721</u>
Pension assets, end of year	<u><u>\$ 156,101,262</u></u>

The following table shows the City's annual pension cost and the percentage contributed for the fiscal year 2011 and each of the two preceding years:

Fiscal Year Ended June 30	Annual Pension Cost	Percentage (%) Contributed	Net Pension Asset
2009	\$ 31,487,398	0%	\$ 243,793,694
2010	43,790,973	0%	200,002,721
2011	43,901,459	0%	156,101,262

Actuarial Assumptions and Funded Status

Information regarding the funded status of the plan as of the most recent valuation date is shown below (in millions).

7/1/2010	\$ 792.2	\$ 297.8	\$ 494.4	37.6%	\$ 0.1	494400%

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Multiyear trend actuarial information about whether the actuarial value of plan assets is increasing or decreasing relative to the actuarial accrued liability for benefits over time is presented in the Required Supplementary Information (RSI) immediately following the notes to the basic financial statements.

A summary of the actuarial methods and significant assumptions used to calculate the funded status of the valuation date and the annual required contribution for fiscal year ended June 30, 2011 are as follows:

Description	Method/Assumption	Method/Assumption
Valuation Date	July 1, 2010 ¹	July 1, 2009 ²
Actuarial Cost Method	Entry Age Normal Cost Method	Entry Age Normal Cost Method
Investment Rate of Return	7.00%	7.50%
Inflation Rate, U.S.	3.25%	3.25%
Inflation Rate, Bay Area	3.50%	3.50%
Long-term General Pay Increases	4.50%	4.50%
Long-term Postretirement Benefit Increases	4.50%	4.50%
Amortization Method	Level Dollar	Level Dollar
Amortization Period	26 years closed as of July 1, 2010	27 years closed as of July 1, 2009
Actuarial Value of Assets	Expected actuarial value plus 20% of the difference from market value, with 110% and 90% market value corridor.	Expected actuarial value plus 20% of the difference from market value, with 110% and 90% market value corridor.

¹ The July 1, 2010 valuation was used to determine the funded status

² The July 1, 2009 valuation was used to determine the annual required contribution for fiscal year 2011

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Oakland Municipal Employees Retirement System (OMERS)

OMERS provides death, and service retirement benefits to participants of the plan. Members who complete at least 20 years of service and have reached the age of 52, or who complete at least 5 years of service and reach the age of 60, are eligible for retirement benefits. The retirement allowance is calculated on a basis which takes into account the final three-years' average compensation, age and the number of years of service. Benefit provisions and all other requirements are established by the Charter. The June 30, 2011 standalone financial statements are available by contacting the City Administrator's Office, One Frank Ogawa Plaza, Oakland, CA 94612.

All active non-uniformed City employees hired prior to September 1970 have transferred to PERS as of July 1, 2004. Accordingly, OMERS did not receive any employee contributions during the year ended June 30, 2011, and will not receive any employee contributions in the future. Because of the OMERS' current funded status, the City is currently not required to make contributions to OMERS. The funding of the unfunded actuarial accrued liability is based on a level percentage of payroll over a period ending July 1, 2020, as required by the City Charter.

Actuarial Assumptions and Funded Status

Information regarding the funded status of OMERS as of the most recent valuation date is shown below (in thousands).

Actuarial Valuation Date	Actuarial Accrued Liability (AAL) (a)	Actuarial Value of Assets (b)	Unfunded AAL (UAAL) (a-b)	Funded Ratio (b/a)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((a-b)/c)
7/1/2010	\$ 5,471	\$ 4,728	\$ 743	86.4%	\$ -	n/a

Multiyear trend actuarial information about whether the actuarial value of Plan assets is increasing or decreasing relative to the actuarial accrued liability for benefits over time is presented in the Required Supplementary Information (RSI) immediately following the notes to the financial statements.

California Public Employees Retirement Systems (PERS)

Plan Description

The City of Oakland contributes to the California Public Employees Retirement System (PERS), an agent multiple-employer public employee defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and City ordinance. Copies of PERS' annual financial report may be obtained from their Executive Office - 400 P Street, Sacramento, CA 95814. A separate report for the City's plan is not available.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Funding Policy

Participants are required to contribute 8% for non-safety employees, 9% for police, and 13% for fire employees of their annual covered salary. The City makes the contributions required of City employees on their behalf and for their account. The City is required to contribute at an actuarially determined rate; the current rate is 19.885% for non-safety employees and 28.092% for police and fire employees, of annual covered payroll. The contribution requirements of the plan members and the City are established and may be amended by PERS.

Annual Pension Cost

For 2010-11, the City's annual pension costs of \$51.1 million for the Safety Plan and \$33.1 million for the Miscellaneous Plan were equal to the City's required and actual contributions. The required contributions were determined as part of the June 30, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial values of plan assets were determined using techniques that smooth the effects of short-term volatility in the market value of investments over a four-year period (smoothed market value). The plans' unfunded actuarial accrued liability is amortized as a level percentage of projected payroll over a closed 20-year period.

Three-year trend information for the Safety and Miscellaneous Plans are as follows (in million):

Safety Plan			
Fiscal Year Ended June 30,	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
2009	\$ 52.7	100%	\$ -
2010	54.2	100%	-
2011	51.1	100%	-

Miscellaneous Plan			
Fiscal Year Ended June 30,	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
2009	\$ 45.5	100%	\$ -
2010	40.1	100%	-
2011	33.1	100%	-

Funded Status and Funding Progress for Retirement Plans

Safety Plan

As of June 30, 2010, the most recent actuarial valuation date, the Public Safety plan was 75.3% funded. The actuarial accrued liability for benefits was \$1,262,845,446, and the actuarial value of Plan assets was \$951,508,815 resulting in an unfunded actuarial accrued liability (UAAL) of \$311,336,631. The annual covered payroll was \$145,619,032, and the ratio of the UAAL to the annual covered payroll was 213.8%.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

A summary of the actuarial methods and significant assumptions used to calculate the funded status of the plan and the annual required contribution for the fiscal year ended June 30, 2011 are as follows:

Description	Method/Assumption	Method/Assumption
Valuation Date	June 30, 2010 ¹	June 30, 2008 ²
Actuarial Cost Method	Entry Age Normal Cost Method	Entry Age Normal Cost Method
Amortization Method	Level Percent of Payroll	Level Percent of Payroll
Average Remaining Period	31 years closed as of the Valuation Date	32 years closed as of the Valuation Date

Investment Rate of Return	7.75% (net of administrative expenses)	7.75% (net of administrative expenses)
Projected Salary Increases	3.55% to 13.15% depending on Age, service, and type of employment	3.25% to 13.15% depending on Age, service, and type of employment
Inflation	3.00%	3.00%
Payroll Growth	3.25%	3.25%
Individual Salary Growth	A merit scale varying by duration of employment coupled with an assumed annual inflation growth of 3.00% and an annual production growth of 0.25%	A merit scale varying by duration of employment coupled with an assumed annual inflation growth of 3.00% and an annual production growth of 0.25%

¹ The June 30, 2010 valuation was used to determine the funded status

² The June 30, 2008 valuation was used to determine contribution requirements for fiscal year 2011

Miscellaneous Plan

As of June 30, 2010, the most recent actuarial valuation date, the Miscellaneous Plan was 81.8% funded. The actuarial accrued liability for benefits was \$1,914,725,522, and the actuarial value of plan assets was \$1,565,521,601, resulting in an unfunded actuarial accrued liability (UAAL) of \$349,203,921. The annual covered payroll was \$195,788,222, and the ratio of the UAAL to the annual covered payroll was 178.4%. Initial unfunded liabilities are amortized over a closed period that depends on the plan's date of entry in PERS. Subsequent plan amendments are amortized as a level of payroll over a closed 20-year period.

¹ The June 30, 2010 valuation was used to determine the funded status

² The June 30, 2008 valuation was used to determine contribution requirements for 2011

The schedules of funding progress for the Public Safety and Miscellaneous Plans are presented as RSI following the notes to the financial statements, and present multiyear trend information about whether the actuarial valuation of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

(17) POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (OPEB)

Primary Government

Plan Description

The City has three programs in place to partially pay health insurance premiums for certain classes of retirees from City employment. City retirees are eligible for retiree health benefits if they meet certain requirements relating to age and service. The retiree health benefits are described in the labor agreements between the City and Local Unions and in City resolutions. The demographic rates used for the California Public Employee Retirement System (PERS) were public safety employees retirements benefits under a 3% @ 50 formula and miscellaneous employees retirement benefits under a 2.7% @ 55 formula.

The City's agent multi-employer defined benefit retiree health plan (Retiree Health Plan) allows eligible retirees and their dependents to receive employer-paid medical insurance benefits through PERS. The medical insurance reimbursement is not to exceed the Kaiser-HMO family plan rate. The Retiree Health Plan also includes dental and vision benefits and reimbursement of Medicare part B monthly insurance premium. The Retiree Health Plan does not issue a separate financial report.

Funding Policy

The City pays part of the health insurance premiums for all retirees from City employment receiving a pension annuity earned through City service and participating in a City-sponsored PERS health benefit plan on a pay-as-you-go basis. The City paid \$15,709,758 for retirees under this program for the year ended June 30, 2011.

Annual OPEB Cost and Net OPEB Obligation

The City's annual postemployment benefit cost and net OPEB obligation for the Retiree Health Plan as of and for the fiscal year ended June 30, 2011 using a 4.00% interest rate scenario, were as follows (in thousands):

Annual Required Contribution (ARC)	\$ 46,657
Interest on net OPEB obligation	5,050
Adjustment to ARC	<u>(5,256)</u>
Annual OPEB cost	46,451
Employer Contribution	<u>(15,710)</u>
Increase in net OPEB obligation	30,741
Net OPEB obligation, beginning of year	<u>126,237</u>
Net OPEB obligation, end of year	<u><u>\$ 156,978</u></u>

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

The City's annual OPEB cost, the percentage of annual OPEB cost contributed during the fiscal year, and the net OPEB obligation at the end of the year for the City's single employer Retiree Health Plan were as follows (in thousands).

Fiscal Year Ended June 30,	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2009	\$ 54,564	23%	\$ 85,758
2010	54,495	26%	126,237
2011	46,451	34%	156,978

OPEB Funded Status and Funding Progress

As summarized in the table below, as of July 1, 2010, the most recent actuarial valuation date, the City's Retiree Health Plan was zero percent funded on an actuarial basis for other postemployment benefits (OPEB). Changes to the UAAL for the OPEB Plan was primarily the result of the actuarial value of assets being zero and unfavorable investment returns during the last two years. The City is on a pay-as-you-go funding with no money set aside for future liabilities. The specific funded status for the OPEB plan is summarized in the table below, as of the July 1, 2010 (in thousands):

Actuarial Valuation Date	Actuarial Accrued Liability (AAL) (a)	Actuarial Value of Assets (b)	Unfunded AAL (UAAL) (a-b)	Funded Ratio (b/a)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((a-b)/c)
7/1/2010	\$ 520,882	\$ -	\$ 520,882	0.0%	\$ 310,155	168%

The Schedule of Funding Progress, presented as Required Supplementary Information (RSI) following the Notes to the Basic Financial Statements, presents information about whether the actuarial value of plan assets increased or decreased in relation to the actuarial accrued liability for benefits. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan in effect and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Actuarial Methods and Assumptions for OPEB Plan

The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrual liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The more significant actuarial methods and assumptions used in the calculations of the annual OPEB cost and the annual required contribution for the fiscal year ended June 30, 2011 and the funded status as of July 1, 2010 are as follows:

Description	Method/Assumption	Method/Assumption
Valuation Date	July 1, 2010 ¹	July 1, 2008 ²
Actuarial Cost Method	Entry Age Normal Cost Method	Entry Age Normal Cost Method
Amortization Method	Level Percent of Payroll	Level Percent of Payroll
Average Remaining Period	30 years open as of the Valuation Date	30 years open as of the Valuation Date
Asset Valuation Method	5 Years Smoothed Market	5 Years Smoothed Market
Actuarial Assumptions:		
Discount Rate ³	4.00%	4.00%
Projected Salary Increases	2.5% per year growth	2.5% per year growth
Inflation	3.00%	3.00%
Demographic Rate	Retirement benefit at 3% 50 formula for Safety employees and at 2.7% @ 55 formula for Miscellaneous employees.	Retirement benefit at 3% 50 formula for Safety employees and at 2.7% @ 55 formula for Miscellaneous employees.
Health Care Cost Trends Rate	7% for fiscal year 2011, graded down to 5.00% for fiscal year 2015 and beyond. The trend rate is determined by the Plan sponsor based on historical data and anticipated experience under the Plan.	8% for fiscal year 2009, graded down to 5.00% for fiscal year 2015 and beyond. The trend rate is determined by the Plan sponsor based on historical data and anticipated experience under the Plan.

¹ The July 1, 2010 valuation was used to determine the funded status.

² The July 1, 2008 valuation was used to determine contribution requirements for fiscal year 2011.

³ The City does not pre-fund the ARC, and therefore the discount rate is based on the expected return on the City's general assets.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Discretely Presented Component Unit – Port of Oakland

Plan Description

The Port contributes to the California Employer's Retiree Benefit Trust (CERBT), a single-employer defined benefit postemployment healthcare plan administered by PERS. The CERBT is an Internal Revenue Code (IRC) Section 115 Trust and an investment vehicle that can be used by all California public employers to prefund future retiree health and Other Postemployment Benefit (OPEB) costs.

The Port's Retiree Health Plan allows eligible retirees and their dependents to receive employer paid medical insurance benefits through PERS. The medical insurance reimbursement is not to exceed the Kaiser-HMO family plan rate. The Retiree Health Plan also includes dental and vision benefits and reimbursement of Medicare part B monthly insurance premium. The Retiree Health plan does not issue a separate financial report.

Funding Policy

Benefit provisions are established and may be amended through negotiations between the Port and the various bargaining units during each bargaining period. The Port contributes on a pay-as-you-go basis.

As of June 30, 2011, there were approximately 544 employees who had retired from the Port and were in the Port's retiree benefit plan. During the fiscal year ended June 30, 2011, the Port made payments of \$5,947,000 on behalf of OPEB eligible retirees to third parties outside of CERBT. For fiscal year 2011, the CERBT had net investment earnings of \$2,800,000.

Annual OPEB Cost and Net OPEB Obligation

The Port's annual other postemployment benefit (OPEB) cost is equal to (a) the annual required contribution (ARC) plus (b) one year's interest on the beginning balance of the net OPEB obligation, and minus (c) an adjustment of the ARC. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost of each year and any unfunded actuarial liabilities (or funding excess) amortized over an open period of thirty years.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

The following table shows the components of the Port's annual OPEB cost for the year, the amount contributed to the Plan, and changes in the Port's net OPEB obligation to the Plan as of June 30, 2011 (in thousands):

Annual Required Contribution (ARC)	\$ 10,994
Interest on net OPEB obligation	791
Adjustment to ARC	(592)
Annual OPEB cost	11,193
Employer Contribution	(11,121)
Increase in net OPEB obligation	72
Net OPEB obligation, beginning of year	10,389
Net OPEB obligation, end of year	<u>\$ 10,461</u>

The Port's annual OPEB cost and net OPEB obligation are as follows (in thousands):

Fiscal Year Ended June 30,	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2009	\$ 10,019	123%	\$ 5,443
2010	10,019	51%	10,389
2011	11,193	99%	10,461

Funded Status and Funding Progress

The unfunded actuarial accrued liability is being amortized as a level percentage of expected payroll over 30 years. The table below indicates the funded status of the Plan as of June 30, 2011, the most recent actuarial valuation date (in thousands):

Actuarial Valuation Date	Actuarial Accrued Liability (AAL) (a)	Actuarial Value of Assets (b)	Unfunded AAL (UAAL) (a-b)	Funded Ratio (b/a)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((a-b)/c)
6/30/2011	\$ 128,906	\$ 19,145	\$ 109,761	14.9%	\$ 44,627	246%

GASB Statement No. 45 requires that the interest rate used to discount future benefits payments back to the present be based on the expected rate of return on any investments set aside to pay for these benefits. As of the June 30, 2011 actuarial valuation, the Port intended to fully fund its OPEB liabilities by contributing the actuarially determined ARC amount to the CERBT trust. The ARC amount was calculated using a discount rate of 7.61 percent which was based upon PERS' expected return on assets held in the Port's OPEB Trust.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

For the year ended June 30, 2011, the Port funded its annual OPEB cost at 99.36 percent. In recognition that a lower discount rate should be considered, the Port's Actuarial Service provided a second alternative valuation as of June 30, 2011, which recommended a lower discount rate of 4.25 percent in the event that the Port chose not to make any future contributions to the OPEB Trust, but would instead adopt a pay-as-you-go funding policy, keeping all other assumptions constant. The Port's UAAL, as of the June 30, 2011 actuarial valuation would increase by approximately \$79.2 million and its ARC would increase by \$4.4 million

Eligible Retirees Defined

Employees must have attained the age of fifty or over at the time of retirement, have five or more years of PERS service, and must be eligible to receive PERS retirement benefits in order to be classified as an eligible retiree.

