

## CONDITIONAL USE PERMIT INFORMATION

**What is a  
Conditional Use  
Permit?**

The Zoning Ordinance describes two different types of uses in each zoning district: 1) permitted uses; and 2) conditional uses. Conditional uses are those which require special consideration from the City. The Conditional Use Permit (CUP) process provides the City with the flexibility to determine if a specific use at a certain location will be compatible with the neighborhood.

In reviewing a CUP, the Planning Department relies upon the specific findings of Section 17.134.050 of the Zoning Ordinance.

## REQUIRED C.U.P. FINDINGS PURSUANT TO SECTION 17.134.050

Conditional Use Permits are granted only when all of the following findings can be made:

**Compatible with the  
Neighborhood**

That the location, size, design, and operating characteristics of the proposed development will be compatible with and will not adversely affect the livability or appropriate development of abutting properties and the surrounding neighborhood, with consideration to be given to:

- 1) harmony in scale, bulk, coverage, and density; to harmful effect, if any, upon desirable neighborhood character;
- 2) the generation of traffic and the capacity of surrounding streets; and
- 3) any other relevant impact of the development.

**An Asset for the  
Neighborhood**

That the location, design, and site planning of the proposed development will provide a convenient and functional living, working, shopping, or civic environment, and will be as attractive as the nature of the use and its location and setting warrant.

**Enhances the Area**

That the proposed development will enhance the successful operation of the surrounding area in its basic community functions, or will provide an essential service to the community or region.

**Meets Design Review  
Standards**

That the proposal conforms to all applicable Regular Design Review criteria set forth in the design review procedure in Section 17.136.050.

**Complies with the  
General Plan and other  
adopted City Plans**

That the proposal conforms in all significant respects with the Oakland General Plan and with any other applicable plan or development control map which has been adopted by the City Council.

# CITY OF OAKLAND

## CONDITIONAL USE PERMIT FINDINGS

*The Zoning Ordinance describes two different types of uses in each zoning district: 1) permitted uses; and 2) conditional uses. Conditional uses are those which require special consideration from the City.*

*The Conditional Use Permit (CUP) process provides the City with the flexibility to determine if a specific use at a certain location will be compatible with the neighborhood. Conditional Use Permits can only be granted if all of the following general Use Permit findings from Section 17.134.050 can be made:*

**Please indicate the way in which the proposal meets the following required criteria. Attach additional sheets if necessary.**

A. The location, size, design, and operating characteristics of the proposed development will be compatible with, and will not adversely affect, the livability or appropriate development of abutting properties and the surrounding neighborhood, with consideration to be given to harmony in scale, bulk, coverage, and density; to the availability of civic facilities and utilities; to harmful effect, if any upon desirable neighborhood character; to the generation of traffic and the capacity of surrounding streets; and to any other relevant impact of the development:

F. For proposals involving a One- or Two-Family Residential Facility: If the Conditional Use Permit concerns a regulation governing maximum height, minimum yards, or maximum lot coverage or building length along side lot lines, the proposal also conforms with at least **one** of the following criteria:

1. The proposal when viewed in its entirety will not adversely impact abutting residences to the side, rear, or directly across the street with respect to solar access, view blockage and privacy to a degree greater than that which would be possible if the residence were built according to the applicable regulation, and, for conditional use permits that allow height increases, the proposal provides detailing, articulation or other design treatments that mitigate any bulk created by the additional height;

**- OR -**

2. At least sixty (60) percent of the lots in the immediate context are already developed and the proposal would not exceed the corresponding as-built condition on these lots, and, for conditional use permits that allow height increases, the proposal provides detailing, articulation or other design treatments that mitigate any bulk created by the additional height. The immediate context shall consist of the five closest lots on each side of the project site plus the ten closest lots on the opposite side of the street (see illustration I-4b); however, the Director of City Planning may make an alternative determination of immediate context based on specific site conditions. Such determination shall be in writing and included as part of any decision on any conditional use permit.