Actuarial Methods and Assumptions

The actuarial cost method used for determining the benefit obligations of the Port is the Entry Age Normal Cost Method and amortized over an open period of 30 years. Under the principles of this method, the actuarial present value of the projected benefits of each individual included in the valuation is allocated as a level percentage of expected salary for each year of employment between entry age (defined as age at hire) and assumed exit.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan in effect and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of plan assets, consistent with the long-term perspective of the calculations.

The actuarial assumptions used included a discount rate of 7.61 percent, and an annual health cost trend rate of 4.5 percent in health premiums. Annual salary increases were assumed at 3.25 percent. The demographic assumptions regarding turnover and retirement are based on statistics from reports for PERS under a "2.7 percent at 55" benefit schedule.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

The schedule presented as Required Supplementary Information following the notes to basic the financial statements, presents multiyear trend information. The Schedule of Funding Progress – Port of Oakland Postemployment Benefits presents information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

(18) COMMITMENTS AND CONTINGENT LIABILITIES

Construction Commitments

The City has committed to funding in the amount of \$153.7 million to a number of capital improvement projects for fiscal year 2012 through fiscal year 2013. As of June 30, 2011, the City had construction commitments for the acquisition and construction of assets as follows (in thousands):

Building, facilities and infrastructure	\$ 20,371
Parks and open space	25,847
Sewers and storm drains	19,243
Streets and sidewalks	61,427
Technology enhancements	542
Traffic improvements	26,247
Total	<u>\$ 153,677</u>

Other Commitments and Contingencies

As of June 30, 2011, the Agency has entered into contractual commitments of approximately \$54.2 million for materials and services relating to various projects. These commitments and future costs will be funded by future tax increment revenue and other sources.

At June 30, 2011, the Agency was committed to fund \$75.7 million in loans. These commitments were made to facilitate the construction of low and moderate income housing within the City.

Wood Street Affordable Housing Project Environmental Remediation

The Wood Street Affordable Housing Project analytical results show concentrations of arsenic, lead, total petroleum hydrocarbons as diesel and polycyclic aromatic hydrocarbons in site soils and or ground water sample. As of June 30, 2011, environmental remediation clean up activities has not been completed yet. The Agency has set-aside \$300 thousand in escrow to cover the remaining environmental obligations.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Oakland Army Base Environmental Remediation

Land held by the Oakland Army Base project area may be subject to environmental remediation as required by the Comprehensive Environmental Response, Compensation and Liability Act. If and when such environmental remediation is required, the Agency and the Port are responsible for the first \$13.0 million of environmental remediation costs; including environmental remediation insurance. The Agency has received a federal grant of \$13 million to pay for the above-mentioned environmental remediation costs including a \$3.5 million insurance premium. As of June 30, 2011 the Agency has spent approximately \$13.0 million on this project. \$10.9 million has been reimbursed by the U.S. Department of the Army (Army). The Agency is working with the Army on the remaining balance of \$2.1 million.

The next \$11.0 million of environmental remediation costs are to be shared equally by the Agency and the Port. As a result, the Agency reports its share of \$5.5 million remediation obligation on the Oakland Army Base project. The next \$9.0 million will be paid from insurance proceeds from the environmental remediation policy. If subsequent environmental remediation is required after the initially-required remediation is complete, then the environmental site liability policy will cover up to \$30 million in additional environmental remediation-related costs. The Agency and the Port have agreed to share equally in any environmental remediation-related costs above \$21 million that are not covered by insurance.

Agency management believes that none of the estimated environmental remediation costs will cause the recorded amounts of any properties held for resale to exceed their estimated net realizable values.

Discretely Presented Component Unit – Port of Oakland

The \$594.5 million 5-Year Capital Needs Assessment includes projects in the Aviation, Maritime, Commercial Real Estate and Support Divisions. The most significant Aviation projects are the Terminal 1 renovation and retrofit; BART – Oakland Airport Connector; perimeter dike improvement; pavement rehabilitation; and the runway safety area. The most significant Maritime projects are the Shore Power program; maritime security initiatives; Berths 60-63 wharf replacement; site preparation and redevelopment activities at the former Oakland Army Base; and dredging related activities. The most significant projects in the Commercial Real Estate and Support Divisions include Jack London Square improvements and capital equipment purchases.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

As of June 30, 2011, the Port had construction commitments for the acquisition and construction of assets as follows (in thousands):

Aviation	\$ 26,642
Maritime	23,233
Commercial real estate	<u>14</u>
Total	<u>\$ 49,889</u>

The most significant projects for which the Port has contractual commitments for construction are airport terminal renovation projects of \$2.6 million, runways and east apron reconstruction of \$8.3 million, modernization of maritime wharves and terminals projects of \$6.9 million, yard and gate improvement projects of \$2.3 million and safety projects of \$5.9 million.

Power Purchases

The Port purchases electrical power for resale and self-consumption at the Airport, and at Port Maritime facilities located at the former Navy Fleet and Industrial Supply Center Oakland and the former Oakland Army Base. After power requirements are determined, the Port commits and enters into purchase contracts, in advance, with power providers. The price is fixed at the time the Port enters into the contract. At June 30, 2011, the total purchase commitment was approximately \$5.5 million for 99,556 megawatt-hours.

The Port is required to comply with a number of federal, state and local laws and regulations designed to protect human health, safety and the environment. In conforming to these laws and the implementing regulations, the Port has instituted a number of compliance programs and procedures.

It is the Port's intent that its environmental compliance programs be compliant with regulatory and legal requirements while effectively managing financial resources. The Port's financial statements include liabilities, established and adjusted periodically, based on new information, in accordance with applicable generally accepted accounting principles in the United States of America, for the estimated costs of compliance with environmental laws and regulations and remediation of known contamination.

The Port anticipates spending approximately \$2.4 million annually for environmental compliance and remediation obligations. Environmental monitoring costs relating to legal mandates such as regulatory agency orders, court orders or other affirmative legal obligations are included in the anticipated spending.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

A summary of the environmental liability accounts, included within the financial statements at June 30, 2011, is as follows (in thousands):

Obligating Event	Liability	Estimated Recovery
Pollution poses an imminent danger to the public or environment	\$ 218	\$ -
Identified as responsible to clean up pollution	17,533	619
Named in a lawsuit to compel to clean up	39	-
Begins or legally obligates to clean up or post-clean up activities	2,920	60
Total by Obligating Event	<u>\$ 20,710</u>	<u>\$ 679</u>

The environmental liability accounts in the summary tables are listed by the initial obligating event. Due to new information, the obligating event may change from the initial obligating event. Obligating events include without limitations: 1) the Port is named, or evidence indicates that it will be named, by a regulator such as the Department of Toxic Substances Control or the Regional Water Quality Control Board, as a responsible party or potentially responsible party for remediation; and 2) the Port has commenced, or has legally obligated itself to commence, clean-up activities or monitoring or operation and maintenance of the remediation effort (e.g., by undertaking a soil and groundwater pre-development investigation).

**(19) TRANSACTIONS WITH THE FOX OAKLAND THEATER, INC. (“FOT”)
DEVELOPMENT**

FOT is a Internal Revenue Code section 501(C)(3) organization set up by and for the benefit of the Agency and the City set up to renovate the Fox Theater. The Agency transferred the Fox Theater property to FOT in August 2006 through a long-term lease and a Disposition and Development Agreement (“DDA”) which included a \$25.5 million loan. The Fox Theater property was held by the Agency as property held for resale. During 2008, the property was transferred to FOT as a long-term capital lease which was valued at \$6.5 million in the lease and DDA. All FOT board members are City employees and FOT has no staff. FOT set up a for profit entity, Fox Theater Manager, Inc (“FT Manager”), and then two LLCs managed by FT Manager, Fox Theater Landlord LLC and Fox Theater Master Tenant LLC. These new entities were used to syndicate Historic and New Markets Tax Credits. The Fox Theater property was transferred to the LLCs in December 2006, but the loan remains with FOT and is secured by a pledge and assignment of borrowers ninety nine and nine-tenths percent (99.9%) interests in the Community Development Entities (CDEs) loans entered into between FOT and Fox Oakland Investment Fund (FOIF). In fiscal year 2009-10, the Agency loaned an additional of \$2.0 million to FOT and \$1.4 million to Fox Theater Master Tenant LLC to complete the project. The \$1.4 million Fox Theater Master Tenant LLC loan has a 15-year term.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

The outstanding principal balance of the FOT loan shall accrue interest at the rate of 2.5 percent, commencing on the date of disbursement and compounded annually, which will only be payable to the extent of borrower's net cash flow from operations. The loan terminates at the end of ten years unless the borrower defaults on the agreement in which case the lender declares an acceleration of the maturity.

(20) DEFICIT FUND BALANCES/NET ASSETS AND EXPENDITURES OVER BUDGET

As of June 30, 2011, the following funds reported deficits in fund balance/net assets (in thousands):

Special Revenue:	
Landscape and Lighting Assessment District.....	\$ (2,517)
Capital Projects Fund:	
Emergency Services.....	\$ (152)

The Landscape and Lighting Assessment District and Emergency Services funds deficit will be cleared by future revenues.

Internal Service Funds:	
Equipment.....	\$ (804)
Facilities.....	(25,678)
Reproduction.....	(426)
Central Stores.....	(4,290)
Purchasing.....	(711)

The City's facilities, equipment, central stores, and funds deficits are expected to be funded through increased user charges in future years. During the 2009-11 Budget, the City revised the repayment plan for the internal service funds to eliminate the funds net assets deficit by 2019. In addition, the City adopted a financial policy that requires half of one-time revenues to be used to eliminate negative internal service fund balances and half be used to pay off other negative funds balances.

As of June 30, 2011, the following funds reported expenditures in excess of budgets (in thousands):

Debt Service Fund:	
Other Assessment Bonds.....	\$ (91)
Capital Projects Fund:	
Parks and Recreation.....	\$ (66)

The excess of expenditures over budget in the Other Assessment Bonds Fund is primarily attributed to administrative and commission costs associated with property tax collection and levy and the excess of expenditures over budget for Parks and Recreation Fund is the unrealized loss in investments.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

(21) SUBSEQUENT EVENTS

Tax and Revenue Anticipation Notes

On July 8, 2011, the City closed the 2011-2012 Tax and Revenue Anticipation Notes (the "Notes") in the principal amount of \$81,200,000 with a maturity date of March 30, 2012 and June 29, 2012. The Notes are tax-exempt with an interest rate of 2.0% on both maturities to yield at 0.31% for March 30, 2012 and 0.38% for June 29, 2012 maturity. The Notes were issued to finance General Fund expenditures, including but not limited to, current expenses, capital expenditures and the discharge of other obligations of the City.

Recent Changes in Legislation Affecting California Redevelopment Agencies

On June 29, 2011, the Governor of the State of California signed Assembly Bills X1 26 and 27 as part of the State's budget package. Assembly Bill X1 26 requires each California redevelopment agency to suspend nearly all activities except to implement existing contracts, meet already-incurred obligations, preserve its assets and prepare for the impending dissolution of the agency. Assembly Bill X1 27 provides a means for redevelopment agencies to continue to exist and operate by means of a Voluntary Alternative Redevelopment Program. Under this program, each city would adopt an ordinance agreeing to make certain payments to the County Auditor Controller in fiscal year 2011-12 and annual payments each fiscal year thereafter. Assembly Bill X1 26 indicates that the City "may use any available funds not otherwise obligated for other uses" to make this payment. The City intends to use available monies of its redevelopment agency for this purpose and the City and Agency have approved a reimbursement agreement to accomplish that objective. The amounts to be paid after fiscal year 2012-13 have yet to be determined by the state legislature.

Assembly Bill X1 26 directs the State Controller of the State of California to review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency by Assembly Bill X1 26.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

In the event that Assembly Bill X1 26 is upheld, the interagency receivable recognized by funds of the City that had previously loaned or advanced funds to the redevelopment agency may become uncollectible resulting in a loss recognized by such funds. The City might additionally be impacted if reimbursements previously paid by the redevelopment agency to the City for shared administrative services are reduced or eliminated.

The League of California Cities and the California Redevelopment Association (CRA) filed a lawsuit on July 18, 2011 on behalf of cities, counties and redevelopment agencies petitioning the California Supreme Court to overturn Assembly Bills X1 26 and 27 on the grounds that these bills violate the California Constitution. On August 11, 2011, the California Supreme Court issued a stay of all of Assembly Bill X1 27 and most of Assembly Bill X1 26. The California Supreme Court stated in its order that “the briefing schedule is designed to facilitate oral argument as early as possible in 2011, and a decision before January 15, 2012.” A second order issued by the California Supreme Court on August 17, 2011 indicated that certain provisions of Assembly Bills X1 26 and 27 were still in effect and not affected by its previous stay, including requirements to file an appeal of the determination of the community remittance payment by August 15, the requirement to adopt an Enforceable Obligations Payment Schedule (“EOPS”) by August 29, 2011, and the requirement to prepare a preliminary draft of the initial Recognized Obligation Payment Schedule (“ROPS”) by September 30, 2011.

Because the stay provided by Assembly Bill X1 26 only affects enforcement, each agency must adopt an Enforceable Obligation Payment Schedule and draft Recognized Obligation Payment Schedule prior to September 30, as required by the statute. Enforceable obligations include bonds, loans and payments required by the federal or State government; legally enforceable payments required in connection with agency employees such as pension payments and unemployment payments, judgments or settlements; legally binding and enforceable agreements or contracts; and contracts or agreements necessary for the continued administration or operation of the agency that are permitted for purposes set forth in AB1X 26.

On July 26, 2011, City Ordinance No. 13084 was adopted, indicating that the City will comply with the Voluntary Alternative Redevelopment Program in order to permit the continued existence and operation of the Agency, in the event Assembly Bills X1 26 and/or 27 are upheld as constitutional. The initial payment by the City is estimated to be \$39.4 million with one half due on January 15, 2012 and the other half due May 15, 2012. Thereafter, an estimated \$10 million will be due annually. The amounts to be paid after fiscal year 2012-13 have yet to be determined by the State Legislature. The semi-annual payments will be due on January 15 and May 15 of each year and would increase or decrease with changes in tax increment. Additionally, an increased amount would be due to schools if any “new debt” is incurred. Assembly Bill X1 27 allows a one-year reprieve on the Agency’s obligation to contribute 20% of tax increment to the low-and-moderate-income housing fund so as to permit the Agency to assemble sufficient funds to make its initial payments. Failure to make these payments would require agencies to be terminated under the provisions of ABX1 26.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2011

Management believes that the Agency will have sufficient funds to pay its obligations as they become due during the fiscal year ending June 30, 2012. The nature and extent of the operation of redevelopment agencies in the State of California beyond that time frame are dependent upon the outcome of litigation surrounding the actions of the state. In the event that Assembly Bills X1 26 and/or 27 are specifically found by the courts to be unconstitutional, there is a possibility that future legislative acts may create new challenges to the ability of redevelopment agencies in the State of California to continue in view of the California State Legislature's stated intent to eliminate California redevelopment agencies and to reduce their funding.

**City of Oakland v. Oakland Police and Fire Retirement System, et al.,
Alameda County Superior Court case number RG 11580626**

In June 2011, the City filed a petition for writ of mandate and complaint for declaratory relief against Oakland PFRS seeking, in the alternative, (1) a writ of mandate to compel changes in benefit payments made by PFRS to retired police officers and police widows; (2) a judicial declaration that the City's position regarding the calculation of benefit payments made by PFRS to retired police officers and police widows is correct, that retired police officers and police widows are being overpaid for their retirement benefits, that these payments should be corrected prospectively and that such overpayments should be recovered from the retired police officers and widows. PFRS filed an answer to the City's action on August 1, 2011 that denied the City's allegations and raised certain affirmative defenses in response. A hearing on the merits of the City's action is presently scheduled for January 18, 2012.

PFRS AND OMERS ACTUARIAL VALUATIONS
SCHEDULES OF FUNDING PROGRESS

Oakland Police and Fire Retirement System - Pension

Valuation Date	Actuarial Accrued Liability (AAL) (a)	Actuarial Value of Assets (b)	Unfunded (Overfunded) AAL (UAAL) (a-b)	Funded Ratio (b)/(a)	Covered Payroll (c)	UAAL as a percent of Covered Payroll ((a-b) / c)
7/1/2007 *	\$ 888,100,000	\$ 566,000,000	\$ 322,100,000	63.7%	\$ 400,000	80525%
7/1/2009 *	782,500,000	347,200,000	435,300,000	44.4%	100,000	435300%
7/1/2010 *	792,200,000	297,800,000	494,400,000	37.6%	100,000	494400%

- * Factors influencing the decline in funded ratio in FY 2008-09 include investment performance, the contribution holiday associated with the Pension Obligation Bonds (POB) issuance, and the strengthening of discount rate and post-retirement mortality assumptions.

Oakland Municipal Employees' Retirement System - Pension

Valuation Date	Actuarial Accrued Liability (AAL) (a)	Actuarial Value of Assets (b)	Unfunded (Overfunded) AAL (UAAL) (a-b)	Funded Ratio (b)/(a)	Covered Payroll (c)	UAAL as a percent of Covered Payroll ((a-b) / c)
7/1/2007 **	\$ 7,516,000	\$ 9,371,000	\$ (1,855,000)	124.7%	\$ -	N/A
7/1/2009 **	5,499,000	4,981,000	518,000	90.6%	-	N/A
7/1/2010 **	5,471,000	4,728,000	743,000	86.4%	-	N/A

- ** The decline in the funded ratio was primarily due to explicit recognition of future administrative expenses in the Plan's actuarial accrued liability, investment performance in FY 2008-09, and strengthening of the interest and mortality assumptions. The entry age normal cost method was used for disclosure and annual required contribution rates starting with the July 1, 2009 valuation.

CITY OF OAKLAND
Notes to Required Supplementary Information (unaudited) (continued)
June 30, 2011

(1) BUDGETARY DATA

In accordance with the provisions of the City Charter, the City prepares and adopts a budget on or before June 30 for each fiscal year. The City Charter prohibits expending funds for which there is no legal appropriation. Therefore, the City is required to adopt budgets for all City funds.

Prior to July 1, the original adopted budget is finalized through the passage of a resolution by the City Council. The level of legal budgetary control by the City Council is established at the fund level. For management purposes, the budget is controlled at the departmental level of expenditure within funds.

In June 2009, the City Council approved the City's two-year budget for fiscal years 2010 and 2011. Although appropriations are adopted for a 24-month period, they are divided into two one-year spending plans. Agencies/departments ending the first year with budgetary non-project surplus, according to Council policy, will be allowed to carry-forward 1/3 for their operating budget, 1/3 for their capital spending, and 1/3 for reverting to the General Fund balance.

The final budgetary data presented in the required supplementary information reflects approved changes to the original 2010-11 budget. Certain projects are appropriated on a multiyear rather than annual basis. If such projects or programs are not completed at the end of the fiscal year, unexpended appropriations are carried forward to the following year with the approval of the City Administrator.

Transfers of appropriations between funds and supplemental appropriations financed by unanticipated revenues must be approved by the City Council.

Transfers of appropriations between projects within the same fund must be approved by the City Administrator. Final budget amounts reported in the required supplementary information reflect both the appropriation changes approved by the City Council and the transfers approved by the City Administrator.

CITY OF OAKLAND
Notes to Required Supplementary Information (unaudited) (continued)
June 30, 2011

Budgetary Basis of Accounting

The City adopts budgets each fiscal year on a basis of accounting which is substantially the same as GAAP except for certain investment earnings.

Certain funds of the City contain capital projects, grant projects, loan programs or other programs that are budgeted on a multiyear basis. The amounts of the projects and programs budgeted on a multiyear basis are significant compared to the items budgeted on an annual basis; therefore, a comparison of budget to actual for the fund would not be meaningful. As a result, such funds that are excluded from budgetary reporting are:

Major Funds

- Federal/State Grants
- Oakland Redevelopment Agency
- Municipal Capital Improvement

Nonmajor Funds

- Special Revenue Funds
 - ORA Projects
 - Parks, Recreation and Cultural

While the City adopts budgets for all funds, the budget to actual comparisons for proprietary and fiduciary funds are not presented because some projects and programs are adopted on a multiyear basis.

(2) RECONCILIATION OF OPERATIONS ON MODIFIED ACCRUAL BASIS TO BUDGETARY BASIS

The governmental fund financial statements have been prepared on the modified accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The “Budgetary Comparison Schedule – General Fund” has been prepared on a budgetary basis, which is different from GAAP.

The budgetary process is based upon accounting for certain transactions on a basis other than GAAP. The results of operations are presented in the budget to actual comparison schedule in accordance with the budgetary process (Budgetary Basis) to provide a meaningful comparison with the budget.

CITY OF OAKLAND
Notes to Required Supplementary Information (unaudited) (continued)
June 30, 2011

The main difference between Budgetary Basis “actual” and GAAP basis is a timing difference:

In October 2001, the City entered into a debt service deposit agreement with a third party whereby the City received approximately \$9.6 million in exchange for forgoing its right to receive investment earnings on the amounts deposited with the trustee in advance of the date that the related debt was due to the bondholders. The compensation to the City was recorded as revenue in fiscal year 2002 when received on a budgetary basis. On a GAAP basis, the revenue was deferred and is being recognized over the 21-year life of the agreement. Amortization for the year ended June 30, 2011, was \$448,154.

On June 30, 2010, the City entered into a sublease agreement with the Oakland Redevelopment Agency (“Agency”) whereby the City received advance payment of \$4 million for a twelve year lease agreement. The advance to the City was recorded as revenue in fiscal year 2011 when received on a budgetary basis. On a GAAP basis, the revenue was deferred and being recognized over the 12-year life of the sublease agreement. Amortization for the year ended June 30, 2011, was \$335,478.

The following schedule is a reconciliation of the GAAP and budgetary results of operations (in thousands):

	General Fund
Net change in fund balance - GAAP basis	\$ (2,443)
Advance from Scotlan Convention Center sublease	4,000
Amortization of Scotlan sublease agreement	(335)
Amortization of debt service deposit agreement	(448)
Net change in fund balance - Budgetary basis	<u>\$ 774</u>

The General Fund’s fund balance on a GAAP Basis is reconciled to a Budgetary Basis as of June 30, 2011, which is as follows (in thousands):

	General Fund
Fund balance as of June 30, 2011 - GAAP basis	\$ 225,361
Advance from Scotlan Convention Center sublease	3,665
Unamortized debt service deposit agreement	4,569
Fund balance as of June 30, 2011 - Budgetary basis	<u>\$ 233,595</u>

NONMAJOR SPECIAL REVENUE FUNDS

Special revenue funds account for certain revenue sources that are legally restricted or committed to be spent for specified purposes. Other restricted sources are accounted for in fiduciary, debt service, and capital projects funds.

Traffic Safety and Control Fund accounts for monies received from 3-5% parking meter collections and from fines and forfeitures for misdemeanor violations of vehicle codes which are expended or disbursed for purposes immediately connected with traffic safety and control.

State Gas Tax Fund accounts for the subventions received from state gas taxes under the provision of the Streets and Highways Code. State gas taxes are restricted to uses related to local streets and highways and would include acquisitions of real property, construction and improvements, and repairs and maintenance of streets and highways.

The **Landscape and Lighting Assessment District Fund** is an assessment district fund that is used to account for monies restricted to installing, maintaining and servicing public lighting, landscaping and park facilities.

Assessment Districts Fund accounts for monies restricted to specific improvements that beneficially affect a well defined and limited area of land.

Other Special Revenue Funds account for other restricted monies that are classified as Special Revenue Funds.

Parks, Recreation, and Cultural Fund accounts for monies held for the general betterment and beautification of city parks, recreation centers, the Oakland Public Museum, and the Oakland Public Library.

NONMAJOR DEBT SERVICE FUNDS

Debt service funds account for the accumulation of resources to be used for the payment of general long-term debt principal and interest.

The **General Obligation Bonds Fund** accounts for monies received in connection with the General Obligation Bonds and the related payments on such debt. Proceeds from the General Obligation Bonds are to be used by the City to expand and develop park and recreation facilities, and to enhance the City's emergency response capabilities and for seismic reinforcement of essential public facilities and infrastructure.

The **Lease Financing Fund** accounts for monies received in connection with leases between the City and the Agency, and the City and the California Statewide Communities Development Authority. It also accounts for payments on bonds and other debt issued for the Oakland Museum, for capital improvements to certain City properties, and for the Scotlan and Kaiser Convention Centers.

The **JPFA Fund** accounts for monies received in connection with leases between the City and the JPFA.

The **Other Assessment Bonds Fund** accounts for special assessment monies received from property owners within the various special assessment districts to liquidate the improvement bonds. These districts include Rockridge Area Water Improvement, and the Fire Area Utility Underground.

The **Special Revenue Bonds Fund** accounts for monies received in connection with the Special Refunding Revenue Bonds (Pension Financing) and for payments on such bonds. Proceeds from the bonds were used by the City to fund a portion of the City's liability for employee pensions.

NONMAJOR CAPITAL PROJECTS FUNDS

Capital projects funds account for financial resources to be used for the acquisition, construction or improvement of major capital facilities, except those financed by proprietary funds.

The **Parks and Recreation Fund** accounts for monies from the issuance of the General Obligation Bonds to be used for financing the acquisition of land and to expand, develop, and rehabilitate park and recreational facilities.

The **Emergency Services Fund** accounts for monies from the issuance of the General Obligation Bonds to be used for financing the enhancement of emergency response capabilities and seismic reinforcement of essential public facilities and infrastructures.

INTERNAL SERVICE FUNDS

Internal service funds account for operations that provide goods or services to other City departments and agencies, or to other governments, on a cost-reimbursement basis.

The **Equipment Fund** accounts for the purchase of automotive and rolling equipment, and the related maintenance service charges and related billings for various City departments.

The **Radio Fund** accounts for the purchase, maintenance and operation of radio and other communication equipment being used by various City departments.

The **Facilities Fund** accounts for the repair and maintenance of City facilities, and for provision of custodial and maintenance services related thereto.

The **Reproduction Fund** accounts for the acquisition, maintenance and provision of reproduction equipment and services related to normal governmental operations.

The **Central Stores Fund** accounts for inventory provided to various City departments on a cost reimbursement basis.

The **Purchasing Fund** accounts for procurement of materials, equipments and services essential to providing governmental services for the City.

FIDUCIARY FUNDS

Fiduciary funds, including pension and private purpose trusts, account for resources held by the City which must be spent as provided in legal trust agreements and related state laws. Agency funds account for assets held for other funds, governments, private organizations or individuals. Agency funds do not measure the results of operations and generally serve as clearing accounts.

PENSION TRUST FUNDS

The **Oakland Municipal Employees Retirement System (OMERS) Fund** is a closed benefit plan that covers non-uniformed employees hired prior to September 1970 who have not elected to transfer to the California Public Employees Retirement System.

The **Police and Fire Retirement System (PFRS) Fund** is a closed benefit plan administered by a Board of Trustees which covers uniformed police and fire employees. Membership in the plan is limited to uniformed employees hired prior to July 1, 1976. All subsequent hires are covered under the California Public Employees Retirement System.

PRIVATE PURPOSE TRUST FUNDS

Private Purpose Trust Fund accounts for the operations of certain trust funds, such as the Major Gifts Funds or the Youth Opportunity Program Fund, and retiree medical payments; that are not related to Oakland Redevelopment Agency projects or parks, recreation or cultural activities. The **Private Pension Trust Fund** accounts for employee deferred compensation fund.

STATISTICAL SECTION

THIS PAGE LEFT INTENTIONALLY BLANK.

CITY OF OAKLAND STATISTICS

This part of the City of Oakland's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplemental information says about the City's overall financial health.

Financial Trends

Schedules one through five contain trend information to assist in understanding how the City's financial performance and well-being have changed over times.

Revenue Capacity

Schedules six through twelve report tax revenues by sources which include: property taxes, state taxes and local taxes.

Debt Capacity

Schedules thirteen through sixteen present information that helps in understanding the City's current level of outstanding debt, the legal debt margin, and the ability to issue additional debt in the future.

Pledged Revenue Coverage

Schedule seventeen contains pledge revenue coverage for the City and the Port of Oakland, a component unit of the City. This schedule assists in understanding the revenues pledged for repayment of debt service.

Demographic and Economic Information

Schedules eighteen and nineteen provide the demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

Schedules twenty through twenty-two contain service and infrastructure data to assist in understanding how the City's financial reports relate to the services the City provides and the activities it performs.

CITY OF OAKLAND STATISTICS

GENERAL INFORMATION

The City of Oakland is located on the eastern side of the Oakland/San Francisco Bay in the County of Alameda. Its western border offers 19 miles of coastline, while the rolling hills to the east present views of the Bay and the Pacific Ocean. In between are traditional, well-kept neighborhoods, a progressive downtown and superior cultural and recreational amenities. It is the administrative site for the County of Alameda, the regional seat for the federal government, the district location of primary state offices, and the *transportation hub and center of commerce* for the Bay Area.

With an estimated population of over 392,932, ranking the eighth largest city in the State of California, Oakland is a city of contrasts. It has a thriving industrial port located near restored historic buildings. Major corporate headquarters are in close proximity to traditional businesses and small shops. Historic structures continue to be preserved and revitalized while new buildings are built.

Oakland has grown rapidly since World War II. It has striven to balance this growth by preserving its abundant natural beauty and resources. The City has 106 parks within its borders and several recreational areas along its perimeter. The downtown area includes Lake Merritt, the largest saltwater lake within a U.S. city. Its shoreline is a favorite retreat for joggers, office workers and picnickers. At dusk, the area sparkles as the lake is lit with the “Necklace of Lights.” Lake Merritt is the oldest officially declared wildlife sanctuary in the United States, dating back to 1870.

ALL-AMERICAN CITY

According to U.S. Census figures, Oakland is the most culturally and ethnically diverse city in America. This diversity is reflected in a dynamic, multicultural arts, culture and dining scene. Less obvious to people passing through Oakland is the extraordinary number of individuals and groups of all ethnic backgrounds who work quietly, often voluntarily, usually with little public notice, to improve living conditions for everyone. There are about 150 neighborhood, community, and merchant organizations in Oakland, an unusually large number for any city.

In recognition of these activities, the City and its residents were awarded the National Civic League’s prestigious All-American City designation. Ten cities out of 151 applicants were selected. Each had to demonstrate broad-based citizen involvement reflecting the community’s demographics, the shared decision-making among its public and private sectors, the creative mobilization of community resources, and the willingness to confront critical local issues and results that have a lasting impact.

GOVERNMENT

In November 1998, the citizens of Oakland passed Measure X to change the form of government from Council/Manager to Mayor/Council through a charter amendment. The legislative authority is vested in the City Council. The executive authority is vested in the Mayor with administrative authority resting with the City Manager under the direction of the Mayor. The City Auditor and the City Attorney are both elected officials and serve four-year terms.

CITY OF OAKLAND STATISTICS

The Mayor and City Council is the governing body of the City and is comprised of eight elected officials. One Council member is elected “at large”, while the other seven Council members represent specific districts. The Mayor and City Council are elected to serve four-year terms. The City Manager, appointed by the Mayor, is responsible for day-to-day administrative and fiscal operations of the City.

On March 2, 2004, the citizens of Oakland passed Measure P: (1) to repeal the sunset provision of Measure X passed in November 1998 to retain the Mayor/Council form of government; (2) to change the term limit for Mayor from two terms to two consecutive terms; (3) to reduce the number of votes needed for the City Council to pass an ordinance on reconsideration from six to five votes; (4) to eliminate the prohibition on paying the Mayor more than the City Manager; (5) to remove the rule that the Mayor vacates his or her office by missing ten consecutive City Council meetings; (6) to require the Mayor to advise the City Council before removing the City Manager; and (7) to change the title of the City Manager to “City Administrator”.

The City provides a full range of services contemplated by statute or charter, including those functions delegated to cities under state law. These services include public safety (police and fire), sanitation and environmental health enforcement, recreational and cultural activities, public improvements, planning, zoning, and general administrative services. Oakland is also the seat of Alameda County, which is one of California’s largest counties.

COMMERCIAL SECTORS

Oakland has made significant gains in diversifying its economic base. While manufacturing jobs have decreased, the economy now offers a healthy mix of trade, transshipment, government, high tech, financial, real estate, medical, publishing, and service-oriented occupations. It also has growing skilled-crafts and re-emerging food production sectors. Because it is considered the transportation hub of Northern California, the growth in its port and international airport activities have been unprecedented in the last five years driven by agricultural and high tech products shipped to and from the far east economies.

Oakland is abundant in resources that are available to its businesses and residents. State-of-the-art transportation, communications, and utility facilities keep the City running smoothly. Waterfront restaurants, shops, live performance venues, and a nine-screen movie theater makes Jack London Square a lively nighttime attraction. In addition, new office and retail buildings, public facilities, hotels, a convention center, park enhancements, seven farmer’s markets, outdoor cinema, 32 art galleries and scores of public art installations and the annual Art & Soul festival have created a cosmopolitan environment in the downtown. The City’s 40 increasingly robust neighborhood retail areas are expanding and being revitalized. Abandoned warehouses, foundries and long silent cigar, macaroni, and tent factories are being converted into live/work studios for crafts people.

CITY OF OAKLAND STATISTICS

City departments and processes are being streamlined, restructured, and customer focused to better serve the needs of the businesses and the community. A variety of incentives are available to companies located in its Enterprise, Foreign Trade, and Recycling Market Development Zones. The East Bay Entrepreneur Center, located in downtown Oakland, links businesses with the many services available to them throughout the area and serves as an ombudsman for companies dealing with the City. Neighborhood Commercial Revitalization Specialists work with merchants in each commercial district to promote the district, obtain loans, expedite permits, and arrange for City services.

Oakland is a city of rich history, impressive growth, and a promising future. Located within the **nation's largest metropolitan area**, California's eighth largest city is strategically positioned as the economic heart of the East Bay. Oakland is ready for the twenty-first century with a diverse business base and opportunities for expansion in business services, retail, and the cutting-edge advanced technology industries. Downtown Oakland offers competitively priced office space, a fiber optic infrastructure, and the amenities for both traditional and emerging enterprises.

As the economic, transportation, and civic hub of the East Bay, Oakland offers tremendous opportunity for retailers. The City's approximately 392,932 residents per capita income in 2010 averaged \$28,311. Portions of Oakland are among the wealthiest consumer markets in California; more than half of the City's households report household income in excess of \$75,000. Estimated annual taxable sales were \$3.5 billion in 2011. Compared to other East Bay cities, Oakland sees a significant number of auto-related purchases, with opportunities available in consumer goods, building materials, and office products.

The City of Oakland has transformed itself into one of the most desirable communities to live and to do business in the country. Testimony to this transformation is well publicized in various media and comments by public officials. For example, the City is:

- "...uniquely positioned as an excellent point for international business." (Mickey Kanter, former U.S. Secretary of Commerce);
- "...ranked 8th in the nation in the percentage of women-owned businesses." (*Center for Women's Business Research, September 2004, based on U.S. Census Bureau data*);
- "...ranked 4th best potential retail market in the nation." (Marcus & Millichap, 2007);
- "...ranked 2nd in technology intensity and 4th highest percentage of U.S. households with computer users." (MetaFacts, April 2003);
- "...ranked the top commercial real estate market in the nation, projected to have the largest increase in rents of all U.S. cities through 2007." (*Cushman & Wakefield, 2006*);
- "...among the top ten in 2008 US Cities Sustainability Ranking." (Sustainlane.com 2008);
- "...ranked 5th greenest economic cities." (Communitywalk.com 2008);
- "...ranked 2nd in top 10 large cities recycling program." (Natural Resources Defense Council);
- "...ranked nation's 5th coolest city according to Forbes Magazine 2010";
- "...ranked in top 10 for U.S. office, industrial and multi-housing markets." (Grubb & Ellis Company, 2011);
- "...ranked 2nd in the Top "Can-do" Cities in America." (Newsweek, 2011);
- "...one of the 20 towns of the future." (Sunset Magazine, 2011)

CITY OF OAKLAND STATISTICS

DEMOGRAPHICS

Oakland is a Mecca of culture, a community of people from all over the world working together to build a progressive City. At the same time, it has maintained a rich heritage of ethnic backgrounds and traditions.

The well-maintained four freeways (I-880, I-580, Hwy 13, and Hwy 24), mass transit systems, and ferry service make getting to and from downtown Oakland a relatively quick and easy process—travel times to San Francisco, San Jose and other area cities are surprisingly short.

Since taking office in January 2011, Mayor Quan regularly meets with neighborhood retailers, participates in meetings with regional business leaders, and co-hosted a Mega-Region Conference with the Chamber of Commerce and the Port of Oakland to encourage regional investment in the Port of Oakland. Her recent Trade Mission to China also focused on promoting the Port of Oakland as a West Coast hub for trade with China. Creating jobs in Oakland will help the City and its residents thrive as the economy rebounds.

Mayor Quan Talks with Chinese Investors

They spent six days in China leading a trade mission with the Port of Oakland to Beijing, Shenzhen and Hong Kong to encourage increased trade through the Port and investment in Oakland. President Obama has set a goal of doubling the trade with Asia at the Port of Oakland that translates to 5,000 new jobs. This trip helped promote opportunities to make that goal a reality in Oakland.

Get Connected Oakland!

The Mayor's Office has joined a city-wide initiative to make Oakland one of the most "connected" cities in the nation. Eliminating the Digital Divide plays a pivotal role in the education and career success of young people and helps seniors stay connected and avoid isolation. The Mayor has joined a coalition of public and private organizations that is working together to expand broadband connection throughout the city. Working with recreation centers, senior programs, schools, senior centers, Oakland Housing Authority, the County and others, the goal is to provide easy access to the internet for Oakland residents no matter where they live or what their economic status.

Community & Economic Development

Oakland can flourish with more local business incentives, and jobs, equitable opportunities, smart planning for thriving local districts, affordable housing, access to services and resourced parks, libraries and arts. They can start if every Oakland resident committed to spending just 25% more right here in Oakland. If they all fulfilled that commitment, they could pour between \$9 and \$12 million additional dollars into the Oakland economy each year.

CITY OF OAKLAND STATISTICS

HISTORY

Oakland's first inhabitants, the Ohlone Indians, arrived about 1200 B.C. and lived in small tribal groups on the edge of the hills surrounding the Bay. The Ohlone Indians were a stocky hunting and gathering group who lived in such harmony with nature that they left no permanent mark on the landscape. They maintained such a peaceful attitude with each other that they had no word for war.

Spanish explorers first entered the area that is now Oakland by land in 1772. They reported the natural geography as possibly the most perfect on earth. Near the shore were magnificent oaks; on the hills stood acres of giant redwoods. In the spring, wildflowers filled the valley with golden poppies and purple iris. Deer, rabbits, bears and wildcats roamed the woods. Creeks tumbled into a Bay filled with salmons, crabs, sturgeons, smelts, lobsters, clams, and mussels. The marsh that would become Lake Merritt was alive with wildfowls.

Spain established a Presidio and a Mission on the west side of the Bay in 1776, and Mission San Jose (south of Oakland) is now Fremont. Mission San Jose had jurisdiction over Oakland, the area the Spaniards called Encinal, "grove of evergreen oaks." European diseases and settler hostility obliterated the Ohlones and most of their culture within a few years.

Development as a commercial and transportation center began with the California Gold Rush of 1849, when Oakland became the mainland staging point for passengers and cargo traveling between the Bay and the Sierra foothills.

Oakland was incorporated as a city in 1852, and construction of shipping wharfs began immediately. Ferry service between Oakland and San Francisco had existed for years, but by building large wharfs and dredging a shipping channel, Oakland became an independent destination. Oakland grew steadily through the 19th century. After the devastating earthquake in 1906, many people and businesses chose to relocate from San Francisco to Oakland. Oakland's population more than doubled between 1900 and 1910.

Oakland benefited from the general prosperity of the area through the 1920s. California farms expanded their markets, contributing to canning, processing and shipping companies based in Oakland. Automakers and steel companies led the industrial expansion throughout the East Bay. Construction businesses had plenty of work as homes went up south and east of the inner city and new high-rise office buildings were built in downtown Oakland.

World War II brought tremendous changes to Oakland. Huge numbers of workers moved to the Bay Area to work in local shipyards and many of these people, as well as large numbers of military personnel who mustered out at Treasure Island and the Oakland Army Base, chose to remain in the Bay Area. The population grew by almost one third between 1940 and 1950.

Oakland has a rich literary and cultural heritage. Such historical notables as writers Bret Harte, Jack London, Joaquin Miller, Ina Donna Coolbrith, Jessica Mitford, Narman Jayo, Ishmael Reed, and Gertrude Stein; architect Julia Morgan; and dancer Isadora Duncan are just a few who have left their cultural mark on the City. It is also the birthplace of the West Coast Blues.

CITY OF OAKLAND STATISTICS

TRANSPORTATION

Located in the geographical center of the Bay Area, Oakland has been recognized as an important transportation hub for more than 100 years. The combination of train, bus, ferry, marine, aviation, freeways (I-880, I-580, Hwy 13, and Hwy 24), and the Bay Area Rapid Transit (BART) system guarantees ease of travel for local residents and efficient channels of commerce for businesses relying on the City's easy access. Oakland's Port is a primary sea terminal for transporting cargo between the Western United States and the Pacific Rim, Latin America, and Europe. Air cargo service is minutes away at the Oakland International Airport.

The Port of Oakland

The Port of Oakland is located on the east (or mainland) side of San Francisco Bay, one of the most beautiful natural harbors in the world. The Port is the third largest container port on the Pacific Coast, fourth largest in the United States and among the top 30 in the world. It is served by two railroad companies: the Burlington Northern Santa Fe (BNSF) and the Union Pacific.

The Port handles over 98 percent of Northern California's container traffic, which includes service by over 30 container lines. It has technically advanced facilities available not only for containers but for break-bulk, heavy-lift, and other specialized cargo. The Port has approximately 1,000 acres of developed terminal facilities and container storage and handling areas with 35 ship-to-shore container cranes in operation at these facilities. All Vision 2000 terminal facilities are open and operating. They consist of the 120 acre Hanjin container terminal, the 150 acre Stevedoring Services of America container terminal and the 85 acre intermodal rail terminal operated by the BNSF. The recently renovated and expanded Union Pacific Railroad intermodal facility is located adjacent to the BNSF facility. As part of the Port's Vision 2000 expansion, a new harbor roadway has been constructed along with other harbor area roadway improvements

Oakland International Airport

Oakland International is San Francisco Bay Area's most convenient airport and was ranked #1 for on-time arrivals in North America as measured by FlightStats.com in 2009. Strategically located at the center of the region, Oakland International handled 9.5 million passengers in 2010 and almost 1,000,000 metric tons of air cargo annually. It is the 31st largest airport in the United States by passenger traffic, and the second largest airport in the Bay Area. The airport is comprised of two airfields: South Field (the main commercial airfield) and North Field (primarily used by general and corporate aviation and some cargo companies). Between the two airfields, the airport offers more than 150 commercial passenger non-stop flights daily to 26 domestic and international destinations and 51 all-cargo flights as of February 2009. The passenger terminal complex consists of two terminals with 29 gates, including an international arrivals building for Oakland's growing international service to such destinations as Guadalajara, Morelia, Leon, Mexico, Paris, and Papeete, Tahiti and the Azores Islands. Service between Oakland and Hawaii was inaugurated in February 2000 and direct flights to New York, JFK and Newark, New Jersey were started. There are approximately 8,000 Port and tenant employees working at the Airport.

CITY OF OAKLAND STATISTICS

Air Cargo at Oakland International Airport

Oakland International handles nearly 1,000,000 metric tons of cargo annually and it is among the top 30 airports in the world in the amount of cargo handled. Five all-cargo carriers currently serve Oakland International. Additionally, air cargo is on the domestic and international passenger carriers that serve the airport. About one in every four employees works in a job related to cargo. FedEx, which currently doubled its operations in Oakland by opening a new 13-acre, 191,000 square foot complex, operates a regional sorting and international import clearance facility at Oakland, where nearly 2,100 people are employed. UPS employs 293 people in its airport sort facility and operates a regional distribution center at the nearby Oakland Airport Business Park.

Mass Transit

Local bus service is provided by AC Transit, the public bus system serving 13 cities (and adjacent unincorporated communities) in 364 square miles along the east shore of San Francisco Bay. Serving approximately 230,000 daily riders, AC Transit operates a network of 105 transbay and local East Bay bus routes, 98% of which make transfer connections with the Bay Area Rapid Transit (BART) system. AC Transit buses also serve the Amtrak Station and ferry terminal at Jack London Square, the Oakland International Airport, and many other Bay Area attractions including downtown San Francisco.

BART is a 104-mile, automated rapid transit system serving over 3 million people in the three BART counties of Alameda, Contra Costa, and San Francisco counties, as well as northern San Mateo County. Trains traveling up to 80 mph connect 17 Bay Area cities and 43 stations. Travel time between downtown Oakland and downtown San Francisco averages only 11 minutes on BART.

Other modes of transportation include the Alameda/Oakland Ferry Service that also links Oakland with San Francisco. Nine major U.S. and California highways pass through Oakland. Daily service to rail destinations throughout the U.S. is offered at the Oakland Amtrak Station. Greyhound Bus Lines likewise offers daily bus service to cities throughout the United States.

Car-sharing is offered by City CarShare, Flexcar and Zipcar. There are over 90 miles of bike lanes, routes and paths for the public. Oakland was one of the first cities to pilot the “sharrow” lane – shared-lane pavement markings to indicate road lanes shared by cyclists and motorists.

EDUCATION

The Oakland Unified School District is governed by the Board of Education consisting of seven elected members and three mayoral appointees. The day-to-day operations are managed by the Superintendent of Schools.

The District operates 65 elementary, 20 middle, and 24 high schools. They also operate 36 child development centers and 6 adult education schools. The pupil to teacher ratio is 20:1 for K-3, 31:1 for grades 4-5, and 32:1 for 6-12 graders. Current implementation of 20:1 ratio for 9th graders is ongoing. There are two community colleges and six four-year institutions inside the city limits, with the world-renowned U.C. Berkeley campus located nearby. In addition, a variety of evening extension courses is

CITY OF OAKLAND STATISTICS

offered in Oakland by nine other Bay Area colleges, including U.C. Berkeley. A wide array of non-profit, county and City-sponsored skills enhancement training programs are provided to Oakland residents, and career development is successfully encouraged at area high school academies.

HEALTH CARE

Oakland's medical facilities are among the best in the nation. The medical community provides the latest and most sophisticated medical technology for the diagnosis and treatment of disease. Over 1,500 physicians, 250 dentists, and four major hospitals are located within the City. Overall, the health care industry in Oakland employs approximately 14,000 people.

PUBLIC SAFETY

The Oakland Police Department is striving to use successful and innovative techniques to reduce crime in the City. The Department continues to strengthen its commitment by developing and implementing a "Total Community Policing" model in Oakland. The Mission of the Oakland Police Department is to provide the people of Oakland an environment where they can live, work, play and thrive free from crime and the fear of crime.

PARKS AND RECREATION

Sports, performing arts, boating, camping, gardens, and many other leisure activities are available at more than 140 parks, playgrounds, community centers, and other recreational facilities operated by the City. There are two public golf courses and a third driving range. Four public pools offer seasonal lap and recreational swimming, instruction and showers. The Parks and Recreation Department operates more than 40 tennis courts. Oakland's Feather River Camp, a family camp located in the Plumas National Forest, is operated by the nonprofit group Camps in Common and offers both tent and cabin sites for overnight camping. Families and groups enjoy the rustic amenities, swimming, a variety of activities, and theme weeks offered at the camp throughout the summer months. Instruction in sailing, wind surfing and kayaking are available at Lake Merritt. Boats are available for rent, including paddleboats, kayaks, rowboats, canoes, and sailboats. The City provides public boat launches at its seven-acre, waterfront park on the estuary and at Lake Merritt. The Port of Oakland owns and operates three marinas with berths.

There are over 79,000 acres of wilderness and parklands in the nearby East Bay Regional Park District, including 53 parks and 20 regional trails in Alameda and Contra Costa counties.

CULTURAL ARTS

Oakland is home to one of the most vibrant visual, performing and cultural arts communities in the West Coast. It is experiencing a dynamic cultural renaissance and economic revitalization throughout downtown, the waterfront, and neighborhoods. There are more than 5,000 professional artists living and working in Oakland; 25 dance companies; 36 music groups and organizations; 12 theater companies; 40 visual arts galleries and 15 historic and museum sites.

CITY OF OAKLAND STATISTICS

The Mayor and City Council have established a priority to “Celebrate Arts and Culture to express the creativity and diversity of Oakland.” The Cultural Arts & Marketing Division, Community and Economic Development Agency, is the City’s local arts agency which provides services to the arts community and sponsors culturally enriching programs, exhibitions, and events to celebrate Oakland’s creative and cultural diversity. Through its three program areas, the Cultural Funding Program, Public Art Program, and Special Projects, the Cultural Arts & Marketing Division seeks to broaden and strengthen community participation in the development, support, and promotion of Oakland’s rich artistic and cultural heritage at the local, regional, and national level.

Cultural Funding Program—The City of Oakland, through a competitive application process, awards over \$1.1 million in contracts over the years to Oakland-based nonprofit organizations and individual artists that collectively provide more than 5,000 arts and cultural activities to Oakland residents and visitors.

Public Art Program—The City of Oakland Public Art Program serves Oakland residents and visitors of all ages by commissioning permanent and temporary works of art to help create a positive vision and identity for the City and its neighborhoods. The Public Art Program supports downtown and neighborhood revitalization by engaging a diverse range of artists in contributing to the quality of the visual environment while communicating Oakland’s historical, social and cultural significance. Public Art Program Staff administers a variety of programs, including site-specific public art connected to City capital improvements.

Special Projects—The City collaborates with other community organizations, businesses, public institutions, and City agencies to produce programs, events, festivals, and celebrations that promote Oakland’s art and culture. Current projects include: Oakland Artisan Marketplace, Art & Soul Oakland Festival, and support for 20 major festivals citywide.

Galleries—Three new exhibition spaces downtown showcase high quality art by Oakland Bay Area visual artists in a variety of expressive mediums. They include the Craft and Cultural Arts City of Oakland/State of California Gallery, established through a ‘partnership in the arts’ collaboration, the Oakland Art Gallery, and the Galleries of Oakland space in City Hall. The Third Thursday Oakland Art Night, through which art patrons can tour downtown galleries until 8pm on the third Thursdays, is a newly created program.

Oakland Museum of California—It brings together collections of art, history and natural science under one roof to tell the extraordinary stories of California and its people. Oakland Museum of California connects collections and programs across disciplines, advancing an integrated, multilayered understanding of this ever-evolving state. With more than 1.8 million objects, the Museum is a leading cultural institution of the Bay Area and a resource for the research and understanding of California’s dynamic cultural and environmental heritage.

Paramount Theater—This 1931 movie place, authentically restored in 1973, is Oakland’s premiere live performance facility. The Oakland East Bay Symphony, led by maestro Michael Morgan, showcases a fine classical repertoire and works of California composers. The internationally recognized Oakland Ballet is expanding its definition of Ballet under Artistic Director Graham Lustig.

CITY OF OAKLAND STATISTICS

Both the Symphony and the Ballet perform at the Paramount Theater, which also hosts Broadway shows, R&B concerts, gospel musicals, comedy performances and many special engagements.

Malonga Casquelourd Center for the Arts — The beautifully restored turn-of-the-century Arts Center, formerly known as the Alice Arts Center, is one of the area's busiest performing arts facilities. Patrons can participate in a variety of arts programs or rent spaces for arts events and activities. This restored 1920s building is a popular multicultural, multidisciplinary performing arts complex sponsored by the city. The 350-seat theater and five performance spaces showcase drama, ballet, and African and contemporary dance.

The Oakland School for the Arts—It is a California Distinguished School and has been recognized by the national Arts Schools Network as an Exemplary School. Oakland School for the Arts (OSA) is part of the revitalization of uptown Oakland. Located in the recently restored historic Fox Theater, OSA anchors the uptown arts movement with its shows, productions and performances.

SPORTS

Oakland is a magnet for sports fans of all types. Whatever the season, Oakland pro and amateur games frequently garner large crowds and broad national media coverage. In the last three decades, Oakland's professional sports teams have won six world championships in three major sports.

- Golden State Warriors – The Warriors were one of the most exciting teams in basketball to watch in the 2008-2009 season. Golden State ranked second in the league in scoring with 108.6 points per game, and seven different players had at least one game with 30-plus points.
- Oakland Athletics – The Oakland Athletics have won six American League Championships and four baseball World Series titles.
- Oakland Raiders – From dominance in three Super Bowl victories to improbable come-from-behind victories, the Raiders have been involved in some of professional football's most incredible moments.

MEDIA

Oakland has its own daily and weekly regional newspapers, radio stations and a television station with daily award-winning newscasts. Its neighborhoods distribute 50 newsletters. In addition to media and cable companies located in Oakland, the City is served by other major Bay Area newspapers, seven television stations (including the three major networks) and the Public Broadcasting System. Over 30 other Bay Area radio stations are easily received in Oakland.

I. General

Authority

Pursuant to Council Resolution Nos. 75855 C.M.S. and 00-38 C.M.S. and in accordance with Government Codes Section 53607, the City Council delegates to the Finance Director/Treasurer the authority to invest the City's and the Agency's operating fund within the guidelines of Section 53600 of the Government Code of the State of California (the "Code"). The Code also allows the City to present an annual investment policy for confirmation to the City Council, which the City Council shall consider at a public meeting. This Investment Policy is now amended and adopted as of June 21 2011 and will serve as the City of Oakland's Investment Policy for fiscal year 2011-12 and until further revised. By approval of this Investment Policy the City Council extends the authority and responsibility of the Finance Director/Treasurer to invest or to reinvest the City's and the Agency's funds, or to sell or exchange securities so purchased, all as provided by Government Code Section 53607.

Scope

The Investment Policy applies to the operating funds of the City of Oakland and the Port of Oakland (the "City Operating Portfolio") and the Oakland Redevelopment Agency (the "Agency Operating Portfolio"). As specified in the Government Code, the proceeds of notes, bond issues or similar financings including, but not limited to reserve funds, project funds, debt service funds and capital trust funds derived from such financings, are not governed by this Investment Policy, but rather shall be invested pursuant to their respective bond or trust indentures or the State of California Government Code 53600, as applicable. Similarly, retirement/pension funds and deferred compensation funds also are not governed by this Investment Policy, but rather by the policies and Federal or State statutes explicitly applicable to such funds.

Delegation

Management responsibility for the investment program is specifically delegated to the Treasury Manager who shall establish procedures for the investment program, which are consistent with this Investment Policy. Authorization for investment decisions is limited to the Treasurer and Treasury Manager. A Principal Financial Analyst may execute investment transactions in the absence of the Treasury Manager per the Treasury Manager instructions or prior authorization.

A Principal Financial Analyst, Financial Analyst, or Treasury Analyst may make decisions only with respect to overnight investments, but may implement investment decisions received directly from the Treasurer or Treasury Manager.

Prudent Investor Standard

All investments and evaluation of such investments shall be made with regard to the "Prudent Investor" standard of care, that is, with the care, skill, prudence and diligence under the circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the professional management of their business affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Ethics and Avoidance of Conflicts of Interest

All officers and employees involved in the investment process shall not engage in any personal business activity, which could conflict with proper execution of the investment program or impair their ability to make impartial investment decisions. Any material financial interests in financial institutions, which do business with the City, should be disclosed to the City Administrator. Personal investment transactions are to be subordinate to those of the City, particularly with respect to the timing of purchases and sales. All individuals involved in the investment process are required to report all gifts and income in accordance with California State law.

Internal Control

The Finance Director/Treasurer and Treasury Manager shall maintain a system of internal controls designed to ensure compliance with the Investment Policy and to prevent losses due to fraud, employee error, misrepresentations by third parties or unanticipated changes in financial markets.

The independent/external auditors shall perform an annual appraisal audit of the investment portfolio to evaluate the effectiveness of the City's investment program as well as its compliance with the Investment Policy. Additionally, the City Auditor's Office may conduct periodic audits of Treasury operations to review its procedures and policies and to make recommendations for changes and improvements, if warranted.

2. Applicable Ordinances

Nuclear Free Zone Ordinance

Under the guidelines of a voter-approved Measure, the Oakland City Council approved Ordinance No. 11062 C.M.S., which restricts the City's investment in U.S. Government Treasuries. The Treasurer will make every attempt to invest in any available short-term option that provides approximately the same level of security and return as Treasuries issued by the Government. In the event that no reasonable alternatives exist, or to the extent that the City may experience financial hardship as a result of investment in these alternatives, the City Council may adopt a waiver for a period not to exceed 60 days, as authorized by the Ordinance, allowing the City to invest in U.S. Treasury securities.

Linked Banking Ordinance

Pursuant to Ordinance No. 11067 C.M.S. the City has established a Linked Banking Service Program. This reference applies to depositories for both the City of Oakland and the Port of Oakland banking needs. Depositories are defined within the Ordinance as "all banking services utilized by the City including the Port of Oakland operating fund, with the exception of investments made through investment banks and broker/dealers." Depositories providing services to the City and the Port of Oakland must provide to the City, annually, the information enumerated under Section 3 of the Ordinance.

Tobacco Divestiture Resolution

On February 17, 1998, Council adopted Resolution No. 74074 C.M.S., which prohibits investment in businesses deriving greater than fifteen percent of their revenues from tobacco products. Treasury Division maintains a list of firms excluded from permitted investments due to the tobacco divestiture requirements.

Preferences

When possible, it is the City's policy to invest in companies that promote the use and production of renewable energy resources and any other socially responsible investments, subject to the prudent investment standard.

3. The Portfolio

Definition of the Portfolio

For the purposes of this Investment Policy, the "Portfolio" or "Fund" consists of the unexpended fund balances of the City of Oakland (including certain operating funds held from time to time for the City's Retirement Systems) and the Port of Oakland, and the "Agency Portfolio" or "Agency Fund" consists of the unexpended fund balances of the Oakland Redevelopment Agency. This Investment Policy applies equally to both the City and the Agency, and all references to "Portfolio" or "Fund" are deemed to include that of each respective entity.

As specified in the Government Code, the proceeds of notes, bond issues or similar financings including, but not limited to reserve funds, project funds, debt service funds and capital trust funds derived from such financings, are not included in the Portfolio, but rather shall be invested separately pursuant to their respective bond or trust indentures or the State of California Government Code 53600, as applicable. Similarly, retirement/pension funds and deferred compensation funds are not included in the Portfolio, but rather shall be invested separately pursuant to the respective policies and Federal or State statutes explicitly applicable to such funds.

Objectives

Preservation of Capital (Safety)

The first and primary goal of the Fund is the preservation of capital. Investments shall be made with the aim of avoiding losses due to market value risk, issuer default and broker default. Diversification of the Fund further ensures that potential losses on individual securities do not exceed the income generated on the remainder of the Fund.

Liquidity

Adequate cash on hand to meet cash disbursements and payroll are to be covered through maturing investments. Cash flow modeling is an integral part of the overall cash management responsibilities of the Treasury Division.

Diversity

Reducing overall portfolio risks while maintaining market average rates of return is essential. The objective is to avoid over-concentration in issuers, instruments, and maturity sectors. No more than 5 percent of the total assets of the investments held by the City may be invested in the securities of any one issuer, except the obligations of the United States government or government-sponsored enterprises, investment with the Local Agency Investment Fund and proceeds of or pledged revenues for any tax revenue anticipation notes.

Yield

While not the primary consideration of the Fund, it is important to recognize that the objectives of the City go beyond the preservation of capital. The Fund is managed to maximize its overall return with consideration of the safety, liquidity, and diversity parameters discussed above.

Custody

All investments of the City/Agency are to be secured through third-party custody and safekeeping procedures. All securities purchased from dealers and brokers shall be held in safekeeping by the City's custodial bank, which establishes ownership, by the City of Oakland or the Agency, as applicable.

All collateralized securities, such as repurchase agreements, are to be purchased using delivery versus payment procedures.

Reporting Requirements

Interim Requirements to Council

After the adoption of California Government Code Section 53646, the City is not mandated to submit an annual investment policy or a quarterly investment report to its legislative body. As best practice and sound financial management practice, the Finance Director/Treasurer will submit a quarterly investment report and an annual investment policy for the City and the Agency within 30 days following the period being reported to the City Council.

The quarterly report will be deemed timely pursuant to this Investment Policy and Government Code Section 53646, so long as it has been submitted to the City Administrator within 30 days following the period being reported to be scheduled for Finance and Management Committee. The quarterly cash management report for the period ending June 30 will be filed in a timely manner, but it will not be approved until September due to the City Council summer recess.

The report will include the information required under Government Code Section 53646 including: the type of investment, issuer, date of maturity, par and dollar amount invested (this data may be in the form of a subsidiary ledger of investments); a description of any investments under management of contracted parties, if any; current market values and source of valuation; statement of compliance or manner of non-compliance with the Investment Policy; and a statement denoting the ability to meet the Fund's expenditure requirements for the next six months. In addition, the report shall summarize economic conditions, liquidity, diversity, risk characteristics and other features of the portfolio. The report will disclose the total investment return for the 3-month period. In meeting these requirements, the report shall include an appendix that discloses all transactions during each month and the holdings at the end of each month during the period being reported.

Annual Requirements

The Government Accounting Standards Board (GASB) Statement #31 requires the portfolio be marked to market each June 30 in accordance with requirements of generally accepted accounting principals and the Government Accounting Standards Board. However, unrealized gains or losses will not be distributed.

The Government Accounting Standards Board (GASB) Statement #40 is to update the custodial credit risk disclosure requirements and to establish more comprehensive disclosure requirements addressing other common risks that GASB 40 requires to be disclosed, including Custodial Credit Risk, Concentration of Credit Risk, Financial Credit Risk, Interest Rate Risk, and Foreign Currency Risk. Listed below is a brief description of each risk and how to mitigate the risk.

Custodial Credit Risk: In the event of a failure of a depository financial institution or counterparty to a transaction, the inability to recover the value of deposits, investments, or collateral securities in the possession of an outside party. To protect against fraud and potential losses from the financial collapse of securities dealers, all securities owned by the City shall be held in the name of the City for safekeeping by a third party bank trust departments, acting as a agent for the City under the terms of the Custody Agreement.

Credit Risk (Financial Risk): The possibility that the issuer/counterparty to an investment will be unable to fulfill its obligations. The most effective method for minimizing the risk of default by an issuer is to invest in high quality obligations. Since these obligations are the only ones permitted by State law, investing in them is also the most effective way to maintain legal compliance.

Concentration of Credit Risk: The inability to recover the value of deposits, investments, or collateral securities in the possession of an outside party caused by the lack of diversification. The City believes in the importance of a well-diversified portfolio. It is the policy of the City to review the diversity of the portfolio on a regular basis so that reliance on any one issuer will not place an undue financial burden on the City.

Interest Rate Risk: The possibility that an interest rate change could adversely affect an investment's fair value. The City manages interest rate risk by measuring the duration of the portfolio as a method of gauging the degree of interest rate risk to which the portfolio is exposed. Duration measures the exposure to fair value arising from changing interest rates by using the present value of cash flows weighted as a percentage of the investment's full price.

Foreign Currency Risk: The possibility that changes in exchange rates between the U.S. dollar and foreign currencies could adversely affect a deposit/investment's fair value. The City only invests in U.S. dollar denominated obligations. This successfully eliminates all risk of principal erosion due to fluctuations in the values of foreign currencies.

Reports to California Debt and Investment Advisory Commission (CDIAC)

Effective October 11th, 2009, the City is no longer required to submit investment reports to the California Debt and Investment Advisory Commission within 60 days after the close of the second and fourth quarters of each calendar year pursuant to Section 53466 (g) of the California Government Code.

Derivatives

Callable step-up securities and floaters (which are tied to a short-term index such as 3- or 6-month LIBOR, 3-month Treasury Bills or Fed Funds rate) are considered suitable investments.

Structured notes, capped and range floaters, floating rate notes tied to a long-term index such as the Cost of Funds Index, inverse floaters and leveraged floaters are not permitted investments of the Fund at this time.

Collateralized Mortgage Obligations or their derivatives such as interest only strips are not permitted investments at this time.

General Credit Quality

Short-term debt shall be rated at least "A-1" by Standard & Poor's Corporation, "P-1" by Moody's Investor Service, Inc. or "F-1" by Fitch. Long-term debt shall be rated at least "A" by Standard & Poor's Corporation, Moody's Investors Service, Inc., or Fitch.

The minimum credit requirement for each security is further defined within the Permitted Investments section of the policy. If securities which are purchased for the Fund are downgraded below the credit quality required by the Fund. The Treasury Manager, will determine whether to retain or to sell the security. Evaluation of divestiture of securities will be determined on a case-by-case basis.

Maturity

The maximum maturity for any one investment shall not exceed 5 years unless authority for such investment is expressly granted in advance by the City Council in accordance with Government Code Section 53601. If portfolio percentage constraints are violated due to a temporary imbalance in the portfolio, then the City shall hold the affected securities to maturity in order to avoid capital losses. Portfolio percentage limits are in place in order to ensure diversification of the City investment portfolio; a small, temporary imbalance will not significantly impair that strategy.

Trading Policies

Sales Prior to Maturity

"Buy and hold" is not necessarily the strategy to be used in managing the Funds. It is expected that gains will be realized when prudent. Losses are acceptable if the proposed swap/trade clearly enhances the portfolio yield over the life of the new security on a total return basis.

Sufficient written documentation will be maintained to facilitate an audit of the transaction. Losses, if any, will be recognized and recorded based on the transaction date.

Purchasing Entities, Broker/Dealers and Financial Institutions

The purchase of any authorized investment shall be made either directly from the issuer or from any of the following:

- Institutions licensed by the State of California as a broker/dealer
- Members of a federally regulated securities exchange
- National or state-chartered banks
- Federal or state savings institutions or associations as defined in Finance Code Section 5102
- Brokerage firms reporting as a primary government dealer to the Federal Reserve Bank

The Treasury Manager will maintain a current and eligible list of reputable primary and regional dealers, brokers and financial institutions with whom securities trading and placement of funds are authorized. A strong capital base credit worthiness, and, where applicable, a broker/dealer staff experienced in transactions with California local governments are the primary criteria for inclusion on the City of Oakland's approved list. Approved dealers and brokers shall be limited to primary dealers or regional dealers that qualify under Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule) and which provide: proof of National Association of Securities Dealers certification; proof of California State registration; and a completed City of Oakland broker/dealer questionnaire. In addition, prior to approval and annually thereafter, approved dealers and brokers must provide: an audited financial statement; certification of receipt, review of and willingness to comply with the current Investment Policy; and certification of compliance with Rule G-37 of the Municipal Securities Rulemaking Board regarding limitations on political contributions to the Mayor or any member of the City Council or to any candidate for these offices.

The Treasurer or Treasury Manager may remove a firm from the approved list at any time due to: any failure to comply with any of the above criteria; any failure to successfully execute a transaction; any change in broker/dealer staff; or any other action, event or failure to act which, in the sole discretion of the Treasurer or Treasury Manager is materially adverse to the best interests of the City/Agency.

4. *Permitted Investments*

The following securities are permissible investments pursuant to Section 53601 of the Government Code as well as this Investment Policy. Any other investment not specified hereunder shall be made only upon prior approval by the City Council and/or the Agency.

U. S. Treasury Securities

Bills, notes and bonds issued by the U.S. Treasury which are direct obligations of the federal government.

Maximum Maturity	5 years
Maximum Portfolio Exposure	20%*
Maximum Issuer Exposure	Prudent person standard applies overall
Credit Requirement	N.A.

- * 20% limit is a result of the Nuclear Free Zone Ordinance, subject also to prior adoption by Council of a waiver for a period not to exceed 60 days allowing investment in U.S. Treasury securities due to specified findings. There is no limitation under the Government Code.

Federal Agencies and Instrumentalities

Notes and bonds of federal agencies, government-sponsored enterprises and international institutions. Not all are direct obligations of the U. S. Treasury but may involve federal sponsorship and/or guarantees, in some instances.

Maximum Maturity	5 years
Maximum Portfolio Exposure	None
Maximum Issuer Exposure	Prudent person standard applies overall
Credit Requirement	N.A.

Banker's Acceptances (BA)

Bills of exchange or time drafts drawn on and accepted by a commercial bank, typically created from a letter of credit issued in a foreign trade transaction.

Maximum Maturity	180 days
Maximum Portfolio Exposure	40%
Maximum Issuer Exposure	30% of total surplus funds may be in BAs of one commercial bank; maximum 5% per issuer
Credit Requirement	A1, P1, or F1 (S&P/Moody's/Fitch)

Commercial Paper

A short-term, unsecured promissory note issued by financial and non-financial companies to raise short-term cash. Financial companies issue commercial paper to support their consumer and/or business lending; non-financial companies issue for operating funds.

Maximum Maturity	270 days
Maximum Portfolio Exposure	25%
Maximum Issuer Exposure	No more than 10% of the total assets of the investments held by the City or Agency may be invested in any one issuer's commercial paper; and maximum 5% per issuer
Credit Requirement	Prime quality of the highest letter and number rating as provided by a nationally recognized statistical rating organization (NRSRO). For example, A1 or P1 (S&P/Moody's); or F1 (Fitch).
Eligibility	Limited to general corporations organized and operating in the United States with assets in excess of \$500 million, and having "A" or higher ratings for the issuer's debt, other than commercial paper, if any, as provided by NRSRO.

Asset-Backed Commercial Paper

Asset-Backed Commercial Paper ("ABCP") issued by special purpose corporations ("SPCs") that is supported by credit enhancement facilities (e.g. over-collateralization, letters of credit, surety bonds, etc.)

Maximum Maturity	270 days
Maximum Portfolio Exposure	25% (Not to exceed 25% of total secured and unsecured CP)
Maximum Issuer Exposure	No more than 10% of the total assets of the investments held by the City or Agency may be invested in any one issuer's commercial paper; and maximum 5% per issuer
Credit Requirement	Rated "A1" by Standard and Poor's, "P1" by Moody's, or "F1" by Fitch
Eligibility	<p>Issued by special purpose corporations ("SPC") organized and operating in the the United States with assets exceeding \$500 million. Restricted to programs sponsored by commercial banks or finance companies organized and operated in the United States.</p> <p>Program must have credit facility that provides at least 100% liquidity</p> <p>Serialized ABCP programs are not eligible</p>

Ratings are to be routinely monitored. The Treasurer or Treasury Manager is to perform his/her own due diligence as to creditworthiness.

Local Government Investment Pools

For local agencies (including counties, cities or other local agencies) that pool money in deposits or investments with other local agencies, investments may be made subject to the following:

Maximum Maturity	N/A
Maximum Portfolio Exposure	20%
NAV Requirement	\$1.00

Credit Requirement	Top ranking or highest letter and numerical rating provided by at least two nationally recognized statistical rating organizations
Must retain an Investment Advisor	Registered with the SEC with not less than 5 years experience in investing securities as authorized by the Code, and with assets under management in excess of \$500 million
Fund Composition	Comprised of instruments in accordance with the California State Government Code

Medium Term Notes

Corporate Bonds, Corporate Notes and Deposit Notes. Issuers are banks and bank holding companies, thrifts, finance companies, insurance companies and industrial corporations. These are debt obligations that are generally unsecured.

Maximum Maturity	5 years (additional limitations based on credit, below)
Maximum Portfolio Exposure	30%
Maximum Issuer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Credit Requirement	Top 3 rating categories, A, A2 or A (S&P/Moody's/Fitch) being the lowest. Maturity no greater than 24 months ("A" category) or 36 months ("AA" category)
Eligibility	Limited to corporations organized and operating within the United States or depository institutions licensed by the United States or any state and operating within the United States

Negotiable Certificates of Deposit

Issued by commercial banks and thrifts, and foreign banks (Yankee CD's).

Maximum Maturity	5 years
Maximum Portfolio Exposure	30%
Maximum Issuer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Credit Requirement	Top 3 rating categories, A, A2 or A (S&P/Moody's/Fitch) being the lowest, if rated by S&P, Moody's or Fitch, otherwise, for Domestic Banks and Savings & Loans a minimum of C (Thomson Bank Watch) and for Foreign Banks a minimum of B (Thomson Bank Watch), or in either case equivalent ratings from another generally recognized authority on bank ratings

Repurchase Agreements

A contractual transaction between the investor and a bank/dealer to exchange cash for temporary ownership or control of securities/collateral with an agreement by the bank/dealer to repurchase the securities on a future date. Primarily used as an overnight investment vehicle.

Maximum Maturity	360 days
Maximum Portfolio Exposure	None
Maximum Dealer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Collateral Requirements	Collateral limited to Treasury and Agency securities; must be 102% or greater
Mark-to-market	Daily
Eligibility	Limited to primary dealers of the Federal Reserve Bank of New York, for which a current Master Repurchase Agreement has been executed with the City/Agency

Reverse Repurchase Agreements

The mirror image of a repurchase agreement. Used as a source of liquidity when there is a mismatch of cash flow requirement and scheduled maturities. A mechanism to avoid liquidating securities for immediate cash needs. Restricted to securities owned for a minimum of 30 days prior to settlement of the repurchase agreement.

This strategy should be used solely for liquidity and not for arbitrage or leverage purposes.

Maximum Maturity	92 days (unless a written agreement guaranteeing the earnings or spread for the entire period)
Maximum Portfolio Exposure	20% of the base value of the portfolio
Eligibility	Limited to primary dealers of the Federal Reserve Bank of New York or nationally or State chartered bank with significant banking relationship with the City

Secured Obligations and Agreements

Obligations, including notes or bonds, collateralized at all times in accordance with Sections 53651 and 53652 of the Government Code.

Maximum Maturity	2 years
Maximum Portfolio Exposure	20%
Maximum Issued/Provider Exposure	Prudent person standard applies overall; maximum 5% per issue
Collateral Requirements	Collateral limited to Treasury and Agency securities; must be 102% or greater
Mark-to-market	Daily
Credit Requirement	Issuer/Provider rated in "AA" category by at least one national rating agency; or agreement guaranteed by an "AA" company
Eligibility	Banks, insurance companies, insurance holding companies and other financial institutions

Certificates of Deposit

Time deposits, which are non-negotiable, are issued most commonly by commercial banks, savings and loans and credit unions with federal deposit insurance available for amounts up to \$250,000 until December 31, 2013. Deposits in banks, savings and loan associations and federal credit unions with a branch office within Oakland will be made (to the extent permissible by State and Federal law or rulings) pursuant to the following conditions:

Maximum Maturity	360 days
Maximum Portfolio Exposure	Prudent person standard applies.
Maximum Issuer Exposure	Prudent person standard applies.
Credit Requirement	For deposits over \$250,000: Top 3 rating categories - A, A2 or A (S&P/Moody's/Fitch) being the lowest, if rated by S&P, Moody's or Fitch; otherwise, for Domestic Banks and Savings & Loans, a minimum standard of C (Thompson Bank Watch) and for Foreign Banks a minimum of B (Thompson Bank Watch), or in either case equivalent ratings from another generally recognized authority on bank ratings
Deposit Limit	For federally insured deposits of \$250,000 or less: No minimum credit rating required. City's deposits cannot exceed the total shareholder's equity of the institution. For deposits over \$250,000, it must be collateralized.
Depository Selection	Highest available rate of interest
Institution Requirements	Most recent Annual Report

Note: Pursuant to Government code 53637, the City is prohibited from investing in negotiable certificates of deposit of a state or federal credit union if a member of the legislative body or decision-making authority serves on the board of directors or committee.

Money Market Mutual Funds

Regulated by the SEC, these funds operate under strict maturity and diversification guidelines. These funds have no federal guarantee but are viewed as a very safe short-term cash investment.

Maximum Maturity	N/A
Maximum Portfolio Exposure	20%
NAV Requirement	\$1.00
Credit Requirement	Top ranking or highest letter and numerical rating provided by at least two nationally recognized statistical rating organizations
Investment Advisor Alternative to Ratings	Registered with the SEC with not less than 5 years experience in investing securities as authorized by the Code, and with assets under management in excess of \$500 million
Fund Composition	Comprised of instruments in accordance with the California State Government Code

State Investment Pool (Local Agency Investment Fund)

A pooled investment fund overseen by the State Treasurer, which operates like a money market fund, but is for the exclusive benefit of governmental entities within the state. Maximum currently authorized by Local Agency Investment Fund (LAIF) is \$50 million, which is subject to change. The LAIF is in trust in the custody of the State Treasurer. The City's right to withdraw its deposited monies from LAIF is not contingent upon the State's failure to adopt a State Budget. As of June 20, 2005, commercial paper of a limited liability corporation is a legal investment for LAIF, per Chapter 16, Statutes of 2005 (AB 279, Calderon).

Maximum Maturity	N/A
Maximum Portfolio Exposure	None

Local City/Agency Bonds

Bonds issued by the City of Oakland, the Redevelopment Agency or any department, board, agency or authority of the City or the Redevelopment Agency.

Maximum Maturity	5 years
Maximum Portfolio Exposure	None
Maximum Issuer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Credit Requirement	Prudent person standard applies

State of California Obligations and Others

State of California and any other of the 49 United States registered state warrants, treasury notes, or bonds issued by a State.

Maximum Maturity	5 years
Maximum Portfolio Exposure	None
Maximum Issuer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Credit Requirement	Prudent person standard applies

Other Local Agency Bonds

Bonds, notes, warrants or other evidences of indebtedness of any local agency within the state.

Maximum Maturity	5 years
Maximum Portfolio Exposure	Prudent person standard applied overall; maximum 5% per issuer
Maximum Issuer Exposure	Prudent person standard applies
Credit Requirement	Prudent person standard applies

I. General

Authority

Pursuant to Council Resolution Nos. 75855 C.M.S. and 00-38 C.M.S. and in accordance with Government Codes Section 53607, the City Council delegates to the Finance Director/Treasurer the authority to invest the City's and the Agency's operating fund within the guidelines of Section 53600 of the Government Code of the State of California (the "Code"). The Code also allows the City to present an annual investment policy for confirmation to the City Council, which the City Council shall consider at a public meeting. This Investment Policy is now amended and adopted as of June 21 2011 and will serve as the City of Oakland's Investment Policy for fiscal year 2011-12 and until further revised. By approval of this Investment Policy the City Council extends the authority and responsibility of the Finance Director/Treasurer to invest or to reinvest the City's and the Agency's funds, or to sell or exchange securities so purchased, all as provided by Government Code Section 53607.

Scope

The Investment Policy applies to the operating funds of the City of Oakland and the Port of Oakland (the "City Operating Portfolio") and the Oakland Redevelopment Agency (the "Agency Operating Portfolio"). As specified in the Government Code, the proceeds of notes, bond issues or similar financings including, but not limited to reserve funds, project funds, debt service funds and capital trust funds derived from such financings, are not governed by this Investment Policy, but rather shall be invested pursuant to their respective bond or trust indentures or the State of California Government Code 53600, as applicable. Similarly, retirement/pension funds and deferred compensation funds also are not governed by this Investment Policy, but rather by the policies and Federal or State statutes explicitly applicable to such funds.

Delegation

Management responsibility for the investment program is specifically delegated to the Treasury Manager who shall establish procedures for the investment program, which are consistent with this Investment Policy. Authorization for investment decisions is limited to the Treasurer and Treasury Manager. A Principal Financial Analyst may execute investment transactions in the absence of the Treasury Manager per the Treasury Manager instructions or prior authorization.

A Principal Financial Analyst, Financial Analyst, or Treasury Analyst may make decisions only with respect to overnight investments, but may implement investment decisions received directly from the Treasurer or Treasury Manager.

Prudent Investor Standard

All investments and evaluation of such investments shall be made with regard to the "Prudent Investor" standard of care, that is, with the care, skill, prudence and diligence under the circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the professional management of their business affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Ethics and Avoidance of Conflicts of Interest

All officers and employees involved in the investment process shall not engage in any personal business activity, which could conflict with proper execution of the investment program or impair their ability to make impartial investment decisions. Any material financial interests in financial institutions, which do business with the City, should be disclosed to the City Administrator. Personal investment transactions are to be subordinate to those of the City, particularly with respect to the timing of purchases and sales. All individuals involved in the investment process are required to report all gifts and income in accordance with California State law.

Internal Control

The Finance Director/Treasurer and Treasury Manager shall maintain a system of internal controls designed to ensure compliance with the Investment Policy and to prevent losses due to fraud, employee error, misrepresentations by third parties or unanticipated changes in financial markets.

The independent/external auditors shall perform an annual appraisal audit of the investment portfolio to evaluate the effectiveness of the City's investment program as well as its compliance with the Investment Policy. Additionally, the City Auditor's Office may conduct periodic audits of Treasury operations to review its procedures and policies and to make recommendations for changes and improvements, if warranted.

2. Applicable Ordinances

Nuclear Free Zone Ordinance

Under the guidelines of a voter-approved Measure, the Oakland City Council approved Ordinance No. 11062 C.M.S., which restricts the City's investment in U.S. Government Treasuries. The Treasurer will make every attempt to invest in any available short-term option that provides approximately the same level of security and return as Treasuries issued by the Government. In the event that no reasonable alternatives exist, or to the extent that the City may experience financial hardship as a result of investment in these alternatives, the City Council may adopt a waiver for a period not to exceed 60 days, as authorized by the Ordinance, allowing the City to invest in U.S. Treasury securities.

Linked Banking Ordinance

Pursuant to Ordinance No. 11067 C.M.S. the City has established a Linked Banking Service Program. This reference applies to depositories for both the City of Oakland and the Port of Oakland banking needs. Depositories are defined within the Ordinance as "all banking services utilized by the City including the Port of Oakland operating fund, with the exception of investments made through investment banks and broker/dealers." Depositories providing services to the City and the Port of Oakland must provide to the City, annually, the information enumerated under Section 3 of the Ordinance.

Tobacco Divestiture Resolution

On February 17, 1998, Council adopted Resolution No. 74074 C.M.S., which prohibits investment in businesses deriving greater than fifteen percent of their revenues from tobacco products. Treasury Division maintains a list of firms excluded from permitted investments due to the tobacco divestiture requirements.

Preferences

When possible, it is the City's policy to invest in companies that promote the use and production of renewable energy resources and any other socially responsible investments, subject to the prudent investment standard.

3. The Portfolio

Definition of the Portfolio

For the purposes of this Investment Policy, the "Portfolio" or "Fund" consists of the unexpended fund balances of the City of Oakland (including certain operating funds held from time to time for the City's Retirement Systems) and the Port of Oakland, and the "Agency Portfolio" or "Agency Fund" consists of the unexpended fund balances of the Oakland Redevelopment Agency. This Investment Policy applies equally to both the City and the Agency, and all references to "Portfolio" or "Fund" are deemed to include that of each respective entity.

As specified in the Government Code, the proceeds of notes, bond issues or similar financings including, but not limited to reserve funds, project funds, debt service funds and capital trust funds derived from such financings, are not included in the Portfolio, but rather shall be invested separately pursuant to their respective bond or trust indentures or the State of California Government Code 53600, as applicable. Similarly, retirement/pension funds and deferred compensation funds are not included in the Portfolio, but rather shall be invested separately pursuant to the respective policies and Federal or State statutes explicitly applicable to such funds.

Objectives

Preservation of Capital (Safety)

The first and primary goal of the Fund is the preservation of capital. Investments shall be made with the aim of avoiding losses due to market value risk, issuer default and broker default. Diversification of the Fund further ensures that potential losses on individual securities do not exceed the income generated on the remainder of the Fund.

Liquidity

Adequate cash on hand to meet cash disbursements and payroll are to be covered through maturing investments. Cash flow modeling is an integral part of the overall cash management responsibilities of the Treasury Division.

Diversity

Reducing overall portfolio risks while maintaining market average rates of return is essential. The objective is to avoid over-concentration in issuers, instruments, and maturity sectors. No more than 5 percent of the total assets of the investments held by the City may be invested in the securities of any one issuer, except the obligations of the United States government or government-sponsored enterprises, investment with the Local Agency Investment Fund and proceeds of or pledged revenues for any tax revenue anticipation notes.

Yield

While not the primary consideration of the Fund, it is important to recognize that the objectives of the City go beyond the preservation of capital. The Fund is managed to maximize its overall return with consideration of the safety, liquidity, and diversity parameters discussed above.

Custody

All investments of the City/Agency are to be secured through third-party custody and safekeeping procedures. All securities purchased from dealers and brokers shall be held in safekeeping by the City's custodial bank, which establishes ownership, by the City of Oakland or the Agency, as applicable.

All collateralized securities, such as repurchase agreements, are to be purchased using delivery versus payment procedures.

Reporting Requirements

Interim Requirements to Council

After the adoption of California Government Code Section 53646, the City is not mandated to submit an annual investment policy or a quarterly investment report to its legislative body. As best practice and sound financial management practice, the Finance Director/Treasurer will submit a quarterly investment report and an annual investment policy for the City and the Agency within 30 days following the period being reported to the City Council.

The quarterly report will be deemed timely pursuant to this Investment Policy and Government Code Section 53646, so long as it has been submitted to the City Administrator within 30 days following the period being reported to be scheduled for Finance and Management Committee. The quarterly cash management report for the period ending June 30 will be filed in a timely manner, but it will not be approved until September due to the City Council summer recess.

The report will include the information required under Government Code Section 53646 including: the type of investment, issuer, date of maturity, par and dollar amount invested (this data may be in the form of a subsidiary ledger of investments); a description of any investments under management of contracted parties, if any; current market values and source of valuation; statement of compliance or manner of non-compliance with the Investment Policy; and a statement denoting the ability to meet the Fund's expenditure requirements for the next six months. In addition, the report shall summarize economic conditions, liquidity, diversity, risk characteristics and other features of the portfolio. The report will disclose the total investment return for the 3-month period. In meeting these requirements, the report shall include an appendix that discloses all transactions during each month and the holdings at the end of each month during the period being reported.

Annual Requirements

The Government Accounting Standards Board (GASB) Statement #31 requires the portfolio be marked to market each June 30 in accordance with requirements of generally accepted accounting principals and the Government Accounting Standards Board. However, unrealized gains or losses will not be distributed.

The Government Accounting Standards Board (GASB) Statement #40 is to update the custodial credit risk disclosure requirements and to establish more comprehensive disclosure requirements addressing other common risks that GASB 40 requires to be disclosed, including Custodial Credit Risk, Concentration of Credit Risk, Financial Credit Risk, Interest Rate Risk, and Foreign Currency Risk. Listed below is a brief description of each risk and how to mitigate the risk.

Custodial Credit Risk: In the event of a failure of a depository financial institution or counterparty to a transaction, the inability to recover the value of deposits, investments, or collateral securities in the possession of an outside party. To protect against fraud and potential losses from the financial collapse of securities dealers, all securities owned by the City shall be held in the name of the City for safekeeping by a third party bank trust departments, acting as a agent for the City under the terms of the Custody Agreement.

Credit Risk (Financial Risk): The possibility that the issuer/counterparty to an investment will be unable to fulfill its obligations. The most effective method for minimizing the risk of default by an issuer is to invest in high quality obligations. Since these obligations are the only ones permitted by State law, investing in them is also the most effective way to maintain legal compliance.

Concentration of Credit Risk: The inability to recover the value of deposits, investments, or collateral securities in the possession of an outside party caused by the lack of diversification. The City believes in the importance of a well-diversified portfolio. It is the policy of the City to review the diversity of the portfolio on a regular basis so that reliance on any one issuer will not place an undue financial burden on the City.

Interest Rate Risk: The possibility that an interest rate change could adversely affect an investment's fair value. The City manages interest rate risk by measuring the duration of the portfolio as a method of gauging the degree of interest rate risk to which the portfolio is exposed. Duration measures the exposure to fair value arising from changing interest rates by using the present value of cash flows weighted as a percentage of the investment's full price.

Foreign Currency Risk: The possibility that changes in exchange rates between the U.S. dollar and foreign currencies could adversely affect a deposit/investment's fair value. The City only invests in U.S. dollar denominated obligations. This successfully eliminates all risk of principal erosion due to fluctuations in the values of foreign currencies.

Reports to California Debt and Investment Advisory Commission (CDIAC)

Effective October 11th, 2009, the City is no longer required to submit investment reports to the California Debt and Investment Advisory Commission within 60 days after the close of the second and fourth quarters of each calendar year pursuant to Section 53466 (g) of the California Government Code.

Derivatives

Callable step-up securities and floaters (which are tied to a short-term index such as 3- or 6-month LIBOR, 3-month Treasury Bills or Fed Funds rate) are considered suitable investments.

Structured notes, capped and range floaters, floating rate notes tied to a long-term index such as the Cost of Funds Index, inverse floaters and leveraged floaters are not permitted investments of the Fund at this time.

Collateralized Mortgage Obligations or their derivatives such as interest only strips are not permitted investments at this time.

General Credit Quality

Short-term debt shall be rated at least "A-1" by Standard & Poor's Corporation, "P-1" by Moody's investor Service, Inc. or "F-1" by Fitch. Long-term debt shall be rated at least "A" by Standard & Poor's Corporation, Moody's Investors Service, Inc., or Fitch.

The minimum credit requirement for each security is further defined within the Permitted Investments section of the policy. If securities which are purchased for the Fund are downgraded below the credit quality required by the Fund. The Treasury Manager, will determine whether to retain or to sell the security. Evaluation of divestiture of securities will be determined on a case-by-case basis.

Maturity

The maximum maturity for any one investment shall not exceed 5 years unless authority for such investment is expressly granted in advance by the City Council in accordance with Government Code Section 53601. If portfolio percentage constraints are violated due to a temporary imbalance in the portfolio, then the City shall hold the affected securities to maturity in order to avoid capital losses. Portfolio percentage limits are in place in order to ensure diversification of the City investment portfolio; a small, temporary imbalance will not significantly impair that strategy.

Trading Policies

Sales Prior to Maturity

"Buy and hold" is not necessarily the strategy to be used in managing the Funds. It is expected that gains will be realized when prudent. Losses are acceptable if the proposed swap/trade clearly enhances the portfolio yield over the life of the new security on a total return basis.

Sufficient written documentation will be maintained to facilitate an audit of the transaction. Losses, if any, will be recognized and recorded based on the transaction date.

Purchasing Entities, Broker/Dealers and Financial Institutions

The purchase of any authorized investment shall be made either directly from the issuer or from any of the following:

- Institutions licensed by the State of California as a broker/dealer
- Members of a federally regulated securities exchange
- National or state-chartered banks
- Federal or state savings institutions or associations as defined in Finance Code Section 5102
- Brokerage firms reporting as a primary government dealer to the Federal Reserve Bank

The Treasury Manager will maintain a current and eligible list of reputable primary and regional dealers, brokers and financial institutions with whom securities trading and placement of funds are authorized. A strong capital base credit worthiness, and, where applicable, a broker/dealer staff experienced in transactions with California local governments are the primary criteria for inclusion on the City of Oakland's approved list. Approved dealers and brokers shall be limited to primary dealers or regional dealers that qualify under Securities and Exchange Commission Rule 15C3-1 (uniform net capital rule) and which provide: proof of National Association of Securities Dealers certification; proof of California State registration; and a completed City of Oakland broker/dealer questionnaire. In addition, prior to approval and annually thereafter, approved dealers and brokers must provide: an audited financial statement; certification of receipt, review of and willingness to comply with the current Investment Policy; and certification of compliance with Rule G-37 of the Municipal Securities Rulemaking Board regarding limitations on political contributions to the Mayor or any member of the City Council or to any candidate for these offices.

The Treasurer or Treasury Manager may remove a firm from the approved list at any time due to: any failure to comply with any of the above criteria; any failure to successfully execute a transaction; any change in broker/dealer staff; or any other action, event or failure to act which, in the sole discretion of the Treasurer or Treasury Manager is materially adverse to the best interests of the City/Agency.

4. Permitted Investments

The following securities are permissible investments pursuant to Section 53601 of the Government Code as well as this Investment Policy. Any other investment not specified hereunder shall be made only upon prior approval by the City Council and/or the Agency.

U. S. Treasury Securities

Bills, notes and bonds issued by the U.S. Treasury which are direct obligations of the federal government.

Maximum Maturity	5 years
Maximum Portfolio Exposure	20%*
Maximum Issuer Exposure	Prudent person standard applies overall
Credit Requirement	N.A.

-
- * 20% limit is a result of the Nuclear Free Zone Ordinance, subject also to prior adoption by Council of a waiver for a period not to exceed 60 days allowing investment in U.S. Treasury securities due to specified findings. There is no limitation under the Government Code.

Federal Agencies and Instrumentalities

Notes and bonds of federal agencies, government-sponsored enterprises and international institutions. Not all are direct obligations of the U. S. Treasury but may involve federal sponsorship and/or guarantees, in some instances.

Maximum Maturity	5 years
Maximum Portfolio Exposure	None
Maximum Issuer Exposure	Prudent person standard applies overall
Credit Requirement	N.A.

Banker's Acceptances (BA)

Bills of exchange or time drafts drawn on and accepted by a commercial bank, typically created from a letter of credit issued in a foreign trade transaction.

Maximum Maturity	180 days
Maximum Portfolio Exposure	40%
Maximum Issuer Exposure	30% of total surplus funds may be in BAs of one commercial bank; maximum 5% per issuer
Credit Requirement	AI, PI, or FI (S&P/Moody's/Fitch)

Commercial Paper

A short-term, unsecured promissory note issued by financial and non-financial companies to raise short-term cash. Financial companies issue commercial paper to support their consumer and/or business lending; non-financial companies issue for operating funds.

Maximum Maturity	270 days
Maximum Portfolio Exposure	25%
Maximum Issuer Exposure	No more than 10% of the total assets of the investments held by the City or Agency may be invested in any one issuer's commercial paper; and maximum 5% per issuer
Credit Requirement	Prime quality of the highest letter and number rating as provided by a nationally recognized statistical rating organization (NRSRO). For example, AI or PI (S&P/Moody's); or FI (Fitch).
Eligibility	Limited to general corporations organized and operating in the United States with assets in excess of \$500 million, and having "A" or higher ratings for the issuer's debt, other than commercial paper, if any, as provided by NRSRO.

Asset-Backed Commercial Paper

Asset-Backed Commercial Paper ("ABCP") issued by special purpose corporations ("SPCs") that is supported by credit enhancement facilities (e.g. over-collateralization, letters of credit, surety bonds, etc.)

Maximum Maturity	270 days
Maximum Portfolio Exposure	25% (Not to exceed 25% of total secured and unsecured CP)
Maximum Issuer Exposure	No more than 10% of the total assets of the investments held by the City or Agency may be invested in any one issuer's commercial paper; and maximum 5% per issuer
Credit Requirement	Rated "A1" by Standard and Poor's, "P1" by Moody's, or "F1" by Fitch
Eligibility	<p>Issued by special purpose corporations ("SPC") organized and operating in the the United States with assets exceeding \$500 million. Restricted to programs sponsored by commercial banks or finance companies organized and operated in the United States.</p> <p>Program must have credit facility that provides at least 100% liquidity</p> <p>Serialized ABCP programs are not eligible</p>

Ratings are to be routinely monitored. The Treasurer or Treasury Manager is to perform his/her own due diligence as to creditworthiness.

Local Government Investment Pools

For local agencies (including counties, cities or other local agencies) that pool money in deposits or investments with other local agencies, investments may be made subject to the following:

Maximum Maturity	N/A
Maximum Portfolio Exposure	20%
NAV Requirement	\$1.00

Credit Requirement	Top ranking or highest letter and numerical rating provided by at least two nationally recognized statistical rating organizations
Must retain an Investment Advisor	Registered with the SEC with not less than 5 years experience in investing securities as authorized by the Code, and with assets under management in excess of \$500 million
Fund Composition	Comprised of instruments in accordance with the California State Government Code

Medium Term Notes

Corporate Bonds, Corporate Notes and Deposit Notes. Issuers are banks and bank holding companies, thrifts, finance companies, insurance companies and industrial corporations. These are debt obligations that are generally unsecured.

Maximum Maturity	5 years (additional limitations based on credit, below)
Maximum Portfolio Exposure	30%
Maximum Issuer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Credit Requirement	Top 3 rating categories, A, A2 or A (S&P/Moody's/Fitch) being the lowest. Maturity no greater than 24 months ("A" category) or 36 months ("AA" category)
Eligibility	Limited to corporations organized and operating within the United States or depository institutions licensed by the United States or any state and operating within the United States

Negotiable Certificates of Deposit

Issued by commercial banks and thrifts, and foreign banks (Yankee CD's).

Maximum Maturity	5 years
Maximum Portfolio Exposure	30%
Maximum Issuer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Credit Requirement	Top 3 rating categories, A, A2 or A (S&P/Moody's/Fitch) being the lowest, if rated by S&P, Moody's or Fitch, otherwise, for Domestic Banks and Savings & Loans a minimum of C (Thomson Bank Watch) and for Foreign Banks a minimum of B (Thomson Bank Watch), or in either case equivalent ratings from another generally recognized authority on bank ratings

Repurchase Agreements

A contractual transaction between the investor and a bank/dealer to exchange cash for temporary ownership or control of securities/collateral with an agreement by the bank/dealer to repurchase the securities on a future date. Primarily used as an overnight investment vehicle.

Maximum Maturity	360 days
Maximum Portfolio Exposure	None
Maximum Dealer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Collateral Requirements	Collateral limited to Treasury and Agency securities; must be 102% or greater
Mark-to-market	Daily
Eligibility	Limited to primary dealers of the Federal Reserve Bank of New York, for which a current Master Repurchase Agreement has been executed with the City/Agency

Reverse Repurchase Agreements

The mirror image of a repurchase agreement. Used as a source of liquidity when there is a mismatch of cash flow requirement and scheduled maturities. A mechanism to avoid liquidating securities for immediate cash needs. Restricted to securities owned for a minimum of 30 days prior to settlement of the repurchase agreement.

This strategy should be used solely for liquidity and not for arbitrage or leverage purposes.

Maximum Maturity	92 days (unless a written agreement guaranteeing the earnings or spread for the entire period)
Maximum Portfolio Exposure	20% of the base value of the portfolio
Eligibility	Limited to primary dealers of the Federal Reserve Bank of New York or nationally or State chartered bank with significant banking relationship with the City

Secured Obligations and Agreements

Obligations, including notes or bonds, collateralized at all times in accordance with Sections 53651 and 53652 of the Government Code.

Maximum Maturity	2 years
Maximum Portfolio Exposure	20%
Maximum Issued/Provider Exposure	Prudent person standard applies overall; maximum 5% per issue
Collateral Requirements	Collateral limited to Treasury and Agency securities; must be 102% or greater
Mark-to-market	Daily
Credit Requirement	Issuer/Provider rated in "AA" category by at least one national rating agency; or agreement guaranteed by an "AA" company
Eligibility	Banks, insurance companies, insurance holding companies and other financial institutions

Certificates of Deposit

Time deposits, which are non-negotiable, are issued most commonly by commercial banks, savings and loans and credit unions with federal deposit insurance available for amounts up to \$250,000 until December 31, 2013. Deposits in banks, savings and loan associations and federal credit unions with a branch office within Oakland will be made (to the extent permissible by State and Federal law or rulings) pursuant to the following conditions:

Maximum Maturity	360 days
Maximum Portfolio Exposure	Prudent person standard applies.
Maximum issuer Exposure	Prudent person standard applies.
Credit Requirement	For deposits over \$250,000: Top 3 rating categories - A, A2 or A (S&P/Moody's/ Fitch) being the lowest, if rated by S&P, Moody's or Fitch; otherwise, for Domestic Banks and Savings & Loans, a minimum standard of C (Thompson Bank Watch) and for Foreign Banks a minimum of B (Thompson Bank Watch), or in either case equivalent ratings from another generally recognized authority on bank ratings
Deposit Limit	For federally insured deposits of \$250,000 or less: No minimum credit rating required. City's deposits cannot exceed the total shareholder's equity of the institution. For deposits over \$250,000, it must be collateralized.
Depository Selection	Highest available rate of interest
Institution Requirements	Most recent Annual Report

Note: Pursuant to Government code 53637, the City is prohibited from investing in negotiable certificates of deposit of a state or federal credit union if a member of the legislative body or decision-making authority serves on the board of directors or committee.

Money Market Mutual Funds

Regulated by the SEC, these funds operate under strict maturity and diversification guidelines. These funds have no federal guarantee but are viewed as a very safe short-term cash investment.

Maximum Maturity	N/A
Maximum Portfolio Exposure	20%
NAV Requirement	\$1.00
Credit Requirement	Top ranking or highest letter and numerical rating provided by at least two nationally recognized statistical rating organizations
Investment Advisor Alternative to Ratings	Registered with the SEC with not less than 5 years experience in investing securities as authorized by the Code, and with assets under management in excess of \$500 million
Fund Composition	Comprised of instruments in accordance with the California State Government Code

State Investment Pool (Local Agency Investment Fund)

A pooled investment fund overseen by the State Treasurer, which operates like a money market fund, but is for the exclusive benefit of governmental entities within the state. Maximum currently authorized by Local Agency Investment Fund (LAIF) is \$50 million, which is subject to change. The LAIF is in trust in the custody of the State Treasurer. The City's right to withdraw its deposited monies from LAIF is not contingent upon the State's failure to adopt a State Budget. As of June 20, 2005, commercial paper of a limited liability corporation is a legal investment for LAIF, per Chapter 16, Statutes of 2005 (AB 279, Calderon).

Maximum Maturity	N/A
Maximum Portfolio Exposure	None

Local City/Agency Bonds

Bonds issued by the City of Oakland, the Redevelopment Agency or any department, board, agency or authority of the City or the Redevelopment Agency.

Maximum Maturity	5 years
Maximum Portfolio Exposure	None
Maximum Issuer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Credit Requirement	Prudent person standard applies

State of California Obligations and Others

State of California and any other of the 49 United States registered state warrants, treasury notes, or bonds issued by a State.

Maximum Maturity	5 years
Maximum Portfolio Exposure	None
Maximum Issuer Exposure	Prudent person standard applies overall; maximum 5% per issuer
Credit Requirement	Prudent person standard applies

Other Local Agency Bonds

Bonds, notes, warrants or other evidences of indebtedness of any local agency within the state.

Maximum Maturity	5 years
Maximum Portfolio Exposure	Prudent person standard applied overall; maximum 5% per issuer
Maximum Issuer Exposure	Prudent person standard applies
Credit Requirement	Prudent person standard applies

APPENDIX D

FORM OF CONTINUING DISCLOSURE CERTIFICATE

(THIS PAGE INTENTIONALLY LEFT BLANK)

FORM OF CONTINUING DISCLOSURE CERTIFICATE

CITY OF OAKLAND GENERAL OBLIGATION REFUNDING BONDS SERIES 2012

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by the City of Oakland (the “City”) in connection with the issuance of \$83,775,000 aggregate principal amount of the above-named bonds (the “Bonds”). The Bonds are being issued pursuant to a resolution (the “Resolution”) adopted by the City Council of the City on December 6, 2011 and in accordance with the terms of a Fiscal Agent Agreement, dated as of January 1, 2012 (the “Fiscal Agent Agreement”), by and between the City and The Bank of New York Mellon Trust Company, N. A. (the “Fiscal Agent”). The City covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the City for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission (“S.E.C.”) Rule 15c2-12(b)(5).

SECTION 2. Definitions. In addition to the definitions set forth in the Fiscal Agent Agreement, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the City pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Beneficial Owner” shall mean any person which has or shares the power, directly or indirectly, to make investment decisions concerning ownership of any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries).

“Dissemination Agent” shall mean the City, or any successor Dissemination Agent designated in writing by the City and which has filed with the City a written acceptance of such designation.

“Holder” shall mean the person in whose name any Bond shall be registered.

“Listed Events” shall mean any of the events listed in Section 5(a) or (b) of this Disclosure Certificate.

“MSRB” shall mean the Municipal Securities Rulemaking Board or any other entity designated or authorized by the Securities and Exchange Commission to receive reports pursuant to the Rule. Until otherwise designated by the MSRB or the S.E.C., filings with the MSRB are

to be made through the Electronic Municipal Market Access (EMMA) website of the MSRB, currently located at <http://emma.msrb.org>.

“Participating Underwriters” shall mean the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

(a) The City shall, or shall cause the Dissemination Agent to, not later than nine months after the end of the City’s fiscal year (currently ending June 30), commencing with the report for the 2011-12 Fiscal Year (which is due not later than March 31, 2013), provide to the Participating Underwriter and the MSRB an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. The Annual Report must be submitted in electronic format, accompanied by such identifying information as is prescribed by the MSRB, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided, that the audited financial statements of the City may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the City’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(e).

(b) Not later than 15 business days prior to said date, the City shall provide the Annual Report to the Dissemination Agent (if other than the City). If the City is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the City shall send a notice to the MSRB in substantially the form attached as Exhibit A.

(c) The Dissemination Agent shall (if the Dissemination Agent is other than the City), file a report with the City certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided to the MSRB.

SECTION 4. Content of Annual Reports. The City’s Annual Report shall contain or include by reference the following:

* Audited financial statements of the City for the preceding fiscal year, prepared in accordance with the laws of the State of California and including all statements and information prescribed for inclusion therein by the Controller of the State of California. If the City’s audited financial statements are not available by the time the Annual Report is required to be provided to the MSRB pursuant to Section 3(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be provided to the MSRB in the same manner as the Annual Report when they become available.

To the extent not included in the audited financial statement of the City, the Annual Report shall also include the following:

- * The assessed valuation of taxable property in the City;
- * Property taxes (including the Tax Override Revenues) due, property taxes collected and property taxes delinquent;
- * Property tax levy rate per \$1,000 of assessed valuation; and
- * Outstanding general obligation debt of the City.

Any or all of the items listed above may be set forth in one or a set of documents or may be included by specific reference to other documents, including official statements of debt issues of the City or related public entities, which are available to the public on the MSRB website. If the document included by reference is a final official statement, it must be available from the MSRB. The City shall clearly identify each such other document so included by reference.

SECTION 5. Reporting of Significant Events.

(a) The City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds not later than ten business days after the occurrence of the event:

1. Principal and interest payment delinquencies;
2. Unscheduled draws on debt service reserves reflecting financial difficulties;
3. Unscheduled draws on credit enhancements reflecting financial difficulties;
4. Substitution of credit or liquidity providers, or their failure to perform;
5. Issuance by the Internal Revenue Service of proposed or final determination of taxability or of a Notice of Proposed Issue (IRS Form 5701 TEB);
6. Tender offers;
7. Defeasances;
8. Rating changes; or
9. Bankruptcy, insolvency, receivership or similar event of the obligated person.

Note: for the purposes of the event identified in subparagraph (9), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such

jurisdiction has been assumed by leaving the existing governmental body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

(b) The City shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material, not later than ten business days after the occurrence of the event:

1. Unless described in paragraph 5(a)(5), adverse tax opinions or other material notices or determinations by the Internal Revenue Service with respect to the tax status of the Bonds or other material events affecting the tax status of the Bonds;
2. Modifications to rights of Bond holders;
3. Optional, unscheduled or contingent Bond calls;
4. Release, substitution, or sale of property securing repayment of the Bonds;
5. Non-payment related defaults;
6. The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms; or
7. Appointment of a successor or additional fiscal agent or the change of name of a fiscal agent.

(c) The City shall give, or cause to be given, in a timely manner, notice of a failure to provide the annual financial information on or before the date specified in Section 3, as provide in Section 3(b).

(d) Whenever the City obtains knowledge of the occurrence of a Listed Event described in Section 5(b), the City shall determine if such event would be material under applicable federal securities laws.

(e) If the City learns of the occurrence of a Listed Event described in Section 5(a), or determines that knowledge of a Listed Event described in Section 5(b) would be material under applicable federal securities laws, the City shall within ten business days of occurrence file a notice of such occurrence with the MSRB in electronic format, accompanied by such identifying information as is prescribed by the MSRB. Notwithstanding the foregoing, notice of the Listed Event described in subsections (a)(7) or (b)(3) need not be given under this subsection any

earlier than the notice (if any) of the underlying event is given to Holders of affected Bonds pursuant to the Resolution.

SECTION 6. Termination of Reporting Obligation. The City's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the City shall give notice of such termination in the same manner as for a Listed Event under Section 5(e).

SECTION 7. Dissemination Agent. The City may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall not be responsible in any manner for the content of any notice or report prepared by the City pursuant to this Disclosure Certificate. The initial Dissemination Agent shall be the City.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the City may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, 5(a) or 5(b), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the City shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the City. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(c), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or

including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the City chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the City shall have no obligation under this Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the City to comply with any provision of this Disclosure Certificate any Holder or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City to comply with its obligations under this Disclosure Certificate; provided, that any such action may be instituted only in Superior Court of the State of California in and for the County or in U.S. Federal Court in or nearest to the County. The sole remedy under this Disclosure Certificate in the event of any failure of the City to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 11. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the City, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

IN WITNESS WHEREOF, the undersigned has executed and delivered this Continuing Disclosure Certificate on the date as first written above.

APPENDIX E

BOOK-ENTRY-ONLY SYSTEM

The information in this APPENDIX E has been provided by DTC for use in securities offering documents, and the City takes no responsibility for the accuracy or completeness thereof. The City cannot and does not give any assurances that DTC, DTC Participants or Indirect Participants will distribute to the beneficial owners either (a) payments of interest, principal or premium, if any, with respect to the Bonds or (b) certificates representing ownership interest in or other confirmation of ownership interest in the Bonds, or that they will so do on a timely basis or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Official Statement. The current “Rules” applicable to DTC are on file with the Securities and Exchange Commission and the current “Procedures” of DTC to be followed in dealing with DTC Participants are on file with DTC. As used in this appendix, “Securities” means the Bonds, “Issuer” means the City, and “Agent” means the Paying Agent.

1. The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the securities (the “Securities”). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for the Securities, in the aggregate principal amount of such issue, and will be deposited with DTC.

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer,

subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

10. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

PROPOSED FORM OF OPINION OF BOND COUNSEL

(THIS PAGE INTENTIONALLY LEFT BLANK)

PROPOSED FORM OF OPINION OF BOND COUNSEL

[Delivery Date]

City Council
City of Oakland
Oakland, California

City of Oakland
General Obligation Refunding Bonds
Series 2012

Ladies and Gentlemen:

We have acted as bond counsel to the City of Oakland (the “City”) in connection with the issuance by the City of \$83,775,000 aggregate principal amount of bonds designated as “City of Oakland General Obligation Refunding Bonds, Series 2012” (the “Bonds”). The Bonds are issued under and pursuant to a resolution of the City Council of the City adopted on December 6, 2011 (the “Resolution”) and a fiscal agent agreement, dated as of January 1, 2012 (the “Fiscal Agent Agreement”), by and between the City and The Bank of New York Mellon Trust Company, N. A., as fiscal agent (the “Fiscal Agent”). Capitalized terms used but not defined herein shall have the meanings set forth in the Fiscal Agent Agreement.

In such connection, we have reviewed the Resolution, the Fiscal Agent Agreement, the Tax Certificate of the City, dated the date hereof (the “Tax Certificate”), an opinion of the counsel to the City, certificates of the City, the Fiscal Agent and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. Accordingly, this opinion speaks only as of its date and is not intended to, and may not, be relied upon in connection with any such actions, events or matters. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the City. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Resolution, the Fiscal Agent Agreement and the Tax Certificate, including, without limitation, covenants and agreements compliance with which is necessary to ensure that future actions, omissions or events will not cause interest on the Bonds to be included in gross income

for federal income tax purposes. We call attention to the fact that the rights and obligations under the Bonds, the Resolution, the Fiscal Agent Agreement and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against cities in the State of California. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the foregoing documents. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement or other offering material relating to the Bonds and express no opinion with respect thereto.

Based on and subject to the foregoing and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute valid and binding obligations of the City.
2. The Resolution has been duly and legally adopted and constitutes a valid and binding obligation of the City.
3. The Fiscal Agent Agreement has been duly executed and delivered by, and constitutes a valid and binding obligation of, the City.
4. The City Council of the City has power and is obligated to levy ad valorem taxes without limitation as to rate or amount upon all property within the City's boundaries subject to taxation by the City (except certain personal property which is taxable at limited rates) for the payment of the Bonds and the interest thereon.
5. Interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986. Interest on the Bonds is not a specific preference item for purposes of the federal individual and corporate alternative minimum taxes, although we observe that such interest is included in adjusted current earnings in calculating corporate alternative minimum taxable income. Interest on the Bonds is exempt from State of California personal income taxes. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds.

Faithfully yours,

ORRICK, HERRINGTON & SUTCLIFFE LLP
